In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed, attach a supplementary sheet. (Please type)

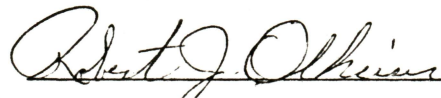

House Bill 1571 would not require additional personnel for administration. Any inspections, investigations, testing or sampling which would be carried out under the Act would be performed by our present staff.

We are working with the Consumer Product Safety Commission in a limited education program. The Consumer Product Safety Commission is reimbursing North Dakota for expenses incurred in this program.

We feel we can carry out the intent of House Bill 1571 with no added cost to the State. The Act is intended primarily to allow us to take action when an imminently hazardous consumer product is on the market, and to educate consumers about product safety features. We feel we can do so with our present resources and through cooperation with the Consumer Product Safety Commission.
