"He joined the Boy Scouts as soon as possible and became the third Eagle Scout in Walsh County. He attended Grafton Schools, receiving letters in football, basketball, band, and was the only male cheerleader that Grafton ever had. In the fall young Ringsak started college and between being a bus boy for the Tri-Delta Society for girls, managing a candy store, running hob-nobs on Saturday night and organizing formal dances for the University of North Dakota, this man somehow received a Bachelor of Science Degree in Commercial Law in June of 1937. While at the U he found time to be the president of Playmakers, president of the Student Council, officer of the SAE FRAT House, and a member of the ROTC. Following graduation, Elton was one of a thousand top ROTC men in the nation selected to take a year's special training with the U.S. Army, and later, one of 100 men selected from this group for further specialized training. He was commissioned as a 2nd Lieutenant, sent to Ft. Lincoln, Bismarck, North Dakota, and then to the 6th Infantry Regiment at Jefferson Barracks, Missouri. It was here that he met and married Ruth J. Baker on October 17, 1938.

"Elton continued to serve in the Armed Forces. At the outbreak of World War II he was first sent to Ireland — then England — and was later transferred to North Africa. He had been promoted to the rank of Lt. Col. in the First Armored Division. A comrade of his, Lt. Col. Robert Conolly, had this to say about him: 'Elton commanded the 2nd Battalion, and not only the men of his command, but every man in the regiment practically worshipped this man. He commanded the regiment in one of its toughest battles, not from the command post, but out in front with the advance waves.' Lt. Col. Ringsak was wounded four times in North Africa. All four wounds were shrapnel type. One laid open the bone from the ankle to the knee. He was further wounded in his left shoulder, his hands and his back. Each time he was wounded he returned to duty.

"It was outside of Cassino, Italy, on a small mountain, that he received his most serious wound. Col. Ringsak shouldn't have been there, but he was in a scouting position, calling for more artillery fire for his troops when he was hit. He was holding an ear phone in his left hand when a shell cracked over him. Part of the shrapnel penetrated his steel helmet and caused a severe wound to the left side of the head. Other pieces of shrapnel took his middle finger at the first joint, and badly cut and mangled two other fingers. That was all Elton was to remember for awhile. He woke up in surgery and heard the surgeon say 'We are going to have to amputate three fingers — there is no way of saving them.'

"Col. Ringsak said, 'Man — don't cut, I'm a piano player in civilian life.' The surgeon heard him. He amputated only part of one finger — Senator, someday I'd like to hear you play the piano. The head wound, of course, was the most serious. It was in the left temporal region which affects the motor areas controlling the right side of the body. This resulted in a total paralysis of the right side.

"He was transferred from Italy to a field hospital in North Africa. During this flight, turbulent weather struck, he was thrown from the bunk and hit a strut which opened up his head wound. On arrival at the Birserte Field Hospital, he was experiencing an average of 14 convulsions per day. These convulsions started in the thumb of the right hand and gradually worked up the arm until they took over Elton's entire body. It was at the Birserte Field Hospital that Col. Campbell, a noted Neurosurgeon, operated and removed five pieces of bone that were imbedded in the brain. After his last operation he was advised not to have any further surgery in the cranial area for at least one year. Within 30 days they had

to operate again, removing an infection in the cranial area. He was then transferred to Cushing General Hospital in Framington, Massachusetts. The convulsions were still with Lt. Col. Ringsak. They averaged from ten to twenty a day. The best medical opinion at the time indicated that he would be lucky if he lived longer than six weeks. Elton didn't give up, and maybe I shouldn't tell this, but it does demonstrate his will to live. He was tired of the hospital, went AWOL, hired a taxi, and went to New York City. It was there that the Military Police arrested him for impersonating an officer. I suppose we can understand why. He was wearing uniforms tailored for him when he weighed 160 pounds, and at that time he only weighed 118.

"It was during this period that the senator started his political career. He wanted out of the service. He contacted Congressman Lembke of North Dakota and with his help, was discharged. He and his wife flew to Minneapolis. There he met Dr. Hannah, a Neurologist, who told Elton that he was going to have to learn to live with the constant pain of his wounds. He also instructed him on the cause, effect, and control of the convulsions through use of medication.

"His self-taught behavioral therapy paid off. Now he had to think to the future. He had always wanted to practice law, but because of his physical condition, it was not possible for him to withstand the rigor of daily classes at law school. He then contacted the North Dakota Supreme Court and received special dispensation from them enabling him to work with Wallace E. Warner, Walsh County State's Attorney, on a private basis. He continued his law studies through correspondence courses and was officially admitted to the Bar on July 1, 1948. Since then he has served eight years as Walsh County States Attorney, been a member of the Grafton School Board for fifteen years, and served on the Library Board for ten years. He is a member of the Walsh County Bar Association, State Bar Association, American Legion, Veterans of Foreign Wars, Masonic Lodge, and Shriner's KEM Temple.

"Senator and Mrs. Ringsak have five children — all married. They are: Russell, Suellen, Ruth, Elton Jr., and Randy. Senator and Mrs. Ringsak now have eight grandchildren.

"He was elected to the North Dakota Legislature as a Senator from Walsh County in 1957 and has served in this position to the present time. I don't have the time to relate all of the committees and organizations on which Senator Ringsak has served, nor do I have time to relate to you all of his concerns and accomplishments in serving the people of North Dakota. I call your attention to the fact that each day presents a challenge for the Senator. His first few waking hours are ones of slow movement and constant and often times excruciating pain. He must avoid various types of activity. He cannot become too fatigued, nor can he become too involved emotionally. He has to discipline himself as few men have ever had to do, and when you understand that he serves the legal profession and in the Legislature, this is almost an insurmountable barrier.

"Now, ladies and gentlemen, I would like to quote from one of many letters sent us. Mr. DePuy, Attorney at Law, Grafton, North Dakota states: "It is with Senator Ringsak's rehabilitation after discharge from the service that we should be most concerned. In the first place, it must be said, it is a miracle that he lived, but the same qualities that influenced his active military career brought him back to consciousness and life. He refused to die. After many months of immobility he began the slow process of rehabilitation. This he has accomplished. There can be no doubt that Elton's career makes him a candidate for the Outstanding Citizen of North Dakota. Although his rehabilitation has been remarkable, he continues to have difficulty and he does not have any time

when he is not in pain — pain which is a direct result of the fact that he served his country with courage and distinction.'

"Senators and Representatives, Ladies and Gentlemen: We have here, perhaps the most decorated Veteran in the State of North Dakota. He is a multiple recipient of the Purple Heart, The Bronze Star, The Silver Star, and the Presidential Citation. For his bravery in battle, he was twice awarded the Distinguished Service Cross, once for his service in the Tunisian Campaign, and once for his service in the Italian Campaign. He was not only recognized by his own country for valor, but the Italian Government conferred The Military Valor Cross upon Col. Ringsak for distinguished conduct, valor and his splendid spirit of sacrifice in the Italian Campaign. France recognized him as well, and presented him one of the highest honors of their country, The Croix De Guerre (Qua De Gare), with Leaf Clusters, from the free French, for outstanding action in fighting alongside the French on the Tunisian Front. Senator Ringsak has distinguished himself and been decorated in many areas of service to others in his community, the state and nation. Few have overcome such adversity and contributed so much.

"Governor Link, The Veterans Organizations of North Dakota and the Governor's Committee on Employment of the Handicapped take great pleasure in presenting to you the man whom North Dakota recognized as North Dakota's Outstanding Handicapped Citizen of 1974, for further recognition and honor."

REPORT OF CONFERENCE COMMITTEE

Mr. Speaker: Your Conference Committee to whom was referred House Bill No. 1541 has had the same under consideration and recommends:

That the Senate recede from its amendments and that House Bill No. 1541 be amended as follows:

On page 1, line 1 of the engrossed bill, following the words "A BILL" delete the remainder of the line and the remainder of the bill, and insert in lieu thereof the following words: "for an Act to provide for the liability of political subdivisions, to set limitations upon such liability, to establish a political subdivisions liability fund and to limit the liability of the fund, to provide for notice and a statute of limitations, to provide a procedure for making payments from the fund for claims and judgments against political subdivisions, to allow the attorney general to administer and defend the fund, to authorize the state and political subdivisions to purchase insurance coverage, to declare legislative intent, to provide an appropriation, to declare an emergency and to provide an expiration date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. DEFINITIONS.) As used in this Act, unless the context or subject matter otherwise requires:

1. "Claim" means any claim brought against a political subdivision, as permitted by this Act, for an injury caused by an act or omission of a political subdivision or an employee of the political subdivision acting within the scope of his employment or scope of his office.
2. "Employee" means any officer, employee, or servant of a political subdivision, whether elected or appointed and whether or not compensated, but shall not include an independent contractor, or any person performing tasks, the details of which the political subdivision has no right to control.
3. "Fund" means the political subdivisions liability fund, as provided by this Act.
4. "Injury" means death, injury to a person, damage to or loss of property, or any other injury that a person may suffer to his person or estate that would be actionable if inflicted by a private person or his agent.
5. "Political subdivision":
 - a. Shall include all counties, townships, park districts, school districts, cities, and any other units of local government which are created either by statute or by the Constitution of this state for local government or other public purposes, including, but not limited to, county fair associations, county hospital associations, county park districts and joint county park districts, county special service districts, Garrison diversion conservancy district, health districts, irrigation districts, reclamation districts, rural fire protection districts, soil conservation districts, and water management districts, except that no new units of government or political subdivisions are created or authorized by this Act.
 - b. Shall not include, nor shall be construed to mean, either the state of North Dakota or any of the several agencies, bureaus, boards, com-

missions, institutions, councils, courts, departments, or offices of government which collectively constitute the government of the state of North Dakota.

SECTION 2. LIABILITY OF POLITICAL SUBDIVISIONS — LIMITATIONS.)

1. Each political subdivision shall be liable for money damages for injuries when such injuries are proximately caused by the negligence or wrongful act or omission of any employee acting within the scope of his employment or office under circumstances where such employee would be personally liable to a claimant in accordance with the laws of this state, or injury caused from some condition or use of tangible property, real or personal, under circumstances where such political subdivision, if a private person, would be liable to the claimant.

2. Such liability is subject to the provisions of this Act, and liability shall not extend to punitive or exemplary damages. The liability of political subdivisions under the provisions of this Act shall be limited to twenty thousand dollars per person and one hundred thousand dollars for any single occurrence for injury.

A political subdivision shall not be liable for any claim based upon an act or omission of an employee of a political subdivision, exercising due care, in the execution of a statute or regulation, whether or not such statute or regulation be valid, or based upon the exercise or performance, exercising due care, or the failure to exercise or perform a discretionary function or duty on the part of a political subdivision or its employees, whether or not the discretion involved be abused. The sovereign immunity of the state is not waived in any manner by this Act, and the provisions of this Act shall not be construed to abrogate the immunity of the state. Nothing contained in this Act shall be construed to obligate the fund or political subdivisions for an amount which is more than the limitations upon liability imposed by this Act. Any payments to persons under the provisions of this Act shall constitute payment in full of any compromised claim or judgment or any final judgment under the provisions of this Act.

SECTION 3. POLITICAL SUBDIVISIONS LIABILITY FUND — FUND NOT LIABLE FOR MOTOR VEHICLES.) There is hereby created in the office of the state treasurer a political subdivisions liability fund which shall be used to pay compromised claims and judgments and final judgments against any political subdivision of this state as provided by this Act, and which shall be administered by the attorney general. No payment from the fund for a compromised claim or judgment or a final judgment against a political subdivision shall exceed the liability limitations imposed by this Act. The fund shall not be liable for any claims for injuries arising out of, or by reason of, the use or operation of motor vehicles or aircraft by a political subdivision. Political subdivisions using or operating motor vehicles or aircraft may purchase insurance coverage for their own protection and for the protection of their employees in the manner provided by section 39-01-08, except that political subdivisions shall be liable for such injuries to the extent of the liability limitations imposed by this Act, irregardless of whether such political subdivision has purchased such insurance coverage. In any action arising out of, or by reason of, the use or operation of motor vehicles or aircraft by a political subdivision, the provisions of sections 5 through 10, inclusive, shall not apply.

SECTION 4. NOTICE — STATUTE OF LIMITATIONS.)

1. Except as otherwise provided, any claim against a political subdivision for injuries alleged to have arisen under the provisions of this Act shall be filed, within ninety days after the alleged occurrence of such injury, in the office of the county auditor. Such claim shall be signed and

verified by the claimant and shall describe the time, place, cause, and extent of the damage or injury, shall contain an abstract of the facts upon which the claim is based, and shall specify the amount of damages claimed therefor. If it shall appear by the affidavit of a reputable physician that the injured person was rendered, by the injury complained of, mentally incapable of making the claim within the time specified in this section, the claim may be filed, if the claimant survives, within ninety days after the claimant becomes competent to make the same. The affidavit of the physician shall be prima facie evidence of mental incapacity, and may be controverted on the trial of an action for such damages. If the injured person shall die within ninety days after the happening of the injury, or before he shall become mentally competent to make the claim, the claim may be made within ninety days after the death of the injured person by any person having knowledge of the facts, and the person making such claim shall set forth therein specifically the facts relating to the injury of which he has personal knowledge and shall verify such facts positively. The facts of which the person making the claim has no personal knowledge shall be verified to the best of his knowledge, information, and belief. Notice of such claim shall also be given by the claimant to the political subdivision concerned and to the attorney general within ten days of filing such claim with the county auditor.

2. An action brought under this Act must be commenced within three years after the date of action has accrued.

SECTION 5. POLITICAL SUBDIVISION TO DEFEND SUIT — APPROVAL OF ATTORNEY GENERAL.) Upon receipt of notice of a claim for injuries alleged to have arisen under the provisions of this Act, a political subdivision shall retain an attorney to represent and defend the political subdivision in any proceedings concerning such a claim. The attorney for the political subdivision may propose a compromise of such a claim and may defend the political subdivision in any action brought upon the claim. The attorney general shall review any such proposed compromise, and if the attorney general, in his discretion, determines that the alleged facts concerning the claim warrant such a compromise agreement, he shall authorize a compromise agreement in the manner prescribed by section 9.

SECTION 6. CLAIMS AGAINST FUND.) When any person shall obtain a final judgment in any court of competent jurisdiction against any political subdivision pursuant to this Act, such person shall, upon notice to the attorney general, file an application in the court in which the judgment was entered for an order to direct payment of such a judgment from the fund. The court shall conduct a hearing upon the filing of the application, which may be continued within the discretion of the court for such period as the court may deem appropriate. The applicant shall show that he has obtained a final judgment against a political subdivision pursuant to this Act and shall state the amount thereof. After a hearing upon the filing of an application, the court may order payment of a final judgment from the fund only upon a determination that the person has a valid cause of action against a political subdivision pursuant to this Act and has otherwise complied with the provisions of this Act. The judgment shall be only prima facie evidence of such a cause of action and for the purposes of this Act shall not be conclusive. The attorney general may appear and be heard on any application from the fund and may show cause, if any there be, why an order should not be made, pursuant to this section and sections 7. and 8.

SECTION 7. ORDER FOR PAYMENT.) If, after a hearing, the court finds that said claim should be levied against the fund, the court shall enter an order directing the state treasurer to pay from said fund the

amount of the judgment against a political subdivision, within the limits provided by this Act.

SECTION 8. APPEAL FROM JUDGMENT OR ORDER.) A judgment or order made pursuant to this Act shall be subject to appeal to the supreme court by the political subdivision or the attorney general in the manner provided by law.

SECTION 9. COMPROMISE OF CLAIM OR JUDGMENT.) At any time prior to payment of a final judgment from the fund, the attorney general, in his discretion, may enter into an agreement with a person making a claim against a political subdivision or a holder of a final judgment against a political subdivision for a compromise of such a claim or judgment for a sum which is less than the amount of the claim or judgment. The attorney general shall reduce such an agreement to writing and shall certify the agreement to the state treasurer, who shall pay the amount specified in the agreement, not to exceed the limitations imposed by this Act.

SECTION 10. CLAIMS SATISFIED IN ORDER OF FILING.) In the event that there is insufficient moneys in the fund to satisfy the order or compromise agreement at the time such order or judgment is filed, the order shall be registered by the state treasurer and shall be paid when the moneys are available in said fund. Subsequent orders or agreements shall be paid therefrom in the order of registration.

SECTION 11. STATE AND POLITICAL SUBDIVISIONS AUTHORIZED TO PURCHASE INSURANCE.) The state of North Dakota or any department, agency, or bureau, and any political subdivision of the state, is hereby authorized to insure against claims of loss, damage, or injury for its own protection and for the protection of any employee. Except as provided by section 3, the limitations on claims against political subdivisions payable by the fund, as provided by this Act, shall be deductible from any insurance coverage purchased by a political subdivision in the manner provided by this section, and no political subdivision shall be required to purchase insurance coverage for amounts for which the fund may be held liable. If a premium savings will result therefrom, such policies of insurance may be taken out for more than one year, but in no event beyond a period of five years.

1. If the state or any department, agency, or bureau thereof shall purchase insurance pursuant to this section, then the purchaser shall waive its immunity to suit only to the types of insurance coverage purchased and only to the extent of the policy limits of such coverage.

2. If a political subdivision shall purchase insurance pursuant to this section which shall exceed the limitations upon liability imposed by this Act, the political subdivision shall waive the limitations of the liability imposed by this Act only to the extent that such coverage exceeds such limitations. Where a political subdivision has purchased insurance coverage pursuant to this section, the fund shall be liable for a claim or judgment in the manner and subject to the limitations provided by this Act, and the political subdivision which has purchased insurance coverage shall be liable for any amount contained in a final judgment which shall exceed the limitations imposed by this Act, but only as to the types of coverage purchased.

If any dispute exists concerning the amount or nature of the insurance coverage, the dispute shall be tried separately. This Act confers no right on a claimant to sue an insurer directly. The insurance coverage authorized by this Act may be in addition to insurance coverage which may be purchased by the state or any department, agency, or bureau thereof, or a political subdivision under any other provision of law.

SECTION 12. APPROPRIATION.) There is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise ap-

propriated, the sum of \$500,000.00, or so much thereof as may be necessary, to the political subdivisions liability fund for the purpose of paying compromised claims and judgments and final judgments according to the provisions of this Act for the period beginning on the effective date of this Act, and ending June 30, 1977.

SECTION 13. LEGISLATIVE INTENT.) It is the intent of the legislature that this Act is to provide the political subdivisions of this state with temporary protection only until July 1, 1977. This Act is deemed to be in the best interest of the people of this state and is an exercise of the police powers. This Act is a temporary response to the recent judicial decision which held that the doctrine of governmental immunity from tort liability as it applies to political subdivisions should not be sustained in this state. It is the policy of the legislature to encourage political subdivisions to continue to maintain present liability insurance coverage pending a legislative council study of governmental immunity and to encourage political subdivisions to maintain insurance coverage for motor vehicles and aircraft.

SECTION 14. EMERGENCY.) This Act is hereby declared to be an emergency measure and shall be in full force and effect from and after its passage and approval.

SECTION 15. EXPIRATION DATE.) The provisions of this Act shall remain in effect through June 30, 1977, and shall thereafter be of no force and effect."

And renumber the lines, pages, and sections accordingly.

And when so amended recommends the same do pass and be re-referred to the Committee on Appropriations.

March 22, 1975

The Honorable Robert F. Reimers
Speaker of the House
House Chambers
Bismarck, North Dakota 58505
Dear Mr. Speaker:

House Bill 1430 would add "occupational or professional associations" and "farm organizations" to the law prohibiting political activities and contributions by corporations, "labor organizations," and cooperative associations and corporations. The addition of "occupational or professional associations" creates uncertainty of application of the prohibitions against political activity and contributions.

While laws against political contributions by corporations and labor unions have been held constitutional (*Pipefitters Local Union No. 562 v. U.S.*, 407 U.S. 385), it has always been recognized that this is a difficult and delicate area, where only the narrowest of prohibitions could be allowed.

It is one thing to prohibit corporations and labor unions, as such, from political activity and political contributions. They are clearly defined legal entities. It is another thing to prohibit political activities by virtually all "associations" and "organizations," which are not clearly defined legal entities.

There is no precise legal definition of association. The dictionary definition of "association" is:

To join as a friend, companion, partner, or confederate; to join; combine; to unite in company; keep company, imply intimacy; unite in action; join for a common purpose.

It has no precise legal definition. The term, therefore, appears to be vague and over-broad.

In my opinion, it would be unconstitutional regulation, as clearly appears from the following statement by the United States Supreme Court in *Cousins v. Wigoda*, 43 L. W. 4152, (Jan. 15, 1975) at p. 4155:

The National Democratic Party and its adherents enjoy a constitutionally protected right of political association. 'There can no longer be any doubt that freedom to associate with others for the common advancement of political beliefs and ideas is a form of "orderly group activity" protected by the First and Fourteenth Amendments . . . The right to associate with the political party of one's choice is an integral part of this basic constitutional freedom.' *Kusper v. Pontikes*, 414 U.S. 51, 56-67 (1973). 'And of course this freedom protected against federal encroachment by the First Amendment is entitled under the Fourteenth Amendment to the same protection from infringement by the States.' *William v. Rhodes*, 393 U.S. 23, 31-31 (1968). Moreover, ' (a) ny interference with the freedom of a party is simultaneously an interference with the freedom of its adherents.' *Sweezy v. New Hampshire*, 354 U.S. 234, 250 (1957); see *NAACP v. Button*, 371 U.S. 415, 431 (1963).

The use of the term "farm organizations" is equally vague and over-broad. The dictionary definition of "organization" is:

Any vitally or systematically organic whole; an association or society; the executive structure of a business; the personnel of management; the entire body of the officials and committees, national, State, or local, of a political party.

Even a farming partnership could be an "organization." Surely, a farming partnership should not be prohibited from political activity.

The bill applying to "labor organizations, as defined in Section 34-12-01," is also vague and overbroad. Section 34-12-01 defines "labor organization" as follows:

Any organization of any kind, or any agency or employee representation committee or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

The loose language identifying "associations" and "organizations" prohibited from political activity and contributions, which was added to House Bill 1430 by amendments, makes no distinction between funds voluntarily or involuntarily accumulated for political purposes. *Pipefitters Local Union No. 562 v. U.S.* clearly recognized that funds voluntarily generated by any group or association for political purposes, could not be constitutionally prohibited:

To be sure, there is some language in the congressional debates which

emphasizes the freedom of union members, as well as that of employees and stockholders of corporations, to make uncoerced political contributions. No one contests this basic freedom.

By the amendments to this Act, the North Dakota Legislature makes no such distinction and obviously conflicts with the freedom of political association guaranteed by the Constitution and recognized by our United States Supreme Court.

This bill, which contains vague and overbroad language seeking to regulate political activity, must be rejected because of the uncertainty it would create in political activities and because it infringes upon basic constitutional freedoms of political association.

Therefore, I veto House Bill 1430.

Sincerely yours,
ARTHUR A. LINK
Governor

MOTION

Rep. Strinden moved that House Bill No. 1430 be placed on second reading and final passage for the purpose of its reconsideration as a vetoed measure pursuant to Section 79 of the Constitution of the State of North Dakota, which motion prevailed.

SECOND READING OF A HOUSE BILL

House Bill No. 1430. A Bill for an Act to amend and reenact sections 16-20-08 and 16-20-09 of the North Dakota Century Code, relating to prohibiting labor organizations, occupational and professional associations, farm organizations, and cooperative associations from using funds in political campaigns.

Which has been read.

Rep. Tennesos: "Mr. Speaker, Ladies and Gentlemen:

"I request that the following remarks be printed in the Journal.

"The Supreme Court Decision of *Cousins v. Wigoda* cited in the Governor's Veto Message has no application to this bill. That case involved attempts to regulate selection of delegates to a national party convention by the State. Court decision is limited to that holding. The federal government does, in fact, regulate certain political contributions. This bill does not speak to political parties.

"Insofar as the definition of labor organization is concerned, we have adopted the definition provided in section 34-12-01 of the NDCC, the North Dakota Labor Management Relations Act. That definition is identical to the one found in the National Labor Relations Act. See 29 USCA 152 (5). If the definition of 'labor organization' is adequate for that purpose, it should be adequate for this purpose. The bill, as introduced, only added labor organizations to the purview of the bill. The additional amendments were made at the request of those who questioned why labor organizations were singled out and so the bill was broadened to include occupational or professional associations, and farm organizations. While those terms may not be precisely defined by statute, they should be capable of determination, as a legal matter. If there is vagueness in the bill, as the Governor's Message, indicates, that vagueness may be found in the original statute also. Corporations and Cooperative Corporations have been forced to live with this vagueness for several years.

"There may be some additional question as to why the mere legal form should determine political activities. Thus the fact a person or persons in business determine to use a corporate form for doing business prohibits them from political activity whereas those who choose another form, for whatever reason, would be prohibited. This bill attempts to rectify that inequity. The special interests of those forming associations or organizations is just as important as those using the corporate form of

doing business. Thus if the purpose of the present statute is justifiable, so is the bill which expands the coverage of that purpose.

"Now I would like to read a speech by Senator Hoffner. I agree with Senator Hoffner's remarks on House Bill No. 1430 one hundred percent as he testified before the Senate Judiciary Committee, and I would like to have them entered in the House Journal.

"I am here to voice my support for the concept of House Bill 1430, which as amended by the House would generally prohibit special interest groups from contributing to political campaigns. House Bill 1430 passed the House by a vote of 66-29. Having lived through two years of monumental scandals involving old style influence peddling, I think it is an under-statement to say that the role of money in politics is eroding public confidence in government. More and more people believe that the dollar of special interest groups speak louder than the voice of the people.

"To deal with this growing attitude of distrust, North Dakota should develop serious campaign spending regulations to counter this erosion of public confidence in government.

"I do not question the general integrity of the North Dakota Legislature. However, at a time when a growing number of Americans are convinced it doesn't matter who wins elections — and that nothing can be accomplished through the political process — I do suggest that our Legislature can reduce citizen cynicism with the passage of legislation like House Bill 1430.

"The loss of trust and confidence in government is documented by many recent polls.

"In a nation-wide survey conducted by a Cambridge Research firm, 59 per cent of those polled agreed that elected officials were out for all they can get and 44 per cent agreed it doesn't make any difference who gets elected. This great pessimism is most evident among young people. According to a Roper Report, 62 per cent of young people under age 25 did not bother to vote in the November election. The young people, who will someday govern this Country, are the most alienated and least interested segment of the electorate. The low turnout of student voters on North Dakota college campuses coincides with the national trend.

"Only 38 per cent of all eligible voters in the United States voted in the last election. In one state, the turnout was only 15 per cent. With the record low turnout, some columnists are beginning to ask the question: "are we moving away from our representative form of government?"

"A corresponding lack of participation is evident in the financing of political campaigns. Common Cause found that more than 90 per cent of the money given in past campaigns has come from less than 1 per cent of the population, much of it from special interests. With 10 per cent of all political contributions made by 99 per cent of the population it is obvious that the present financing system badly warps the entire democratic process. Vastly more weight is given to the big giver than the average voter, almost wiping out the one man-one vote principle.

"The non-contributor sees his or her contribution as meaningless. In my opinion, their attitude has become one of "what the hell difference does it make because Democrats are the products of big labor and the Republicans are the product of big business."

"I think the objective of this Assembly should be to encourage more people to participate in the political arena. This can be accomplished by making the contributions of North Dakota citizens more important than those of the well-heeled special interests.

"With the dawning of large scale industry to North Dakota, House Bill 1430 would ensure in the minds of the people that legislative decisions are arrived at objectively with minimal interference.

REPORT OF CONFERENCE COMMITTEES

Mr. Speaker: The Majority on Your Conference Committee to whom was referred Senate Bill No. 2031 has had the same under consideration and recommends:

That the House recede from its amendments and Senate Bill 2031 be amended as follows:

On page 1, line 1 of the engrossed bill, delete everything after the words "A BILL" and delete the remainder of the bill and insert in lieu thereof the following: "for an Act to provide for a severance tax upon all coal mined; to provide procedures for the imposition, collection, and administration of such tax; to provide for the allocation of moneys collected and to provide an impact program for impacted school districts, cities, counties, and other taxing districts; to provide for the creation of a coal development impact office in the office of the governor; to provide for a legislative council coal development review committee to approve or disapprove impact grants; to provide that certain sections of this Act shall be temporary; to provide a penalty; and to provide an appropriation.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. SEVERANCE TAX UPON COAL — IMPOSITION — COMPUTATION OF INCREASES — IN LIEU OF SALES AND USE TAXES — PAYMENT TO THE TAX COMMISSIONER.) There is hereby imposed upon all coal severed for sale or for industrial purposes by coal mines within the state a tax in an amount to be determined as follows:

1. Fifty cents per ton of two thousand pounds; and
2. For every three points increase in the index of wholesale prices for all commodities prepared by the United States department of labor, bureau of labor statistics, the amount of the severance tax provided in subsection 1 shall be increased one cent per ton of two thousand pounds. For the purposes of this computation, a fractional point increase shall be

disregarded if less than one-half point and treated as one full point if one-half point or more. The state tax commissioner shall determine such increases based upon increases in the wholesale price index from the level of such index as of January 1975 to the level of such index as of the last month of the quarter immediately preceding the quarter for which any taxes are due. At no time shall the amount of the severance tax be reduced. If the wholesale price index declines, the severance tax shall remain at the highest level determined prior to such decline, and shall remain at such level until further increases are warranted because of further increases in the wholesale price index beyond the point at which the last increase was determined.

Such severance tax shall be in lieu of any sales or use taxes imposed by law. Each coal mine owner or operator shall remit such tax for each calendar quarter, within thirty days after the end of each quarter, to the state tax commissioner upon such reports and forms as the tax commissioner shall deem necessary. If the method of determining increases in the amount of the severance tax provided in subsection 2 is for any reason held to be invalid, such decision shall not affect the validity of the amount of the tax provided in subsection 1.

SECTION 2. WHEN TAX DUE — WHEN DELINQUENT.) The severance tax as provided in this Act shall be due within thirty days after the end of each quarter, and if not received by the thirtieth day, shall become delinquent and shall be collected as herein provided. The tax commissioner, upon request and a proper showing of the necessity therefor, may grant an extension of time, not to exceed fifteen days, for paying the tax, and when such a request is granted, the tax shall not be delinquent until the extended period has expired. The tax commissioner shall require a report to be filed quarterly by each owner or operator of a coal mine, in such form as the tax commissioner may specify, to list a full description of the mine, the number of tons of coal severed, the amount of tax due and remitted, and any other information deemed necessary by the tax commissioner for the proper administration of this Act.

SECTION 3. POWERS OF STATE TAX COMMISSIONER.) The state tax commissioner shall have the power to require any person engaged in such production, and the agent or employee of such person, or purchaser of such coal, or the owner of any royalty interest therein, to furnish any additional information by him deemed to be necessary for the purpose of correctly computing the amount of said tax, and to examine the books, records, and files of such person, and shall have power to conduct hearings and compel the attendance of witnesses, the production of books, records, and papers of any person, and full authority to make any investigation or hold any inquest deemed necessary to a full and complete disclosure of the true facts as to the amount of production from any coal mine or of any company or other producer thereof, and as to the rendition thereof for taxing purposes.

SECTION 4. TAX COMMISSIONER TO COMPUTE TAX ON INCORRECT RETURNS.) The state tax commissioner shall have the power and authority to ascertain and determine whether or not any report or remittances filed with him are correct, and if the owner or operator has made an untrue or incorrect report or remittance, the commissioner shall ascertain the correct amount of taxes due, and give immediate notice to the owner or operator filing the incorrect return or remittance. Any coal mine operator or owner receiving notice from the tax commissioner that he has filed an incorrect return or remittance shall remit the tax assessed by the commissioner within fifteen days of such notice. Any owner or operator aggrieved by a decision of the tax commissioner may make application in writing within fifteen days of notification for a hearing which shall be granted not later than fifteen

days after receipt of the application. The tax commissioner may grant or reject, in whole or in part, the contentions of the owner or operator and upon conclusion of the hearing shall proceed to make a final determination of taxes due. Such taxes assessed by the commissioner shall become delinquent five days after the conclusion of the hearing, except in such cases where an owner or operator shall appeal such assessment to the district court of Burleigh County, in which case they shall become delinquent five days following final judicial determination.

SECTION 5. PENALTY ON DELINQUENCY — FAILURE TO FILE REPORTS.) Where the severance tax provided for in this Act shall become delinquent, it shall, as a penalty for such delinquency, bear interest at the rate of eight percent per annum. If the quarterly report is not filed within thirty days after the end of any quarter and taxes due paid, the tax commissioner shall notify the delinquent owner or operator of such delinquency, and if such report and remittance are not filed within an additional fifteen days, the tax commissioner shall notify the public service commission, which shall forthwith suspend such owner's or operator's license or permit until such time as payment is received, or the issues settled to the satisfaction of the tax commissioner.

SECTION 6. LIEN FOR TAX.) The severance tax herein referred to shall, at all times, be and constitute a first and paramount lien against the producer's property as the case may be, both real and personal. In all cases where such tax is not paid, it may be recovered at the suit of the state, upon relation to the state tax commissioner, in any court of competent jurisdiction of the county where any such property, assets, and effects are located.

SECTION 7. APPEAL FROM DECISION OF TAX COMMISSIONER.) Any person aggrieved because of any action or decision of the tax commissioner under the provisions of sections 1 through 8 of this Act may appeal therefrom to the district court of Burleigh County.

SECTION 8. RULES AND REGULATIONS — BOND.) The tax commissioner is hereby authorized and empowered to prescribe and promulgate all necessary rules and regulations for the purpose of making and filing of all reports required hereunder and otherwise necessary to the enforcement of sections 1 through 8 of this Act, and may, at his option and discretion, require a sufficient bond from any coal mine operator or owner charged with the making and filing of reports and the payment of the taxes herein imposed, and said bond shall run to the state of North Dakota and shall be conditioned upon the making and filing of reports as required by law or regulation, and for the prompt payment, by the principal therein, of all taxes justly due the state by virtue of the provisions of sections 1 through 8 of this Act.

SECTION 9. PENALTY.) Any person intentionally violating any of the provisions of sections 1 through 8 of this Act is guilty of a class A misdemeanor.

SECTION 10. COAL DEVELOPMENT FUND ESTABLISHED.) Moneys collected by the state tax commissioner pursuant to the provisions of sections 1 through 9 of this Act shall be paid to the state treasurer and shall be credited to a special fund in the state treasury, to be known as the coal development fund. The moneys accumulated in such fund shall be allocated as provided by law and as appropriated by the legislative assembly.

SECTION 11. DEFINITIONS.) As used in sections 11 through 15 of this Act, unless the context or subject matter otherwise requires:

1. "Coal development" shall mean the mining of coal and industries directly related to the processing of coal, including, but not limited to: the generation of electricity from coal or coal products, coal gasification, coal liquefaction, and the manufacture of fertilizer from coal.

2. "Impacted city" shall mean a city which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

3. "Impacted county" shall mean a county which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

4. "Impacted school district" shall mean a public school district which demonstrates actual or anticipated extra-ordinary expenditures caused by coal development and the growth incidental thereto.

5. "Impacted taxing district" shall mean a taxing district as defined in subsection 6 of this section which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

6. "Taxing district" shall mean any political subdivision, other than those included in subsections 2 through 4 of this section, empowered by law to levy taxes.

SECTION 12. ALLOCATION OF MONEYS IN COAL DEVELOPMENT FUND.) Moneys deposited in the coal development fund shall be apportioned quarterly by the state treasurer as follows:

1. Thirty-five percent shall be credited to a special fund in the state treasury for distribution through grants by the coal development impact office to impacted cities, counties, school districts, and other taxing districts, subject to appropriation by the legislative assembly.

2. Thirty percent shall be credited to a special fund in the state treasury to be held in trust to be administered by the board of university and school lands, which shall have full authority to invest such funds and may consult with the state investment board as provided by law. The income from such trust shall be deposited in the state's general fund. Such trust fund shall be perpetual and held in trust as a replacement for depleted natural resources.

3. Five percent shall be allocated to the coal-producing counties and shall be distributed among such counties in such proportion as the number of tons of coal severed in each county bears to the total number of tons of coal severed in the state during such quarterly period. Such allocations shall be credited to the county general fund.

4. The balance shall be deposited in the state's general fund.

SECTION 13. COAL DEVELOPMENT IMPACT OFFICE — APPOINTMENT OF DIRECTOR.) There is hereby created in the office of the governor a coal development impact office. The director shall be appointed by and shall serve at the pleasure of the governor. The salary of the director shall be set by the governor within the limits of legislative appropriations. The director may employ such other persons as may be necessary and may fix their compensation within the appropriation made for such purpose.

SECTION 14. POWERS AND DUTIES OF COAL DEVELOPMENT IMPACT OFFICE.) The coal development impact office shall:

1. Develop a plan for the assistance, through financial grants for services and facilities, of counties, cities, school districts, and other political subdivisions in a coal development impact area.

2. Advise, study, recommend, and report to the governor and the legislative assembly on the impact to the state and the political subdivisions of the state resulting from coal development.

3. Establish procedures and provide proper forms to political subdivisions for use in making application for funds for impact assistance as provided in this Act.

4. Make grants to counties, cities, school districts, and other taxing districts, subject to the approval of the legislative council coal development review committee, as provided in this Act and within the

appropriations made for such purposes. In determining the amount of impact grants for which political subdivisions are eligible, the amount of revenue to which such political subdivisions will be entitled from taxes upon the real property of coal development plants and from other tax or fund distribution formulas provided by law shall be considered.

SECTION 15. LEGISLATIVE COUNCIL COAL DEVELOPMENT REVIEW COMMITTEE.) The legislative council coal development review committee shall consist of seven members of the legislative assembly to be selected by the legislative council. It shall be the duty and responsibility of the committee to review and approve or disapprove, in whole or in part, the decisions on grants made by the coal development impact office. The chairman of the legislative council shall select a chairman of the coal development review committee, and the committee shall be subject to the same rules and provisions for hearings and other procedures as are other legislative council committees.

SECTION 16. APPROPRIATION.) There is hereby appropriated out of any moneys in the special fund created by subsection 1 of section 12 of this Act, not otherwise appropriated, the sum of \$5,000,000.00, or so much thereof as may be necessary, to the coal development impact office for impact grants to impacted cities, counties, school districts, and other taxing districts, for the biennium beginning July 1, 1975, and ending June 30, 1977.

SECTION 17. APPROPRIATION.) There is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$100,000.00, or so much thereof as may be necessary, to the coal development impact office for purposes of administering the impact program provided for in this Act, for the biennium beginning July 1, 1975, and ending June 30, 1977.

SECTION 18. PROVISIONS OF ACT TEMPORARY.) Sections 1 through 15 of this Act shall be effective for the period beginning July 1, 1975, and ending June 30, 1977, and thereafter shall be of no force and effect unless reenacted by the legislative assembly."

"There is hereby imposed for the privilege of severing coal from the earth for sale or for industrial purposes, but not including coal for heating residential buildings in this state, a tax in the amount hereinafter provided. Such tax shall be in lieu of any tax imposed by law upon the sale or use of any coal and electricity in this state. Each coal mine owner or operator shall remit such tax for each calendar quarter, within thirty days after the end of each quarter, to the state tax commissioner upon such reports and forms as the tax commissioner shall deem necessary.

The amount of tax imposed shall be a flat rate per ton determined annually as follows: Between December first and December fifteenth of each year a coal pricing committee comprised of the president of the public service commission, the state tax commissioner, and the state mine inspector shall meet and establish the statewide average contract price of a ton of coal of two thousand pounds then prevailing in this state. The statewide average contract price per ton shall then be reduced by ten percent of such price as a credit for costs of reclamation and the amount of tax imposed for each ton of coal severed in the following calendar year shall then be thirty percent of such statewide average contract price per ton as reduced by the reclamation credit and the committee shall certify that tax rate to the state tax commissioner. The tax rate per ton as certified by the committee shall be rounded to the nearest tenth of a cent.

For purposes of determining the statewide average contract price per ton of coal, the coal pricing committee shall adjust the price of coal that is provided for in each contract as follows:

1. Reduce such price by:
 - (a) All costs of transporting such coal beyond any point more than fifty miles distant from the mine, if such costs are included in the contract price; and
 - (b) the amount of tax imposed on such coal by this Act if included in the contract price.
2. Increase such price by any of the following amounts that are not included in the contract price;
 - (a) any mining costs, including payments required for labor union funds;
 - (b) reclamation costs for restoring the mined areas;
 - (c) royalties on coal mined;
 - (d) costs of ordinary treatment processes applicable to the mining of coal, including cleaning, breaking, sizing, dust allaying, treating to prevent freezing, and loading for shipment;
 - (e) costs of transporting such coal to any point within fifty miles of the mine.

After adjusting the average price of coal that is provided for in each contract, the committee shall determine the average price per ton of all such adjusted average contract prices by the weighted average method.

In determining the average statewide contract price of coal the committee shall always have as its objective the determination of an average price that most nearly represents the fair market value of coal as established from contracts entered into as arms length transactions; and any contract for the sale of coal which the committee determines does not represent an arms length transaction shall not be used in computing the average statewide contract price.

The coal pricing committee shall have power to require any person engaged in the production of coal, and the agent or employee of such person, or the purchaser of such coal, or the owner of any royalty interest therein, to furnish any information deemed by such committee to be necessary for it to carry out its duties under this section.

The tax rate provided for in this section shall be applicable for all coal mined on or after January 1, 1976. The tax for coal mined during the period beginning on July 1, 1975, and ending on December 31, 1975, inclusive, shall be imposed at the rate of sixty-five cents per ton of two thousand pounds."

1. Fifteen percent of such revenues collected with respect to coal mined in any county shall be allocated and paid quarterly by the state treasurer to that county and the county treasurer shall apportion and distribute such proceeds as follows:

a. Forty percent shall be credited to the county road and bridge fund; provided, however, that the board of county commissioners may by resolution transfer, use or irrevocably pledge so much thereof and for such period as it may deem necessary and in the best public interest for the purpose of conducting, undertaking and participating in underground or surface water surveys and investigations, development, construction, reconstruction and maintenance of works, dams and projects for the control, distribution and beneficial utilization of water resources.

b. Forty-five percent of all revenues allocated to any county shall be apportioned by the county treasurer quarterly to school districts within the county on the average daily attendance distribution basis, as certified to him by the county superintendent of schools.

REPORT OF CONFERENCE COMMITTEES

Mr. Speaker: Your Conference Committee to whom was referred House Bill No. 1221 has had the same under consideration and recommends:

That the Senate recede from its amendments and that House Bill 1221 be amended as follows:

On page 1, line 1 of the engrossed bill, delete everything after the words "A BILL" and delete the remainder of the bill and insert in lieu thereof the following: "for an Act to provide for a privilege tax on certain coal conversion plants, to provide that such tax shall be in lieu of certain other taxes, to provide a credit against such taxes for certain other taxes paid, to provide for the administration and collection of such taxes, to provide powers and duties of the state tax commissioner, to provide for the allocation of revenues collected, and to provide a penalty.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. DEFINITIONS.) As used in this Act:

1. "Gross receipts" means all revenue valued in money, whether received in money or otherwise, derived by a coal conversion facility subject to the provisions of this Act from the production of products of a coal conversion facility, but not including any revenue derived from transportation, transmission, distribution, or other items which occur after the process of production of the products of such facility is completed;

2. "Coal conversion facility" means either:

a. A plant, other than an electrical generating plant, together with all additions thereto, which processes or converts coal from its natural form into a form substantially different in chemical or physical properties, including but not limited to coal gasification, coal liquefaction, and the manufacture of fertilizer and other products, and which uses or is designed to use over five hundred thousand tons of coal per year; or

b. An electrical generating plant, together with all additions thereto, which processes or converts coal from its natural form into electrical power and which has at least one single electrical energy generation unit with a capacity of one hundred twenty thousand kilowatts or more;

3. "Coal gasification" means the production of methane or other commercial gas products from coal;

4. "Commissioner" means the state tax commissioner;

5. "Person" means any individual, estate, trust, corporation, cooperative corporation, or association; and

6. "Synthetic natural gas" means methane and any admixed gaseous products produced by coal gasification.

SECTION 2. IMPOSITION OF TAXES.) Each coal conversion facility shall pay an annual tax for the privilege of producing products of such coal conversion facility. The rate of the tax shall be computed as follows:

1. For all coal conversion facilities, other than electrical generating plants and coal gasification plants as provided in subsections 2 and 3 of this section, the tax shall be measured by the gross receipts derived from such facility for the preceding calendar year and shall be in the amount of two and one-half percent of such gross receipts;

2. For electrical generating plants, the tax shall be at a rate of twenty-five one-hundredths of one mill on each kilowatt hour of electricity produced for the purpose of sale; and

3. For coal gasification plants, the tax shall be either the amount provided in subsection 1 or ten cents on each one thousand cubic feet of synthetic natural gas produced for the purpose of sale, whichever is greater.

SECTION 3. MEASUREMENT AND RECORDING OF SYNTHETIC NATURAL GAS OR ELECTRICITY PRODUCED.) The production of synthetic natural gas or electrical power shall be measured at the place of production or generation, and any person subject to the imposition of the taxes provided by this Act shall maintain devices to measure and record the cumulative periodic totals of synthetic natural gas and electrical power generated. Any person subject to the taxes imposed by this Act shall maintain accurate records of the daily and monthly totals of synthetic natural gas and electrical power generated and subject to such taxes. The commissioner shall have access to such records at reasonable times and places.

SECTION 4. PAYMENT OF TAXES ON PLANTS OTHER THAN ELECTRICAL GENERATING PLANTS — WHEN TAXES DUE — WHEN DELINQUENT.)

1. The taxes imposed by this Act on coal conversion facilities other than electrical generating plants shall be levied by the tax commissioner on or before April fifteenth of each year. Each coal conversion facility subject to the taxes imposed by subsections 1 and 3 of section 2 shall annually on or before April first file a report with the commissioner in such form and containing such information as the commissioner may prescribe and demand. Such report shall state the total amount of gross receipts derived and synthetic natural gas produced by such coal conversion facility during the preceding calendar year. On or before May first of each year, the commissioner shall notify in writing each coal conversion facility subject to the taxes imposed by subsections 1 and 3 of section 2 of the amount of tax imposed. Any person aggrieved by the amount of tax levied against any facility may make application in writing within fifteen days of notification to the commissioner for an abatement hearing which shall be granted not later than fifteen days after the receipt of the application. The commissioner may grant or reject in whole or in part any plea for abatement, and upon conclusion of the hearing shall proceed to make a final levy against the applicant.

2. The taxes levied under subsection 1 of section 2 shall become due and payable to the commissioner on the fifteenth day of June in the year in which such taxes are levied. Such taxes shall become delinquent on the first day of July following, and, if not paid on or before such date, shall be subject to a penalty as provided in section 9.

SECTION 5. PAYMENT OF TAXES ON ELECTRICAL GENERATING PLANTS — WHEN TAXES DUE — WHEN DELINQUENT.) The taxes imposed by this Act on electrical generating plants shall be due within thirty days after the end of each calendar quarter, and, if not received by the thirtieth day, shall become delinquent and shall be collected as herein provided. The commissioner, upon request and a proper showing of the necessity therefor, may grant an extension of time, not to exceed fifteen days, for paying the tax, and when such a request is granted, the tax shall not be delinquent until the extended period has expired. The tax commissioner shall require a report to be filed quarterly by each person subject to the taxes imposed by subsection 2 of section 2, in such form as the commissioner shall prescribe, to provide such information as the commissioner deems necessary for the proper administration of this Act.

SECTION 6. PROPERTY CLASSIFIED AND EXEMPTED FROM AD

VALOREM TAXES — IN LIEU OF CERTAIN OTHER TAXES — CREDIT FOR CERTAIN OTHER TAXES.) Each coal conversion facility shall be classified as personal property and shall be exempt from all ad valorem taxes except for taxes on the land on which such facility is located. The taxes imposed by this Act shall be in lieu of ad valorem taxes on the property so classified as personal property. The taxes imposed by this Act shall also be in lieu of those taxes imposed by chapters 57-33 and 57-33.1 on cooperative electrical generating plants that qualify as coal conversion facilities as defined in this Act for gross receipts derived from the operation of such plants on or after July 1, 1975. Each cooperative electrical generating plant shall receive a credit against the taxes imposed by this Act for any taxes imposed pursuant to chapters 57-33 and 57-33.1 and payable after July 1, 1975. Such credit shall apply only for such taxes actually paid, and shall be applied against the taxes imposed by this Act in the years in which such payments are made.

SECTION 7. POWERS OF COMMISSIONER.) The commissioner shall have power to require any person subject to the taxes imposed by this Act to furnish any additional information deemed by the commissioner to be necessary for the purpose of correctly computing the amount of the tax, and to examine the books, records, and files of such person, and shall have power to conduct hearings and compel the attendance of witnesses, the production of books, records, and papers of any person, and full authority to make any investigation or hold any inquest deemed necessary to a full and complete disclosure of the true facts as to the amount of production or generation from any coal development plant, and as to the rendition thereof for taxing purposes.

SECTION 8. COMMISSIONER TO COMPUTE TAX ON INCORRECT RETURNS.) I remained constant and voted against it."

COMMUNICATIONS
STATE OF NORTH DAKOTA
EXECUTIVE OFFICE
BISMARCK

March 25, 1975

The Honorable Robert F. Reimers
Speaker of the House
House Chambers
Bismarck, North Dakota 58505
Dear Mr. Speaker:

It has come to my attention, since passage of House Bill 1209, that certain provisions of the Bill, such as the term "non-Indian lands", may need further clarification to avoid misinterpretation and misunderstanding.

Since the Bill was introduced at the request of the Veteran's Administration, and since they do not consider the matter urgent, I believe further study should be given to such legislation during the forthcoming interim period.

Therefore, with the concurrence of the Attorney General, I am vetoing House Bill 1209.

Sincerely yours,
ARTHUR A. LINK
 Governor

cc: Attorney General

MOTION

Representative Strinden moved that the rules be suspended, that House Resolution No. 6 not be referred to committee, be read in its entirety, not printed as a bill but printed in the journal, and placed on second reading and final passage, which motion prevailed.

HOUSE RESOLUTION No. 6

House Resolution No. 6. A resolution commending the employees of the North Dakota House of Representatives for their dedication, cooperation, efficiency, and courtesy during the Forty-fourth Legislative Assembly.

WHEREAS, the smooth functioning of any Legislative Assembly depends in great part upon the work of the legislative employees; and
WHEREAS, the responsibility of the Legislative Assembly and the

importance of the problems and legislation before it require that its employees perform their duties with the utmost efficiency and accuracy in order to permit the Legislative Assembly to perform its duties; and

WHEREAS, the employees of the House of Representatives have rendered their full cooperation and assistance to the members of the House of Representatives; and

WHEREAS, their courteous and respectful manner and ability to refrain from entering into a policymaking role have created a pleasant working relationship for all;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA:

That the House of Representatives hereby commends and extends its thanks to the House Desk Force, Committee Clerks, Calendar Clerk, Sergeants-at-Arms, Enrolling and Engrossing Clerks, Pages, Typists, Stenographers, Floor Leaders' Secretaries, Journal and Bill Room Employees, Journal Proofreaders, Telephone and Information Desk Attendants, and Parking Lot Attendants for their dedication, cooperation, efficiency, and courtesy during the Forty-fourth Legislative Assembly.

SECOND READING OF A HOUSE RESOLUTION

House Resolution No. 6. A resolution commending the employees of the North Dakota House of Representatives for their dedication, cooperation, efficiency, and courtesy during the Forty-fourth Legislative Assembly.

Was read the second time.

The question being on the final adoption of the resolution.

So the House Resolution was declared adopted on a voice vote.

MOTIONS

Rep. Kermott moved that the Assembly go into a special order of business, and that Rep. Haugland be asked to preside.

Which motion prevailed.

Rep. Kermott moved that a committee of two be appointed to escort Rep. Haugland to the rostrum.

The Speaker appointed Reps. Lee and Meiers, and Rep. Haugland was escorted to the rostrum.

Rep. Haugland called Rep. Olson to the rostrum.

Rep. Olson: "Rep. Haugland, Members of the Assembly:

"I deem it a privilege to be chosen to make a presentation to a fellow member of the House and a friend — the Assistant Minority Floor Leader Representative Ralph Winge.

"Information I received indicates Ralph grew up on a farm between Sanish and Van Hook. When the Garrison Dam and Reservoir was being constructed both Sanish and Van Hook ceased to exist and buildings from both towns were moved to a new location. Residents wanted to call this new location Vanish but it was named New Town.

"Somehow in the shuffle Ralph 'vanished' to Litchville and took up residence on a farm there.

"I first met Ralph at the 1973 Session and was pleased to have him for a new friend — but this Session everything is different for a couple of reasons—1) He moved away from my section of the House to a higher level of responsibility, and 2) He decided bachelorhood was really not all that wonderful — and found himself a bride. I would also like all here present to note that Ralph's hair has turned greyer — I don't know if it is the result of his party's new demands upon him or his recent marriage, but I prefer to blame the party.

"Speaking for all the members of the House, Ralph, I want you to know we all consider you a friend and an honorable associate. We appreciate your efforts for the benefit of all North Dakota."

Rep. Winge: "Madam Speaker:

"I certainly want to thank you, every single member of this Assembly. I certainly enjoyed this session as much as any other session. Being in a little different position, I am not sure that the greyness has anything to do with the change in marital status. The length may have something to do with that.

"I think there are some things we remember about every session, and I do think the thing I will remember about this session is that we have had a long rope connected to the governor's desk from the Senate and the House, and that rope has jerked every so often. I think one reason I would like to come back to another session, is when that rope is drawn tight and the desk is between the House and Senate, I would like to see the way the desk would go then.

"Thank you very much."

Rep. Haugland called Rep. Mertens to the rostrum.

Rep. Mertens: "Rep. Haugland and Members of the Assembly:

"It is my pleasure to present this gift as a token of the friendship and esteem this body has for Representative Jack Olin. He has proven his leadership abilities by carefully and conscientiously carrying out his duties as Assistant Majority Leader. It has been my pleasure to serve with Jack two terms on the House Appropriations Committee and on behalf of the entire body, here assembled, we want to say 'thank you, Jack'."

Rep. Olin: "Madam Speaker, Rep. Mertens:

"I am sure that as we approach the final days of the 44th Legislative Assembly, we have mixed emotions — we wonder where the time has gone, or we say, 'holy smokes is spring here already' . . . The way it looks today, it surely isn't.

"Some of you who are here for the first time, I'm sure found the pace of the legislature to be very rapid. But whether you are here for the first term, fifth or tenth term, I am sure this session will long be remembered.

"We have had more bills introduced this session than at any previous sessions. We have had greater fiscal responsibilities and pressures than ever before. And so when we finish this session we will have cast a very profound impression on the future of North Dakota, both by way of spending levels and by way of energy taxation.

"Through all this we have managed 'to keep our cool'. We may not have agreed at all times, but this is what makes our form of government what it really is — 'government for the people, by the people'.

"To all the members of the 44th Legislative Assembly, I want to say 'thank you'. It has been a privilege to serve with you. To the desk force and all the legislative employees — thank you for a job well done, and as we leave these legislative halls after completion of our work this session, may God bless you all."

Rep. Haugland called Rep. Bunker to the rostrum.

Rep. Bunker: "Madam Speaker, Ladies and Gentlemen:

"I am sure that all of us who have served more than one session in the Legislature can remember the first session, and for those of you who are new this session, you will long remember it.

"I can remember when I first came, one of the first people I had the pleasure of meeting was Dick Backes, our current Minority Floor Leader. At an Interim Committee Meeting a year ago, he and I sat together. Dick reminded me of a newspaper clipping. In 1967 I introduced a bill that would enable private insurance companies to bid on fire and extended coverage insurance on buildings owned and operated by political subdivisions. That bill met with great success in the House and Senate — both heavily controlled by the Republican majority. One morning I read in the local newspaper a press release from Rep. Backes

which said he could smell the stench of insurance money hanging over the Legislative Assembly. The result was that the Governor vetoed my bill. The House overrode the veto having endured a very dull speech given by me, and it went over to the Senate, and for some reason the Senate failed to get around to act on that veto. I wrote a note to Backes stating the stench just overcame the Senate.

"It has been a real pleasure for me to be associated with you, Rep. Backes. We have had a lot of fun on and off the campus. On behalf of us all, it is a pleasure to present you with this gift, and we wish you the best of everything in your future endeavors."

Rep. Backes: "Rep. Haugland, Rep. Bunker, Ladies and Gentlemen:

"My voice is about as bad as Bunker's. Thank you for reminding me of the good old days.

"First I want to thank this Assembly for all the courtesies shown me as Minority Floor Leader — even when you have voted as a block.

"To my counterpart, Rep. Strinden, what more can be said but 'Earl the Pearl'.

"I thank you for all of the things you have done for me. I have appreciated working with you, and it has been a good session for me.

"Thank you."

Rep. Haugland called Rep. Lundene to the rostrum.

Rep. Lundene: "Madam Speaker, Ladies and Gentlemen:

"In my humble opinion, I have concluded that we as legislators have been elected as a board of directors to establish policy and direction for the operation of our great state. At the beginning of this session as in all other sessions we chose a presiding officer whom we call the speaker.

"But every board of directors needs also a chairman to direct the flow of the thousands of parliamentary procedures which are necessary to make our democratic and complicated system perform in such a way that every member's voice is heard and recognized. When this mantle of responsibility settled on the shoulders of one of our members selected by the majority party 'which is as it should be', much more than a slight increase in per diem goes with that responsibility. He must work very closely with all of the committee chairman. He must be able to solidify factions within his own party. He must be able to contend with an organized and articulate minority. He must have the capacity to work with and still not be dictated to by an unpredictable Senate. He must be able to communicate with a governor of a different political persuasion. Last but not least, he must be able to carry on lively and heated debates with an able minority leader and still be able to confer with him on matters of procedure.

"Julius Ceaser had his Brutus, Charles the 1st had his Cromwell, and Rep. Strinden has had his Glassheim.

"One phrase I have not heard on this floor this session which many of you other than freshman are familiar with is this chamber alluded to as the Arena of Compromise. As we have progressed and have compiled a sizable budget, I have helped contribute to that budget with my vote. I shall feel it as part of my duty and the obligation of my party to defend that budget if this budget should be challenged when this 44th legislature adjourns.

"The minority party does not wear its heart on its sleeve but we do respect qualified leadership and admire ability, forcefulness, and drive even though we may not always agree.

"Much has been accomplished and in areas heretofore almost unheard of. And in less than the allotted time. Mr. Majority Floor Leader, Rep. Strinden, we all salute you."

Rep. Strinden: "Madam Chairman:

Mr. Speaker, colleagues in the House of Representatives of this 44th

Legislative Assembly, desk force and all House employees:

"Thank you for the honor and privilege of serving and working with you these past few months. A special word of thanks to the employees of the House of Representatives. Without your hard work and dedication we could not even begin to get our work done. To Rep. Backes, thank you for your cooperation and help as we processed a record number of bills and resolutions. We have disagreed on some issues, but I think we have disagreed always in an agreeable manner. You have my complete trust and respect.

"Members of the House, I have great respect for the North Dakota citizen Legislature: For its integrity, efficiency, responsiveness and good judgment. We are close to the people and I believe the Legislature can be described as the peoples' branch of government. The tugging and pulling and straining and clashing of divergent views within this Legislature reflect the varied opinions of a free society. None of us win on all issues. Legislating is the art of compromise in order to reach a majority level of support. I have great faith in the collective judgment of this body as we blend the backgrounds, experience and knowledge of the individual Legislators into a collective decision making process.

"Service in the Legislature is a rewarding, thrilling and worthwhile endeavor. An experience we will never forget and one we will cherish with fond memories, especially for the lasting friendships made here.

"Someone once said, 'Government is a cooperative effort on which all citizens must take part to the full extent of their ability. If it is otherwise, the citizens will one day discover they are being ruled'. And someone else once said, 'Governments, like clocks, go from the motion men and women give them and as governments are made and moved by men and women, so by them they are ruined also. Therefore, governments depend upon men and women, rather than men and women upon governments'.

"Good Health and Happiness to you all.

"Thank you again."

Rep. Haugland called Rep. Solberg to the rostrum.

Rep. Solberg: "Mr. Chairman and Members of the Assembly:

"For several sessions it has been my privilege to present the gift to the Speaker during the closing hours of our session.

"This year has particular significance to me for I have been closely associated with the man who occupies the Speaker's chair since he first entered the Legislature in 1960. We have had our differences, I have argued with him, differed with him, been angry with him, but I have never lost my respect for him. It has been my lot to stand side-by-side with him when tough decisions have had to be made, decisions that were unpopular at the time but were in the best interests of the State. Out of all this has developed a friendship that transcends any differences we have had, whether they were personal or political. But I am not here to express my own feelings but the feelings of the entire Assembly to the man who has served as 'Mr. Speaker' of the 44th Legislative Assembly. When the dean of the House, Representative Haugland, offered the name of Reimers in nomination to be Speaker of the House, she promised that he would be 'Honest and Fair' in this position. This we all expected of him. What we did not expect was the patience and even gentleness that he displayed all during this session, a trait that was not always in evidence when he served as Chairman of the House Appropriations Committee.

"Mr. Speaker, you have presided over a House that has had a large number of very able and very vocal freshman legislators. I have seen many times when in a straight interpretation of rules you could have cut off debate, not allowed certain motions, but you have leaned over backwards in an effort to be fair to everyone. I have not heard one word of criticism from the minority in any decisions made in your capacity as Speaker.

"Mr. Speaker, this ceremony means that our session is drawing to a close. In a few hours the motion will be made to adjourn and we will be going our differing ways. This beautiful chamber that has been so alive and vibrant for almost three months will become a vacant house of clean desks and neatly placed chairs. The 44th Legislative Assembly will become part of North Dakota history. This could well become one of the most historic sessions in recent years and the decisions that have been made in this session will have an impact on the state of North Dakota for many years. I congratulate all the members who have been part of it.

"For you, Mr. Speaker, I wish to offer you our congratulations on a job well done. And as a token of the respect that we feel for you, I want to present you with the traditional engraved watch, and as the hours tick away on this time piece I hope you will have time to reflect on your experiences in serving as 'Mr. Speaker' of the 44th Legislative Assembly."

Rep. Reimers: "Madam Speaker, Ladies and Gentlemen:

"The Legislature will always be the foundation upon which state government rests. The make-up of the Legislature and how it responds to the needs of the people and the growth of the state determines the strength of that foundation.

"I believe very sincerely that without two parties, even though it is sometimes difficult to separate the members individually, our government could not adequately take care of both growth and needs. I further believe that individual input for specific interests or causes is equally as valuable.

"It is not always easy to accept an opposite party's viewpoint nor an individual Legislator's idea. That is why we have this assembly and are all thrown together charged with finishing the state's work in a time certain.

"I'm sure that I learned much slower than anyone else to respect another person's viewpoint, but I have learned, and I believe this is a necessary quality, to be a good Legislator.

"Most of my legislative career has been spent on the Appropriations Committee where it is not only easy to develop a defensive nature, it is necessary.

"I have missed Committee work and floor debate a great deal, some days barely resisting the temptation to inject my own opinion.

"This session, you have honored me as your Speaker. I have enjoyed serving in that role, it is a part of my legislative career that I shall always cherish.

"This opportunity has allowed me to know every one of you to some degree, and I have enjoyed that. Two of the finest rewards in politics are the new people and new friends. And in that light, the Legislature must surely be the finest fraternity that a person can belong to.

"As this 44th Legislative Session draws to a close, let me especially thank all of you for the respect you have shown me in this office and for allowing me to be myself."

Rep. Haugland called Rep. Powers to the rostrum.

Rep. Powers:

Representative Haugland, Mr. Speaker, Members of the Assembly:

"It is an honor for me to have been chosen to recognize Representative Terry Irving, Chairperson of the Minority House Caucus.

"Rep. Irving is not a native North Dakotan, but to our benefit, she has decided to make this state her home. Having graduated third in her class at the University of North Dakota Law School, she has brought a sound legal background to this body, a body in which she served as a legislative intern only two years earlier.

"She has served as an exceptionally able caucus chairperson, keeping order with a firm hand until finally presented a gavel in appreciation of her services.

"Rep. Irving is an energetic, friendly young person with the ability to get along with all.

"On behalf of this 44th legislative assembly, I present this gift to Rep. Irving in appreciation of a job well done."

Rep. Irving: "Madam Speaker, Ladies and Gentlemen:

"Thank you very much.

"I am sure only my mother would be the person to believe all those nice things.

"I want to thank you all very much for the opportunity of being here and serving with you. It has sometimes been frustrating, but easily the most enjoyable experience I have had.

"I thought the picture of the retirement home given to Rep. Strinden was interesting. We both come from the same district, and it will be an interesting battle to see which one of us winds up in that retirement home. However, whichever one winds up in it, I hope it will have a television tower to receive educational television.

"Thank you very much, and I hope I will see you next session."

Rep. Haugland called Rep. Eagles to the rostrum.

Rep. Eagles: "Rep. Haugland, Ladies and Gentlemen:

"The Majority Caucus comes to attention when it hears the clarion call of heavy footsteps crossing the Hearing Room floor. I know that I speak for all members of the Majority Caucus when I express appreciation for the manner in which Representative James Peterson expedites the business of that body.

"This is Big Jim's second Session as Caucus Chairman. Last time he barely had the opportunity to warm the gavel. This Session he has more than made up for it. Fact is, the janitors tell me they'll have to replace that table on which he has so enthusiastically wielded his gavel.

"With this gift, Mr. Chairman, comes the love and esteem of the Caucus. Thank you, Jim for a job well done."

Rep. Peterson: "Madam Speaker, Ladies and Gentlemen:

"As you know, as I look out over this body, I see many old faces with whom it has been a privilege to work, and certainly to the new members of this Assembly, it has been a privilege working with you and getting to know you.

"Rep. Eagles was right, last session we hardly had a chance to rap the gavel, and this session, there has been a struggle between Earl and myself to determine who would get the gavel to rap.

"I want to thank you, the Minority members for the opportunity of working with you — such as the State Fair, which you well know has been swept around here quite a bit.

"I hope during the next election we have an opportunity to run successfully, and I hope to see you people back here — and I certainly hope I am back.

"Thank you very much."

Rep. Haugland called Rep. Rued to the rostrum.

Rep. Rued:

"Madam Speaker, Rep. Reimers, Members of this 44th Legislative Assembly:

"The time has come that we extend our thanks to our efficient help in our House Chamber. Some of the work force finished last Friday. The custom for several sessions has been to cut down the number of employees as the work load lightens. We are grateful to these people and to those that remain until the session ends. I want it made clear at this point that there is no reflection on the abilities of those that we dismissed. It was a very difficult job to pick out those people as everybody has been so cooperative and worked so hard during the entire sessions. We really do appreciate all our employees and I have had many compliments about

them. I recommend to this assembly that an administrative and procedural employment guideline be adopted.

"Now Madam Chairman, it is my pleasure to call on Cecil Crandall, our Sergeant-at-arms. Cecil I have a small gift for you from our assembly as a token of thanks for your good performance, and especially being so efficient to lock the assembly doors for us on a call of the house. As you are well aware, Rep. Irving has given you a little extra work this session. Ladies and Gentlemen, Cecil Crandall has been with us four sessions and has done the job well. We hope he returns for our 45th Legislative Session.

"Madam Chairman, the next person we are honoring is Clara Wendt, who is our bill clerk. Clara has been with us for five sessions, and those of you who have sponsored a bill know where her desk is. Rep. Glasheim extends his thanks for your help in filing his bills. We thank you, Clara, for your efficient handling of the bills and please accept this small gift as a token of appreciation.

"The next person we hear once in a while. No one at the front desk has such a pleasant smile and hearty laugh as Barbara King, other than perhaps Rep. Ekblad. Barbara has been with us four sessions. We appreciate your fine job as a desk reporter and hope you will accept this gift as a token of appreciation.

"Our next employee that we wish to honor is our Assistant Chief Clerk, Del Wawers, who has been here for six sessions. Del doesn't do much talking around here, which goes nicely with Rep. Peterson, but I can assure you that he certainly does a lot of paper work. We hope that you will accept this gift as a token of appreciation from this assembly for a job well done.

"Now Madam Speaker and Members of the Assembly, we come to our Chief Clerk, Roy Gilbreath. Roy has been here for 7 sessions. This includes one in the Senate. He has so many duties that it would take a long time just to explain them, or in other words a runner up to our Speaker, Rep. Reimers. You have seen his performance, so Roy now I wish to present you this small gift as a token of appreciation for your fantastic job as Chief Clerk for this 44th Legislative Assembly. I really don't know how we would get along without you."

Sergeant-at-Arms Crandell, Bill Clerk Wendt, Desk Reporter King, Assistant Chief Clerk Wawers, and Chief Clerk Gilbreath expressed their appreciation to the Assembly.

Rep. Strinden moved that the special order of business be dissolved, which motion prevailed.

Rep. Strinden moved that the House stand recessed until 1 p.m., which motion prevailed.

That the Senate recede from its amendments and House Bill No. 1468 be amended as follows:

On page 1 of the engrossed bill, delete all of the words after the words "A BILL", delete the remainder of the bill and insert in lieu thereof the following:

"for an Act to provide for a conditional transfer of funds to a state capital construction fund, and providing an appropriation for the construction, additions to, remodeling, and equipping of buildings at stage agencies, departments, and institutions.

POINT OF PERSONAL PRIVILEGE

Rep. Olin: "Mr. Speaker and Members of the Assembly:

"Some times people say the action of the Legislature is irresponsible. I believe that their actions are nearly always responsible; however, if there is a time they are less likely to be responsible it is due to the emotions of many who have not been properly informed of needs and priorities.

"I believe the vote we have just taken now on House Bill No. 1468 may have been one of those. The House has said before by its own voting record, we would not build the building at Grafton this biennium. The House Appropriation Committee voted to indefinitely postpone a bill that carried an appropriation for the Grafton building. This was done only after a hearing had been held. Some of our members toured Grafton and felt that there was other needs more pressing then the building at this time.

"Mr. Speaker and Members of the Assembly, I believe that because of emotions we have now voted for an administration building at Grafton, which may not be the top priority at this time for that institution."

"Thank you."

POINT OF PERSONAL PRIVILEGE

Rep. Unhjem: "Mr. Speaker, Members of the Assembly, I rise on a point of personal privilege, and I have a copy of my remarks.

"Before the end of this session, I must rise and correct a statement I made earlier. On page 1412 of the House Journal, in reference to Senate Bill No. 2444, I had remarks recorded in which I mentioned the American

Dairy Association and the North Dakota Dairy Association. I should have stated the American Milk Producers Association and the North Dakota Milk Producers Association. I am sorry for this mistake. In my remarks I did not intend to slight any of these organizations, and I make this correction at this time. This does not change, however, the intent of my remarks or the incidents which prompted them.

"Thank you."

"This is very apt to be my last session.

"So long and good luck."

THUNDERSHOWERS

By Rep. Ralph Dotzenrod

This time in March reveals to all
A springlike season should be ours,
From icy winter's frigid grasp
To balmy days and thundershowers.

Our showers now resemble snow
Not near as welcome as the rain,
And who expects a thunderclap
In snow like this expects in vain.

But we have heard that booming sound
It rattled pictures on the wall,
The windows shook, the fixtures quaked
It echoed through Memorial Hall.

It may roll out from cloudless skies
On days of either foul or fair
It penetrates the sluggish mind
And hangs pulsating in the air.

But be at ease, it is not strange
Nor is it nature out of joint,
Tis the booming voice of Wagner
As he stands to make his point.

SECOND READING OF A HOUSE BILL

House Bill No. 1075. A Bill for an Act to provide for an inflation credit against income taxes payable by individuals.

Which has been read.

Rep. Anderson: "Mr. Speaker":

"I request that the following remarks be printed in the Journal.

"Mr. Speaker and members of this assembly, I rise in opposition to HB1075, a bill that would reduce income tax collections and cost the state about 13 million dollars in the coming biennium.

"I have lost some of my enthusiasm for opposing this legislation since we have apparently lost kindergarten funding, educational t.v., medical aid for economically deprived children, adequate funding for 2026 (the elementary and secondary bill) and many other desirable and needed programs.

"Nevertheless, there is still reason to reject any income tax cut. We were reminded a few days ago that the legislature would probably be appropriating 81 million more than the projected income for this biennium and depleting the state reserves by this amount. Let's kill this bill and reduce this deficit by 13 million dollars.

"Under such circumstances, it appears to me that it would be the height of fiscal irresponsibility to be reducing the state income tax, the fairest and most reasonable tax we have and the tax that almost no one is complaining about.

"I do not share the pessimism of many around these halls but let us assume for a few moments that the most pessimistic predictions come true and that the Federal Government pump priming will cause double digit inflation to roll merrily on. At the same time, the slide in farm prices

will greatly reduce state income. Since the legislature appropriations appear to be based on the assumption of less than 5 per cent inflation we could well find ourselves in a similar situation as we did a year ago when the people depending on state appropriations for a living could barely exist. Should this situation develop, think of how desirable it would be to have a generous reserve in the State Treasury. Let's add to this reserve by killing this bill!

"I am convinced that this legislature has missed a great opportunity to take care of needs in the state this session. Repealing the Vietnam Bonus surtax will take 17 million from the general fund. This money could have funded most of the buildings needed around the state including a Library at N.D.S.U., Administration building at Grafton State School, Physical Education Building at State School of Science, Science Building at Minot, Maximum Security Building at Jamestown State Hospital, and a physical education building for the school for the blind and others. Most of these buildings could have been built with the 17 million Vietnam surtax relief. Those not built this biennium, will continue to haunt us in the future and we may never have the funds available again as we had this session. Wouldn't it have been better to have accomplished this building program than to have provided tax relief that the people weren't asking for?

"The folks back home are shaking their heads in disbelief when we tell them we don't have the resources to fund the programs they want and in the next breath talk about 30 million plus tax relief that they are not asking for!

"My party was accused on the floor a few days ago of voting for these desirable programs I have been talking about in order to establish a political record for the future. I resent that accusation. I voted for these programs because I believed they were desirable, that the people wanted them and that if it were not for the philosophy that we had to give tax relief, there was no question but that we could have funded these programs and left a comfortable reserve in the State Treasury. I voted my convictions then and I followed my convictions when I opposed and voted against repeal of the Vietnam surtax a couple days ago and I am doing the same now in opposing 1075. I guess no one expects political popularity in opposing tax relief.

"Ladies and gentlemen of the Assembly, I sincerely urge a no vote on 1075. Thank you!"

Rep. Gackle: "Mr. Speaker, Rep. Anderson and Members of the Assembly:

"In response to your remarks Rep. Anderson, if you will recall just very recently it was Tax Commissioner Dorgan who had a press release which said if we had a balance of over \$40 million at the end of the biennium, we are over taxing our people.

"Members of this Assembly, with this tax release before you, if it passes, we will still have about \$70 million, and we will have \$30 million to go. So, I surely hope that this Legislature acts favorably upon giving a tax relief to those citizens who are deserving of this tax relief."

MOTIONS

Rep. Strinden moved that a committee of three be appointed to notify the Senate that the House has completed its business and was about to adjourn sine die, which motion prevailed, and the Speaker appointed as such committee:

Rep. Unhjem

Rep. Olson

Rep. Eagles

Rep. Strinden moved that a committee of three be appointed to notify the Governor that the House had completed its business and is about to adjourn sine die, which motion prevailed, and the Speaker appointed as such committee:

Rep. Olin

Rep. Peterson

Rep. Winge

A committee from the Senate was received who announced that the Senate had completed its business and was about to adjourn sine die.

Rep. Unhjem announced that the committee appointed to notify the Senate that the House had completed its business and is about to adjourn sine die, had completed their business and asked to be discharged, which request was granted.

Rep. Olin announced that the committee appointed to notify the Governor that the House had completed its business and is about to adjourn sine die, had completed their business and asked to be discharged, which request was granted.

Rep. Schuett moved that the following two songs be printed in the Journal, which motion prevailed.

To the tune of "Strawberry Roan" written by Rep. Jack Olin
 They came into town from the East and the West
 From the North and the South they were doing their best
 to get there on time, cause they knew it was true
 that the Minot State Fair was there waiting for you.

A shiny new sheep barn with flags waving high
 Another new horse barn reached high towards the sky
 The sewer and water job now was complete
 and the ice skating rink should withstand all the heat.

By the busy front gate was a sign there to see
 It said the sponsor of the fair is known to both you and me
 For he had put on the pressure, some mild and some meek,
 And he got the job done in eight years and a week.

Now as this Fair goes on it will be fair to say
That Jim Peterson got it well on the way.
Now if Fairs have a heaven, there is one thing I know
Big Jim will be there in the very front row.

To the tune of "Old McDonald", written by Rep Alice Olson.

OLD McDONALD (TUNE)

Author: Rep. Alice Olson

Big Jim Peterson will have a barn

Oh my, Oh my, Oh!

It isn't even on a farm

Oh my, Oh my, Oh!

The state treasury will foot the bill
The piggies will be "dogged up" fit to kill,
So we'll let Jim Peterson have his barn.

Oh my, Oh my, Oh!

Jim's volunteered to set up some bunks in the barn

Oh my, Oh my, Oh!

If visiting Legislators cause the piggies no alarm

Oh my, Oh my, Oh!

Some people doubt the worth of the barn it's been stated
But the cows, sheep, and piggies are simply elated
So we'll let Jim Peterson have his barn

Oh my, Oh my, Oh!

With an oink, oink here, and an oink, oink there,
Here a moo, there a baa — everywhere an oink, oink
Big Jim Peterson will have his barn

Oh my, Oh my, Oh!

Rep. Strinden moved that the absent members be excused, which motion prevailed.

Rep. Strinden moved that the House be on the sixteenth and seventeenth orders of business, and that on the completion thereof, the House adjourn sine die, which motion prevailed.
