House Bill 1503 will require an outlay of an estimated \$175,000.00 for the 71-73 biennium. This figure recognizes the establishment of the minimums of \$300.00 & \$320.00 with no consideration given to other increases that may have to result because of the upward shift of the lower salaries. Example: One at \$300.00 now, will no doubt be increased when a present \$280.00 moves to \$300.00. Estimate does not include Higher Education, The Bank, or Mill. We have no information for projection in those areas.

Present 5-4 salary increases will absorb the effects of this bill.
