In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed, attach a supplementary sheet. (Please type)

House Bill 1230 is a bill to repay the Presidential Disaster Fund for the Individual and Family Grant programs that were conducted in North Dakota as a result of the spring flood of 1975, the severe storm and summer flood of 1975, and the spring flood of 1976.

All the money received by the division of Disaster Emergency Services from the Federal government has been allocated to the counties (see attachment--shows the amount each county received).

The program was put into effect by the Governor at the request of the local political subdivisions (counties). The program called for a 75% Federal and 25% state or local match. If at the time of the disaster the State or its political subdivision lacked their 25% share, the State can request 100% from the Federal government. Then, the State, at its first opportunity, must ask its Legislature to repay its 25% share of the program. Therefore, House Bill 1230 is an attempt by the State to request its Legislature to repay its share of a program already administered.

If it appears this legislative proposal may have a fiscal effect upon one or more of the cities and counties of this state but your agency does not have the information available, or cannot gather the information on a timely basis, to allow a dollar estimate, please check one or more of the following:

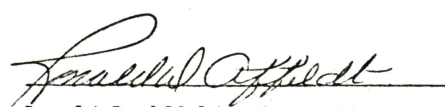

_____ The measure does have a fiscal impact in an unknown amount

about \$80,000.00 The measure does have a fiscal impact in a dollar amount estimated on the basis of inadequate information. (Enter dollar estimate in space above).

_____ The fiscal impact of the measure is unknown.
