In reading Senate Bill 2385, which proposes to transfer Vocational Education from the Board of Public School Education to the Board of Higher Education with supervision of elementary and secondary vocational programs by the Superintendent of Public Instruction, I see no reducing of state responsibilities. Therefore, it seems to me that the budget request following the change would be similar to the request as now presented to the Legislature.

The executive recommendation calls for a total proposed budget for the biennium of \$10,611,390, less an estimated income of \$6,991,000, making a balance from the general fund of \$3,620,390.
