The director of institutions is hereby authorized to make payments during the 1977-79 biennium from the institutional medical fees line item for outside-of-institution hospital and related physician care for penitentiary inmates, Grafton state school and San Haven state hospital residents, and state industrial school students.

SECTION 6.) The director of institutions is hereby authorized to negotiate long-term contracts for two-tier pricing for the state telecommunications network."

And renumber the lines and pages accordingly.

And when so amended recommends the same do pass.

STATEMENT OF PURPOSE OF AMENDMENT:

Director of Institutions:

The purpose is to add \$5,583 to the Director of Institutions' salaries and wages line item to cover increased fringe benefit costs; \$10,000 to increase the central mailing postage revolving fund; \$22,000 to the land, structures, and major improvements line item to increase the plaza repair project funding, and to delete the classification change line item. A new line item entitled "Institutional medical fees" in the amount of \$238,750 is added to the Director of Institutions' appropriation.

These funds will be utilized for outside-of-institution hospitalization and related physician care needs of Penitentiary inmates, Grafton State School and San Haven State Hospital residents, and State Industrial School students. Therefore, the following amounts for medical fees for hospital and doctor care were deleted from the budgets of the following institutions:

State Industrial School	\$ 5,100
State Penitentiary	123,000
Grafton State School	115,000
San Haven State Hospital	25,000

Educating Deaf-Blind Children:

The purpose is to increase the Deaf-Blind budget by \$18,250 for two night attendant positions for the last year of the 1977-79 biennium and to delete the classification change line item.

Library Commission:

The purpose is to delete the classification change line item.

Radio Communications:

The intent is to delete the classification change line item of \$4,864 and transfer this amount into the salaries and wages line item.

State Industrial School:

This amendment increases the Industrial School salaries and wages appropriation by \$46,663. This increase is the result of adding \$42,244 for adequate funding for summer employees; adding \$5,991 for classification change to the salaries and wages line item; and subtracting \$1,572 to reflect a calculation adjustment in the salary and wage line item.

The classification change line item of \$15,991 is deleted. The Industrial School fees and services appropriation is reduced by \$6,771 in accordance with committee guidelines for five percent annual inflation increases and by \$5,100 for the transfer of outside medical and related physician fees to the Director of Institutions' appropriation. The total reduction to the fees and services line item is \$11,871.

The Industrial School supplies and materials appropriation is increased by \$10,332 in accordance with committee guidelines for five percent annual inflation increases.

The Industrial School equipment appropriation is reduced by \$3,137 in accordance with amounts set forth in the school's budget request and recommended in the executive budget.

The estimated income line item for the Industrial School is increased by \$58,000 to reflect revised estimates for the amount of federal reimbursement payments expected for certain students.

The Industrial School appropriation includes \$21,288 for electricity and \$85,393 for heating fuel as originally requested by the school.

School for the Blind:

The purpose is to increase the School for the Blind salaries and wages

line item by \$10,609 for a librarian position for the last year of the 1977-79 biennium; to delete the classification change line item; to reduce fees and services by \$3,458, and supplies and materials by \$862 to reflect a five percent per year estimated rate of inflation for the 1977-79 biennium. The School for the Blind budget includes \$33,355 for electricity, natural gas, and steam heat.

School for the Deaf:

The purpose is to increase the School for the Deaf salaries and wages line item by \$1,525 for fringe benefits and by \$11,997 for a clerk steno I position, to delete the classification line item, and to reduce fees and services by \$1,510, and supplies and materials by \$959 to reflect an estimated rate of five percent annual inflation during the next biennium. The School for the Deaf appropriation includes \$90,383 for natural gas, fuel oil, coal, and electricity.

Grafton State School:

The purpose is to adjust the Grafton State School salaries and wages line item by \$88,019 to increase the amount allowed for fringe benefits, and by \$535,500 to bring the employees in the ward attendant I classification to the midpoint of the salary range. The budget is further adjusted to delete the classification change line item — \$100,860, to reduce fees and services by \$5,792, and supplies and materials by \$17,748 to reflect a five percent per year estimated rate of inflation for the 1977-79 biennium, and to reduce medical fees for hospital and related physician care by \$115,000 because funds for this purpose have been provided for in the Director of Institutions' budget. The Grafton State School budget includes \$387,986 for electricity, fuel oil, and natural gas.

State Penitentiary:

This amendment increases the Penitentiary salary and wage appropriation by \$20,811. This increase is the result of adding \$10,130 to provide an adequate amount for fringe benefits and \$10,681 to pay correctional officer salaries in accordance with classification ranges.

The amount of \$21,554 recommended for classification change is deleted.

The Penitentiary fees and services appropriation is reduced a total of \$109,168 primarily as the result of transferring the outside hospital and related physician costs to the Director of Institutions' appropriation. Also, the fees and services appropriation is adjusted in accordance with five percent annual inflation guidelines. The fees and services amount for confinement of prisoners outside the state is increased to reflect revised estimates for charges for prisoners housed outside the state.

The supplies and materials appropriation is reduced by \$27,178 in accordance with five percent annual inflation guidelines.

The amount of \$21,900 in federal funds is added for a staff training program for correctional officers.

The equipment appropriation is reduced by \$2,100 for equipment for a requested new position which was not allowed.

The land, structures, and major improvements appropriation is reduced by \$7,600 since inmate labor will be used to construct a central supply warehouse.

The estimated income is increased by \$229,900 to reflect revised estimates for reimbursement of 10 additional federal prisoners estimated to be housed at the Penitentiary and for federal funds for the staff training program.

The Penitentiary appropriation includes \$134,246 for six additional correctional officers which are included in the executive budget.

The Penitentiary appropriation includes \$28,438 for electricity and \$116,821 for heating fuel costs as originally estimated by the Penitentiary. Penitentiary Industries:

This amendment increases the Penitentiary industry salary and wage appropriation by \$31,050. This increase is the result of adding \$1,096 to provide adequate funds for fringe benefits and unemployment compensation costs and \$29,954 for a new position related to the soap manufacturing industry. The amount recommended for classification change is deleted.

The fees and services appropriation is increased by \$114,820 for costs related to the soap manufacturing industry of which \$75,000 is from the general fund.

The supplies and materials appropriation is increased by \$301,650 for costs related to the soap manufacturing industry of which \$25,000 is from the general fund.

The equipment appropriation is increased by \$2,000 for costs related to the soap manufacturing industry.

The appropriation for land, structures, and major improvements reflects a net increase of \$840. This increase is the result of adding \$10,000 from the general fund for the soap industry and decreasing the general fund amount for construction of a furniture shop by \$9,160 since inmate labor will be used in the construction of the furniture shop.

The net result of these amendments is to increase the general fund appropriation by \$100,840 by adding \$110,000 for startup costs of the soap industry and reducing \$9,160 from the estimated cost of the furniture shop.

San Haven State Hospital:

The purpose is to correct the San Haven State Hospital salaries and wages line item by deleting \$100,000 because of a miscalculation; to increase the amount allowed for fringe benefits by \$18,001; and to include \$158,230 to bring the employees in the ward attendant I classification to the midpoint of the salary range. The budget is further adjusted to delete the classification change line item — \$38,301; to reduce fees and services by \$1,666; and supplies and materials by \$17,134 to reflect a five percent per year estimated rate of inflation for the 1977-79 biennium; and to reduce medical fees by \$25,000 because funds for this purpose have been provided for in the Director of Institutions' budget. The San Haven State Hospital budget includes \$149,765 for electricity and coal.

And when so amended, recommends the same do pass.

The health care provider shall file the amount of the premium charged for the policy of insurance with the commissioner.

SECTION 13. QUALIFYING INSURANCE COVERAGE — CANCELLATION.) No policy of liability insurance supporting proof of financial responsibility with the commissioner can be effectively cancelled or terminated by the insurer unless at least sixty days before the effective date of cancellation a written notice giving the date upon which termination becomes effective is mailed to the insured at his last known address and to the commissioner at his office by certified or registered mail with the postage prepaid.

SECTION 14. ADVANCE PAYMENTS OR SERVICES BY HEALTH CARE PROVIDER OR INSURER.) Any payment made or service extended by a health care provider or his insurer to or for a patient or any other person on the patient's behalf in advance of a final determination of liability of all health care providers shall not be construed as an admission of liability for injuries or damages suffered in any action brought under this Act. When a patient or his representative shall obtain a final judgment against a health care provider in any action subject to the provisions of this Act, the court shall reduce the judgment by the amount of any advance payments or the value of any service advanced to or for the patient. Any judgment reduction shall inure to the exclusive benefit of the health care provider by whom or on whose behalf the payment was made or the service performed. In no case shall advance payments or

services in excess of the amount found to be due from any health care provider be repayable by the patient or his representative.

SECTION 15. PATIENT TRUST FUND.)

1. There is hereby created a patient trust fund to be collected and administered by the commissioner for the purposes of this Act. The fund and any income derived therefrom shall be held in trust by the state, and the investment thereof shall be under supervision of the state investment board in accordance with chapter 21-10. To accumulate and maintain the fund, an annual assessment shall be levied upon all health care providers in the state qualifying under this Act. The assessment for each qualifying health care provider shall be a percentage of the premium paid, not to exceed one hundred fifty percent, by each health care provider for the liability insurance coverage required to qualify under this Act as determined by the commissioner. Assessments levied by the commissioner shall not exceed the amount necessary to maintain an adequate fund as determined by the commissioner, subject to review pursuant to chapter 28-32.

2. The commissioner shall notify each health care provider of the annual assessment due within thirty days of the date that proof of financial responsibility is filed in his office. The annual assessment shall be due and payable to the commissioner within thirty days of notice to each health care provider.

3. The necessary expense of accumulating, maintaining, protecting, and administering the fund shall be paid by annual transfers from the fund to the general fund of the state upon warrants prepared by the department of accounts and purchases.

Such surcharge shall be due and payable within thirty days after the same is levied.

5. The commission may cause all or any part of the potential liability of the fund to be reinsured if reinsurance is available at a fair and reasonable price. The cost of any reinsurance shall be paid from the fund.

A judgment entered in the manner provided by this section may be subject to modification or termination on the basis of specified contingencies.

SECTION 17. FUND LIABILITY MAY BE ESTABLISHED WITHOUT JUDGMENT.) If the liability insurer of a health care provider shall agree to settle its liability on a claim against its insured by payment of the policy limits of one hundred thousand dollars and the claimant

demands additional payments, proceedings to determine what amount, if any, should be paid to or on behalf of the claimant by the fund may be initiated in the district court without a jury by the claimant naming the fund as defendant. The fund is authorized to enter a stipulation with the claimant, in which event the court, when satisfied by the evidence that said stipulation is reasonable, shall approve the same. The court, however, shall have continuing jurisdiction over the payments and may order the payments changed as changes in circumstances may dictate.

SECTION 18. FUND PAYMENTS — WHEN ORDERED.) In no case shall any payment be ordered from the fund unless payment of one hundred thousand dollars by or on behalf of each liable health care provider shall have been made to the claimant.

POINT OF PERSONAL PRIVILEGE

Rep. Gackle: "Mr. Speaker:

"I rise on a point of personal privilege.

"I felt that we were completely out of order in discussing the amendments because I had merely requested to divide these amendments. We were speaking on Section A and the discussion got on Section B of the amendments, and in the confusion, because we are a little behind on the calendar, a motion was made that was undebatable. I felt that my request was not even considered and I was unable to have the opportunity to discuss the issue, which I had requested, and that was on Section B of the amendments as divided."

POINT OF PERSONAL PRIVILEGE

Rep. Laughlin: "Mr. Speaker:

"I rise on a point of personal privilege. I had my light on and I did not get to speak on the bill. There has been nothing but misunderstanding on this bill since it came in. We had a tobacco industry representative fly all the way from Virginia because he thought we were raising the tax on cigarettes. We had several people from back home call, who thought that we were raising the price of cigarettes. We are short of time, so we felt we had to go through this in a hurry, and I feel that the Speaker ruled we were to talk on the first section of the amendment, and I felt we were actually talking on the second section. As sponsor, I feel it is too bad that this happened because I sincerely feel that this country is entitled to some cigarette money. Some does go to the rural areas through the General Fund, but I don't feel Rep. Hausauer was talking about the first amend-

ment. This seems to be a time element problem of rush, rush, rush."

MOTIONS

Rep. Gackle moved that the rules be suspended, and the House reconsider its action by which the Committee Report on House Bill No. 1581 was accepted, which motion prevailed.

POINT OF PERSONAL PRIVILEGE

Rep. Timm: "Mr. Speaker:

"I rise on a point of personal privilege.

"I hope that the vote taken on House Bill No. 1169 does not antagonize the landowners. I would hope that the hunters of North Dakota have gotten the point now by going through this legislation that they had better get out and do their share in improving the hunter-farmer relationship, and I would hope that everyone connected with hunting would get out and try to further and improve the hunter-landowner relationship. I repeat, I hope that the landowners do not take this vote to mean that the hunter has no regard for the farm land."

Rep. Strinden moved that the rules be suspended and that House Bill No. 1548 be placed at the head of the calendar, which motion prevailed.

POINT OF PERSONAL PRIVILEGE

Rep. Murphy: "Mr. Speaker, Ladies and Gentlemen:

"I request that my remarks be printed in the Journal.

"I requested this bill draft during the interim, and introduced it as soon as I received it from the Legislative Council. When the bill finally arrived at the Appropriation Committee, the meeting was called for one o'clock. Someone stopped me in the hall, and I got to the Committee room at eight minutes after one. The bill had already been killed. Not just the appropriation, but the whole bill, even though it had already passed the Finance and Taxation Committee.

"I keep remembering a little neighbor boy. At noon I told him if he would catch some live frogs, I would take him cat fishing that evening. That evening he said he hadn't caught any live frogs because the only way he could catch them alive was to hit them with a stick, and when he hit them with a stick, when they woke up, they were already dead.

"There is little use here and now, arguing the merits of this bill. I would venture there aren't over ten people in this chamber who thoroughly understand the foundation program, sales ratio study, and how it all doesn't work.

"There are millions involved, and that money is going to be raised and spent regardless of whether or not this bill is passed. The difference is if this bill would pass, all the people would share in the cost. If not, 40 percent, have to carry the whole load.

"I have been cursed, kicked, and even had my life threatened trying to get legislation passed that I believed in. Now I may not always have been right, but it does make me mad when I see this body pass laws that would deny people the right to vote on whether or not their community is to be

regulated and zoned; laws that would take property (mineral rights) away from one person, and give it to another without any compensation, when you won't allow a private property owner to care for his own property, trespass, and make it a felony to trespass on State owned land; when I, as a legislator, am not allowed to remove amendments from a bill that I had introduced that wasn't pertinent to the bill, and I believe put there to kill the bill — there are many more instances, but to get on with it. I like the last line of this little poem. I thought you might like it too.

"I've got a letter, Parson, from my son way out West:

An' my achin' heart is heavy as an anvil in my breast.

His letters come so seldom that I somehow sort o' knowed

That Billy was a-trampin' on a mighty rocky road.

But I never once imagined he would bow my head in shame

And in the dust he would waller his ol' Daddy's honored name.

He writes from out in Hilltown, and the story's mighty short;

I jist can't tell his mother; it would break her poor ol' heart;

And so I reckon, Parson, you might break the news to her—

Bill's in the legislature, but he doesn't say what fur!"

RECOGNITION

Congressman Reuss, Chairman of the U.S. House of Representatives Banking and Urban Affairs Committee, was introduced, and he briefly addressed the Assembly.

Rep. Gerl moved that the following remarks of Congressman Reuss be printed in the Journal, which motion prevailed.

REMARKS OF CONGRESSMAN HENRY S. REUSS

"Mr. Speaker, My Fellow Legislators:

"Thank you for this very warm welcome to the Great State of North Dakota. I have had a simply wonderful day enjoying your traditional hospitality. We started out at the Prayer Breakfast this morning, and I conversed with the bankers for a while, and saw with great interest your State Bank of North Dakota, and now briefly before I catch a plane back to my district, I can appear before you to pay my respects.

"Our states of Wisconsin and North Dakota have so much in common — populist tradition is in our blood. We have Bob LaFollette, and your heroes of the people — Lembke, Langer and Usher Burdick. You demonstrate the same will to make the benefits of education, good health and conservation of our soil available to all the people. I am so impressed with what your banking system is doing by way of helping farmers get credit they need and helping students complete higher education. It inspires me to go back to Washington and continue my efforts to see that the Federal Reserve keeps adequate supplies of credit and low enough interest rates so these practices can be continued. You have solved your problems better than so many of our states. Your unemployment is low, you are preserving your precious resources of the soil and fields and what is under the soil.

"It is a pleasure to be here. I admire you for having a fifty-fifty split in your membership handled so efficiently as you are doing. I enjoyed your excusing of absent members at 2:00 o'clock. I am taking this procedure back to Tip O'Neil. As I told the Speaker, our Speaker in Washington is slightly more endowed physically, but they both share a keen reverence for our parliamentary system and a desire to make democracy work.

"Thank you for the honor of letting me be with you. Come and see us in Washington.

"Thank you."

RECOGNITION

Speaker Solberg appointed Rep. Richard to escort Mr. Brad Scott, State President of the Future Farmers of America, from Rolette, North Dakota, to the rostrum.

Mr. Scott was introduced to the Assembly, and briefly spoke on behalf of the Future Farmers of America.

Rep. Gerl moved that the following remarks of Brad Scott be printed in the Journal, which motion prevailed.

REMARKS OF BRAD SCOTT

STATE PRESIDENT OF THE FUTURE FARMERS OF AMERICA

"Thank you, Mr. Speaker and Representatives of the 45th Legislative Session.

"On behalf of the North Dakota State Association of Future Farmers of America, we sincerely appreciate this opportunity to express ourselves during this nationally recognized F.F.F. Week.

"The Lord's Prayer contains 56 words, the Declaration of Independence has 297 words, and the 10 Commandments contains 300 words, but a Government Proclamation declaring the price of cabbage contains 16,911 words. Which just goes to show that some of the most important things you'll hear won't necessarily be the longest. But I believe there is a story to be told. The F.F.A. nationally has ½ million members. It is the largest youth organization in the United States. In North Dakota there are 5,700 members. These are boys and girls engaged in Agriculture and Agribusiness. Agriculture, the largest industry in the United States, has 40 per cent of the total work force. In North Dakota this figure is displayed even more with 65 per cent directly or indirectly engaged in agriculture.

"Boys and girls engaged in vocational education realize the importance of agriculture. We have accepted the challenge to tell the Farmers' Story, not only to farmers, but to the daily consumers. Young men and women who believe that Agricultural Leadership, Citizenship, and Cooperation, the primary purpose of F.F.A., is a way to foresee that challenge. North Dakota is the fastest growing state association and we're proud of it, and thank you for your support.

"F.F.A. is not just the Future Farmers of America. It is something more. It is the Future For America. This organization represents the future leaders of tomorrow.

"Before I go I would like to leave you with a poem which was shared with me when I took office. It depicts the responsibility you shoulder:

"You are the one who has to decide,
Whether you do it or toss it aside.
You are the one who must make up your mind,
Whether to lead or linger behind.
Whether to strive for a goal that is far,
Or be content to sit where you are.
Take it or leave it, here's something to do,
Just think it over, it's all up to you.

"On behalf of Vocational Agriculture and all vocational youth organizations, I express our confidence and pride we have in you. God Bless You, and thank you very much."

Which was read the first time.

Representative Mund moved that the rules be suspended, that House Resolution No. 4 not be referred to committee, be read in its entirety, not printed as a bill but printed in the journal, and placed on second reading and final passage, which motion prevailed.

HOUSE RESOLUTION NO. 4

Introduced by the Committee on Photography through the Committee on Delayed Bills.

Introduced by Reps. Larry Richter and Harold Mund.

A resolution to appoint an official photographer for the House of Representatives of the Forty-fifth Legislative Assembly of the State of North Dakota.

WHEREAS, for historical purposes it has been the custom of all North Dakota Legislative Assemblies to have composite group pictures made of all members of such assemblies; and

WHEREAS, Dakota-Color Studio of Bismarck, North Dakota, offers to take six color proof photographs of each Representative, the Clerk of the House, the Assistant House Clerk, the House Bill Clerk, the House Desk Reporter, and the House Sergeant-At-Arms, and to retouch the final prints to make a composite color picture, size 38 x 49 inches, framed and ready to hang, of the photographs of the aforementioned; to make 105 color copies of said picture, 11 x 14 inches in size, one for each person

with the Senate in not returning HB 1262. To me the Senate's action was petty and capricious.

"In the Supreme Court's action regarding the Lt. Governor they state that our system of government is designed to prevent chaos and confusion.

"The Court also says that a direct confrontation between two law making bodies should be avoided, and I quote '... so as to insure an orderly law making process during the term of the 45th Legislative Assembly', and the Court has assumed jurisdiction in cases that (again I quote) 'that would produce a potentially embarrassing confrontation between equal and coordinate branches of government.'

"In deciding against the Lt. Governor the Court draws upon historical development and tradition — using cases from 1903 and 1937 as compared with 1962 and 1966 cases used by the Attorney General.

"I submit, therefore, that the Senate has completely ignored No. 1 Legislative intent; No. 2 past precedents and history; and, No. 3 has created a situation that has produced an embarrassing confrontation.

"These are the same reasons that the Court found in favor of the Senate and now the majority of the Senate is telling the people of this State that the rules apply only to the Lt. Governor and not to them.

"Again, I say that the Senate majority is acting in a petty and capricious manner or if that is not the case, I believe that court has based their decision not on fact or legal logic but rather decided it in a petty and capricious manner. I leave it up to the people of the state of North Dakota to decide."

FIRST READING OF HOUSE CONCURRENT RESOLUTION

Representative Strinden moved that the rules be suspended, that House Concurrent Resolution No. 3097 not be referred to committee, not printed as a bill but printed in the journal, be read in its entirety, and placed on second reading and final passage, which motion prevailed.

HOUSE CONCURRENT RESOLUTION NO. 3097

Introduced by Representatives McGauvran, Nicholas.

A concurrent resolution requesting Senator Milton R. Young to negotiate with the General Services Administration regarding transfer of the Nekoma ABM site to state control.

WHEREAS, the Forty-fifth Legislative Assembly of North Dakota has determined that it would be in the best interests of the State of North Dakota and its citizens for the state to accept transfer of the Nekoma ABM site from the federal government under certain conditions; and

WHEREAS, House Bill No. 1443 of the Forty-fifth Legislative Assembly empowers the State of North Dakota to accept transfer of the site only under the condition that if, at any time during the 1977-79 biennium, the Legislative Council's Budget Section determines that the interest of North Dakota would be best served by the private ownership of the site, and if there are private interests willing and able to purchase the site, the Budget Section may reconvey the site to the federal government with the recommendation that it be sold to private interests; and

WHEREAS, such a conditional transfer to the State of North Dakota will require some favorable interpretations of rules and regulations by the General Services Administration; and

WHEREAS, Senator Milton R. Young has agreed to work with the General Services Administration in negotiating a transfer of the Nekoma ABM site to the State of North Dakota under the conditions stated in this resolution;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Forty-fifth Legislative Assembly request and authorize Senator Milton R. Young to negotiate with the General Services Administration for the transfer of the Nekoma ABM site to the State of North Dakota with the state retaining the right to reconvey it to the federal government for sale to private interests should the Budget Section of the Legislative Council deem this in the best interests of North Dakota; and

HOUSE CONCURRENT RESOLUTION No. 3103

Introduced by Representatives Strinden, Backes.

A concurrent resolution citing the legislative interest of North Dakota, and her sister state South Dakota, in, and their support of, Missouri River development in the form of the Oahe and Garrison projects, and memorializing the President and the Congress of the United States not to withdraw federal support from these projects.

WHEREAS, South Dakota and North Dakota recognize the importance of utilizing the waters of the Upper Missouri River Basin for their mutual benefit in meeting the basic needs for human consumption, for domestic

uses, and to grow food, the very essentials of life sustaining activities; and

WHEREAS, North Dakota and South Dakota, two of the most agriculturally oriented states in the nation, are facing the very real and immediate problems of drought, problems which could have a significant impact not only in the United States, but also in the world's agricultural market; and

WHEREAS, cities in North Dakota and South Dakota are in some instances being forced to implement water rationing as water supplies continue to dwindle at an alarming rate; and

WHEREAS, the citizens of the Garrison Diversion Conservancy District and the Oahe Conservancy Subdistrict have expended significant amounts of money in preparation for the operation and maintenance of the projects; and

WHEREAS, the State of North Dakota has suffered the loss of 568,000 acres of fertile river bottom farmland for the construction of Missouri River reservoirs necessary as a first stage in the development of the entire Missouri River Basin; and

WHEREAS, the State of South Dakota has suffered a similar loss of 509,000 acres of river bottom farmland; and

WHEREAS, the states of North Dakota and South Dakota believe that this loss of 1,077,000 acres of agriculturally productive land can be fairly compensated for by federal support for the irrigation of other agricultural lands utilizing water from the Garrison and Oahe Reservoirs; and

WHEREAS, the benefits from the reservoir construction on the mainstem of the Missouri River in the form of flood control, navigation, and power generation have accrued, to a great extent, to out-of-state interests; and

WHEREAS, the Oahe project in South Dakota and the Garrison project in North Dakota constitute interlocking aspects of the coordinated Missouri River development program; and

WHEREAS, the proposed discontinuance of funding at the federal level for either program would jeopardize the overall development of the water resources in the Dakotas; and

WHEREAS, North Dakota and South Dakota, as sister states, recognize the necessity of working together to protect our mutual inheritance of Missouri River water;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That North Dakota join with her sister state South Dakota to memorialize the President and the Congress of the United States not to place a moratorium upon the development of the Garrison or the Oahe projects, and to proceed with their completion with all deliberate speed; and

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, each member of the South Dakota and North Dakota Congressional Delegations, the Secretary of the Interior, the Governor of North Dakota, the Governor of South Dakota, and the South Dakota Senate and House of Representatives.

SECOND READING OF HOUSE CONCURRENT RESOLUTION

House Concurrent Resolution No. 3103. A concurrent resolution citing the legislative interest of North Dakota, and her sister state South Dakota, in, and their support of, Missouri River development in the form of the Oahe and Garrison projects, and memorializing the President and the Congress of the United States not to withdraw federal support from these projects.

Was read the second time.

The question being on the final adoption of the resolution.

So the House Concurrent Resolution was declared adopted on a voice vote.

FIRST READING OF HOUSE CONCURRENT RESOLUTION

Reps. Gerl and Mushik introduced:

House Concurrent Resolution No. 3104. A concurrent resolution congratulating the Mandan High School wrestling team and its coach, Dave Mellen, for winning the State Class A wrestling championship.

Which was read the first time.

Representative Gerl moved that the rules be suspended, that House Concurrent Resolution No. 3104 not be referred to committee, not printed as a bill but printed in the journal, be read in its entirety, and placed on second reading and final passage; which motion prevailed.

HOUSE CONCURRENT RESOLUTION No. 3104

Introduced by Representatives Gerl, Mushik.

A concurrent resolution congratulating the Mandan High School wrestling team and its coach, Dave Mellen, for winning the State Class A wrestling championship.

WHEREAS, the Mandan High School wrestling team blitzed the field by racking up a record 195½ points to win the State Class A wrestling championship in Bismarck Friday and Saturday, February 25-26, 1977; and

WHEREAS, the Mandan Braves, in what was expected to be a close meet, exploded for 175½ points through the semifinals, the most sensational start any team has ever had in the state mat classic since it began in 1958; and

WHEREAS, the Braves grapplers were ably coached by Dave Mellen, who, in his three years at Mandan High School, has tutored the Braves matmen to a sparkling 35-4-1 dual meet record and two third place finishes in the two previous mat finals; and

WHEREAS, Mandan's domination over the year-end mat extravaganza was clearly shown to the wrestling aficionados on hand for the meet at Bismarck's Civic Center when all 11 of the Braves in the meet scored points and nine of them advanced to the finals where five of them won individual state championships; and

WHEREAS, the record 195½ points eclipsed the previous record of 146 set by Bismarck High School in 1975, and the Mandan championship ended Bismarck's string of consecutive state championships at five;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Forty-fifth Legislative Assembly, which is going to the mat itself wrestling with some weighty problems of state, extend its sincere congratulations on a job exceedingly well done to the Mandan High

School wrestling team and its coach, Dave Mellen, for winning the 1977 State Class A wrestling championship; and

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the superintendent of Mandan High School and to wrestling coach Dave Mellen.

POINT OF PERSONAL PRIVILEGE

Rep. Marsden: "Speaker Solberg, Ladies and Gentlemen:

"I rise on a point of personal privilege and request that my remarks be printed in the Journal.

"Because of a front page story in a North Dakota daily newspaper last week, I am prompted to make this statement for the public record. That story intimated that House Bill No. 1258 was 'slipped' through the House of Representatives. I believe that to be not the fact since I, personally, stood on this floor and explained every detail of that Bill on the day it was passed and every member had the complete copy of the re-written Bill

before them in their bill book.

"I'd also like to add that at no time did I ever refer to the tax as a 'surtax' — another daily newspaper came up with that description. While on that point, to the Senator who was quoted as saying 'It is unfortunate this thing was sold as a 1½ percent surcharge.' I would suggest that he read the Bill and not depend on the newspapers to describe it for him.

"Those of us who spoke in favor of passage suggested to this assembly that we pass the Bill as a possible — possible alternative to the revenue sharing Bill that had been passed by the Senate. I am well aware that is the basis on which many of you voted 'AYE' and I don't believe you need to apologize for doing that.

"I do not mean to imply that House Bill No. 1258 is the best answer to the revenue sharing concept. Like any Bill, it is an idea. However, I do say that it is a responsible approach because it does not just appropriate money but it also provides the means of raising the money to appropriate. It is not difficult to think up ways for government to spend money for good causes (of which there are many) but since we cannot print money here in Bismarck — as they do in Washington, D. C. — we must first collect it from the taxpayers of this state. Some people often publicly suggest that corporations and big business should pay all of the taxes needed. I do not happen to buy that philosophy and believe the term 'taxpayer' applies to most all of the state's citizens, especially those who are subject to income tax. Whether or not the state's taxable income level is fair and equitable is another question.

"However, the reason for this statement is not to defend or debate the Bill itself, I will let the members of the Senate do that at this point in time.

"I have been a longtime defender of freedom of the press and I will continue to be since that is an essential part of this Republic. I also believe that with that freedom goes the duty of being responsible. The headline which said 'Bill Slips by Raising State Income Tax 40 Percent' does not meet that responsibility in my mind. Although it was not an outright untruth, it certainly was a distortion of the facts.

"Furthermore, when speaking about the effects of the Bill, it appears that they took the inflation credit against the income taxes due when in fact the inflation credit, at present, does not exist without this Bill and should have been applied at least separately as an offset to the local governmental services tax if they were really going to describe the effects fairly. In addition to that, since repeal of the Business Privilege Tax is also in the Bill, the further effect of that off-setting credit should have also been explained more fully.

"I believe it to be the responsibility of the press to see that their headlines are fair and that their news stories are accurate. I don't believe that the story in question completely meets that responsibility which is so necessary if freedom of the press is to survive. I sincerely hope that those of you of the press carefully consider what I have said today. Freedom is not free — freedom must be earned. We must accept the responsibility required if we are to preserve all of our Freedoms. May God help us in that endeavor. Thank you."

POINT OF PERSONAL PRIVILEGE

Rep. Conmy: "Mr. Speaker, Members of this Assembly:

"I rise to a point of personal privilege.

"I am sure all of you by now have the most recent communication from the Right-to-Life Association. I would like to explain to you what transpired and illustrate to you my position.

"In the last campaign, I received a questionnaire from the Right-to-Life Association. One of the questions I could not answer yes or no, so I wrote a two-page response to that question, and I did answer the question, but not in the form I was supposed to use. After that two-page, somewhat detailed answer, the Right-to-Life Association or Dr. Fortman or whoever was hired for this purpose listed that I had failed to answer the question. Perhaps I might better have answered with a ten-page letter. The information was distributed that Conmy failed to answer a crucial question of the Right-to-Life Association.

"When the memorialization, as it is called, came up before Judiciary, I voted no. It was a 13 to 2 vote, and I was one of the 2, and I explained my vote by pointing out my displeasure for the action taken by Dr. Fortman and the Association in the last election, and I indicated my no vote was my payment to them for their actions toward me and, I suppose, toward many in this chamber.

"I did not make reference to Dr. Fortman's family. I did not use the word 'pedigree.' I used the word 'pettifog' which means to quibble over petty details.

"As Rep. Haugland will verify, I carried this matter in the past for the Right-to-Life Association before Dr. Fortman took over this Association. I think it is wonderful he devotes his time to this cause. I did want to inform you, however, of the background leading up to my statement and the publicity which has been given to it. This letter illustrates my position. I disagreed with him, and now I am an advocate of the slaughter of unborn children. This letter illustrates my opposition to Dr. Fortman and his tactics, and is a far better illustration than I could say."

Rep. Jacobson moved that Senate Bill No. 2360 be re-referred to the Committee on Political Subdivisions, which motion prevailed.

POINT OF PERSONAL PRIVILEGE

Rep. Murphy: "Mr. Speaker, and Members of the House:

"I rise to a point of personal privilege — House Rule No. 25 says something to the effect that a member having a conflict of interest should declare that conflict before being allowed to vote and may be allowed to vote by motion of the House. Now I can appreciate that many conflicts are of a minor nature, but so often during this Session one member has been allowed to vote and all other members have been given blanket permission without having declared their conflict. Now, I believe this rule is very necessary and that we haven't been enforcing it adequately. We have voted on several bills pertaining to mineral rights, severed minerals, adverse possession of minerals and the like.

"In many instances some of these bills might involve even millions of dollars per section of land. Now this may have been overlooked on their part but I have been informed that at least some members of this body have voted on these measures without declaring a conflict.

"I think it is a serious matter and perhaps the Rules Committee should review House Rule No. 25 and how it is being applied and either start enforcing the rule or let's do away with it.

"Thank you!"

AMENDMENTS TO SENATE BILL No. 2500

On page 1 of the engrossed bill, line 1, after the words "A BILL" delete the remainder of the bill and insert in lieu thereof the following:

"for an Act to provide for a severance tax for the privilege of severing coal from the earth; to provide procedures for the imposition, collection, and administration of such tax; to provide for the deposit of the proceeds of such tax in the state treasury and for the allocation thereof to the state and its political subdivisions; to provide for a coal development impact office in the office of the governor; to provide for a state coal development impact commission and a county coal development impact commission to approve or disapprove impact grants; and to amend and reenact sections 57-60-02, 57-60-14 and 57-60-15 of the North Dakota Century Code, relating to the coal conversion facilities privilege tax and the allocation of revenues therefrom.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1 DEFINITIONS.) As used in this Act:

1. The "board" or "state board" means the state board of equalization.

2. The "fair market value of the coal" means, in the case of each individual sales contract for coal, a price per ton for coal which has been sold under an arms-length contract and which includes all costs as herein provided. Such costs must include but are not limited to the following:

a. Market value of the rights of the coal mine operator in the coal before severance or, when the unsevered coal is owned wholly or partly by the user, the market value of the owner's rights therein.

b. Any rents, royalties, or bonuses paid with respect to the coal.

c. Costs, including the costs of extraction of the coal from the earth. All mining costs of loading and hauling such coal from the place of extraction to the various points of processing and loading for shipment, costs of coal treatment processes such as crushing, sizing, and oiling, costs of loading

the coal onto transportation equipment for shipment, and costs of reclamation of mined land, all of which costs shall include, but shall not be limited to, the following:

(1) Labor and management costs, including but not limited to salaries and wages, payroll and other taxes, payments to labor union funds and retirement plans.

(2) The cost of owning and financing or of leasing equipment used for the purposes described in this subdivision and the cost of operating that equipment.

(3) The cost of electricity and fuel, or the equivalent value thereof when not purchased, required to operate all mining equipment.

Fair market value of the coal shall not, however, include the amount of severance tax imposed by this Act and shall not include transportation costs other than those described in subdivision c of this subsection.

3. "Coal development" shall mean the mining of coal and industries directly related to the processing of coal, including, but not limited to, the generation of electricity from coal or coal products, coal gasification, coal liquefaction, and the manufacture of fertilizer from coal, and shall also include the transportation of coal and products therefrom.

4. "Impacted city or other political subdivision" shall mean a city or other political subdivision which demonstrates actual or anticipated extra-ordinary expenditures caused by coal development or the growth incidental thereto.

5. "Impacted county" shall mean a county which demonstrates actual or anticipated extra-ordinary expenditures caused by coal development and the growth incidental thereto.

6. "Impacted school district" shall mean a public school district which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

7. "Coal" means a dark-colored compact and earthy organic rock with less than forty percent inorganic components, based on dry material, formed by the accumulation and decomposition of plant material. The term shall include lignite in both oxidized and nonoxidized forms as well as any coal bodies enriched in radioactive materials.

8. "Person" includes any individual, firm, partnership, joint adventure, association, corporation, estate, business trust, receiver, or any other group or combination acting as a unit and the plural as well as the singular number.

9. "Fiscal year" means a twelve month period beginning on July first and ending on the following June thirtieth.

SECTION 2. IMPOSITION OF TAX—PAYMENT OF TAX—COMPUTATION OF COAL PRICE.)

1. There is hereby imposed for the privilege of severing coal in North Dakota from the earth for sale or for industrial purposes a tax in the amount hereinafter provided. Such tax shall be in lieu of any tax imposed by law upon the sale or use of such coal in this state. Each coal mine owner or operator shall remit such tax for each calendar quarter year, within thirty days after the end of each quarter, to the state tax commissioner upon such reports and forms as the tax commissioner shall deem necessary.

2. The amount of tax imposed shall be a flat rate per ton of coal determined annually as follows: on the first Tuesday in June and each day thereafter as necessary the state board of equalization shall hold a

public hearing at the state capitol at which any person interested may appear and present evidence relating to the statewide average contract price of a ton of coal, after which the state board shall, as soon as reasonably possible, determine the statewide average contract price of a ton of coal of two thousand pounds prevailing in this state on June first of that year; the statewide average contract price per ton as so established by the board shall then be reduced by ten percent of such price as an exemption for costs of reclamation of mined land, and the rate of tax imposed for each ton of coal severed in the following fiscal year shall then be thirty-three and one-third percent of such statewide average contract price per ton as reduced by the ten percent exemption which the board shall certify to the state tax commissioner as the rate of tax for the next fiscal year. The tax rate per ton as certified by the board shall be rounded to the nearest tenth of a cent. The tax rate for any fiscal year, however, shall not be less than one dollar per ton.

3. For purposes of determining the statewide average contract price per ton of coal prevailing in the state on June first of any year the state board of equalization shall, if necessary, adjust the price of coal that is provided for in each contract so that the price represents as nearly as possible, the fair market value of the coal as defined in this Act. In any case where the coal before severance is owned, wholly or partly, by the person who will use it after severance in an energy conversion process or for any other purpose or where a person neglects or refuses to furnish to the state board any information required by it as provided in this section, the state board may determine a fair market value of such coal for use in establishing the statewide average contract price.

4. When adjusting contract sales prices to determine the fair market value of coal mined under a contract, the board may utilize the factors authorized by the federal Internal Revenue Code, 26 United States Code, section 613, or that provision as it may be labelled or amended, and the regulations thereunder, for determining gross income from mining property, or the board may utilize any other or additional criteria that are appropriate. Each coal mine owner or operator and each buyer and seller of coal shall, upon request made by the board at any time, furnish to the board copies of the contracts under which it is then buying or selling coal and any other information deemed necessary by the board for the performance of its duties. The board may also take into consideration the reports or other information filed by any coal mine owner or operator or any buyer or seller of coal with any other agency of government, federal, state or local which such agency is not prohibited by law from disclosing to the board.

5. In establishing the statewide average contract price per ton of coal as of June first of any year the state board shall take into account the fair market value of coal under contracts which provide for the production of more than twenty-five thousand tons of coal per year and shall use the weighted arithmetic mean price of such coal, except that no contract for the production of that type of coal known as leonardite shall be taken into account for the purposes of this subsection.

6. The board's certification of the annual tax rate to the state tax commissioner shall be prima facie evidence of its correctness. The tax rate provided for in this section shall be applicable for all coal mined on or after July 1, 1977.

7. The state board of equalization is hereby authorized and empowered

to prescribe and promulgate rules and regulations in accordance with the procedure provided in chapter 28-32 of the North Dakota Century Code that are necessary and advisable for the administration of its duties under this section.

8. An appeal from the determination of the annual tax rate by the state board may be taken to the district court of Burleigh county within thirty days after the certification of that tax rate by the state board to the state tax commissioner. The appeal shall be heard and determined de novo by the district court.

SECTION 3. WHEN TAX DUE—WHEN DELINQUENT.) The severance tax as provided in this Act shall be due within thirty days after the end of each quarter year period, and if not received by the thirtieth day shall become delinquent and shall be collected as herein provided. The tax commissioner, upon request and proper showing of the necessity therefor, may grant an extension of time, not to exceed fifteen days, for paying the tax, and when such request is granted, the tax shall not be delinquent until the extended period has expired. The tax commissioner shall require a report to be filed quarterly by each owner or operator of a coal mine, in such form as the tax commissioner may specify, to list a full description of the mine, the number of tons of coal severed, the amount of tax due and remitted, and any other information deemed necessary by the tax commissioner for the proper administration of this Act.

SECTION 4. POWERS OF STATE TAX COMMISSIONER.) The state tax commissioner shall have power to require any person engaged in the mining of coal, and the agent or employee of such person, or purchaser of such coal, or the owner of any royalty interest therein, to furnish any additional information deemed by him to be necessary for the purpose of correctly computing the amount of tax due, and to examine the books, records, and files of such person, and shall have power to conduct hearings and compel the attendance of witnesses, the production of books, records, and papers of any person, and full authority to make any investigation or hold any inquest deemed necessary to a full and complete disclosure of the true facts as to the amount of production from any coal mine or of any company or other producer thereof, and as to the rendition thereof for taxing purposes. In case of refusal by a person to comply with a requirement of the state tax commissioner to furnish information or to produce books, records or files for examination, the tax commissioner may invoke the aid of any court of competent jurisdiction and such court may issue an order requiring the person to appear before the tax commissioner and give evidence or produce books, records and files, as the case may be, and any failure to obey such order of the court may be punished by the court as contempt thereof.

SECTION 5. TAX COMMISSIONER TO COMPUTE TAX ON INCORRECT RETURNS.) The state tax commissioner shall have the power and authority to ascertain and determine whether or not any report or remittance filed with him is correct, and if the owner or operator has made an untrue or incorrect report or remittance, the commissioner shall ascertain the correct amount of taxes due, and give immediate notice to the owner or operator filing the incorrect return or remittance. Any coal mine operator or owner receiving notice from the tax commissioner that he has filed an incorrect return or remittance shall remit the tax assessed by the commissioner within fifteen days of such notice. Any owner or operator aggrieved by a decision of the tax commissioner

may make application in writing within fifteen days of notification for a hearing which shall be granted not later than fifteen days after receipt of the application. The tax commissioner may grant or reject, in whole or in part, the contentions of the owner or operator and upon conclusion of the hearings shall proceed to make a final determination of taxes due. Such taxes assessed by the commissioner shall become delinquent five days after the conclusion of the hearing, except in such cases where an owner or operator shall appeal such assessment to the district court of Burleigh county, in which case they shall become delinquent five days following final judicial determination.

SECTION 6. PENALTY ON DELINQUENCY—FAILURE TO FILE REPORTS.) Where the severance tax provided for in this Act shall become delinquent, the tax commissioner shall, as a penalty for such delinquency, add to the amount of severance taxes due five percent of the delinquent amount plus interest at a rate of one percent per month. If the quarterly report is not filed within thirty days after the end of any quarter year period and taxes due paid, the tax commissioner shall notify the delinquent owner or operator of such delinquency, and if such report and remittance are not filed within an additional fifteen days, the tax commissioner shall notify the public service commission, which shall forthwith suspend such owner's or operator's license or permit until such time as payment is received, or the issues settled to the satisfaction of the tax commissioner; provided that if the quarterly report and a claim that no tax due is filed with the tax commissioner within fifteen days after the notice from the tax commissioner, the tax commissioner shall then proceed in accordance with section 5 if he believes tax is due.

SECTION 7. LIEN FOR TAX.) The severance tax herein imposed shall, at all times, be and constitute a first and paramount lien on the coal mine owner's or operator's property, as the case may be, both real and personal. In all cases where such tax is not paid, it may be recovered at the suit of the state, upon relation of the state tax commissioner, in the district court of the county where any such property, assets, and effects are located.

SECTION 8. APPEAL FROM DECISION OF TAX COMMISSIONER.) Any person aggrieved because of any action or decision of the tax commissioner under the provisions of this Act may appeal therefrom to the district court of Burleigh county.

SECTION 9. RULES AND REGULATIONS—BOND.) The tax commissioner is hereby authorized and empowered to prescribe and promulgate all necessary rules and regulations for the purpose of making and filing of all reports required hereunder to be filed with him and otherwise necessary to the enforcement of the provisions of this Act, and may, at his option and discretion, require a sufficient bond from any coal mine operator or owner charged with the making and filing of reports and the payment of the taxes herein imposed, and said bond shall run to the state of North Dakota and shall be conditioned upon the making and filing of reports as required by law or regulation, and for the prompt payment, by the principal therein, of all taxes justly due the state by virtue of the provisions of this Act.

SECTION 10. DISPOSITION OF REVENUES.) All moneys collected by the tax commissioner pursuant to this Act shall be turned over by him as soon as practicable to the state treasurer for deposit in the state treasury to the credit of the coal development fund.

SECTION 11. ALLOCATION OF MONEYS IN COAL DEVELOPMENT FUND.)

1. Moneys deposited in the coal development fund that are from coal mined prior to January 1, 1984, shall be apportioned quarterly by the state treasurer as follows:

a. Thirty-five percent shall be credited to a special fund in the state treasury for distribution through grants by the coal development impact office to impacted cities, counties, school districts, and other taxing districts.

b. Fifteen percent shall be credited to a special fund in the state treasury to be held in trust to be administered by the board of university and school lands, which shall have full authority to invest such funds and may consult with the state investment board as provided by law. The income from such trust fund shall be deposited in a special account within the trust fund which shall be known as the "environmental protection research and alternative energy development fund", and income earned by such special account shall also be deposited in that account. Expenditures from such fund may be made, as the legislative assembly directs, for the following purposes:

(1) Research to identify and determine the extent of environmental problems related to coal development in North Dakota;

(2) Research to determine methods of alleviating such problems and for assistance in their alleviations; and

(3) Research and development of other energy sources that are viable alternatives to obtaining energy from fossil fuels and nuclear fission. Such trust fund, but not the income therefrom, shall be perpetual and held in trust as a replacement for depleted natural resources.

c. Fifteen percent shall be allocated to the coal-producing counties and shall be distributed among such counties in such proportion as the number of tons of coal severed in each county bears to the total number of tons of coal severed in the state during such quarterly period. Two-thirds of each such distribution to a county shall be allocated to the county coal development impact commission for the making of grants as provided in section 15 of this Act. One-third of each such distribution to a county shall be promptly distributed within a county as follows:

(1) Forty percent shall be credited to the county general fund and may be expended for county general fund purposes or may be, by resolution of the board of county commissioners, transferred to other county funds for expenditures authorized by law in such amounts as the board deems necessary.

(2) Thirty percent shall be distributed and credited to the general fund of the cities in the county on the basis of the per capita population of all the incorporated cities situated within the county as determined by the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to such census.

(3) Thirty percent shall be distributed and credited to the school districts within the county on the basis of the average daily membership as certified to the county treasurer by the county superintendent of schools.

d. In addition to the amounts allocated pursuant to subdivision c of this subsection, ten percent shall be allocated to a special fund in the state treasury for distribution, as hereinafter provided, within those counties

in which the coal was mined. Any county in which coal is mined or any city or school district in such county which upon application to the coal development impact office establishes to the satisfaction of that office, subject to the approval of the coal development impact commission, a need for funds that is in addition to those provided in subdivision c of this subsection shall receive such percent, but not exceeding a total of ten percent for the county and the cities and school districts therein, of the severance tax revenue from coal mined in that county during such period of time as the coal development impact office and the coal development impact commission shall approve. Any funds allocated pursuant to this subdivision but not distributed as herein provided within one year after their deposit in the coal development fund shall be allocated and credited to the special fund established by subdivision a of this subsection for distribution as provided in that subdivision.

e. Twenty-five percent shall be deposited in the state's general fund.

2. Moneys deposited in the coal development fund that are from coal mined after December 31, 1983, shall be apportioned quarterly by the state treasurer as follows:

a. Twenty-five percent shall be credited to a special fund in the state treasury for distribution through grants by the coal development impact office to impacted cities, counties, school districts, and other taxing districts.

b. Thirty-five percent shall be credited to a special fund in the state treasury to be held in trust to be administered by the board of university and school lands, which shall have full authority to invest such funds and may consult with the state investment board as provided by law. The income from such trust fund shall be deposited in the special account established by subdivision b of subsection 1 of this section and expended and used as therein provided, or expanded and used to alleviate other problems created by coal development as may be determined by the legislature. Such trust fund, but not the income therefrom, shall be perpetual and held in trust as a replacement for depleted natural resources.

c. Fifteen percent shall be allocated to the coal-producing counties and shall be distributed among such counties in such proportion as the number of tons of coal severed in each county bears to the total number of tons of coal severed in the state during such quarterly period. Two-thirds of each such distribution to a county shall be allocated to the county coal development impact commission for the making of grants as provided in section 15 of this Act. One third of each such distribution to a county shall be promptly distributed within a county as follows:

(1) Forty percent shall be credited to the county general fund and may be expended for county general fund purposes or may be, by resolution of the board of county commissioners, transferred to other county funds for expenditures authorized by law in such amounts as the board deems necessary.

(2) Thirty percent shall be distributed and credited to the general fund of the cities in the county on the basis of the per capita population of all of the incorporated cities situated within the county as determined by the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to such census.

(3) Thirty percent shall be distributed and credited to the school

districts within the county on the basis of the average daily membership as certified to the county treasurer by the county superintendent of schools.

d. Twenty-five percent shall be deposited in the state's general fund.

SECTION 12. COAL DEVELOPMENT IMPACT OFFICE—APPOINTMENT OF DIRECTOR.) There is hereby created in the office of the governor a coal development impact office. The director shall be appointed by and shall serve at the pleasure of the governor. The salary of the director shall be set by the governor within the limits of legislative appropriations. The director may employ such other persons as may be necessary and may fix their compensation within the appropriation made for such purpose.

SECTION 13 POWERS AND DUTIES OF COAL DEVELOPMENT IMPACT OFFICE.) The coal development impact office shall:

1. Develop a plan for the assistance, through financial grants for services and facilities, of counties, cities, school districts, and other political subdivisions that demonstrate actual or anticipated extraordinary expenditures because of coal development.

2. Advise, study, recommend, and report to the governor and the legislative assembly on the impact to the state and the political subdivisions of the state resulting from coal development.

3. Establish procedures and provide proper forms to political subdivisions for use in making application for funds for impact assistance as provided in this Act.

4. Make grants to counties, cities, school districts, and other political subdivisions, subject to approval of the coal development impact commission, as provided in this Act. In determining the amount of impact grants for which political subdivisions are eligible, the amount of revenue to which such political subdivisions will be entitled from taxes upon the real property of coal development plants and from other taxes or fund distribution formulas provided by law shall be considered.

SECTION 14. COAL DEVELOPMENT IMPACT COMMISSION.) The coal development impact commission shall consist of five members. One member shall be the director of the coal development impact office and four members shall be appointed by the governor. Of the four appointees of the governor, one shall represent cities and shall be appointed from a list submitted by the North Dakota league of cities; one shall represent counties and shall be appointed from a list submitted by the North Dakota county commissioners association; one shall represent school districts and shall be appointed from a list submitted by the North Dakota school boards association; and one shall represent the citizenry at large. The director of the coal development impact office shall be the chairman of the commission. The term for an appointed member shall be two years, but a member may be reappointed to the commission. It shall be the duty and responsibility of the commission to review and approve or disapprove, in whole or in part, the decisions on grants made by the coal development impact office. The appointed members of the commission shall receive the same compensation per day and shall be reimbursed for expenses in the same amounts as provided for in section 54-35-10 for members of the legislative council while attending meetings of the commission or otherwise engaged in the official business of the commission.

SECTION 15. COUNTY COAL DEVELOPMENT IMPACT COM-

MISSION—MEMBERSHIP—COMPENSATION—POWERS AND DUTIES.)

1. A coal development impact commission consisting of five members shall be created in each county in which coal is produced. The board of county commissioners shall select one of their members to serve on the commission, and the county commissioner so selected shall serve as chairman. The members of all school boards of public school districts maintaining a school in the county shall select one of their members and the governing bodies of all cities in the county shall select one of their members to serve on the commission. The three members of the commission so selected shall name the other two members, who shall be residents of the county. Each member shall serve a term of two years, shall serve until his successor is selected, and shall be eligible for reappointment. The county auditor shall serve as secretary and the county treasurer shall serve as treasurer of the commission, but such officials shall have no vote. The members of the commission who are not full-time employees of the county or another taxing district shall receive the same compensation per day as provided for in section 54-35-10 for members of the legislative council, and all members of the commission shall be reimbursed for expenses incurred in the amounts provided by law for state officers for attending meetings of the commission or otherwise attending to official business of the commission. Such compensation and expenses shall be paid out of funds allocated by section 11 of this Act to the county coal development impact commission.

2. Each county coal development impact commission shall meet within thirty days after funds are allocated to it pursuant to section 11 of this Act, and shall meet at such other times as called by the chairman. The commission shall exchange information and shall cooperate with the state coal development impact office. The commission shall establish procedures for political subdivisions to make application for impact grants and shall establish procedures for hearings on such applications. The commission shall make grants from funds allocated to it to the county and to cities, school districts, and other taxing districts within the county for actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto. The commission shall report all grants approved to the state coal development impact office for the use of that office in determining eligibility for grants by that office. All disbursements from funds allocated to the county coal development impact commission, pursuant to section 11, including the administrative costs of the commission, shall be made by the county treasurer only upon order of the county auditor after approval of such disbursements by the commission.

SECTION 16. REFUND OF ERRONEOUSLY OR ILLEGALLY COLLECTED TAXES.) In the event that any tax, penalty or interest imposed by this Act shall have been erroneously or illegally collected from any person, the state tax commissioner shall present a voucher to the department of accounts and purchases for payment to that person of the amount erroneously or illegally collected.

SECTION 17. PENALTY.) Any person intentionally violating any of the provisions of this Act is guilty of a class A misdemeanor.

SECTION 18. SAVINGS CLAUSE.) If any section of sections 1 through 17 of this Act or any subsection, subdivision, sentence or clause thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this Act.

DIVIDED REPORT OF STANDING COMMITTEE

Mr. Speaker: A Minority of your Committee on Finance and Taxation to whom was referred Senate Bill No. 2500, has had the same under consideration and recommends that the same be amended as follows:

On page 1, line 1, delete everything after the words "A BILL", delete the remainder of the bill and insert in lieu thereof the following: "for an Act to provide for a severance tax upon all coal mined; to provide procedures for the imposition, collection, and administration of such tax; to provide for the allocation of moneys collected; to provide an impact program for impacted school districts, cities, counties, and other taxing districts; to provide for the establishment of a coal impact office in the office of the governor; to provide for impact loans to be administered by the board of university and school lands; and to provide a penalty.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. SEVERANCE TAX UPON COAL — IMPOSITION — COMPUTATION OF INCREASES — IN LIEU OF SALES AND USE TAXES — PAYMENT TO THE TAX COMMISSIONER.) There is hereby imposed upon all coal severed for sale or for industrial purposes by coal mines within the state a tax in an amount to be determined as follows:

1. Sixty cents per ton of two thousand pounds; and
2. For every two points increase in the index of wholesale prices for all commodities prepared by the United States department of labor, bureau of labor statistics, the amount of the severance tax provided in subsection 1 shall be increased one cent per ton of two thousand pounds. For the purposes of this computation, a fractional point increase shall be disregarded if less than one-half point and treated as one full point if one-half point or more. The state tax commissioner shall determine such

increases based upon increases in the wholesale price index from the level of such index as of June 1977 to the level of such index as of the last month of the quarter immediately preceding the quarter for which any taxes are due. At no time shall the amount of the severance tax be reduced. If the wholesale price index declines, the severance tax shall remain at the highest level determined prior to such decline, and shall remain at such level until further increases are warranted because of further increases in the wholesale price index beyond the point at which the last increase was determined.

Such severance tax shall be in lieu of any sales or use taxes imposed by law. Each coal mine owner or operator shall remit such tax for each calendar quarter, within thirty days after the end of each quarter, to the state tax commissioner upon such reports and forms as the tax commissioner shall deem necessary. If the method of determining increases in the amount of the severance tax provided in subsection 2 is for any reason held to be invalid, such decision shall not affect the validity of the amount of the tax provided in subsection 1.

SECTION 2. WHEN TAX DUE — WHEN DELINQUENT.) The severance tax as provided in this chapter shall be due within thirty days after the end of each quarter, and if not received by the thirtieth day, shall become delinquent and shall be collected as herein provided. The tax commissioner, upon request and a proper showing of the necessity therefor, may grant an extension of time, not to exceed fifteen days, for paying the tax, and when such a request is granted, the tax shall not be delinquent until the extended period has expired. The tax commissioner shall require a report to be filed quarterly by each owner or operator of a coal mine, in such form as the tax commissioner may specify, to list a full description of the mine, the number of tons of coal severed, the amount of tax due and remitted, and any other information deemed necessary by the tax commissioner for the proper administration of this chapter.

SECTION 3. POWERS OF STATE TAX COMMISSIONER.) The state tax commissioner shall have the power to require any person engaged in such production, and the agent or employee of such person, or purchaser of such coal, or the owner of any royalty interest therein, to furnish any additional information by him deemed to be necessary for the purpose of correctly computing the amount of said tax, and to examine the books, records, and files of such person, and shall have power to conduct hearings and compel the attendance of witnesses, the production of books, records, and papers of any person, and full authority to make any investigation or hold any inquest deemed necessary to a full and complete disclosure of the true facts as to the amount of production from any coal mine or of any company or other producer thereof, and as to the rendition thereof for taxing purposes.

SECTION 4. TAX COMMISSIONER TO COMPUTE TAX ON INCORRECT RETURNS.) The state tax commissioner shall have the power and authority to ascertain and determine whether or not any report or remittances filed with him are correct, and if the owner or operator has made an untrue or incorrect report or remittance, the commissioner shall ascertain the correct amount of taxes due, and give immediate notice to the owner or operator filing the incorrect return or remittance. Any coal mine operator or owner receiving notice from the tax commissioner that he has filed an incorrect return or remittance shall remit the tax assessed by the commissioner within fifteen days of

such notice. Any owner or operator aggrieved by a decision of the tax commissioner may make application in writing within fifteen days of notification for a hearing which shall be granted not later than fifteen days after receipt of the application. The tax commissioner may grant or reject, in whole or in part, the contentions of the owner or operator and upon conclusion of the hearing shall proceed to make a final determination of taxes due. Such taxes assessed by the commissioner shall become delinquent five days after the conclusion of the hearing, except in such cases where an owner or operator shall appeal such assessment to the district court of Burleigh County, in which case they shall become delinquent five days following final judicial determination.

SECTION 5. PENALTY ON DELINQUENCY — FAILURE TO FILE REPORTS.) Where the severance tax provided for in this chapter shall become delinquent, it shall, as a penalty for such delinquency, bear interest at the rate of eight percent per annum. If the quarterly report is not filed within thirty days after the end of any quarter and taxes due paid, the tax commissioner shall notify the delinquent owner or operator of such delinquency, and if such report and remittance are not filed within an additional fifteen days, the tax commissioner shall notify the public service commission, which shall forthwith suspend such owner's or operator's license or permit until such time as payment is received, or the issues settled to the satisfaction of the tax commissioner.

SECTION 6. LIEN FOR TAX.) The severance tax herein referred to shall, at all times, be and constitute a first and paramount lien against the producer's property as the case may be, both real and personal. In all cases where such tax is not paid, it may be recovered in a civil action by the state tax commissioner, brought in the name of the state, in any court of competent jurisdiction of the county where any such property, assets, and effects are located.

SECTION 7. APPEAL FROM DECISION OF TAX COMMISSIONER.) Any person aggrieved because of any action or decision of the tax commissioner under the provisions of sections 1 through 8 of this Act may appeal to the district court of Burleigh County.

SECTION 8. RULES AND REGULATIONS — BOND.) The tax commissioner is hereby authorized and empowered to prescribe and promulgate all necessary rules and regulations for the purpose of making and filing of all reports required hereunder and otherwise necessary to the enforcement of sections 1 through 8 of this Act, and may, at his option and discretion, require a sufficient bond from any coal mine operator or owner charged with the making and filing of reports and the payment of the taxes herein imposed, and said bond shall run to the state of North Dakota and shall be conditioned upon the making and filing of reports as required by law or regulation, and for the prompt payment, by the principal therein, of all taxes justly due the state by virtue of the provisions of sections 1 through 8 of this Act.

SECTION 9. PENALTY.) Any person intentionally violating any of the provisions of sections 1 through 8 of this Act is guilty of a class A misdemeanor.

SECTION 10. COAL DEVELOPMENT FUND ESTABLISHED.) Moneys collected by the state tax commissioner pursuant to the provisions of sections 1 through 9 of this Act shall be paid to the state treasurer and shall be credited to a special fund in the state treasury, to be known as the coal development fund. The moneys accumulated in such

fund shall be allocated as provided by law and as appropriated by the legislative assembly.

SECTION 11. DEFINITIONS.) As used in sections 11 through 15 of this Act, unless the context or subject matter otherwise requires:

1. "Coal development" means the mining of coal and industries directly related to the processing of coal, including, but not limited to: the generation of electricity from coal or coal products, coal gasification, coal liquefaction, and the manufacture of fertilizer from coal.

2. "Impacted city" means a city which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

3. "Impacted county" means a county which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

4. "Impacted school district" means a public school district which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

5. "Impacted taxing district" means a taxing district as defined in subsection 6 of this section which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

6. "Taxing district" means any political subdivision, other than those included in subsections 2 through 4 of this section, empowered by law to levy taxes.

SECTION 12. ALLOCATION OF MONEYS IN COAL DEVELOPMENT FUND.) Moneys deposited in the coal development fund shall be apportioned quarterly by the state treasurer as follows:

1. Thirty-five percent shall be credited to a special fund in the state treasury for distribution through grants by the coal development impact office to impacted cities, counties, school districts, and other taxing districts, subject to appropriation by the legislative assembly.

2. Fifteen percent shall be credited to a special fund in the state treasury to be held in trust to be administered by the board of university and school lands for loans to impacted counties, cities, and school districts as provided in section 13 of this Act. The board of university and school lands shall have full authority to invest such funds as are not loaned as provided in this chapter and may consult with the state investment board as provided by law. The income, including interest payments on loans, from such trust shall be deposited in the the state's general fund. Loan principal payments shall be redeposited in the trust fund. Such trust fund shall be perpetual and held in trust as a replacement for depleted natural resources subject to the provisions of this chapter.

3. Twenty percent shall be allocated to the coal-producing counties and shall be distributed among such counties in such proportion as the number of tons of coal severed in each county bears to the total number of tons of coal severed in the state during such quarterly period. Such allocations shall be apportioned as follows:

a. Thirty percent shall be paid by the county treasurer to the incorporated cities of the county based upon the population of each incorporated city according to the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to such census;

b. Forty percent shall be deposited by the county treasurer in the county general fund to be used for general governmental purposes; and

Loans may be made for any purpose for which a grant may be made pursuant to this chapter, but before making any loan the board of university and school lands shall receive the recommendation of the coal development impact office. The board of university and school lands shall prescribe the terms and conditions of such loans within the provisions of this chapter and shall require a warrant executed by the governing body of the county, city, or school district as evidence of such loan. The warrants shall bear interest at a rate not to exceed six percent. The warrants shall be payable only from the allocations of moneys from the coal development fund to the borrowing county, city, or school district and shall not constitute a general obligation of the county, city, or school district nor shall such loans be considered as indebtedness of the county, city, or school district. The terms of the loan shall provide that not less than ten percent of each allocation made to the borrowing county, city, or school district pursuant to this chapter shall be withheld by the state treasurer to repay the principal of the warrants and the interest thereon. The amount withheld by the state treasurer as payment of interest shall be deposited in the general fund and the amount withheld by the state treasurer as payment of principal shall be remitted to the board of university and school lands and deposited by the board in the trust fund provided for in subsection 2 of section 12 of this Act. The warrants executed by the county, city, or school district shall have all of the qualities and incidents of negotiable paper, and shall not be subject to taxation by the state of North Dakota or by any political subdivision thereof.

The board of university and school lands is authorized to sell such warrants to other parties and the proceeds of such sale which constitute principal shall be deposited in the trust fund and that which constitutes interest in the general fund. If the future allocations of moneys to the borrowing county, city, or school district should, for any reason, permanently cease, the loan shall be canceled except that if the county, city, or school district is merged with another county, city, or school district which receives an allocation of moneys from the coal development fund, the surviving county, city, or school district shall be obligated to repay the loan from such allocation. If the loan is canceled due to the permanent cessation of allocations of moneys to the county, city, or school district pursuant to this chapter, the board of university and school lands shall cancel those warrants it holds from such county, city, or school district and shall pay from any moneys in the trust fund provided for in subsection 2 of section 12 of this Act the principal and interest, as it becomes due, on those warrants of the county, city, or school district which are held by another party.

SECTION 14. COAL DEVELOPMENT IMPACT, OFFICE — AP-

March 11, 1977

The Honorable Oscar Solberg
 Speaker of the House
 House Chambers
 Bismarck, ND 58501
 Dear Mr. Speaker:

House Bill 1034 is a bill that amends section 49-02-01 of the North Dakota Century Code which provides for the general jurisdiction of the Public Service Commission. This bill clarifies the present law as to what the Public Service Commission may or may not regulate, including making certain deletions from the Commission's present regulation.

The bill in its original form without the House amendments was a good bill and would have been acceptable as North Dakota law. The House amendments, however, deleted a very important part of the Commission's present jurisdiction. These amendments which delete subsection 10 of the present law prevent the Commission from regulating other public utilities engaged in business in this state which are not specifically named in this bill. This is not acceptable.

That subsection of the present law was designed to provide the Commission with broad powers to regulate those public utilities which were not visualized by the drafters of this law. It was meant to allow the Commission to take jurisdiction over new, incoming public utilities in the best interests of the citizens of North Dakota. It may be considered basic consumer protection law.

RECOGNITION

Speaker Solberg announced that Mr. Fouad Al Farsy, Chief Consultant for Industry and Electricity, and Mr. Abdul Al Sadahan, Administrative Consultant to the King of Saudi Arabia, were in the chamber.

Speaker Solberg appointed Rep. Nicholas to escort Mr. Al Sadahan to the rostrum, who then briefly addressed the Assembly.

Rep. Strinden moved that the following remarks of Mr. Al Sadahan be printed in the Journal, which motion prevailed.

ADDRESS OF

Mr. Abdul Al Sadahan,

Administrative Consultant to the King of Saudi Arabia

Mr. Al Sadahan: "Ladies and Gentlemen, Distinguished Members of the House of Representatives:

"It is indeed a great pleasure and great honor to share these memorable moments with you this afternoon, and to reflect on this historical visit that we have had in this great state of North Dakota. It has been an honor for us to be received by his Excellency, the Governor of the State, and by members of both the House and Senate. We are deeply touched by the great gesture extended to everyone of us on this trip. We are here on a goodwill mission, attempting to build bridges of understanding and communication between our people and your people.

"Throughout this trip we have been meeting with various sectors of the American society. We have been trying to establish contacts with various levels of business, education and all levels to get our messages across — the messages of goodwill, understanding and better relationships.

"Our country has a driving force toward development and modernization, and we view with great esteem and with great interest the great achievements of your society, and the potential of this society to lend to us in all sectors of life.

"Our relationship goes back to the early days of Roosevelt, when he met with our heads of state, and they established what we consider to be the foundation of a fruitful relationship of understanding and cooperation between Saudi Arabia and the United States.

"We are interested in getting to know you people on a people-to-people basis. We are interested in establishing business contacts as such, and this has been our mission to get to know you, to appreciate your heritage, your values, and to appreciate what you have achieved in your great efforts, and translate that understanding into meaningful undertakings between our two peoples.

"We would like to have an appreciation, not as business partners, but as people who share with you many things, including the true commitment to religion, and the true commitment to the free enterprise system, and the true commitment of the freedom of the individual, and the spirit of individual liberties and potentials.

"We take great pride in knowing what the American people have done throughout the centuries. We have been enjoying the great spirit of achievement of the people of this great state of yours. We have been amazed by the spirit of great accomplishment and individual fulfillment. This is something we hold as a condition of great value, and we admire it very much. We would like to teach it to our children, and to have it as a doctrine in our life, to have people actually adhere to, to have individuals achieve and to enjoy the freedom of enterprise.

"We appreciate very much the opportunity of getting to meet with you people on all levels. We appreciate the hospitality that has been extended to us throughout our visit. We greatly appreciate your graciousness, and the greatest part of our mission has been accomplished — that is the building the understanding, and getting the word across and establishing better communications and getting our image across and that it be translated through mass media, and getting to know us as people — as people who have ambition and want to get some place under the sun.

"Now that we have established the bridges of understanding and the communication channels are open, we can advance this relationship into a meaningful undertaking.

"We know that the State of North Dakota has a great potential that would be of benefit to the kingdom of Saudi Arabia. We understand that. We are pleased to hear of the high quality of protein of the wheat produced in this state, which is much better than that of any other part of the world. This is something that makes us feel very grateful and respectful.

"We would like to have a continuing relationship between Saudi Arabia and the great state of North Dakota on many levels, but more specifically in the area of agriculture, through the channels of importing agricultural products and importing technology related to agriculture and mechanization of agriculture. We want to have a solid and concrete relationship, and we know how beneficial having your expertise and technology in relation to agriculture.

"We would like to have established meaningful channels of cooperation between our country and your state to take action immediately, and I can assure you of that.

"Again, I would like to take this opportunity to extend my warmest thanks and deep appreciation on behalf of my colleagues and on behalf of the people of Saudi Arabia to this distinguished House and to the great Governor of North Dakota, and the people of North Dakota for the hospitality and warm reception that has been extended to us.

"We look forward to seeing more of you people coming to our country, meeting with us, and we would look forward to having you in our homes as special guests, and we look forward to the opportunity of having you in our homes and businesses.

"Thank you very much."

FIFTY-SECOND DAY

Bismarck, March 17, 1977

The House convened at 2:00 p.m., with Speaker Solberg presiding.

The prayer was offered by W. Daniel Schreck, member of the Newman Center Congregation, University of North Dakota, Grand Forks.

Rep. Strinden moved that the prayer presented by Mr. Schreck be printed in the Journal, which motion prevailed.

This is a prayer written by Father Tuchscher, University of North Dakota.

God Our Father, we believe that you are the source and creator of all that is good. You have shared with us the gifts of life, health, intellectual powers to know you, and a free will to serve you. You have given us a state richly blessed, endowed with great resources and unlimited opportunities.

Lord, you have put us on this earth not to live alone but with each other, to hear one another's burdens and to share one another's joys.

We hear in the Holy Book of Michah that the Lord requires us to love goodness, to live justly, and to walk humbly with our God. We are men and women to whom you have given a measure of responsibility for ourselves and for each other.

In the measure that we open ourselves to others we will find meaning and purpose in our lives, the meaning and purpose you have given us when you called us sons and daughters and made us heirs to life.

And so, mindful of our vocation, God Our Father, we ask you to send us the Holy Spirit. Help us, through this Spirit, to be creative, since this is how we become like You:

Open our ears that we may hear people cry;

Open our hearts, that we may thank you for the beauty of creation — by helping the poor and the rejected of this earth discover their share of that beautiful gift.

Finally, God Our Father, since all that we are, and all that we have, and all that we hope for in this life is hidden in you, bless our homes and our hearts with your love and bless the state of North Dakota; we ask this through Christ our Lord. Amen.

The roll was called, and all members were present except Rep. Kuchera.

A quorum was declared by the Speaker.

REVISION AND CORRECTION OF THE JOURNAL

Mr. Speaker Your Committee on Revision and Correction of the Journal has carefully examined the Journal of the Fiftieth Day After Recess and Fifty-first day and recommends that the same be corrected as follows: On page 1347, delete lines 11 through 17, and insert in lieu thereof:

Rep. Marsden: "Mr. Speaker:

This is why I voted No."

POINT OF PERSONAL PRIVILEGE

Rep. Backes: "Mr. Speaker, Members of this Assembly:

"As you have just noted in the report from the Senate that the action of the Senate was to turn down the request for the return of Senate Bill No. 2004.

"This is very strange to me. Only last week we returned four bills to the Senate upon their request because they had made mistakes that had to be corrected before the bills could become law — before they could be enrolled and engrossed, and I feel that is the proper way. The action of the Senate is the lowest form of attaining legislation to gain their point of view I have ever witnessed in the legislative process. If such action is to attain the goal of funding REAP, then I feel it is incumbent upon me to strongly encourage the Governor to veto such legislation. I am not saying the Governor will veto it, but I am saying to this Assembly that he is going to be very strongly encouraged by me, if this is the ultimate result of this.

"Are we afraid of the legislative process. This bill would have ended up in the conference committee. Do we have to gain our legislation by trickery? That is all this amounts to.

"Evidently the Senate feels that way, and I also feel the House Republican leadership feels that way, in including Senate Bill No. 2004 in the message today.

"Part of the process of running the House any year, but especially this year in a unique situation where it is based on a mutual trust, I have always held to that, and I feel a man's word and what he does means everything. When this happened earlier in the session, I still gave the benefit of the doubt to my co-leader and that could be overlooked. Today my trust is totally shattered, as I considered the action to be a move to take advantage of the so necessary trust needed to run this House in a most efficient manner.

POINT OF PERSONAL PRIVILEGE

Rep. Strinden: "Mr. Speaker, Members of the Assembly:

"I request that my remarks be printed in the journal.

"House Bill No. 1262 was messaged to the Senate by Rep. Backes, not by Rep. Strinden. House Bill No. 1262 was one of thirteen bills to be introduced carrying the repealer language. Obviously, you cannot amend a law which no longer exists. House Bill No. 1262 was introduced with one thought, and that was to establish a Impact Commission and nothing else. I deny now as I denied then that I had any other motives with House Bill No. 1262.

"Today we voted on three bills which were included in bills that we passed yesterday afternoon. Senate Bill No. 2004 passed this Assembly with 88 ayes, 9 nays, and 3 absent and not voting. Members of this Assembly, I did move that bill and the other bills passed this morning to be messaged to the Senate, along with other bills which had passed by a 2/3 vote or more, as had these bills. Most certainly I did that. No one indicated to me that this measure was going to be reconsidered. There was no talk, to my knowledge, of reconsideration. Obviously, you can think what you want. I am not going to argue whether it was proper or not proper. I shall only say it was what we have been doing.

"When the list was read, and it was read with every bill, there were no

So the bill passed and the title was agreed to.

POINT OF PERSONAL PRIVILEGE

Rep. Gerl: "Mr. Speaker:

"I rise on a point of personal privilege.

"There are outbursts and things said that are really not meant. I guess the point I am trying to make is that we sometimes do our citizens a great disservice in not taking more time to deliberate on the matters we act on. The legislation is more numerous and more complex every day, and we are citizen legislators. I don't think we can continue to cram our deliberations on legislation into so few hours and maintain our high quality of work. We try to from time to time, and we are tired, and at least fifty percent of us are frustrated from time to time.

"How can we keep on this work schedule.

"I appeal to the leadership on the part of both parties for the remainder of this session to take it a little bit slower for the remainder of the session. I would rather spend a day or two more in the capitol than to pass one piece of bad legislation."

Rep. Mushik moved that the House reconsider the action whereby the House concurred in Senate amendments to House Bill No. 1018, which motion prevailed.
