House Bill 97

Estimated revenue for House Bill 97:

Estimated tax on adjusted income:	
Per lines 27 to 91 of bill	\$ 10,100,000.00
Per lines 92 to 107 of bill	14,900,000.00
Per lines 108 to 116 of bill	5,000,000.00
Tax from broadening of sales and use tax - estimated collections for 7 calendar quarters	<u>5,000,000.00</u>
Total estimated revenue per biennium	\$ 35,000,000.00
Less April, 1971, payments to County Treasurers	\$ <u>20,500,000.00</u>
Estimated excess of biennial collections over expenditures under House Bill 97	\$ <u><u>14,500,000.00</u></u>

The above projections of revenue required some arbitrary estimating of income because adequate data is not available.

The estimated distribution in April, 1971, from the state general fund to the county treasurers of \$20,500,000.00 is the estimated amount of taxes that will be levied in 1969 on personal property and grain and for per capita school taxes.
