House Bill 1395 requires the Secretary of State to supply all forms for reporting and also requires all reports to be filed in his office. The Secretary of State shall annually audit any statements filed by any state committee of any political party or statewide candidate for political office. These reports are always open to the public for inspection. Reporting, filing and auditing places an extra burden of work on our office force. Therefore, we will need extra help in the office and office equipment.
