In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed, attach a supplementary sheet. (Please type)

The cost to the State of North Dakota in House Bill 1402 in regard to increasing retirement compensation to all types of judges is impossible to project. The additional retirement compensation is contingent on the longevity of service for each specific judge. This department has no way of knowing what that is of all existing judges nor what it would be with future judges. However, this bill would definitely increase the cost to the state and to the political subdivisions for judges retirement.
