In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed, attach a supplementary sheet. (Please type)

The State Department of Health did some work after the 1971 passage of the act to develop standards and rules and regulations for control of noise. A model city ordinance was developed but lack of funds hindered further program development. To properly administer the act as proposed in H.B. 1077, the following appropriation would be needed for both fiscal year 1977 and the coming biennium because this act carries an emergency clause. One new position would be required to conduct this program.

Fiscal year 1977:

1977-1979 Biennium

Salaries and Wages	\$ 6,210	\$ 32,083
Fees and Services	750	5,300
Equipment	--	5,400
Supplies	200	1,000
Data Processing	400	3,000
	\$ 7,560	\$ 46,783

Total \$54,343
