There would be no fiscal effect, insofar as the state of North Dakota is concerned, as a result of enactment of Senate Bill No. 2231. This is an amendment of the present law relating to delinquency in the payment of unemployment taxes. It provides for an increase of $\frac{1}{2}$ % of the interest attached to late payments and an additional \$10.00 delinquency fee. However, it will not apply to any state agency inasmuch as all liable state agencies i.e., state institutions of higher learning and state owned hospitals, pay on a reimbursable basis and no interest or penalty is assessed against them for late payment.
