Your request for a Fiscal Note regarding House Bill No. 1342 has been received. I wonder if there has not been some type of error or slipup regarding this measure, in as much as Lines 3 through 10 of Page 2 seem to substantially outline the fiscal impact of this measure. From an administrative standpoint we would not anticipate any impact which could not be handled within current budgetary provisions. This bill was introduced and sponsored by Representatives Kingsbury and Berg without consultation of this office. Our only question, which we presume will be answered through committee hearings, would be the intended depository of the funds received in the sale of this land, that is, should they be deposited in the State General Fund, the Grafton State School Operating Fund, or some type of special fund. There appears to be no provision made for this within the existing bill.
