In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

Bill 366 attached herewith effective July 1, 1968, would necessitate the following additional expenditures:
 \$650 per month salary for a twelve-month period for a full-time programmer would be \$7,800.
 Estimated additional clerk hire and/or rental of data processing equipment \$5,000.
It is suggested the \$5,000 be added to the emergency appropriation so if and when these costs are known, proper request could be made from the Emergency Commission.
