This agency is unable to provide information on the specific effect in dollars of this legislative proposal.

The Bill provides for the creation of a division of corrections under the Public Welfare Board "for administrative purposes." The purpose of the division and the powers, duties, and responsibilities of the director of corrections are described in the Bill. The responsibilities of the Public Welfare Board are not mentioned.

It appears that funds appropriated for the agencies mentioned in the Bill would be used to support the director of corrections and his staff without additional cost to the state. It appears that the Public Welfare Board is not directly involved in the powers and duties of the director of corrections.
