FISCAL NOTE HB 1336

The Attorney General's Office has no experience, outside of the printing of the biennial report, upon which to base the fiscal note. We "guess" the amount to be near \$65,000.00. The cost will, in part, depend upon whether the rules and regulations may be printed by the State Printer or by contract printers. The Attorney General's Office also believes this matter might be better administered by the Secretary of State and the State Printer since they already have certain printing obligations.
