In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

It is impossible to estimate with any accuracy the fiscal impact of this bill. We can only make a guess based upon our knowledge of expected construction of industrial and private pollution control facilities. Our estimate is:

Water pollution control	-	\$ 1,200,000
Air pollution control	-	<u>4,800,000</u>
		\$ 6,000,000

There are only a few large industries in North Dakota that provide their own waste water treatment. Most small industries discharge into municipal systems.
