#### 16. UNCONTESTED BILLS — CONSENT CALENDAR

Each standing committee may report an uncontested bill or resolution out of committee and may include in its committee report a recommendation that it be placed on the consent calendar. As used in this rule, "uncontested bill" (or "resolution") means any bill or resolution, except those containing appropriations, which receives a do-pass or do-pass-as-amended recommendation from the committee to which it is referred, by unanimous vote of the members present provided a quorum is present.

Following the ((adoption)) presentation of a committee report recommending passage, or the adoption of committee amendments thereto, if any, all bills or resolutions reported by the committee as uncontested shall be placed on the consent calendar by the Secretary of the Senate or Chief Clerk of the House, and shall be known as "consent calendar bills" (or "resolutions"). Any consent calendar bill or resolution which is amended from the floor shall cease to be a consent calendar bill or resolution and shall be placed on the regular calendar. Upon objection of ((any member)) one-third of the members-elect to the placement or retention of any bill or resolution on the consent calendar, such shall cease to be a consent calendar bill or resolution and shall be placed on the regular calendar. No consent calendar bill or resolution shall be considered for adoption on the same legislative day it is placed on the consent calendar.

#### PERSONAL PRIVILEGE

Senator Nothing..

Mr. President, Ladies and Gentlemen of the Senate:

You are aware of the extension of the offers of cooperation from the Executive Branch and each house of the legislature. Accomplishment of these efforts should be constantly in our minds from the time we convene on January 7th at 12:00 Noon until we adjourn sine die in mid March.

However, I also want to direct your attention to the fact that we as members of this Senate, and our colleague House members, are the Legislative Branch of government. We are a separate and distinct entity of government and our responsibilities are also separate and distinct. With us rests the responsibility and challenge of providing the legislation for the direction of our State through 1976.

Because of these constitutional duties, it seems fitting and proper that you should be made aware of some of the overriding objectives of the leadership of the Majority.

We are living in our economic period of extreme inflation. Perhaps indirectly we are responsible for some of it. However, there are certain ways we can directly aid in reducing it. Inflation is from government and private industry spending money without increasing production. This legislature must review every appropriation to determine if the money spent will increase productivity. If it does not we must modify the expenditures.

Paying our current state employees a fair and equitable salary is not inflationary. The employment of new employees without increasing productivity is. Our emphasis must be for the benefit of the current employee.

Another non-inflationary objective is the setting aside of funds for the payment of the Vietnam Bonus Bonds. We can then repeal the tax now paid by all of our taxpayers including recipients of the bonus.

We must not spend our projected income for the next biennium beyond the existing tax structure. And we must carefully guard our expenditures so as not to require a tax increase in the 1977-79 biennium.

Economic development in North Dakota is of continuous concern to us. We have been blessed with many resources in our State, both natural and human. Our responsibility is to permit the orderly and most beneficial development of both. We must properly support and continue to improve agriculture research in our State. We must provide a fair and equitable program of taxation for our resource development. This legislature has previously indicated its support of a severance tax on coal and shall again recognize its desirability as well as the proper distribution of the same. We shall consider a better utilization of the Bank of North Dakota to provide financial assistance thru local banks to improve agriculture development. Our overriding consideration must be positive legislation for economic development in North Dakota to encourage our sons and daughters to remain here. It can be done. In District No. 29 we have a nonpolluting industrial plant employing about 375 persons. The average age of management is 29; the average age of the employee is 22. We need more of this all over North Dakota.

Your Majority will again be demonstrating strong consideration for properly funding elementary and secondary education. We believe a high standard of education can be provided in North Dakota without placing an unfair burden on the taxpayer's real estate.

Our municipalities need assistance from us in many areas. One of these will be the establishment of a municipal bond bank at the Bank of North Dakota. This will enable all communities to have access to a bond market thus permitting them to not only find a source of money for their improvements but also to obtain the lowest rate of interest available.

Mr. President, Ladies and Gentlemen of the Senate, North Dakota does not experience as large a crime rate as many other states. Yet we do have an ever increasing amount of vandalism and other nonperson crimes such as shoplifting which is actually larceny. This is true not only in our cities but also in our rural areas. We, therefore, must support legislation designed to aid law enforcement and to deter the commission of these senseless, costly, childish acts. We must also work closely with the Attorney General's Office regarding law enforcement as it relates to drug abuse.

In addition, this legislature shall continue its efforts to assist our state institutions in obtaining the results they seek.

In conclusion, Mr. President, the Majority respectfully encourages each individual member of the Minority to advance and support their ideas on how to keep North Dakota the great state that it is. We can readily recognize that as the single objective of all of us. Our differences will only be how to attain it. When you cast your vote, vote your conviction to the best of your ability. Voting in such a manner is as telling the truth and your constituents will forever respect you.

THIRD DAY

Bismarck, January 9, 1975

The Senate convened at 2:00 P.M., the President presiding.

Prayer by the Reverend Norman Winkelman, United Methodist Church, Bismarck.

“Let Us Pray:

Trust in the Lord with all your heart, lead not to your own understanding. In all your ways acknowledge Him and He will direct your paths, for the fear of the Lord is the beginning of wisdom. We come this day, our Father, thankful for these persons who are willing to give of their time and energies, to wrestle with the problems and opportunities of the people of North Dakota. We ask that you will give unto them the physical strength that is needed for the long hours that they will be putting in. We ask that you would help each one of us to recognize your own humans and our own self-interests. Give us all your wisdom, your love, your understanding, that together we might work for the common good of all the citizens of North Dakota. For we ask these things in the name of Christ our Lord, who in His unselfish way gave Himself for all mankind. Amen.”

We pray that you will help each and everyone of us to be better citizens that we might work together for the cause of this state. We pray that you will always help us walk in the pathways of righteousness and that you will forgive us of many things that we do that is contrary to Thy will. In Christ's name, we pray. Amen.”

CORRECTION AND REVISION

Mr. President: Your Committee on Revision and Correction of the Journal has carefully examined the Journal of the second day after recess and third day and finds the same to be correct.

SENATOR SANDNESS, Chairman

Senator Sandness moved that the report be adopted, which motion prevailed.

Senator Nething requested the Sergeant-at-Arms to escort Mr. Gorman King to the rostrum to present the report of the Legislative Compensation Commission.

Report of the

LEGISLATIVE COMPENSATION COMMISSION  
to the Forty-fourth Legislative Assembly

Chapter 429 of the 1969 Session Laws created a Legislative Compensation Commission consisting of five members appointed by the Governor to four-year terms. The Governor was also to appoint one of the members Chairman of the Commission. The current membership of the Commission is: Mr. Gorman King, Valley City, Chairman; Mrs. Mavis Couchigian, Grand Forks; Dr. James Mahoney, Devils Lake; Mr. Edward Nesemeier, Casselton; and Mrs. Florence Olson, Enderlin.

The Commission's principal responsibility, as outlined in Sections 54-03-20.2 and 54-03-20.3 of the Century Code, is to make recommendations concerning appropriate rates of expense allowance and reimbursement for legislators during legislative sessions, and for interim legislative work.

The Commission believes that rates of compensation and reimbursement should be designed to permit citizens to hold legislative office without undue financial sacrifice or disadvantage, but should not be designed to work a detriment to the citizen-legislator concept.

The Commission is required by law to report to each Legislative Assembly within 10 days after it convenes in regular session. The Com-

mission is also authorized to seek the assistance of the Legislative Council staff, which assistance has been provided during this biennium.

The 1973 Commission Report contained two specific recommendations concerning legislative expense reimbursement, and a third recommendation that the Constitution be amended to create a Legislative Compensation Commission. The two specific reimbursement recommendations were that the daily Session unvouchered expense allowance be increased to \$50 a day, and that the monthly unvouchered expense allowance for the Speaker, and the Majority and Minority Leaders of both Houses, be increased from \$50 to \$75 per month. The latter recommendation was not accepted, but the former recommendation and the recommendation proposing a constitutional amendment to Section 45 of the Constitution were accepted by the Forty-third Legislative Assembly.

The 1971 Report of the Commission noted that North Dakota ranked 47th among the 50 states in average expenditure per legislator. A table in "The Book of the States (1974-75)", published by the Council of State Governments, notes that North Dakota ranks 45th in estimated biennial compensation paid to its legislators. Estimated biennial compensation is defined to include unvouchered expense allowances, and to exclude vouchered expense reimbursements and per diem for interim committee work.

As it has done in the past, the Commission sampled the thinking of several legislators concerning needed changes in the current compensation or expense reimbursement schedule before it formulated its recommendations.

Additionally, the Commission considered a "typical" legislator's compensation and expense reimbursement during the current biennium based on the assumption that the "typical" legislator served on one interim committee of the Legislative Council, that he lived 100 miles from Bismarck, that he was not the chairman of a standing or interim committee, and that his interim committee met 10 times during the interim. The total dollars received by that "typical" legislator during 1973-74 would have been \$7,093.00. The average amount received per month would be \$295.54. Of this amount the actual compensation received (i.e., daily constitutional salary during the Session of \$5, and interim "per diem" of \$30) equals \$840, and the average compensation per month equals \$35. The average compensation per day spent on legislative work excluding work in the legislative district for constituents or while campaigning, was \$7.78 per day.

The Commission reasserts its belief that the prime responsibility of the Legislative Assembly is to respond to the needs of the people of North Dakota. The Commission believes that if this response is not forthcoming from the Legislature, governmental power will assuredly continue to flow to the Federal Government and away from state and local government. One method of assuring a Legislature responsive to the needs of its constituency is to attempt to make sure that the legislative body is made up of highly motivated and competent men and women.

Although the Commission hopes that its compensation recommendations, if adopted, would aid in motivating competent men and women to seek or remain in legislative office, the Commission realizes that the compensation factor is only one of a combination of factors which motivate people towards public service. The Commission believes that improvements in the total range of legislative compensation and expense reimbursement should be added to improvements in physical facilities available, to additional professional staff services, and to the length of time available for legislative business.

If improvement is made in all four of these areas, the Commission feels that even greater numbers of highly qualified people would be motivated to seek legislative office.

### SPECIFIC COMPENSATION RECOMMENDATIONS

The Commission recommends that Section 54-03-20 be amended to increase the daily legislative unvouchered expense allowance, paid during Legislative Sessions, from \$50 to \$60 per day. This amount is to be paid for each calendar or natural day during any Organizational, Special, or Regular Session, as well as for each day, or portion of a day, spent in traveling to or returning from those sessions.

The Forty-fourth Legislative Assembly convened on January 7, 1975, and the sixtieth legislative day ends on Tuesday, April 1, 1975. Including two days for travel to and from the Session, the 1975 Session could cover 86 natural or calendar days. Under the current language of Section 54-03-20, the expense allowance for living, which includes meals, lodging, uncompensated travel, and other necessary expenses, would be \$50 a day or \$4,300 during the Session. Under the Commission's recommendation of a \$60-a-day unvouchered expense reimbursement, the amount would be \$5,160, or an increase of \$860 for the Session.

The Commission recommends further amendment to Section 54-03-20 to raise the monthly unvouchered expense allowance from its present \$50 limit to \$150 per month. This will result in an increase of \$2,400 during the biennium at a total monthly unvouchered expense allowance during the biennium of \$3,600.

With respect to reimbursement of specific incurred expenses, the Commission is recommending amendment to Sections 44-08-04 and 54-06-09 to increase the interim mileage reimbursement from twelve cents per mile to fifteen cents per mile and to increase the lodging and meals allowance to a total of \$30.

The latter figure would break down as follows: The nightly lodging would be in the actual amount, but not to exceed \$20 per night; and the meals allowance would be increased to a total of \$10 per day.

In addition to the foregoing specific dollar recommendations, the Commission also makes a recommendation that the monthly unvouchered expense allowance for the Floor Leaders of both Houses and the Speaker of the House be set at an amount higher than that received by the remaining members. However, the Commission did not desire to recommend a specific amount in this report.

Finally, the Commission recommends to the Legislature that, in its consideration of constitutional amendments that may be proposed to the people, it consider submission of a constitutional amendment to create a Legislative Standards Commission, which would be a constitutional body authorized to establish legislative compensation and expense allowances, among other duties. The Commission is having a concurrent resolution to accomplish this result prepared for introduction into the Senate. A similar resolution was defeated at the General Election on November 5, 1974. The Commission believes that with the proper explanation, a new constitutional amendment proposal will be accepted.

### GENERAL RECOMMENDATIONS

The Commission believes it is proper to make general recommendations in other areas of the legislative field. This is so because it is impossible not to consider other means of challenging and encouraging citizens to serve in the Legislature, while studying legislative compensation for those same purposes. Further, the Commission believes that if a legislator's working conditions are deemed by that legislator to be atrocious, or if the possibility of accomplishing anything worthwhile is remote, then no amount of money will induce him to run for, or continue to serve in, the Legislative Assembly.

The Commission discussed numerous general recommendations, and in the past has made many, which the Legislative Assembly could refer

to. However, in this report, the Committee is limiting its general recommendations to one.

That recommendation is with respect to legislative space needs. The Commission believes that the Legislative Assembly should give serious thought to providing different facilities for Executive Branch agencies, so that adequate space could be made available in the Capitol proper for legislative use during any Session, and during the interim. The Commission's recommendation does not include specifics on whether this space should be provided by construction or rental.

Senator Nething moved that the report of the Legislative Compensation Commission be printed in the Journal, which motion prevailed.

## MOTION

Senator Nething moved that the President appoint a committee of two to escort the Honorable John W. Warner, Administrator Designee of the American Revolution Bicentennial Administration, to the rostrum for the purpose of addressing the Assembly.

The President appointed as such committee Senators Pyle and Barth.

Thank you Mr. President, distinguished members of the Bicentennial Senate of the great state of North Dakota. One hears one's introduction is always moved to think of past and amusing events. One of your colleagues very thoughtfully applauded at the point when it was mentioned that I had served as an enlisted man in the United States Navy and in the United States Marine Corps. Once I was addressing a very distinguished audience of retired admirals and generals in my capacity as Secretary of the Navy and several of the admirals down front were obviously hard of hearing and upon learning that this young Secretary of the Navy had served in both, one leaned over and said, "This young man must be a late born genius." And the other said "Why so?" "Well, if we had to send the damn fool to boot camp twice, he must be dumb."

Your invitation to me today of course, is a great personal honor, but it goes far beyond that.

I represent really, a symbol, an office, which is the focal point of your nation's Bicentennial and indeed the Bicentennial which is equally possessed by each and every citizen of the 50 states, the territories, the District of Columbia, and Puerto Rico. So your invitation today is an honor indeed but you indeed honor all the millions of people who at this very moment are working on behalf of the Bicentennial. I have had this office eight months and during this time I have traveled extensively back and forth across the United States and indeed I have just returned from Europe. Four questions are asked of me during the course of these journeys. I suppose today in hopes of giving you an overview of the Bicentennial to answer each of those four questions. They are first, why are you here in North Dakota, Mr. Administrator? Secondly, where is the Bicentennial? Thirdly, what is it all about and what do we hope to achieve in the United States with the Bicentennial and lastly, what can we do since you have offered your help. What can we do as a state, as a community and as an individual in our nation's bicentennial? I had the privilege to have lunch with your distinguished Governor Link, and I was endeavoring to cover quickly some of my remarks and I explained first that the visit today is a visit towards the end of a rather long trip.

Ten days ago I attended the Rose Bowl game and the Tournament of Roses parade which was devoted to the heritage of America and the Bicentennial. From there I went to Hawaii and from Hawaii to England where I addressed the Bicentennial Commission of the United Kingdom, and from there to Paris, France, where we opened an exhibition on Franklin and Jefferson carrying the message of our Bicentennial to the countries abroad. From Paris back to Washington for a day and then to Chicago to open a marvelous exhibition in the museum there devoted to science and industry depicting the achievements of the inventive genius of this country over the past few hundred years. From Chicago here to Bismarck and then Monday I shall be in New York joining the mayor designating that great city as the bicentennial community. "But," the governor remarked, "you really don't know if your coming or going." and I replied, "Yes, it is no one place, it is in each of the 50 states, the territories; the District of Columbia, Puerto Rico, and indeed abroad, the nations abroad.

Upward of 40 nations have already contacted in connection with their interest with your nation's Bicentennial. Now you might ask in the midst of this visit to all of these rather important capitals of the world, why

Bismarck? And I asked my field organization in planning this trip to select me a state and a community which is truly representative of some of the ideals and the hopes and the aspirations that I and most of the Americans wish to convey in connection with the Bicentennial and very quickly their choice came to Bismarck and that is why I am here to be with you today.

My visit here will be more for me than it will be for you. I have already consulted with your governor, I have met with your Bicentennial Commission and I shall have an opportunity during these few minutes to visit with you and then to the lower chamber later this afternoon. Now back to the Bicentennial and where it is. Let us go to history. We started in this nation 10 years ago, 1966, President Johnson took the first step towards creating a governmental entity to work in the Bicentennial. In the early days revolved around a commission of 50 persons and in due course it didn't work; it was unreal. They laid a valuable foundation on which we are building today. All was not lost but the ideas somehow harken back to 1876. Test your memories as to what we did to honor our country on the occasion of the Centennial of the United States. I think most of the school children here, present today, could answer it. I, frankly, could not when I first took this job. But this country determined that it would honor its Bicentennial in one single locality and that was Philadelphia. All activity was focused there and it was indeed a great exhibition and one that was long remembered. For the scientific achievements in this country and also I might add to the ladies present they had to crash down the gate of the Centennial to take an opportunity to participate in the Centennial. In sharp contrast 200 years ago today we are celebrating it in each of the 50 states and to assure the ladies that they don't have to break down the gates I have selected as my deputy, a wonderful woman who was nominated and confirmed by the Senate just three weeks ago. So they will have equal opportunity male and female, old and young, to participate in our nation's Bicentennial.

Now, as the early planning went along it was obvious to many that it was out of balance. The government began to think in terms of one or two or three major exhibitions in the principle cities in the United States and primarily on the East Coast. But, the people of the United States began to react and in due course the congress rejected the whole plan, abolished the commission and established a new administration exactly one year ago this month, January 1974.

I am privileged to be the first administrator of this new small government entity, the purpose now is primarily to help you in your planning of the Bicentennial commemoration and your state think most appropriate to your nation. You know the idea of the great Expo was abandoned for many reasons in the least of which if, supposing, we did encounter 18 months henceforth on July 4, 1976, or during the focal period of the Bicentennial, an energy crisis which would prohibit us from traveling, we would have never gotten there or even the family budget with the inflation and the uncertainties of inflation might have prohibited the attendance. So I think we are grateful that now the Bicentennial is in sort of a new direction directed by the people themselves such that we can all participate.

I learned so much about the Bicentennial from really talking to people and I remember one story, why in the world does the government have to get that heavily involved. When we give a birthday party at our house we don't have to look in any handbook how to do it. We don't have to ask anybody and since the birthday party is to honor Uncle Sam, the guest of honor, we certainly go to the guest of honor and ask him how to perform the birthday party so that same logic is applied to your nation's birthday. The people themselves are by and large determining how this marvelous

event, the 200th commemoration of our country will be put together. Our organization in Washington again has several functions.

First and foremost in my mind is to be of service to the Congress of the United States, each of the 50 commissions the upwards of 40 to 50 foreign nations that want to involve the private sector. Each day corporations, foundations, and labor unions are joining with the citizens in planning the Bicentennial. Also our second most important function is to try and bring together and coordinate all of these activities and I have brought along with me today the most recent computer read-out, over 3,000 activities in our 50 states to coordinate them in some manner that would bring them together and form a crux, a matric, such as the whole world and we can all focus upon what we have done to honor our country.

The third question is what is the Bicentennial really all about and what do we hope to achieve. It is primarily a personal consideration. That is the wonderful thing about it. What does each and every citizen hope to achieve through his contribution to the Bicentennial. I will give you mine and I think it reflects the thinking of many and I depart for a moment to tell another amusing story on myself. I was appearing with our Mayor in the Nation's capitol in a Bicentennial activity one magnificent fall afternoon this past October and the Mayor was slightly late but I was on time. Picture dancing in the street, music, all the types of frivolity that you would normally associate with the city or community celebration on a Sunday afternoon. I was lingering by a hot dog stand enjoying a hot dog and a young lady, perhaps 6 or 7 years old, came up and fugged on my coat a little bit, like this, and I looked down and she said, "Why are you wearing a suit?" I said I am the speaker today and she said, "Oh, that is too bad, I have come to have some fun".

The Bicentennial has meaning, specific meaning, fun is fun and it should be. We need a little fun in this country today. We need a little celebration. There is a lot to celebrate. We are the greatest nation on earth and each of us knows that. But there is a serious side to it, the people want really more out of the Bicentennial than a lot of rhetoric, fireworks and parades. But they want a deeper meaning. I have even heard too that they want a rebirth of this nation. So I just stand before you to awaken you to what I detect in my travels across the nation and what I detect is present right here in North Dakota. That they will look to you as leaders for something more out of this Bicentennial than just the traditional, normal 4th of July commemoration. There is a mystic about the Bicentennial which I have experienced everywhere I have gone. It is bringing people together that ordinarily don't get together and agree within a community.

I remember so well being in New Orleans which has a diverse constituency and at a small reception given to me a man pointed out that person, that person, and that one always turns out for activities that are civic in nature, but that one over there, this is the first time that he has ever appeared and I asked what is the secret of that, because I am learning and I do want to try to spread this message across the nation and he said, this individual, and I will remember it always. He said we have an agreement among ourselves that you respect each man and every woman for his heritage and where he comes from and the richness that he contributes, that we will walk together in the future for the Bicentennial. That magic I assure you is happening in our community after community across the nation and it is that mystic which you can seize on as you are going back and work within your communities on the Bicentennial. Restoring faith in individuals that he can achieve something himself.

It is an interesting trip, this one, because I visited two places almost 30 years ago. In 1940 just before I went into the Navy, my father said that since you are going to fight for this country young man, you better get out and see it since you have never crossed it. As I was proceeding toward the

job that I had in a lumber camp in Montana I came through Bismarck. I don't recall it vividly but there are some aspects that I cannot forget, but today I had occasion to walk down Main Street where I did walk 30 years ago. And there is an extraordinary thing there which is being lost elsewhere in the country but you seem to be preserving it.

You have the ability to take the movement of progress and stay apace with it, yet preserve the fine old thing that many of us, particularly myself, still enjoy. I looked over the facades of the old buildings and the dates were there and some of the names, and I compared that to my visit to Chicago the night before where I was 30 years ago in my first recruit station in the Navy at Great Lakes and I looked out over the skyline of Chicago high atop buildings and I could scarcely recollect anything that I had seen those 30 years ago. It was all gone. It was all changed. For the better, for the good that remains to be seen. But as I travel through these major metropolitan areas, and as I talked to person after person the problem in those big areas is the loss of the individual to think that he can achieve something for himself and even more importantly that he can influence in any way the destiny of his country or his community or his state for the benefit of the thing he loves most and that of course is his family. Now how does this somehow relate to the Bicentennial? What I think is so important is that as I look at your program, you are thinking in terms of preserving as I understand it with your State Heritage Center with your history program your preserving some of those things where the citizens of North Dakota as well as the citizens of all the states can come here and examine the individual achievements of the pioneer spirit of this great state.

You know if we look back, in the Bicentennial it doesn't make any difference really what project your community undertakes as long as it engenders an interest within each man, woman and child about the nation's Bicentennial. Awaken him to all of the media coverage of it and most importantly awaken him to the roots of this nation. One thing certain is going to come out of the Bicentennial and that is that each of those persons to participate will certainly go back and reread the Declaration of Independence, the constitution and the Bill of Rights, and make their independent judgments as to whether the aspirations and the hopes is promised, if those great instruments have been fulfilled and if not, why not. For that will restore faith in my judgment and this is one of the great, great achievements that I hope will come out of the Bicentennial. Not only restore faith in an individual that he can accomplish something himself within his community working with his citizens but restore faith in our basic form of government. That blueprint which has enabled this nation to survive these mere 200 years and stand in the free world as the greatest nation of all.

And lastly I come to your program specifically. I have had the benefit of traveling extensively these last eight months about a third of the states I have visited but I have visited with each of the commissions, the men who run the Bicentennial in the state and the executive director and I have studied all of the programs and I say unequivocally that the one that you have before you in this state can well be a model for the nation. It embraces all of those aspects which stand out and make it a way above average program. In fact I will even go a little further, the possibilities of this new Heritage Center might well be a one of a kind in the United States, it may well induce other states to try the same thing and that is the important potential you have as a leadership role.

A person told me one time that he's in the Bicentennial to make certain that when his great-great-grandchildren look back and study the history of the Bicentennial in his community, his picture will be there or his name will be inscribed on the cornerstone that was layed in that community in connection with the Bicentennial. Now you as politicians remember the

old slogan that as goes Maine so goes the nation. But I'll make a prediction and it is my judgment that your program has that potential that is so great that if you carry it forward as goes the success of the Bicentennial in North Dakota so goes the success of the Bicentennial in our whole nation. Thank you very much.

Senator Lashkowitz moved that Mr. Warner's remarks be printed in the Journal, which motion prevailed.

**MOTION**

Senator Nothing: Mr. President, I move that it be the expressed policy of the Senate that any written materials proposed for distribution by a registered lobbyist or lobbying organization which contains any language which is personally insulting or attacks the integrity of any member of the Senate or House of Representatives not be distributed in, or through the auspices of, the Senate, which motion prevailed.

Mr. President, I rise to speak in favor of this motion.

Senator Hoffner: "I speak to and concur in Senator Nothing's motion. I feel we have no place in the governmental process for irresponsible personal allegations. Personal attacks benefit no one. They only cause ill feelings which interferes with the rational legislative process. Witnesses

who launch personal attacks against members of the legislature do not contribute to their cause. In fact, such attacks can only detract from the position that they are advocating. By the same token, we as legislators need to continue to make witnesses feel at ease, regardless of whether they are lobbyists, private citizens, or government representatives.

"I realize that emotions can run high during hearings, both on the part of witnesses and legislators, but decisions based strictly on emotion are surely not in the best interest of the people."

Senator Melland moved that Senator Hoffner's remarks be printed in the Journal, which motion prevailed.

Mr. President: I further request that my remarks be printed in the Journal.

Senator Stroup:

"In certain publications my integrity has been libeled and my sincerity in representing my district has been questioned, specifically in the matter of my stand on coal development.

"I am sincere in my belief that all segments of North Dakota deserve to be allowed the privilege of debate on the questions of:

1. Whether or not North Dakota shall continue surface mining;
2. Whether or not this mining should be limited.

"If the people of North Dakota believe that strip mining should be halted, then now is the time to do it, and the public of North Dakota should be allowed to participate in that decision.

"These are my reasons for introducing Senate Bills 2134 and 2135, not as any political ploy.

"Very definitely, strip mining has been limited by my participation in past reclamation legislation. I firmly believe that the reclamation issue can best be resolved by saying that land be returned to its original state, as near as possible.

"My home district is the area in which most of the surface mining in North Dakota has been concentrated. Thus, if mining were curtailed, my district would be spared further surface mining activities. If development is to be allowed, then my continued efforts will be to hold that damage to the bare minimum allowable with our present technology, scientific knowledge and experience."

Senator Smykowski moved that Senator Stroup's remarks be printed in the Journal, which motion prevailed.

The Senate convened at 2:00 P. M., the President presiding.

Prayer by Father Arnold Spain, St. Anne's Church, Bismarck.

Father, we realize that all our lives we've trained ourselves to see only what we want to see. Help us to overcome this blindness so that we may

On page 1, line 1, being the same line as the fifth line on page 164 of the House Journal, delete everything after the name "Lydia O. Jackson" and insert in lieu thereof the following:

"and Henry R. Martinson be designated as Associate Poets Laureate of North Dakota.

WHEREAS, Corbin A. Waldron was designated as Poet Laureate of the State of North Dakota by the Thirty-fifth Legislative Assembly and has served with honor and distinction in such capacity since that time; and

WHEREAS, Lydia O. Jackson was born in North Dakota and is a highly respected lifelong resident of the State; and

WHEREAS, Mrs. Jackson is the author of several books of poems including: *Rhymes for Every Season*, 1943; *Selected Poems*, 1962; and *Pardon My Gaff*, 1965. Mrs. Jackson also compiled a book of poems entitled *Peace Garden of Verses*, 1967, and has written many poems which have particular significance and meaning for the State of North Dakota, including *Sakakawea In Bronze*; and

WHEREAS, Mrs. Jackson has received the unusual honor and distinction of having her work acclaimed by her contemporaries in the field of poetry, as evidenced by the inclusion of a biographical sketch of her life in the *International Who's Who In Poetry* on several occasions and as evidenced by her designation as Poet Laureate by the American Poets Fellowship Society in 1972-73; and

WHEREAS, the same Mr. Martinson is a poet and compiled the published book of poems entitled "Old Trails And New", and was the editor of the "Iconoclast" which featured poetry in almost every issue by both local poets and poets of national fame;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That Lydia O. Jackson of Grafton, North Dakota, and Henry R. Martinson of Fargo, North Dakota, be designated as Associate Poets Laureate of the State of North Dakota until a successor is named for each by the Legislature; and

BE IT FURTHER RESOLVED, that duly enrolled copies of this resolution be forwarded by the Clerk of the House of Representatives to Mrs. Lydia O. Jackson and Mr. Henry R. Martinson."

Senator Ringsak moved that the amendments to House Concurrent Resolution No. 3013 be adopted, which motion prevailed.

Mr. President: Senator Lashkowitz:

It is with great pleasure that I rise to acknowledge with much admiration the career of my fellow townsman, Henry Martinson, the poet laureate of Fargo. Not only is he a poet of distinction but he has had a lifetime of service for the State of North Dakota.

Henry Martinson served as Deputy Commissioner of Agriculture under the Honorable Matt Dahl, and has worked for over fifty years in the Sons of Norway.

Henry Martinson has had a diversified career as an Historian, poet, farmer and painter.

Henry Martinson has contributed many poems which talk of the life and times of the people of North Dakota. He served as business manager of the poetry magazine known as "Prairie Wings" as well as contributed much poetry to this magazine.

He also contributed poems to *North Dakota Outdoors*, one of these is:

#### OLD MISSOURI

They will tame you, Old Missouri,  
Guide your urge to reach the sea.  
Build a wall to spread your waters  
Over woodland, field and lea.

They will yoke you, Old Missouri,  
To their whirring dynamo —  
Sweep the shadows from the prairies  
With the power of your flow.

Man has tossed a butte and hilltop  
Across your current wild and free.  
Nevermore will Old Missouri  
Flow unfettered to the sea.

—Henry R. Martinson

Jan. 1951 from *North Dakota Outdoors*.

He also contributed poems to the magazine, Old Trails and New one of which is "Badlands Fantasy".  
 When the Western plains were sundered  
 By Missouri's little stream,  
 Nature shaped the weird badlands  
 In a wild, fantastic dream:  
 Cast the buttes in phantom order —  
 Wound with bands of every hue,  
 Dwarfed the cedars in submission —  
 Traced a sinuous river through;  
 Broke the mold that made the prairies,  
 Graved a thousand buttes between —  
 Flecked them all with flaming colors —  
 Mounted them in valleys green.

When we gaze in awesome wonder  
 As these witching scenes unfold,  
 Then we know at prairie's ending  
 Is the promised pot of gold.

These, ladies and gentlemen, are the samples of the work of a vigorous 92-year-old North Dakotan who walks to work every day and sometimes walks an additional two or three miles every day. Thank you very much.

Senator Ringsak moved that the rules be suspended, that House Concurrent Resolution No. 3013 as printed on page 164 of the House Journal be placed on the calendar for second reading and final passage, as amended, which motion prevailed.

**PERSONAL PRIVILEGE**

Senator Naaden: Mr. President, I rise on a point of personal privilege.

Mr. President, ladies and gentlemen of the Senate, maybe it's to explain my vote on Senate Bill No. 2003, and maybe it's to apologize to one of our colleagues. This was the appropriation for the Supreme Court. I voted

against it. I'm not so sure that the increased appropriation that we are considering for the Supreme Court is going to change much of what the court is doing and has done. I am not in agreement with some of their decisions, but I think the important thing here is that the amount of increase was not given when we discussed the bill, the increase was 102 per cent. I would hope the court would be that much better two years from now, but I will hold my judgment until that time has lapsed, but I apologize to Senator Lee for not saying how much the increase was and I think that this is probably a matter that the people on the Appropriations Committee should consider and bring out when they explain the bill on the floor. Thank you.

**SECOND READING OF SENATE BILLS**

Senate Bill No. 2219. A Bill for an Act to amend and reenact section 32-03-39 of the North Dakota Century Code, to increase the liability of a parent of a minor who maliciously or willfully destroys property of another.

Which has been read.

**PERSONAL PRIVILEGE**

Mr. President, I rise on a point of personal privilege.

Senator Wenstrom:

Many of you members of this body will recall that in the 1963 session it was my privilege to preside over the North Dakota Senate. During one of the night sessions, and believe me we had a number of them in 1963, but apparently we didn't solve all the problems that session and some were postponed until the session of 1975. What I want to relate to you is that at that time, we debated a very similar bill to this one and during this night session, we had 44 different talks presented by the members of the Senate on that one particular piece of legislation. Believe it or not 44, I don't mean that 44 of the senators got themselves involved in the discussion, but 44 different talks, and I recognized 44 different talks on this one piece of legislation. Finally the bill was defeated and I just noticed the number of green votes we had today on a very similar piece of legislation. And just another point while I am on the floor, I think Senator Strinden, Senator Ringsak, Senator Morgan, Senator Kautzmann, Senator Longmire, Senator Lips, Senator Redlin, and Senator Berube, are the only senators still remaining that were in the Senate in 1963, I think they will all remember that evening. Thank you ladies and gentlemen.

#### RECOGNITION

Mr. President:  
Senator Freed:

The Senate Judiciary Committee had an excellent hearing on SCR 4007 and SCR 4022 on Wednesday morning at the Highway Department Auditorium.

Both sides gave an excellent presentation. Following the general session Wednesday afternoon, the Judiciary Committee met and after further discussion the Committee recommended indefinite postponement of SCR 4007, the ERA amendments, by a vote of 5-2. The Committee also

recommended a do pass on SCR 4022, which provides for a 2-year interim study, by a vote of 4 to 3.

The vote on SCR 4007 appears to be political by virtue of the vote of the individual members, but I wish to point out that the testimony and citizens input indicates that there are Republicans in favor of the ERA amendments and Democrats against it.

#### FOURTEENTH DAY

Bismarck, January 24, 1975

The Senate convened at 2:00 P.M., the President presiding.

Prayer by Rev. E.C. Schumacher, Bismarck Alliance Church, Bismarck.

"Great God and Heavenly Father, Creator and Sustainer of all things, we look to Thee today for wisdom, and guidance to do the things that are right in Thy sight and good for the people of North Dakota. We are so limited in knowledge and in foresight, but Thou dost possess limitless wisdom, and Thou dost see the end from the beginning. So guide us by Thy Spirit and over-rule in our deliberations.

"Give us also the courage of our convictions, that we may dare to stand up against the pressures of the moment, and do the things for which future generations shall be thankful, and which shall bring them rich blessings. We ask these mercies in the Name of Thy Son, our Lord and Saviour, Jesus Christ. Amen."

Prayer by Rev. Roger Thorson, St. Olaf Lutheran Church, Devils Lake.

“Let us pray: Almighty and gracious Father, You know that we live in a busy and troubled world. You know that we are pressed in in every side with concerns. You know that we have our ups and downs, our joys and our sorrows, our griefs and our guilts, our hopes and our fears. Help us all to rest gently in the confidence that you do understand where we are at. Help us to drink deeply from the cup of your grace, your goodness and your mercy. Help us not to take lightly the cries for help which come from people in all sorts of conditions. Help us not to ignore the gentle cries of those about us, those with whom we work and those with whom we live. Give to all of us the wisdom to share joy with each other and gladness and give especially to these legislators the wisdom and the insight to distinguish between their responsibility to the people of our state and their accountability to you. We ask that you would strengthen them in their task and make us good citizens of the land in which we live. In Jesus’ name. Amen.”

Thou art everywhere present and we need Thee today, this hour when our state, our nation, and the world looks to Thee more than ever. Thank Thee for our leadership in our state. We thank Thee for the United States of America. That each state is a government in itself. We pray for our Governor, Lieutenant Governor, and every member of this august body with matters that are so essential to everyone of us. What we do here will affect the entire state and the state affect the nation and the nation the world. We do not come just to have a prayer, but pray that Thou will reveal thyself in the direction and the know-how in the lives of each member. May this be a very profitable afternoon here. The outcome will not only be good for the people, but will be pleasing to thee. We thank Thee for every blessing and every care throughout all these years and we're not discouraged and we're not defeated, but a people of great faith and great confidence and our way of life and those who have chosen to represent us here and elsewhere. Beyond all of that, we look to Thee and would remember Thy word tells us that God rules in the affairs of men and if God's people will listen to Him, He has promised to heal the land, and we ask these favors in the name of Jesus Christ, our Savior, and our Lord. ## NINETEENTH DAY

Bismarck, January 31, 1975

The Senate convened at 2:00 p.m., the President presiding.

Prayer by Rev. Wayne Brown, United Methodist Church, Devils Lake, North Dakota.

"Let us pray.

"O God, we thank You for this good land and our rich heritage in it. Though in many places darkness has descended upon it; men and women of good will and restrained passions are working under the guidance of Your Spirit to bring order out of disorder and peace out of discord. Grant us, by our thought, word and deed to be found among the peace makers and not among the creators of strife and tragedy. We are glad that You created us a nation learning what it means to be a government of the people, by the people, and for the people. And so we pray today for our lawmakers here . . . give them wisdom and discernment in order that our citizens will be able to enjoy the fruits of freedom and each one can receive their birthright. Grant to these our Senators that portion of Your Spirit that they will need in order that they may stand courageously for that which is good, and true, and just. We thank You for those who preserve standards that so many have weakly abandoned and who work while others shirk their duty. We are all strengthened by those public officials who are incorruptible and honest; who give inexhaustibly of their energies and who work for building the just society. Help us to support them, as they now support us. Amen."

Roll Call: All Senators present except Holand.

A quorum was declared by the President.

"Knowing the great need that exists in these chambers these days, O Lord, we ask for specific help and guidance upon the Senate, as well as

Senator Nething moved that Senate Resolution No. 3 be adopted, which motion prevailed, and Senate Resolution No. 3 was adopted.

#### PERSONAL PRIVILEGE

Senator Hoffner: Mr. President, I rise on a point of personal privilege. I support Senate Resolution No. 3 to study and review the operation and investment policies of the Bank of North Dakota.

I have named Sen. Christensen and Sen. Redlin to serve on this Committee.

Any time we have a committee direct **special attention** to important areas of State Government, I welcome that attention.

Historically, the Legislature has had conflicting attitudes toward the Bank of N.D. — to eliminate it, to cripple it, or to improve it. Toward this last end, I believe this committee will help the Legislature.

I was very pleased to read the comments by Chairman of the Committee that **this is not going to be a witch hunt.**

I could go into all the positive achievements and questionable procedures the Bank has experienced over the years of its existence, but I will not, because no matter how well an institution has performed, there is always the possibility for improvement. There are a number of Bills in this Session that are directed to the Bank and at least one has been killed. I hope the Committee will review even those that have been killed.

I realize how busy everyone is and I don't envy the members of this committee because it will mean many hours of extra work, and meeting at a time when it doesn't interfere with a very busy session.

Senator Barth moved that Senator Hoffner's remarks be printed in the Journal, which motion prevailed.

#### APPOINTMENT OF SELECT COMMITTEE

The President appointed a select committee to study the policies of the

Bank of North Dakota pursuant to Senate Resolution No. 3, Senators Strinden, Chairman, J. Schultz, Pyle, Kautzmann, Thane, L. Christensen, Redlin.

#### TWENTY-FIRST DAY

Bismarck, February 4, 1975

The Senate convened at 2:00 P.M., the President presiding.

Prayer by Rev. Ronald L. Norman, Bismarck Baptist Church, Bismarck.

"Shall we pray — Our heavenly Father, we thank You for even this kind of opportunity to pause and reflect not only upon our own past and the decisions and the ventures that You have permitted us to participate in, but we also take this moment to look into the future and to recommit ourselves even to the divine task of being faithful to You in all we do and say. We thank You even for the representation of young people who we have just witnessed and the kind of dedication that they have exemplified and we pray that truly you might help each one of us to permit Your Spirit to guide and direct us in such a way that we, too, may be found faithful and deserving of Your commendation throughout these days. We pray that You might especially bless the Senate as they go about their deliberations even in this hour, but we ask it in the name of Your son, Jesus Christ. Amen."

**TWENTY-THIRD DAY**

Bismarck, February 6, 1975

The Senate convened at 2:00 P.M., the President presiding.

Prayer by David J. Nelson, Pastor, Lutheran Church of the Cross, Bismarck.

"Let us Pray:

Gracious God and Father of us all, we come before Thee with adoration and praise for Your creative nature. We thank You for the work of Your hands, this world in which we live, for the family of mankind with whom we live and work.

Forgive us when we foul things up with greedy or selfish ambitions. Enlighten us through Your word and experiences on how to PLEASE you and also on how to best serve our fellow men with all Your God given resources at our fingertips.

We ask for guidance on decisions made in these halls, that they will be beneficial to our citizens and not made for individual gain. Grant us all a sense of responsibility, so that our time, talent and treasure will reflect an honest accounting to You.

Bless our ears to hear what needs to be heard; our eyes to see what needs to be said; our heart to be compassionate so that when differences do arise they come from honest convictions. So again, we look to your guidance for this day, in Jesus name. Amen".

#### TWENTY-FOURTH DAY

Bismarck, February 7, 1975

The Senate convened at 2:00 P.M., the President presiding.

Prayer by Reverend Arnold LaRue, Wesleyan Church, Bismarck.

"Our Heavenly Father, we come to you in behalf of these people who make up the Senate. They have work before them and decisions to make which will influence the future of our State. We the people of the State of North Dakota have placed a lot of responsibility upon their shoulders. But

as this responsibility has been accepted they are standing before you just now with bowed heads and have asked for prayer that they might know and understand the proper decisions to make.

Our Heavenly Father, it is wonderful to know that while we as physical beings can see such a short way into the future, that You know what the future holds and You can help and direct in making decisions that will be best for our State and Nation. This was demonstrated years back when the founders of our Nation sought your direction in making decisions. You answered their prayers and gave them direction and leadership that has caused this nation to be the greatest in the world. Today, we again join together to pray, God lead us on in this day of world-wide turmoil that we might know what are the best decisions to make both for today and tomorrow.

This we ask in the name of our living Lord. Amen.”

**TWENTY-FIFTH DAY**

Bismarck, February 10, 1975

The Senate convened at 2:00 P.M., the President presiding. Prayer by the Reverend Gerald Mertz, Faith Lutheran Church, Bismarck.

“Dear God — Be with these Senate members as they begin a new week of tasks. Guide them in their difficult decisions. May these members know that we remember them in our prayer, in order that they might better be prepared to guide the future of our State. Help us to be thankful for the heritage of our State of North Dakota. Keep us from selfishness,

pride in our prosperity. Help us to seek that which is noble and right, for that which is excellent and good. Make us servants of peace, justice and good will. Amen."

Roll Call: All Senators present.

A quorum was declared by the President.

#### CORRECTION AND REVISION

Mr. President: Your Committee on Revision and Correction of the Journal has carefully examined the Journal of the twenty-third day after recess and twenty-fourth day and finds the same to be correct.

SENATOR SANDNESS, Chairman

Senator Sandness moved that the report be adopted, which motion prevailed.

#### RECOGNITION

Mr. President, ladies and gentlemen of the Senate, we have a former Senator with us today from the 28th District and I would ask that you greet Senator and Mrs. Milton R. Young. Mr. President, I move that you appoint a committee of two to escort the honorable Senator and Mrs. Young to the rostrum.

The President appointed as such committee, Senators Sandness and Wenstrom and invited Senator Young to address the Senate.

Mr. President, members of the Senate. I don't want to take much of your time because I know how busy you are. I have been coming back here every year since 1935 and I wouldn't want to miss one. But, I really feel closer to you people here in the legislature than I do to the United States Senate. I think when you live closer together you operate, I think, more nearly as a legislature should. And unlike the United States Senate, I noticed all your members are present. I wish that would happen on our Appropriations Committee. Sometimes we have to wait a half hour or an hour just to get a quorum, and that's quite often.

I enjoyed sitting in my old seat and I did something that I hope you don't mind; I wrote my name on the bottom of the drawer. That was the practice of the Senate years ago in the United States Senate. The desk I had til last year was one first occupied by Hannibal Hamlin who was vice-president during Lincoln's first term. In recent years the staff writes the names of the members who were sitting in the seat. The one just two seats from me, Daniel Webster had, and I tried to get that one this year but I found out that the senator from New Hampshire had some kind of possession of it. I remembered sitting in my seat here with Billy Brown on one side and Mike Flatt on the other.

I particularly remember one night when I was the majority leader and I had the assignment of presenting a present to Senator Dr. Stucke the minority leader, an old non-partisan leaguer. One pulled my coat on one side and one on the other, they said, "Sit down you so-and-so, it sounds like hell." We had a lot of fun over there. It was called the renegade section. And it was kind of a renegade section. Every once in awhile Oscar Erickson, a tough old leaguer would say we ought to have a caucus and it reminds me of Senator Eugene McCarthy, one of the most delightful people I have ever known and a real far-out liberal. He would wander over and sit where I was, mostly conservative, and casually say, "I suppose we ought to have a caucus". He wrote me a note and he worded it a little bit differently. Things haven't changed much. I did notice a lot of improvements. When I left I was chairman of the Senate Appropriations Committee and for the first time in all these years, today I got to sit down and watch them operate.

You have a far better system now than we had then. We could learn a lot from you. You have a problem balancing the budget, so do we. This year, federal, state and local government expenditures will be 33 per cent

of the gross national product. Federal government is spending more than a billion dollars a day now. It presents a serious situation and the energy crisis is even a worse problem. We need energy and we have to either use less or produce more, or both. It's going to take two or three years of sacrificing before that problem is resolved.

The high price of oil and energy and the cost of production of almost everything one has to buy has been particularly hard on the farming operations where the average farmer burns ten or twenty thousand gallons a year. We have one new thing that has developed in the Senate. We have a Budget Committee now. The idea is a good one. They try to hold down appropriations. The Budget Committee, of which Senator Muskie is chairman already has a staff of about 150. We do a little bigger job of staffing than you do. They have the right and the responsibility. They hold hearings and establish a ceiling on how much we can appropriate for defense, health education and welfare, agriculture and all these categories. This may cause some conflicts between the Budget Committee and the Appropriations Committee. We have this problem of seniority. The Senate Republicans were permitted one additional member of the Budget Committee and I thought we would just select him by the Republicans I had called together. I proceeded to pass out ballots that we would use to select them and all these newer members said, "No, we're going to do this by seniority". So, I went down the line of seniority and no one wanted it until we got clear down the line to Senator Bellman, who has six years of seniority. As soon as he moved over to that Budget Committee, he got six staff members; where he is now, he doesn't have any. We do have professional staff members, lawyers, accountants and what not. The minority has about ten. I picked them out, but I work with members of the majority, too. The majority has a big staff and I use it as much as I use the minority. If you want to find out something that's happening on one bill or you want to get information from a department, it's a lot easier to go through a staff member handling that particular committee than it is going through the Cabinet officer himself. Really, with all our problems, if we don't get involved with too many expenditures, I think they will be resolved and I think the future will be bright. I'll be looking forward to coming back here again two years from now. This is the last time I will ever seek re-election. I didn't waste any votes this time, I thank you.

Senator Nothing moved that the remarks of Senator Milton R. Young be printed in the Journal, which motion prevailed.

## PERSONAL PRIVILEGE

Senator Shablow: Mr. President, I rise on a point of personal privilege.

I rose here a moment ago on a point of order in relation to the debate we had here and I would like to explain why I rose here on this point of order. It was my understanding, that under the new rules everyone would have some notice that a bill or amendments would be debated so that each and everyone of us could be prepared or have time to prepare themselves for such debate. Now, I find that such amendments need not be laid over one legislative day as other amendments, and in my opinion, we need to expand this rule or amend this rule in such a manner that all of us would know that such a debate was going to come before the floor.

## PERSONAL PRIVILEGE

Senator Nothing: Mr. President, I rise on a point of personal privilege.

Mr. President, I think all of us have attempted to handle everything as open as we can, and it was but a few days ago when we had the motion that came out from Judiciary on a very important resolution, that the same thing happened too, and this will happen from time to time. It is for those reasons that it is important that the minority members, as well as the majority, inform their leadership as to these changes as to what the procedure is going to be. I think that is the only way we are going to handle it; otherwise Mr. President, we would never get it on the calendar.

### PERSONAL PRIVILEGE

Senator Holand: Mr. President, I rise on a point of personal privilege. Please forgive me, Mr. President, members of the Senate, earlier today I did forget, just momentarily, about the Committee Chairmen of this body. I don't know how many committees do have freshmen in their committee. I did recognize my two Committee Chairmen whom I believe are the best chairmen in the whole legislature with a flower on their desk, but I would like to say I came down here and I heard that a woman member of the House never got on the floor to speak and I thought that's what I'll do, I will just refuse to speak because it's a little frightening as a freshman to think about it. Well, right away the Committee Chairman delegated out presenting bills on the floor and I'm very thankful for it, I'm sure all the other freshmen members are if we got our experience right away and I understand that years ago the Committee Chairmen would stand up and present all the bills for the Committee and I think it's just super how the Committee Chairmen have responded to the freshmen members. Thank you, Mr. President.

#### STATE OF NORTH DAKOTA EXECUTIVE OFFICE BISMARCK

February 13, 1975

The Honorable Wayne Sanstead  
President of the Senate  
Senate Chambers  
State Capitol  
Bismarck, North Dakota 58505

Dear Lt. Governor Sanstead:

I am deeply disappointed in the attitude of Michigan Wisconsin Pipe Line Company toward the tax program embodied in House Bill 1575. Mr. Seder stated that House Bill 1575 "would put Michigan Wisconsin out of business in North Dakota." I find this statement completely inconsistent with his statement of last week that Michigan Wisconsin planned to proceed with their project in North Dakota — at a time when they were completely familiar with the administration's tax proposal and other taxation bills before the Legislative Assembly.

This type of intimidation is not appreciated and cannot be tolerated. Also, I reject Mr. Seder's and Mr. Byrnes' interpretation that the federal government and the investment community would interpret this legislation as evidence that North Dakota has a "hostile climate" to energy development.

Mr. Seder has consistently stated that Michigan Wisconsin will pay a fair tax. House Bill 1575 is a fair tax, consistent with the best interests of the people of North Dakota.

The tax is fair since it will be applied to everyone equally. The bill would repeal the sales tax on electricity used within the state, but this cannot be considered unfair to out-of-state consumers; the consuming states could also eliminate its sales tax on energy at any time for its consuming public.

The tax is in the best interests of the people of North Dakota by assessing a reasonable charge to defray the costs incurred by the energy developments in the state. Michigan Wisconsin will make a profit on the sales of its synthetic gas; North Dakota, should also be entitled to a fair return for sharing a non-renewable resource.

Michigan Wisconsin has implied that this tax program is an attempt to indirectly keep the energy industry out of the state. This is not true. As chairman of the State Water Commission, I supported the Commission in granting a conditional water permit to Michigan Wisconsin for one plant, and I supported retaining the appropriation priority dates on water for three additional plants that may be built at a later date. I have also expressed support, and continue to do so, for Basin Electric's proposal to jointly construct facilities with Michigan Wisconsin for financial and economic reasons.

It has been suggested by Michigan Wisconsin that this tax program is confiscatory. A few examples will illustrate the shortcomings of this statement:

1) Each gasification plant will produce 91 billion cubic feet of gas annually to be sold at retail for about \$5 per thousand cubic feet (MCF). With annual retail sales of about \$455 million, consuming states will realize \$18.2 million from a 4 per cent sales tax. However, a 30 per cent severance tax on \$4 lignite would yield only \$12 million annually for the State of North Dakota (\$1.20 x 10 million tons). Repeal of the sales tax by the consuming state could more than offset the costs attributable to a severance tax. It is also interesting to note that the \$12 million (realized from the severance tax) represents only 2.64 per cent of the total retail sales of the synthetic gas.

2) The 1½ per cent energy conversion privilege tax will yield about \$16.5 million from a \$1.1 billion gasification plant. However, the tax on such a gasification plant would be \$18.15 million if assessed at the 1973 statewide average of 165 mills, or it would be \$24.2 million if assessed at the 1973 average mill levy (220 mills) of North Dakota's seven largest cities. Thus, the 1½ per cent energy conversion privilege tax is less than the tax rate imposed on our own homes and businesses.

The opportunity to comment on this matter of mutual concern is appreciated.

Sincerely yours,  
ARTHUR A. LINK  
Governor

PERSONAL PRIVILEGE

Senator Longmire:

Mr. President, Ladies and Gentlemen of the Senate:

We had a very interesting technical discussion yesterday. However, I think that we probably reached a wrong decision when we felt that the lieutenant governor did not have the right to vote on Senate Bill 2015. I cannot discuss the bill for reconsideration, of course, except in this manner. I cannot make a motion to reconsider since I was held to have been on the nonprevailing side in connection with the discussion since it was a 25 to 25. I do think this is a serious matter that will have to be reckoned with in the future. I certainly am not criticizing or contesting in any way or attempting to the vote of the President or the option of the President when he failed to vote, because at that time with no research by any of the members of the Senate or very little of it we all were a little confused as to what exactly the law was and certainly Rule 55 of our rules prohibited the lieutenant governor to vote.

However, some of us since that time have done some research into this matter. We find that we have a section of our constitution which expressly gives the lieutenant governor the right to vote under these conditions. That is section 77 of the constitution which reads "The lieutenant governor shall be president of the Senate but shall have no vote unless they be equally divided." Of course they were equally divided yesterday. We apparently based our rule on section 65 of the constitution which was in line with our rule 55 which did prohibit it. However, we think rule 77 will take precedence over rule 55 — I mean section 77 over rule 55 because it is a specific power that the lieutenant governor would have. I know the lieutenant governor did everything that he felt was right in his usual effort to be fair in connection with his duties in presiding over this body. But I do think that in the future we are going to have to settle this issue, Mr. President, because the conclusion that our founding fathers came to in the United States Constitution would apply here in this connection when it does provide that the Vice President of the United States shall be president of the Senate but shall have no vote unless they are equally divided and that's Article 1, Section 3, Clause 4 and that is almost the same wording we have in section 77.

The Supreme Court of North Dakota time and time again has held that the founding fathers intended to copy the federal method in connection

with our constitution. The Supreme Court of North Dakota has clearly layed down the principles of constitutional construction. The fundamental purpose in construing the constitutional provision is to ascertain and give effect to the attention, intention and purpose of the framers and the people who adopt such constitutional provisions. So it seems to me clearly, Mr. President, that there is more legal authority, a greater weight of authority that the President did have the power yesterday to vote. I don't know of any way that they could settle that case in the future unless the prevailing side give us an opportunity to reconsider the case, or the bill, and then to let the lieutenant governor do whatever he was planning to do in connection with the matter and then appeal to the courts. Whichever side lost because the issue at that time would be raised. It seems to me that in establishing this conclusion and eliminating the confusion that will continue to exist if sometime or another this matter is not litigated it would be worth that effort. The sister state of Montana recently held in a decision that the lieutenant governor did have the power to vote and it was his instruction that he should vote if he found himself in a situation of a tie vote even on a bill as well as a resolution and that is a fairly recent case. I have been here in this legislature for ten sessions. I have never asked for the courtesy of getting a bill reconsidered. I know some would say "why didn't you change my vote yesterday on it." but I did not know that this law was as it is at that time until I researched it further and I figured if I couldn't get one more vote to reconsider I'd lost anyway so why change my vote for reconsideration. Mr. President, I felt that somebody ought to clarify the situation a little bit for future use of this body and other similar bodies.

Senator Pyle moved that the absent Senators be excused, which motion prevailed.

Senator Nething moved that the Senate adjourn, which motion prevailed.

#### TWENTY-EIGHTH DAY

Bismarck, February 13, 1975

The Senate convened at 2:00 P.M., the President presiding.

Prayer by Reverend Stanley Malmgren, Pastor, First Baptist Church, Bismarck.

"Almighty God,

We come into Thy presence this afternoon hour mindful of the greatness of Thyself and much aware of our need of Thee. We acknowledge that we are weak and at times faulty in our decisions. We seek forgiveness and healing where this is needed and pray that Thou wilt grant our petitions according to Thy manifold mercies.

We ask that Thou wilt impart divine wisdom for the making of decisions in this session of the North Dakota Legislature. May Thy Spirit so control our thoughts that that which is said and done in this place this day will be pleasing and acceptable in Thy sight.

We thank Thee for hearing our prayers this hour.

In the name of Jesus Christ, Thy Son, we pray.

Amen"

**PERSONAL PRIVILEGE**

Senator Shablow: Mr. President, I rise on a point of personal privilege. Well, Mr. President, I would like to explain why I voted no. I think we had better take a look at what we are doing in the mill-leaves that we are passing. I sit on Taxation and Finance and Political Subdivision, and bill after bill after bill has a mill-levy that will be imposed on the people either by resolution of the board or by vote of the people or something else. I believe the people of North Dakota are looking toward this assembly to possibly reduce taxes because of the funds we do have in the general fund, more than we expected to have. But, what we are really doing is taxing the people of North Dakota in so many possibly minute ways, but to such a great extent, that they'll not know what hit them until they get their next tax statement and recognize and realize how many mill-leaves we have passed were certainly possibly good in alot of their purposes. I cannot argue, and I shouldn't have voted against this bill, but I voted in order to show that I am at least conscious of the fact that mill-leaves are getting to be an extreme thing and the number is great. I had them added up once, I thought correctly, something in the order of 26 mills. I am not sure of that figure, but, I was sure that it was in the neighborhood of 21 mills. Thank you.

PERSONAL PRIVILEGE

Senator Solberg:

We have found this week of Valentine most interesting and I can't help but refer to Deschant's admonition to all of us "to venture is to suffer anxiety but not to venture is to lose oneself." This has been quite a week. I didn't know there were so many ladies in town with telephones and because many have had a hard week and will have another hard week may I share this little very crude thing. I hope it hits a point with all of us as we go home this Friday.

"How blessed is the man whose daily chores are done that he's too busy with his work to worry very much and when his busy day is through I say he is blessed again if he's too tired to lie awake and worry all in vain."

### THIRTIETH DAY

Bismarck, February 17, 1975

The Senate convened at 2:00 P.M., the President presiding.

Prayer by Reverend David Knecht, Pastor, McCabe Methodist Church, Bismarck.

"God of our Fathers, in this day when so many clamoring voices bid us heed their call, give us the inner quiet that enables us to hear the beat of Your drum, that right may be our light and trust our shield.

On this President's Day make us keenly aware of the heritage entrusted to us. We would not be so enamoured with the past that we are fearful of change; but we would be mindful of today and tomorrow lest we barter yesterday's treasure for today's whim.

Help us see our blessings in humble gratefulness, not in self-righteous pride, knowing they can be kept meaningful and alive only when used to Your glory and the good of humankind. So may it be. Amen."

The state library commission is hereby authorized to accept federal funds which are hereby appropriated for the biennium beginning July 1, 1975, and ending June 30, 1977, and it is the intent of the legislature that if federal funds become available for the operation of the state library commission, the general fund appropriation shall be reduced by the amount of such federal matching funds.

SECTION 5. APPROPRIATION AND TRANSFER.) In addition to other appropriations provided by this Act, there is hereby appropriated the sum of \$1,259,084.00, or so much thereof as may be necessary, from the general fund in the state treasury for transfer to the Grafton state school operating fund during the biennium beginning July 1, 1975, and ending June 30, 1977. Such transfer shall be made only in the event of a reduction, and only to the extent of such reduction, in either or both years of the biennium in the receipt of the estimated federal funds of \$1,259,084.00 by the Grafton state school pursuant to funds anticipated under the Comprehensive Employment and Training Act. Transfers pursuant to this appropriation shall be made only upon approval of the emergency commission.

SECTION 6. LEGISLATIVE INTENT.) It is the intent of the legislative assembly that the one hundred sixty-seven thousand eight hundred nine dollars appropriated for recreational personnel by this Act for the Grafton state school's recreation program be expended only to the extent that federal funds are received for such program during the biennium beginning July 1, 1975, and ending June 30, 1977.

SECTION 7. EMERGENCY.) This Act is hereby declared to be an emergency measure and shall be in full force and effect from and after its passage and approval on such items as are designated to be made available immediately on passage and approval."

And renumber the lines and pages accordingly.

And when so amended recommends the same do pass.

STATEMENT OF PURPOSE OF AMENDMENT: Salaries and wages are adjusted in the appropriations to the various agencies and institutions in this bill to reflect funding for five percent salary increases for employees for each year of the biennium.

The appropriations to the various institutions for fees and services, supplies and materials (except for travel, postage, and utilities), and equipment have been adjusted in accordance with a six percent for the first year and a five percent for the second year level of inflation for the next biennium.

Funds in the amount of \$37,888 which were for a laundry worker and an additional accountant were deleted from the industrial school appropriation.

The new positions included in the appropriation to the Grafton state school are as follows: attendants, 79; resident program aides, 22; mid-

way program personnel, 9; food service workers, 6; a maintenance man; a director of resident living; three registered nurses; a director of behavior modification; a physical therapist; a Ph. D. psychologist; a speech therapist; and a placement director. The estimated income was adjusted to reflect the deletion of \$150,050.00 in estimated collections from working residents, a \$167,809.00 increase in federal funds for the recreation program, and \$1,259,084.00 in federal funds anticipated under the Comprehensive Employment and Training Act. The \$680,000.00 for resident salaries was deleted from the Grafton state school budget. If the courts require payment of resident salaries, additional funds from other sources will be required at the school.

Funding was approved for three additional correctional officers recommended in the executive budget for the penitentiary since these positions will be filled by employees presently employed in the dairy operation and laundry services at the penitentiary.

Funding for four other correctional officers recommended in the executive budget was deleted from the appropriation to the penitentiary.

The penitentiary industries appropriation was consolidated with the penitentiary appropriation since the penitentiary industries will be able to operate with less general fund money with a consolidated appropriation.

The funding for the purchase of a beef herd appropriation at \$50,000.00 and the irrigation system for \$36,000.00 were deleted from the penitentiary industries appropriation.

The appropriation as approved for the penitentiary industries also makes it possible for the director of institutions to discontinue the operation of the license and tag plant at the penitentiary.

The increase of \$217,000 in the appropriation for school for the blind plant improvements is for the purpose of adding an addition connecting existing buildings, and providing additional space.

  - h. A contract providing prepaid hospital and other health care services, or benefits for disability.
4. "Criminally injurious conduct" means conduct that:
  - a. Occurs or is attempted in this state;
  - b. Poses a substantial threat of personal injury or death; and
  - c. Is punishable by fine, imprisonment, or death, or would be so punishable but for the fact that the person engaging in the conduct lacked capacity to commit the crime under the laws of this state. Criminally injurious conduct does not include conduct arising out of the ownership, maintenance, or use of a motor vehicle except when intended to cause personal injury or death.
5. "Dependent" means a natural person wholly or partially dependent upon the victim for care or support and includes a child of the victim born after his death.
6. "Economic loss" means economic detriment consisting only of allowable expense, work loss, replacement services loss, and, if injury causes death, dependent's economic loss and dependent's replacement services loss. Non-economic detriment is not loss. However, economic detriment is loss although caused by pain and suffering or physical impairment.
  - a. "Allowable expense" means reasonable charges incurred for reasonably needed products, services, and accommodations, including those for medical care, rehabilitation, rehabilitative occupational training, and other remedial treatment and care. The term includes a total charge not in excess of five hundred dollars for expenses in any way related to funeral, cremation, and burial. It does not include that portion of a charge for a room in a hospital, clinic, convalescent or nursing home, or any other institution engaged in providing nursing care and related services, in excess of a reasonable and customary charge for semi-private accommodations, unless other accommodations are medically required.
  - b. "Work loss" means loss of income from work the injured person would have performed if he had not been injured, and expenses reasonably incurred by him in obtaining services in lieu of those he would have performed for income, reduced by any income from substitute work actually performed by him or by income he would have earned in available appropriate substitute work he was capable of performing but unreasonably failed to undertake.

c. "Replacement services loss" means expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the injured person would have performed, not for income but for the benefit of himself or his family, if he had not been injured.

d. "Dependent's economic loss" means loss after decedent's death of contributions of things of economic value to his dependents, not including services they would have received from the decedent if he had not suffered the fatal injury, less expenses of the dependents avoided by reason of decedent's death.

e. "Dependent's replacement services loss" means loss reasonably incurred by dependents after decedent's death in obtaining ordinary and necessary services in lieu of those the decedent would have performed for their benefit if he had not suffered the fatal injury, less expenses of the dependents avoided by reason of decedent's death and not subtracted in calculating dependent's economic loss.

f. "Non-economic detriment" means pain, suffering, inconvenience, physical impairment, and other nonpecuniary damage.

g. "Victim" means a person who suffers personal injury or death as a result of (1) criminally injurious conduct, (2) the good faith effort of any person to prevent criminally injurious conduct, or (3) the good faith effort of any person to apprehend a person suspected of engaging in criminally injurious conduct.

SECTION 4. AWARD OF REPARATIONS.) The board shall award reparations for economic loss arising from criminally injurious conduct if satisfied by a preponderance of the evidence that the requirements for reparations have been met.

SECTION 5. POWERS AND DUTIES OF THE BOARD.) In addition to the powers and duties specified elsewhere in this Act, the board has the following powers and duties:

1. The duty to establish and maintain a principal office and other necessary offices within this state, appoint employees and agents as necessary, and prescribe their duties and compensation.

2. The duty to adopt by rule a description of the organization of the board stating the general method and course of operation of the board.

3. The duty to adopt rules to implement this Act, including rules for the allowance of attorney's fees for representation of claimants; and to adopt rules providing for discovery proceedings, including medical examination consistent with sections 10 and 11 of this Act. Rules shall be statements of general applicability which implement, interpret, or prescribe policy, or describe the procedure or practice requirements of the board.

4. The duty to prescribe forms for applications for reparations.

5. The duty to hear and determine all matters relating to claims for reparations, and the power to reinvestigate or reopen claims without regard to statutes of limitations or periods of prescription.

6. The power to request from prosecuting attorneys and law enforcement officers investigations and data to enable the board to determine whether, and the extent to which, a claimant qualifies for reparations. A statute providing confidentiality for a claimant's or victim's juvenile court records does not apply to proceedings under this Act.

7. The duty, if it would contribute to the function of the board, to subpoena witnesses and other prospective evidence, administer oaths or affirmations, conduct hearings, and receive relevant, nonprivileged evidence.

8. The power to take notice of judicially cognizable facts and general, technical, and scientific facts within their specialized knowledge.

9. The duty to make available for public inspection all board decisions and opinions, rules, written statements of policy, and interpretations formulated, adopted, or used by the board in discharging its functions.

10. The duty to publicize widely the availability of reparations and information regarding the filing of claims therefor.

**SECTION 6. APPLICATION FOR REPARATIONS — AWARDS — LIMITATIONS ON AWARDS.)**

1. An applicant for an award of reparations shall apply in writing in a form that conforms substantially to that prescribed by the board.

2. Reparations may not be awarded unless the claim is filed with the board within one year after the injury or death upon which the claim is based.

3. Reparations may not be awarded to a claimant who is the offender or an accomplice of the offender, nor to any claimant if the award would unjustly benefit the offender or accomplice. Unless the board determines that the interests of justice otherwise require in a particular case, reparations may not be awarded to the spouse of, or a person living in the same household with, the offender or his accomplice or to the parent, child, brother, or sister of the offender or his accomplice.

4. Reparations may not be awarded unless the criminally injurious conduct resulting in injury or death was reported to a law enforcement officer within seventy-two hours after its occurrence or the board finds there was good cause for the failure to report within that time.

5. The board, upon finding that the claimant or victim has not fully cooperated with appropriate law enforcement agencies, may deny, reconsider, or reduce an award of reparations.

6. Reparations otherwise payable to a claimant shall be reduced or denied:

a. To the extent the economic loss upon which the claim is based is recouped from other persons, including collateral sources; and

b. To the extent the board deems reasonable because of the contributory misconduct of the claimant or of a victim through which he claims.

7. Reparations may not be awarded if the economic loss is less than one hundred dollars.

8. Reparations for work loss, replacement services loss, dependent's economic loss, and dependent's replacement services loss may not exceed two hundred dollars per week.

9. Reparations payable to a victim and to all other claimants sustaining economic loss because of injury to or death of that victim may not exceed twenty-five thousand dollars in the aggregate.

**SECTION 7. NOTICE TO ATTORNEY GENERAL — FUNCTION OF ATTORNEY GENERAL.)** Promptly upon receipt of an application for reparations, the board shall forward a copy of the application and all supporting papers to the attorney general, who in appropriate cases may investigate the claim, appear in hearings on the claim, and present evidence in opposition to or support of an award.

**SECTION 8. INFORMAL DISPOSITION — CONTESTED CASE.)** Unless precluded by law, informal disposition may be made of a claim by stipulation, agreed settlement, consent order, or default. A claim not so disposed of is a contested case.

**SECTION 9. CONTESTED CASES — NOTICE — HEARING — RECORDS.)** In a contested case, all parties shall be afforded an opportunity for hearing after reasonable notice.

1. The notice of hearing shall include:

a. A statement of the time, place, and nature of the hearing;

b. A statement of the legal authority and jurisdiction under which the hearing is to be held;

c. A reference to the particular sections of the statutes and rules involved; and

d. A short and plain statement of the matters asserted.

To the extent that the board is unable to state the matters at the time

the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application a more definite statement shall be furnished.

2. Every interested person shall be afforded an opportunity to appear and be heard and to offer evidence and argument on any issue relevant to his interest, and examine witnesses and offer evidence in reply to any matter of an evidentiary nature in the record relevant to his interest.

3. A record of the proceedings shall be made and shall include:

- a. The application and supporting documents;
- b. All pleadings, motions, and intermediate rulings;
- c. Evidence offered, received, or considered;
- d. A statement of matters officially noticed;
- e. All staff memoranda or data submitted to the board in connection with its consideration of the case; and
- f. Offers of proof, objections, and rulings.

4. Oral proceedings or any part thereof shall be transcribed on request of any party, who shall pay transcription costs unless otherwise ordered by the board.

5. Determinations of the board shall be made in writing, supported by findings of fact and conclusions of law based exclusively on the record, and mailed promptly to all parties.

#### SECTION 10. EVIDENCE OF PHYSICAL CONDITION.)

1. There is no privilege, except privileges arising from the attorney-client relationship, as to communications or records relevant to an issue of the physical, mental, or emotional condition of the claimant or victim in a proceeding under this Act in which that condition is an element.

2. If the mental, physical, or emotional condition of a victim or claimant is material to a claim, the board may order the victim or claimant to submit to a mental or physical examination by a physician or psychologist, and may order an autopsy of a deceased victim. The order may be made for good cause shown upon notice to the person to be examined and to all persons who have appeared. The order shall specify the time, place, manner, conditions, and scope of the examination or autopsy and the person by whom it is to be made, and shall require the person to file with the board a detailed written report of the examination or autopsy. The report shall set out his findings, including results of all tests made, diagnoses, prognoses, and other conclusions and reports of earlier examinations of the same conditions.

3. On request of the person examined, the board shall furnish him a copy of the report. If the victim is deceased, the board, on request, shall furnish the claimant a copy of the report.

4. The board may require the claimant to supplement the application with any reasonably available medical or psychological reports relating to the injury for which reparations are claimed.

SECTION 11. ENFORCEMENT OF BOARD'S ORDERS.) If a person refuses to comply with an order under this Act or asserts a privilege, except privileges arising from the attorney-client relationship, to withhold or suppress evidence relevant to a claim, the board may make any just order including denial of the claim, but may not find the person in contempt. If necessary to carry out any of its powers and duties, the board may petition the district court for an appropriate order, but the court may not find a person in contempt for refusal to submit to a medical or physical examination.

#### SECTION 12. AWARD AND PAYMENT OF REPARATIONS.)

1. An award may be made whether or not any person is prosecuted or convicted. Proof of conviction of a person whose acts give rise to a claim is conclusive evidence that the crime was committed, unless an application for rehearing, an appeal of the conviction, or certiorari is pending, or a rehearing or new trial has been ordered.

2. The board may suspend the proceedings pending disposition of a criminal prosecution that has been commenced or is imminent, but may make a tentative award under section 16 of this Act.

SECTION 13. ATTORNEY'S FEES.) As part of an order, the board shall determine and award reasonable attorney's fees, commensurate with services rendered, to be paid by the state to the attorney representing the claimant. Additional attorney's fees may be awarded by a court in the event of review. Attorney's fees may be denied on a finding that the claim or appeal is frivolous. Awards of attorney's fees shall be in addition to awards of reparations and may be made whether or not reparations are awarded. It is unlawful for an attorney to contract for or receive any larger sum than the amount allowed.

SECTION 14. SUBROGATION — ACTIONS — ALLOCATION OF EXPENSES.)

1. If reparations are awarded, the state is subrogated to all the claimant's rights to receive or recover benefits or advantages, for economic loss for which and to the extent only that reparations are awarded, from a source which is, or, if readily available to the victim or claimant, would be, a collateral source.

2. As a prerequisite to bringing an action to recover damages related to criminally injurious conduct for which reparations are claimed or awarded, the claimant shall give the board prior written notice of the proposed action. After receiving the notice, the board shall promptly:

a. Join in the action as a party plaintiff to recover reparations awarded;

b. Require the claimant to bring the action in his individual name, as a trustee in behalf of the state, to recover reparations awarded; or

c. Reserve its rights and do neither in the proposed action.

If, as requested by the board, the claimant brings the action as trustee and recovers reparations awarded by the board, he may deduct from the reparations recovered in behalf of the state the reasonable expenses, including attorney's fees, allocable by the court for that recovery.

3. If a judgment or verdict indicates separately economic loss and non-economic detriment, payments on the judgment shall be allocated between them in proportion to the amounts indicated. In an action in a court of this state arising out of criminally injurious conduct, the judge, on timely motion, shall direct the jury to return a special verdict, indicating separately the awards for non-economic detriment, punitive damages, and economic loss.

SECTION 15. MANNER OF PAYMENT — NON-ASSIGNABILITY AND EXEMPTIONS.)

1. The board may provide for the payment of an award in a lump sum or in installments. The part of an award equal to the amount of economic loss accrued to the date of the award shall be paid in a lump sum. An award for allowable expense that would accrue after the award is made may not be paid in a lump sum. Except as provided in subsection 2, the part of an award that may not be paid in a lump sum shall be paid in installments.

2. At the instance of the claimant, the board may commute future economic loss, other than allowable expense, to a lump sum, but only upon a finding by the board that:

a. The award in a lump sum will promote the interests of the claimant; or

b. The present value of all future economic loss other than allowable expense, does not exceed one thousand dollars.

3. An award for future economic loss payable in installments may be made only for a period as to which the board can reasonably determine future economic loss. The board may reconsider and modify an award for future economic loss payable in installments, upon its finding that a

material and substantial change of circumstances has occurred.

4. An award is not subject to execution, attachment, garnishment, or other process, except that an award for allowable expense is not exempt from a claim of a creditor to the extent that he provided products, services, or accommodations, the costs of which are included in the award.

5. An assignment or agreement to assign a right to reparations for loss accruing in the future is unenforceable, except:

a. An assignment of a right to reparations for work loss to secure payment of alimony, maintenance, or child support; or

b. An assignment of a right to reparations for allowable expense to the extent that the benefits are for the cost of products, services, or accommodations necessitated by the injury or death on which the claim is based and are provided or to be provided by the assignee.

SECTION 16. TENTATIVE AWARDS.) If the board determines that the claimant will suffer financial hardship unless a tentative award is made, and it appears likely that a final award will be made, an amount may be paid to the claimant, to be deducted from, the final award or repaid by and recoverable from the claimant to the extent that it exceeds the final award.

SECTION 17. RECONSIDERATION AND REVIEW OF BOARD DECISIONS.)

1. The board, on its own motion or on request of the claimant, may reconsider a decision-making or denying an award or determining its amount. The board shall reconsider at least annually every award being paid in installments. An order on reconsideration of an award shall not require refund of amounts previously paid unless the award was obtained by fraud.

2. The right of reconsideration does not affect the finality of a board decision for the purpose of judicial review.

3. A final decision of the board is subject to judicial review on appeal by the claimant, the attorney general, or the offender in the same manner and to the same extent as a decision of the district court.

SECTION 18. REPORTS.) The board shall prepare and transmit annually to the governor and the legislative assembly a report of its activities, including the name of the claimant, a brief description of the facts, and the amount of reparations awarded in each case, and a statistical summary of claims and awards made and denied.

SECTION 19. UNIFORMITY OF APPLICATION AND CONSTRUCTION.) This Act shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this Act among those states enacting it.

SECTION 20. SEVERABILITY.) If any provision of this Act or the application thereof to any person is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 21. PENALTY.) Any claimant who knowingly makes a false claim, or a false statement in connection with any claim, is guilty of a class A misdemeanor and upon conviction shall, in addition to serving any punishment as provided by law, forfeit any compensation paid under this Act.

SECTION 22. APPROPRIATION.) There is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$100,000.00, or so much thereof as may be necessary, to the workmen's compensation bureau for the purposes of carrying out the provisions of this Act for the biennium beginning July 1, 1975, and ending June 30, 1977."

We've heard a lot of discussion here in the last while and we'll hear more about transmission lines that are crossing farm lands, but I don't think we should lose the sight of the fact that there are also highways crossing farm lands that disrupt irrigation and so if we're going to single out transmission lines, we better include highways in them.

OPINION  
 STATE OF NORTH DAKOTA  
 ALLEN I. OLSON  
 ATTORNEY GENERAL  
 Bismarck, North Dakota 58505

February 18, 1975

The Honorable Wayne G. Sanstead  
 Lieutenant Governor  
 Office of Lieutenant Governor

State Capitol  
Bismarck, N.D. 58505

Dear Lieutenant Governor Sanstead:

This is in reply to your inquiry as to whether the lieutenant governor may vote on the passage of a bill where the vote in the Senate is equally divided.

Section 77 of the North Dakota Constitution provides in pertinent part that:

"The lieutenant governor shall be president of the senate, but shall have no vote unless they be equally divided."

Section 65 of the North Dakota Constitution provides that:

"No bill shall become law except by a vote of a majority of all the members-elect in each house, nor unless, on its final passage, the vote be taken by yeas and nays, and the names of those voting be entered on the journal."

The conflict between these sections is direct and the issue is clearly framed: Does Section 77 control, empowering the lieutenant governor to vote when the Senate is equally divided even though the lieutenant governor is a member of the executive branch, not a member-elect of the Senate as apparently required by Section 65?

This office had occasion to comment on the very same issue by an opinion dated February 19, 1945. The opinion there was that the lieutenant governor may not cast the deciding vote on final passage of a bill on the basis that the lieutenant governor is not a member-elect of the Senate. At that time there were no appellate court decisions squarely on the issue presented.

The role of the Attorney General as the interlocutory interpreter of the law is not to "make" the law as he may personally see it, but to "predict" the final interpretation of the law by the appropriate appellate courts, primarily the North Dakota Supreme Court. However an Attorney General's opinion is more than guidance; it is the proper interpretation of the law until over-ruled by the courts and is accorded substantial weight by the courts in reaching their determination.

This is a constitutional question. Normally such questions arise when legislation is challenged as not being within the authority granted by the state constitution. In those cases this office will not ordinarily arbitrate because our first duty is to defend the constitutionality of such legislation through the due course of litigation. We have a different situation here in that conflicting provisions of the constitution affect the conduct of a public office, and this office has seen fit to previously speak on the question.

Although we are reluctant to withdraw a previous opinion of this office, in our opinion appellate court holdings since the 1945 opinion are persuasive and require, under these specific circumstances, a contrary opinion. Two such cases are illustrative of court interpretation of this difficult issue since the February 19, 1945 opinion. They are *State ex rel Easbey v. The Highway Patrol Board*, 140 Mont. 383, 372, P. 2d 930 (1962) and *Opinion of the Justices* (Supreme Court of Delaware), 225 A. 2d 481 (1966).

Both of these cases considered the precise issue at hand under constitutional language substantially the same if not precisely the same as contained in the North Dakota Constitution. Both decisions were unanimous by the highest appellate courts of Montana and Delaware. Both cases held that the lieutenant governor has the power to vote on bills when the Senate is equally divided.

While there are some cases that indicate a contrary holding, they were decided prior to the two cases cited herein and considered unpersuasive by the Montana and Delaware Courts. We believe the recent decisions by the Montana and Delaware Courts are indicative of the current judicial

attitude on the question. Accordingly in direct answer to your question, it is our opinion that the lieutenant governor may cast the deciding vote on the final passage of a bill.

Sincerely,  
Allen I. Olson  
Attorney General

Senator Nething moved that the communication from the Attorney General be printed in the Journal, which motion prevailed.

#### PERSONAL PRIVILEGE

Senator Longmire: Mr. President, I rise on a point of personal privilege.

It goes back to the old adage that you won a battle and lost a war. But I would like to say in all fairness to our distinguished President that had I been in his place on the day that this issue presented itself I would have done exactly as he did because of Rule 55. At that time I had not had an opportunity as no one else had to research this question and certainly Rule 55 as stated by the distinguished senator from Grafton did prevent the President from voting. However, it was after some research later that we found section 77 of the Constitution which we felt did take precedence as I pointed out here earlier. So, I don't think we should criticize in any way the President because he had to make his decision in a short period of time without proper research and at that time it appeared that he did not have the authority, but I am glad that we now have decided that he did have the authority under 77 and I'm sure the Rules Committee at one time or another will make a rule change accordingly to comply with the Constitution.

#### COMMITTEE REPORTS FOR INDEFINITE POSTPONEMENT

Senator Ringsak moved that the Committee Report on Senate Bill No. 2457, as printed on page 514 of the Senate Journal be adopted.

#### MOTION

Senator J. Schultz moved that Senate Bill No. 2457 be amended as follows:

On page 1, lines six and seven, delete the words "and providing an appropriation" and insert in lieu thereof the following "and providing an effective date"

On page 2, delete lines 21 through 30 and insert in lieu thereof the following: "Section 4. Effective date. The increased life insurance benefits coverage and new long term medical disability benefits coverage shall become effective July 1, 1977".

Senator J. Schultz moved that the amendments be adopted, which motion failed.

#### ROLL CALL

The question being on the adoption of the Committee Report on Senate Bill No. 2457 the roll was called and there were 32, ayes; 17, nays; absent and not voting, 2.

Senator Shablow moved that Senate Bill No. 2031 be amended as follows:

PROPOSED AMENDMENTS TO ENGROSSED  
SENATE BILL No. 2031

On page 1 of the engrossed bill, line 1, delete everything after the words "A BILL" and delete the rest of the bill and insert in lieu thereof the following: "for an Act to provide for a severance tax upon coal, for procedures for the imposition, collection, and administration of such tax, and to provide a penalty; to provide for an energy conversion privilege tax for the privilege of operating coal development plants and certain water lines, pipelines and electrical energy transmission lines, for procedures for imposition, collection, and administration of such tax, for allocation of the proceeds of such tax, and to provide a penalty; to provide for a coal development impact commission with the authority to grant funds to political subdivisions incurring extraordinary expenses because of coal development and to provide procedures therefor; to create and enact a new subsection to section 57-39.2-04 and to create and enact a new subsection to section 57-40.2-04 of the North Dakota Century Code, relating to exemptions from retail sales and use taxes; and to provide an appropriation.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. SEVERANCE TAX UPON COAL — IMPOSITION — IN LIEU OF SALES AND USE TAXES — PAYMENT TO TAX COMMISSIONER.) There is hereby imposed upon all coal severed from the earth in this state, on or after July 1, 1975, for sale or for industrial purposes, a tax equal to thirty percent of the value of such coal. Such severance tax shall be in lieu of any retail sales and use taxes imposed by law on the sale or use of coal. Each coal mine owner or operator shall remit such tax on the coal mined in each calendar quarter year period within forty-five days after the end of that quarter to the state tax commissioner upon such reports and forms as the tax commissioner shall deem necessary. Two thousand pounds of coal shall constitute a ton for the purpose of determining the amount of tax.

SECTION 2. DETERMINATION OF VALUE OF COAL SEVERED.) For purposes of applying the tax rates provided in section 1 of this Act, the value of coal severed from the earth in this state shall be the average statewide sales price of such coal as determined from the sales prices of such coal at the points from which it is transported away from the mines. The average statewide sales price shall be determined by the state tax commissioner as herein provided.

If the contract sales price of any coal mined includes costs for transporting the coal away from the mine or any costs of processing the coal away from the mine, the contract sales price shall be reduced by such costs for purposes of determining the sales price of such coal at the point it is transported from the mine.

If the owner or operator of a coal mine consumes the coal mined or if any coal is sold for less than market value because the contract is not an arms-length agreement or if something other than money is received as part or full payment for the coal, the tax commissioner may impute a sales price for the coal at the point it is transported away from the mine.

In determining the sales price of any coal or the average statewide sales price of all coal at the point it is transported away from the mine, the tax commissioner shall be guided by the information in the reports filed with him pursuant to section 3 of this Act and by any other information relating to sales prices that is available to him.

Prior to the beginning of calendar year 1976 and each year thereafter, the state tax commissioner shall determine the average statewide sales price of coal that shall be used in the year 1976 or in each year thereafter for determining the amount of severance tax imposed by section 1 of this Act on coal mined during that year, and each owner or operator of a coal mine shall use that sales price for purposes of computing and paying the

severance tax and completing the reports required by section 3 of this Act for coal mined during that year.

For coal mined during the six-month period beginning July 1, 1975, the tax commissioner shall, as soon as he can reasonably do so, determine the average statewide sales price of coal mined during that period, and each owner or operator of a coal mine shall use that sales price for purposes of computing and paying the severance tax and completing the reports required by section 3 of this Act for coal mined during that six-month period.

As soon as the tax commissioner has determined the average statewide sales price to be used for purposes of imposing the severance tax on coal mined during any period, he shall notify all persons who he knows or believes are owners or operators of coal mines in this state of such average statewide sales price.

**SECTION 3. WHEN TAX DUE — WHEN DELINQUENT — REPORTS REQUIRED.)** The severance tax provided for in sections 1 through 11 of this Act for coal mined in a calendar quarter-year period shall be due within forty-five days after the end of that quarter, and, if not received by the forty-fifth day, shall become delinquent and shall be collected as herein provided. The tax commissioner, upon request and a proper showing of the necessity therefor, may grant an extension of time, not to exceed fifteen days, for paying the tax, and when such a request is granted the tax shall not be delinquent until the extended period has expired. The tax commissioner shall require a report to be filed quarterly by each owner or operator of a coal mine, in such form as the tax commissioner may specify, to list a full description of the mine, the number of tons of coal severed, the sales or contract price of the coal severed, the amount of tax due and remitted, and any other information deemed necessary by the tax commissioner for the proper administration of sections 1 through 11 of this Act.

**SECTION 4. POWERS OF STATE TAX COMMISSIONER.)** The state tax commissioner shall have power to require any persons engaged in the mining of coal and the agent or employee of such person, or purchaser of such coal, of the owner of any royalty interest therein to furnish any additional information deemed by the commissioner to be necessary for the purpose of correctly computing the amount of said tax, and to examine the books, records, and files of such person, and shall have the power to conduct hearings and compel the attendance of witnesses, the production of books, records, and papers of any person, and full authority to make any investigation or hold any inquest deemed necessary to a full and complete disclosure of the true facts as to the amount of production from any coal mine or of any company or other producer thereof, and as to the rendition thereof for taxing purposes.

**SECTION 5. TAX COMMISSIONER TO COMPUTE TAX ON INCORRECT RETURNS.)** The state tax commissioner shall have the power and authority to ascertain and determine whether or not any report or remittance filed with him as required by section 3 of this Act is correct, and if the owner or operator has made an untrue or incorrect report or remittance, the tax commissioner shall ascertain the correct amount of taxes due, and give immediate written notice to the owner or operator filing the incorrect return or remittance. Any coal mine operator or owner receiving notice from the tax commissioner that he has filed an incorrect return or remittance shall remit the tax assessed by the commissioner within fifteen days of such notice. Any owner or operator aggrieved by a decision of the tax commissioner may make application in writing within fifteen days of notification for a hearing which shall be granted not later than fifteen days after receipt of the application. The tax commissioner may accept or reject, in whole or in part, the con-

tentions of the owner or operator and upon conclusion of the hearing shall proceed to make a final determination of taxes due. Such taxes assessed by the commissioner shall become delinquent five days after the conclusion of the hearing, except in such cases where an owner or operator shall appeal such assessment to the district court of Burleigh County, in which case they shall become delinquent five days following final judicial determination.

**SECTION 6. PENALTY ON DELINQUENCY — FAILURE TO FILE REPORTS.)** Where the tax provided for in section 1 of this Act shall become delinquent, it shall, as a penalty for such delinquency, bear interest at the rate of twelve percent per annum. If the quarterly report is not filed within forty-five days after the end of any quarter and taxes due paid, the tax commissioner shall notify the delinquent owner or operator of such delinquency, and if such report and remittance are not filed within an additional fifteen days, the tax commissioner shall notify the public service commission, which shall forthwith suspend such owner's or operator's license or permit until such time as payment is received, or the issues settled to the satisfaction of the tax commissioner.

**SECTION 7. LIEN FOR TAX.)** The tax herein referred to shall, at all times, be and constitute a first and paramount lien against the owner's or operator's property as the case may be, both real and personal. In all cases where such tax is not paid, it may be recovered at the suit of the state, upon relation of the state tax commissioner, in any court of competent jurisdiction of the county where any such property, assets, and effects are located.

**SECTION 8. APPEAL FROM DECISION OF TAX COMMISSIONER.)** Any person aggrieved because of any action or decision of the tax commissioner under the provisions of sections 1 through 6 of this Act may appeal therefrom to the district court of Burleigh County.

**SECTION 9. RULES AND REGULATIONS — BOND.)** The tax commissioner is hereby authorized and empowered to prescribe and promulgate all necessary rules and regulations for the purpose of making and filing of all reports required hereunder and otherwise necessary to the enforcement of sections 1 through 8 of this Act, and may, at his option and discretion, require a sufficient bond from any coal mine operator or owner charged with the making and filing of reports and the payment of the taxes herein imposed, and said bond shall run to the state of North Dakota and shall be conditioned upon the making and filing of reports as required by law or regulation, and for the prompt payment, by the principal therein, of all taxes justly due the state by virtue of the provisions of this Act.

**SECTION 10. PENALTY.)** Any person intentionally violating any of the provisions of sections 1 through 6 of this Act is guilty of a class A misdemeanor.

**SECTION 11. ALLOCATION OF SEVERANCE TAX REVENUE.)** The revenues collected by the state tax commissioner pursuant to the provisions of sections 1 through 9 of this Act shall be paid to the state treasurer who shall quarterly allocate and distribute the proceeds as follows:

1. Fifty percent shall be placed in a separate and permanent state trust fund in the state treasury and the interest received from the investment of that fund shall be credited to and deposited in the general fund in the state treasury.

2. Forty percent shall be placed in the general fund in the state treasury.

3. Ten percent of the proceeds from coal mined in any county shall be allocated and paid to that county and the county treasurer shall apportion and distribute such proceeds as follows:

- a. Forty percent shall be credited to the county general fund.
- b. Ten percent shall be credited to the township in which a coal mine is operated; if coal mines are operated in two or more townships in the county, the total amount allocated for all such townships shall be apportioned to each such township in the proportion that the ratio of tons of coal mined in any such township is to the total tons mined in all such townships for the period for which the tax proceeds are distributed; if a coal mine is operated in an unorganized portion of a county, the share that would be apportioned to the township if the coal mine were in a township shall be credited to the general fund of the county.
- c. Twenty-five percent shall be credited to the county equalization fund.
- d. Twenty-five percent shall be apportioned and distributed to the incorporated cities in the county on the basis of the population of all of the incorporated cities situated within such county as determined by the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in the case of a city incorporated subsequent to such census.

Such tax is hereby imposed on every company operating or owning a coal development plant, waterline, pipeline, or electrical energy transmission line in this state, including any such property under construction even though it is not in operation. **SECTION 18. TENTATIVE VALUATION BY COMMISSIONER.)** The commissioner, on or before July fifteenth of each year, shall ascertain and determine the value of all property of any company whose property is required to be valued under the provisions of section 15 of this Act. Such

**SECTION 19. TENTATIVE VALUATION — NOTICE OF HEARING.)**

The commissioner shall give ten days' notice by mail to each company, or its representative in North Dakota, of the amount of tentative valuation, and shall appoint a time and place between the first Tuesday of August and the first day of September, at which each company shall be entitled to present evidence before the state board relating to the value of the property of the company.

**SECTION 20. GENERAL POWERS OF INVESTIGATION.)** In any matter material to the valuation of property as provided in sections 12 through 22 of this Act, the commissioner may exercise any and all of the powers conferred upon him by law. Every public officer required to do so shall make return to the commissioner, in such form as he shall prescribe, of all information he may call for. The property, records, books, accounts, and papers of any company whose property is required to be valued under sections 12 through 22 of this Act, upon order of the state board, shall be subject to visitation and examination by the commissioner, or by such person as he may designate for that purpose.

**SECTION 21. METHOD OF VALUATION.)** The property of each company valued for purposes of sections 12 through 24 of this Act shall be valued in the following manner:

1. For the purpose of determining the value of the property, the commissioner and the state board shall take into consideration the earning power of the property as shown by its gross earnings and net operating income, the actual or market value of its stocks and bonds, the value of its franchises, rights, and privileges granted under the laws of this state to do business in this state, and such other legally established evidences of value as shall enable the state board to make a just and equitable valuation;

2. In the case of a company which owns or operates properties partly within and partly without this state, the commissioner and state board shall value only the property within this state;

3. In determining the value of the portion within this state of an interconnected, or continuous system, the commissioner and state board may take into consideration the value of the entire system and of the part within this state, the mileage of the whole system and of the part within this state, the total operating earnings within and without this state, together with such other information, facts, and circumstances as will enable such officers to make a just and correct valuation.

4. The state board may take into consideration the reports, annual or otherwise, filed by any company whose property is required to be valued for purposes of sections 12 through 26 of this Act with the public service commission and other state agencies.

**SECTION 22. VALUATION BY STATE BOARD — NOTICE OF INCREASE.)** The state board may adopt the tentative valuation of the commissioner in whole or in part. The valuation made by the commissioner shall be considered merely findings of act of the executive officer of the board. The state board shall review such valuation at the time of its annual meeting in August of each year, and then shall make a final valuation of such property. It may increase or lower the entire valuation, or any valuation contained therein, or any item contained within the valuation of any company. Before the board may make an increase in the valuation of the property of any such company over the tentative valuation, notice shall be given to the company of any such

proposed increase, and a hearing granted thereon. A ten-day written notice shall be given to the company in such instance, either by mail addressed to the company, or personally served on a duly authorized agent of the company.

**SECTION 23. NOTICE OF FINAL VALUATION AND TAX — DUE DATE OF TAX — DELINQUENCY.)** Within fifteen days after the state board has made its final valuation of the property of any company required to be valued for purposes of sections 12 through 24 of this Act, the tax commissioner shall notify such company in writing of the amount of such valuation and the amount of energy conversion privilege tax imposed as provided in section 13 of this Act. The amount of such tax shall become due on the first day of January following the year for which it was imposed and shall be paid to the tax commissioner. If the tax is not paid on or before the first day of March following the due date, it shall bear interest at the rate of twelve percent per annum from the date of delinquency until paid.

**SECTION 24. ENFORCEMENT OF COLLECTION.)** The taxes imposed by section 13 of this Act shall be a perpetual paramount lien upon all the franchises and property, both real and personal, of every kind and nature belonging to the company from and after January first of the year for which the valuation is made, and no sale or transfer of such property, or of any part thereof, shall divest, or in any way affect, the lien for such taxes. No company on which such tax has been imposed shall be entitled to have a transfer of any of its said property by deed, bill of sale, other otherwise, entered, filed, or recorded upon the records of the register of deeds unless all such taxes then due from the said company first shall be paid and satisfied.

**SECTION 25. CORRECTION AND REVIEW OF VALUATIONS.)** The provisions of chapters 57-07 and 57-08 concerning corrections of valuations and review of valuations of public utility property, including notices, hearings, and appeals, shall apply to the valuations made and the taxes imposed pursuant to sections 12 through 23 of this Act insofar as the provisions of those chapters are not in conflict with the provisions of said sections.

**SECTION 26. ALLOCATION OF REVENUE FROM ENERGY CONVERSION PRIVILEGE TAX.)** All revenues collected by the tax commissioner pursuant to section 23 of this Act shall be paid to the state treasurer who shall allocate and distribute the proceeds as follows:

1. Eighty-five percent shall be placed in the general fund in the state treasury from which the legislative assembly shall appropriate such amounts as it determines may be required for disbursement to the counties and political subdivisions of this state by the coal development impact commission created by section 29 of this Act.

2. Fifteen percent of the proceeds of the energy conversion privilege tax collected with respect to the valuation of any coal development plant, waterline, pipeline, or electrical energy transmission line in any county shall be allocated and paid to that county and the county treasurer shall apportion and distribute such proceeds as follows:

a. Forty percent shall be credited to the county general fund.

b. Five percent shall be apportioned to the townships in the county in which property valued for energy conversion privilege tax purposes is located in the proportion that the ratio of the valuation of any such property in a township is to the valuation of all such property in the townships; if any such property is located in an unorganized portion of the county, the share that would be apportioned to a township if such property were located in a township shall be credited to the general fund

of the county. So that the county treasurer may properly apportion the proceeds as provided in this subdivision, the tax commissioner shall certify to him the valuation of all such property in each township in the county.

c. Twenty-five percent shall be credited to the county equalization fund.

d. Thirty percent shall be apportioned and distributed to the incorporated cities in the county on the basis of the population of all of the incorporated cities situated in the county as determined by the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in the case of a city incorporated subsequent to such census.

SECTION 27. STATEMENT OF LEGISLATIVE INTENT.) It is the intent of the legislative assembly to provide reimbursement to the political subdivisions of this state for the purpose of meeting certain extraordinary operating and capital improvements expenditures necessitated by the impact, particularly population growth, resulting from coal development and the allied industries incidental to such development. The legislative assembly hereby declares and finds that such reimbursement is in the public interest and that it promotes the general welfare of the citizens of this state.

SECTION 28. DEFINITIONS.) As used in sections 27 through 32 of this Act, unless the context or subject matter otherwise requires:

### PERSONAL PRIVILEGE

Senator Hoffner: Mr. President I rise on a point of personal privilege and request that my remarks be printed in the Journal. We have just passed Senate Bill No. 2031 which was referred to committee January 7th, reported out of Committee Feb. 18th and now today is the 31st Legislative day & the Legislative Assembly has again violated Rule 44 which in fact requires that no bill or resolution except an appropriation measure may be held in committee more than 21 legislative days after it is referred to the committee unless an extension of time is granted by the Senate. I say let's live by our rules, that's why we have them.

The development of our coal resources has been with our state for many years.

We felt the pressure of really developing our coal resources two years ago in these very same Chambers when a time consuming, weak piece of legislation was passed and fortunately vetoed by Governor Arthur A. Link regarding a severance tax.

The energy crisis and the need for a fair and equitable severance tax has been before us for at least two years. It has not crept up on us since the session started.

The proposal that was just passed was exposed to the media on February 14, 1975. Today is February 20th. Less than a week has elapsed.

We are now in the 32nd day of the session, over half of the way through and the Assembly has had less than a week to examine this most crucial piece of legislation.

We as a body have had two years to draft legislation in this area and yet here we are today — one day before the cross-over deadline — debating for the first major time the Majority's coal tax package.

If we want, this legislation can be on the Governor's desk in 10 days.

I think it only fair to give the Governor sufficient time to carry out his constitutional duties regarding legislation. If he disagrees with this plan there should be sufficient time allowed by us as a legislative body to iron out the differences between the legislative and executive branches of government.

### EXPLANATION OF VOTE

Senator Sands:

Position paper on energy by Senator Ernest M. Sands, 7th district. The Democrat and Republican leadership have given to you their position papers on the energy problems in the state of North Dakota.

I would like to give a position paper for one lone taxpayer, even though I know it will be a very small cry in the wilderness.

One senator has asked me how I could stand living by those coal mines and power plants around my community.

It is true, we have had for about fifty years one of the largest open strip mining operations in the country. It is true, that we have had a power plant west of our community and the first prototype of the new giant plants east of our community. But, until I read the papers and was questioned by this senator, I was unaware of any problem or handicap that we were forced to endure.

It has been my opinion for about twenty years that these were very good industries, and we considered them an asset to our community life.

Some people seem to fear these coal miners and think of them as some type of Gorilla. Really, they are good loyal citizens, many are local farmers, and let us remember the take-home pay of a coal miner is in the 15-20 thousand dollar range.

The coal company has never mistreated us, but have volunteered to help at anytime we needed it and have even given us financial assistance a time or two.

Now, let us consider all this loose talk about impact!

The Coal Miners moved from the Coal Mine property to our city in about 1949. This was impact as we had to furnish schools for them, too. The Coal Mine is located in Ward County, and we are in McHenry County so all the tax money on the Coal Mine went to Minot. The necessary school buildings were built, and these miners have paid their share. We were and still are happy to have these miners as part of our community. When the Power Plant was under construction in the fifties, we had impact of many workers for about two years. They were welcomed, and we enjoyed the construction workers and their families during their stay. Whatever impact they cause to our community was paid for many, many times over by the business they did with our community.

Then the Missile Sites came in. This was real impact! We have a population of 1300, and at one time we had more Missile Workers than citizens. Again, they more than paid their way! Let's remember that these construction men make far superior wages to anyone in normal occupations. Also do not forget that they leave a healthy hunk of it with the State of North Dakota.

The energy proposals are to tax from twenty-five cents a ton to thirty percent of the value of a ton of coal. The revenue would go to an impact office and grants would be issued to cover impact costs, or  $\frac{1}{2}$  the revenue would be placed in a trust fund, 10 percent to be returned to communities, and the balance to the general fund. Now isn't this just great? The propagandists tell these people what a horrible problem they will have, and that the State will help them by taxing the coal. 80 percent of the people do not trust elected politicians according to the polls, and I am confident it would be 100 percent if the same question was asked about bureaucrats. But, we Sugar Daddy's here in the Legislature are going to protect them by putting their money under the control of either Politicians or Bureaucrats. Any Senator that has been here before knows full well that there isn't anything sacred in any fund if there is any money in it.

The Ecologists sputter and stammer all over the place about the Fly Ash and SO<sub>2</sub> coming out of these smoke stacks of the poser plants. According to a person from Basin Electric they haven't found a trace of SO<sub>2</sub> when collecting and checking air samples around their plant down here. I live by a Basin Electric Plant, and I have never heard a complaint about the Fly Ash or this so-called SO<sub>2</sub>. The farmers around this plant have had excellent crops, and do not report any difficulties or problems with the emissions from the power plant. (Furthermore, this power plant does not have any emission control devices on its stacks either.)

It is in the best interests of our country to reclaim the land after it has been mined, and I believe this should be the responsibility of the Coal Company. I believe it is our responsibility as legislators to place strict reclamation law in the century code. But, I do not believe that we have to give two million dollars to some experts from Chicago to accomplish this task. Furthermore, I doubt that these out of state experts would be responsible for anything after they took our two million dollars.

I believe the Coal Companies will comply with our laws, and I am quite certain that it will not cost 10 percent of what it will cost if the Government of North Dakota does it.

It is my considered opinion that this is a well orchestrated Rip-Off of the consumers of Electricity and Gas and Coal.

These So-Called Big, Bad, Burly Corporations are not going to pay these taxes.

The consumers of Electricity and Gas will pay every cent of it!

Now, that I have criticized the energy proposals of the Majority and Minority parties, I will present my energy proposal so they can tear it apart at your leisure.

I propose that we leave the taxing powers in the hands of the local governments that will be affected. These officials will take what is needed to build the roads, the streets, the water systems, and the schools.

I propose that we legislate strict reclamation laws, and that we give the public service commission the authority and the manpower to enforce these laws.

Then I propose that we impose enough export tax on the kilowatts of electricity and the cubic feet of gas to satisfy the gluttonous appetite for more tax money of the State of North Dakota.

My proposals will provide the areas that will be affected with the authority and ability to protect themselves and improve their property and communities.

My proposal will give the State of North Dakota the authority and the powers to enforce the reclaiming of the land.

My proposal will save the consumers of Electricity, Gas, and Coal within the State of N. Dak. from this sinister, underhanded, back-door increase in their taxes.

I urge the Senators of the State of North Dakota to stop and think before we place these unwarranted and unnecessary taxes, establish these committees, Bureaus and Councils in the laws of the state and on the backs of our already over-taxed people. Please consider just how much your opinion on the energy situation has been influenced by the continual propaganda blast that we have endured for the last six months or year. Think about what the real reason is for all of this! This may be the biggest plum for taxes in the history of our state!

Senator Stroup moved that Senator Sands' remarks be printed in the Journal, which motion prevailed.

#### PERSONAL PRIVILEGE

Senator J. Schultz:

Mr. President: I rise on a point of personal privilege, being the senator from District 7 used my name. The reason that he did, was in a discussion we had a few days ago. I was referring to the Federal Power Commission and on the exporting of energy converted as electricity and gas. The Federal Power Commission are the people who control those particular taxes and we in North Dakota, according to testimony we have received during the interim study, says that this is not possible. So, that is why the senator used my name.

#### MOTION

Senator Nething moved that the Senate be on the 6th Order, (B) pursuant to his previous motion, which motion prevailed.

Senator Stroup moved that the Committee Report on Senate Bill No. 2033, as printed on page 536 of the Senate Journal be adopted.

### THIRTY-THIRD DAY

Bismarck, February 21, 1975

The Senate convened at 2:00 P.M., the President presiding.

Prayer by Rev. Hensel E. Hendrickson, Pastor, Trinity Evangelical Lutheran Church, Bismarck.

"Our Heavenly Father,

We thank you for the blessings of living in this great state.

It occurs to one standing here in this Senate that this could conceivably be the most prayed for group in the state over the last 40 days.

We learn much from prayer. Sometimes prayer teaches us that we have to give up to get up. Sometimes prayer teaches us that it is better to tackle problems heart first than head first.

We learn sometimes that it is not the eloquence of the prayer or a speech but the place from within that the words come from — that is important.

In this great room — widen our views — deepen our faith.

In your name we pray — Amen."

Roll Call: All Senators present.

A quorum was declared by the President.

### CORRECTION AND REVISION

Mr. President: Your Committee on Revision and Correction of the Journal has carefully examined the Journal of the Thirty-first day after recess, and recommends that the same be corrected as follows: On page 588, line 43, delete "2415" and insert in lieu thereof "2304"

On page 608, line 48, delete "after a roll call"

On page 608, line 49, delete "vote."

On page 605, line 17, correct the word "which"

And when so corrected recommends that the same be approved.

#### PERSONAL PRIVILEGE

Senator Tweten: Mr. President, I rise on a point of personal privilege.

The Senator who made the motion alerted to the fact that the bill that we just finally laid to rest, hopefully finally, was from a study and I quickly looked through my book and I think that the gentleman was in error. I can not find any reference to that study in this billbook. The legislative council handbook that was passed out to us before we came down here and I do not think that that bill came from there, but it came from a department of the State or Federal government whichever you want to term the department of the Employment Security Bureau and I have drafted and am having drafted a rule change which will deny the right of a department to introduce bills into our body here without any senator even knowing the content of the bill then to have the title so deceptive as to not alert a single individual to the real content of that bill and that is what that title of that bill did, and if you want to read the title and you want to look at the sponsor, you will know that I am telling the truth.

Senator Wenstrom:

Mr. President, I am totally in error. I glanced at the bill and I automatically took it to be a Legislative Council bill and I do wish to offer my apologies to the Senate. I was in error in that statement. However, that does not prohibit me as being on the winning side as when this bill was considered yesterday to move to reconsider and I do apologize for that one statement that I did make and said that this bill was a bill as a result of a Legislative Council study.

**PERSONAL PRIVILEGE**

Senator Lashkowitz: Mr. President, I rise on a point of personal privilege and request that my remarks be printed in the Journal.

"I have nothing but total respect for my distinguished colleagues from the 7th District's request for information. I welcome information. But I would like to note that last week I submitted three proposed rule changes to this body which will be duly considered I understand the first of next week and I think that until we have these rule changes we have a committee system which is institutionalized here and must be respected and I would perhaps add that I will be requesting that a bill of this magnitude involving expenditures that perhaps a rule be considered requiring that there be a filing of a minority report so that we can make a proper evaluation on the facts. I would think that it would be incumbent upon ourselves to make some of these rule changes so that we can information before us of a factual nature. I can assure you that unless I'm sure of anything of a factual nature that I will support the proposed budgets for the constitutional officers of this state as recommended by the Appropriations Committee."

**PERSONAL PRIVILEGE**

Senator Lee: Mr. President, I rise on a point of personal privilege.

Mr. President, members of the Senate, I don't like to be picky and I don't like to be negative. I am going to have to vote against this bill because the people in my district are very much opposed to the increases that we are giving in government. I come from a district that has a lot of beef producers, a lot of milk producers, a lot of retired people. And these people are all taxpayers and they're very upset and very unhappy that we are continually raising costs of government with the declining population in the state. So this is my position. I wish that I could explain it to them. If I could I maybe could vote yes.

Senator Hoffner moved that the question be divided on Senate Bill No. 2001, which motion prevailed.

**ROLL CALL**

The question being on the final passage of Subdivision 8 of Senate Bill No. 2001, the roll was called and there were 42 ayes; 8 nays; absent and not voting, 1.

#### PERSONAL PRIVILEGES

Senator C. Schultz: Mr. President, members of the Senate, now that we have disposed of this little rascal, maybe I'm speaking for myself, but for the benefit of the members that are not on the Appropriations Committee I realize it gets rather confusing on these budgets. But everyone that has ever asked me for any information, breakdown on anything, I have most gladly given them. But I will say this, that I have probably had more requests for information from people that are not in the Senate chamber, from the public than I have from anyone in this chamber. Speaking for myself, if you ask me ahead of time on any of these budgets I most certainly will dig the information out for you and I am sure the other Senators would also. It's almost an impossibility to stand up here and give you a breakdown on every department as to salaries. So keep that consideration. We've got some "biggies" if you'll excuse the expression, coming over from the other side if you think these are big. If you want some information on salaries and who gets paid what, come on down. If none of the other twelve guys will give you the information, I will.

Senator Lips: I rise on a point of personal privilege. I second the Senator's motion from the 14th District. No I know you didn't but your information that you furnished the Senate. You're welcome down there anytime you want to come down there and if you want to know anything about a budget you come down and ask. We'll give you all the information that we're furnished.

Senator Lashkowitz: Mr. President, in testifying my vote on this important measure ladies and gentlemen, it's my personal philosophy that we often times get what we pay for. This country is going through a wrecking experience in which we have lost a lot of confidence in public officials. I think that we must elevate the level of government by attracting the most competent qualified men and women to the public service. You can only do this sometimes by adequately and fully compensating them so that their duties can be discharged without the intrusion of any external influences. And therefore I think it is in the public interest that 2001 be supported by this body.

Senator Nething: Mr. President, a point of personal privilege. Mr. President, ladies and gentlemen of the Senate, in response to the good Senator from the 21st District it wasn't the fact that we are not paying those people enough money. Lord knows when you look at the money that those people that were involved were getting paid you can't say money does it. It's integrity that gets the job done and perhaps if those people worked for the same five dollars a day that this body does and the House does, integrity is going to shine way away above of what salaries will.

#### SECOND READING OF SENATE BILLS

**PERSONAL PRIVILEGES**

Senator Longmire:

Mr. President: I certainly voted for some increases on the way we have this bill now, I can only speak for myself as one Senator of this body, however, but I feel ashamed that we have degraded in this vote here the judiciary of this state to the point that we feel that even the judges of the Supreme Court are not equal to any ever-elected state officials in this state, and this is the first vote that I leave this body in this session in which I am ashamed that we have not recognized one of the three main branches of our state and appreciate the sacrifices they make and yet are not willing to pay them as much as we are paying some of the people that have no qualifications whatsoever from the standpoint of the respective jobs that they are employed in. I feel ashamed that we have taken that action.

Senator Lashkowitz: I rise on a point of personal privilege.

I totally concur with the distinguished Senator from the 18th District and his comments. The judiciary is no party in character, it is regarded generally as being above politics in the partisan sense. Each one of us depends upon the judiciary for the protection of the way of life. I don't know of any bill that was before the Senate Committee on Judiciary that had a substantial and impressive array of witnesses as did the bill which we just considered. It has been my position throughout the entire discussion that we have a moral responsibility to make the judiciary as independent as possible and that their salaries should be at such a level that they need not be dependent on outside income and investments. It has been my philosophy and I don't intend to retreat from it the one slightest bit.

**SECOND READING OF SENATE BILLS**

Senate Bill No. 2360. A Bill for an Act to amend and reenact sections 11-10.1-01 and 11-10.1-05 of the North Dakota Century Code, relating to qualifications, duties and terms of office of county director of tax equalization and city assessor, and providing for a reimbursement to the counties for a portion of the salaries of the county directors of tax equalization, and for reimbursement to qualifying cities for a portion of the salaries of city assessors; and providing for an appropriation.

**PERSONAL PRIVILEGE**

Senator Lashkowitz: Mr. President, I rise on a point of personal privilege and request my remarks be printed in the Journal.

Senator Lashkowitz:

I would like to briefly explain my vote. I greatly respect the heritage of this great state and the efforts of those who are trying to build this undertaking, however, in view of the fact that some of the basic needs that we considered have not been funded, as some were mentioned, and in view of the fact that this budget is reaching very enormous proportions, I felt that my priorities required that I vote as I did vote. Thank you.

#### MOTION

Senator Ringsak moved that the Senate reconsider the action by which Senate Bill No. 2001 passed, which motion failed.

#### PERSONAL PRIVILEGE.

Senator Ringsak:

Thank you very kindly, Mr. President. Mr. President, what the intent of the proposed amendments was simply this: in checking the bill 2001, I find that our attorney general will exceed the sum of \$34,000. Well, I know of no quarrel of anyone getting any increase, unvouchered or vouchered or what, but what we did this afternoon, we passed a bill for our Supreme Court of North Dakota, with a raise of \$2,000 from \$28,000 to \$30,000, and that's \$4,000 less than the Attorney General gets, and certainly the peers of our attorney general. The Attorney General, Mr. President and Ladies and Gentlemen of the Senate, works for you and I, and he makes opinions, but his opinions are not final and they are not binding and they will not affect anybody's lives or anything else, whereas the Supreme Court's opinion will. The amendment would have raised the district judges \$3,000 which would still leave them below the courts, I think that was wrong, too, but I felt that at least the Supreme Court should have gotten the same salary as our attorney general. That was my purpose. Thank you very kindly for your time.

Senator Ringsak moved that the Senate reconsider the action by which Senate Bill No. 2307 lost, which motion prevailed.

PERSONAL PRIVILEGE

Senator Ringsak:

Mr. President, the reason I requested Senate Bill 2307 to be reconsidered is that I desired and wanted to make the point that when we have an office building offered for \$1; it is ridiculous to think about building a new Supreme Court building, a new Heritage Center, a new State Lab, and you name it, on the Capitol grounds.

This reconsideration failed with a 25-25 vote, and what it would have done is to move the Highway Department from Bismarck to Grand Forks. This would have given us plenty of room on the Capitol grounds to take care of all the proposed buildings that are now desired by various interest groups or individuals. Thank you.

The Senate convened at 2:00 P.M., pursuant to recess taken, the President presiding.

Prayer by Rev. James Butler, First Presbyterian Church, Bismarck.

"Lord of all the worlds that are; judge and redeemer of men, and of nations; let us not be casual nor ashamed to stand before You, and bring our need to You. We know that by ourselves we are not sufficient for these days, and we face decisions that call for more than our best wisdom. Open our eyes to see what You are doing, and our ears to hear what You are saying.

And for this day, O Lord our God

Compel us to be just and honest in our dealings

Let our motives be clear and our word our bond

Let us be kind in our criticisms, remembering that

You are the judge of all the earth

Help us to do what is in principle excellent, more than what is politically expedient

And trust You for the rest. Amen."

COMMUNICATION

The President read a communication from the Governor's office. Senator Nething moved that the communication be printed in the Journal, which motion prevailed.

STATE OF NORTH DAKOTA  
EXECUTIVE OFFICE  
BISMARCK

February 24, 1975

The Honorable Wayne Sanstead  
President of the Senate  
North Dakota State Senate  
Bismarck, North Dakota 58505

Dear Mr. President:

As you know, state law sets forth the procedures to be followed in making appointments to the State Board of Higher Education. Section 15-10-02 of the North Dakota Century Code requires members of the board to be appointed by the Governor by and with the consent of the senate.

This section further states "nominations shall be made by the Governor from a list of three names for each position to be filled on such board, such names to be selected by the unanimous action of the President of the North Dakota Education Association, the Chief Justice of the Supreme Court and the Superintendent of Public Instruction." This section further provides that "there shall not be on said board at any one time more than one alumnus or former student of any one of the institutions under the jurisdiction of the board."

On February 13, 1975, I submitted for senate confirmation the name of Helen C. Jacobson, Williston, for a term on the Board of Higher Education from July 1, 1975 to July 1, 1982. She is a graduate of Minot State College. Mrs. Jacobson's name was one of the three submitted to me by the committee designated by law.

Subsequent to my appointment of Mrs. Jacobson and my forwarding of her name to the senate for confirmation it was only then learned that another member of the board, Mr. Richard H. McGee, had at one time been a student at, although not a graduate of, Minot State College. Although this information was not known either to the committee that submitted the three names to me or my office at the time this appointment was made, it is now apparent that, in view of this restriction in the law, Mrs. Jacobson is not eligible at this time to serve on the board.

For that reason, I hereby request that her name be withdrawn from further consideration. The following appointment has now been made to this position which, under state law, is subject to State Senate confirmation:

Lester M. Stern, Wahpeton

July 1, 1975-July 1, 1982

Sincerely yours,  
ARTHUR A. LINK  
Governor

The above appointment was referred to the Committee on Education.

## THIRTY-FIFTH DAY

Bismarck, February 24, 1975

The Senate convened pursuant to recess taken, the President presiding.

Prayer by Rev. Melvin Wipf, United Presbyterian Church, Cavalier, North Dakota.

"Let us pray. Almighty God, we have before us the men and women who make decisions that affect our state and all the people in it. We pray that truly we might recognize the great heritage that has come to us from senators of the past. Help us to be sensitive to history and that which it has given to us and help us to remember that we are writing history and so may we ever keep our feet on the ground, because this is where the problems are. This is where the needs of people are. May we ever keep our heads high in order that we might see solutions to those problems and might find them there clearly, but as we write history that we might move on and the future of this great state in a very positive way, a very creative way, so may we ever be sensitive to the needs of all of the people wherever they may be in this day. Amen."
