(List bill or resolution and number)

Requested by: John Claxton Date of receipt: 1-24 19 73

In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed, attach a supplementary sheet. (Please type)

The bill appears to waive tuition only, not including board and room, and our note is based on this assumption.

Per student at a university \$354 per year X 4 years = \$1,416.00
Per student at a 4-year college \$315 per year X 4 years = \$1,260.00
Per student at a 2-year college \$315 per year X 2 years = \$630.00

We understand there are 2 dependents now that would qualify and if they went to a university for four years the cost to the system of Higher Education would be \$2,832.00 for both.
