

(Prepare in triplicate)

FISCAL NOTE

Prepared in regard to:

H. B. 1347

(list bill or resolution and number, if available, or subject)

Amendment to: (list bill or resolution and number)

REQUESTED BY: Dean Bard, LC DATE OF RECEIPT 1-25 1971

In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

Increasing the costs of vital records from \$1.00 to \$2.00 will double our average yearly income of \$37,500 per year to \$75,000 per year. Making a permissive charge for record searching, we estimate will add an additional \$6,000 per year income. Therefore increasing the cost of the records and making a charge for record searching will increase the yearly income from Vital Statistics in the amount of \$43,500 per year or \$87,000 per biennium. If H. B. 1347 is adopted, the total income from birth and death records and record searching is estimated to be approximately \$162,000 per biennium.

Date of preparation: 1-26-71
