

2/8
(Prepare in triplicate)

FISCAL NOTE

Prepared in regard to:

SB 2490 Creation of a department of Natural Resources
(list bill or resolution and number, if available, or subject)

Amendment to: _____
(list bill or resolution and number)

REQUESTED BY: Legislative Council DATE OF RECEIPT Jan 1971

In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

It is not possible to estimate without a considerable amount of indepth study, the fiscal impact to result from the creation of a department of natural resources. Good judgement would look for some financial savings even though additional costs would be incurred in the creation of a new administrative office which would require additional funds for staffing and office costs. Savings over and above this additional costs should be possible through the elimination of duplicating functions and activities presently found within the agencies and through cooperative uses of central services which could include among other items: technical personnel, aircraft, motor pools, heavy equipment pools, office services, etc,

Date of preparation: Jan 1971
