There are too many variables involved to estimate the financial impact of treating sick leave as earned vacation upon termination of employment. As of December 31, 1972 there were (1) 497,752 hours of accumulated sick leave on the central payroll books, and under this law if all these employees left this month the state would be liable for paying these hours at the employees rate of pay.

- (1) Does not include the colleges & universities, courts, Higher Education, Land Department, School for the Blind, Insurance Department, Parole Office, Highway Patrol, Civil Defense, Agriculture, and Game & Fish
