

(Prepare in triplicate)

FISCAL NOTE

Prepared in regard to:

Senate Bill #2209
(List bill or resolution and number, if available, or subject)

Amendment to: _____
(List bill or resolution and number)

Requested by: Legislative Council Date of receipt: _____ 19__

In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed, attach a supplementary sheet. (Please type)

For several years the Laboratories Department has analyzed samples for the law enforcement community. In the past two years the number and kinds of these requests have increased. There are costs incurred as a result of these analyses and an amendment to the Laboratories Department's appropriation has been introduced. The amendment would partially ease the impact of additional law enforcement work if passed.

We do not know the degree to which our workload will increase if S.B. 2209 passes. If the amendment to our appropriation passes, the fiscal impact of S.B. 2209 would be small. If the amendment would not pass, we would need approximately \$19,500 for equipment to meet the requests we anticipate receiving.

If it appears this legislative proposal may have a fiscal effect upon one or more of the cities and counties of this state but your agency does not have the information available, or cannot gather the information on a timely basis, to allow a dollar estimate, please check one or more of the following:

- _____ The measure does have a fiscal impact in an unknown amount
- _____ The measure does have a fiscal impact in a dollar amount estimated on the basis of inadequate information. (Enter dollar estimate in space above).
- _____ The fiscal impact of the measure is unknown.

Date of preparation: January 17, 1977

Signed
