50-01-13 NDCC requires that the state reimburse the county for 80 percent of medical or surgical attention provided a transient who does not have legal residence in the county or state and has a medical condition which does not qualify for one of the medical programs with state and federal funding. The estimated cost of this program is \$12,900 state funds for the biennium which item was not allowed in the Executive Budget. Consistent with that decision, this bill removes the fiscal responsibility of the state. If this bill should not pass, \$12,900 should be restored in the appropriation to the Social Service Board of North Dakota.
