MOTION

Rep. Metzger moved that the following report be printed in the Journal, which motion prevailed.

WESTERN STATES SEMINAR ON ENERGY

March 18 & 19, 1977

Salt Lake City, Utah

Alaska, Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, Utah, Washington, Wyoming.

WATER, AS IT RELATES TO ENERGY CONSERVATION & DEVELOPMENT

WATER RIGHTS — Litigation, allocation of water for energy projects should be made through duly adopted state water laws, and honoring interstate compacts and individual water rights.

WATER USE — In the production of energy in the state, the water resources of the state must be protected. Rights of each state to its own water should be recognized and protected.

WATER DEVELOPMENT PROJECTS — Energy programs must recognize that the availability of water is essential for the production of energy. If the Western States are to continue to contribute energy resources to the nation's requirements, the deleted water development projects, especially those already underway, must be reinstated to former status.

LAND POLICY STATEMENT

The Western States strongly believe in comprehensive land use goals and policies with each state playing a major role in determining the development of its natural non-renewable resources. And believe they should be allowed to provide the Federal Government with utilization standards which are unique to each state's energy impact and development. The Western States, containing public land, strongly support the concept that a National Energy Policy must actively encourage and foster development of federally owned and controlled mineral deposits. The Western States containing large public land holdings urge that a national energy policy recognize changing requirements for energy and incorporate provisions for flexible adapting of policy and administration to reflect diverse needs of the impacted states. Major consideration given the views of local and state elected officials. Must require a federal-state partnership in the management of the public lands. Whereas, acts of congress, executive authority and bureaucratic actions prohibit or severely limit mining, a National Energy Policy must allow for reexamination and modification of these actions.

POLICY STATEMENTS

Any national energy and/or conservation policy adopted should be implemented and enforced through State and local officials.

A single federal source of information on energy consumption, conservation and available energy reserves should be established.

Realizing the uniqueness of the situation it becomes increasingly clear that the federal government must take a lead in establishing minimum standards in the areas of energy conservation. A concentrated effort should be launched to develop alternative sources to allow for a lessening of consumption of non-renewable resources. Building guidelines based on ASHRAE 90-75 should become mandatory, and states should develop a State Energy Policy in cooperation with local government.

TRANSPORTATION — The maximum speed limit on highways should not exceed 55 mph; The development of more energy efficient engines should be encouraged; Efforts should be made to reduce the size and weight and horsepower of the private sector automobile; A program to encourage and extend the oil change cycle in engines; Encourage in both the private and public sector the use of recycable oil; Continue to encourage the development and marketing of a small diesel engine for automobiles.

STATE-FEDERAL PARTNERSHIP OVER ENERGY DEVELOPMENT — A National Energy Plan must recognize that the people through their state governments must have a significant voice in the energy policy and the state and local government partnership to exercise control over the location of energy facilities and the authority to adopt and administer clean air and water standards should not be preempted by the Federal Government. By state law, should continue to regulate utility rates without federal intervention. States and counties must have equal determination regarding federal mineral leasing proposals. The states must be principally responsible for administration and enforcement of surface coal mine operations on federal coal leases by cooperative agreement with the Department of Interior. While the West Coast states have a responsibility to tranship Alaskan crude to the interior states, the federal government should provide and upgrade existing coast guard regulations. A low, but realistic pipeline tariff for transportation of Alaskan North Slope crude oil.

ENERGY RESEARCH, DEVELOPMENT AND DEMONSTRATION — A National Energy Policy should recognize that the development of clean coal combustion and coal conversion technology have a high priority as a means of meeting national energy demands. The Federal Government should provide funding or loan guarantees for demonstration plants including coal gasification, coal liquefaction and oil shale demonstration plants. A National Energy Policy should recognize the development of nuclear energy. It is essential that a National Energy Policy provide that states have a significant input as to where and how RD&D funds will be spent.

DEVELOPMENT OF RENEWABLE RESOURCES — Adopt an aggressive program of economic incentives for the use of solar heating and cooling. Fully finance the energy conservation and renewable resource demonstration and loan guarantee programs. Locate the much delayed Solar Energy Research Institute in our Western States of the country, which clearly possesses the most experience with solar RD&D.

NATIONAL RESPONSIBILITY — The elimination of government

controls which unnecessarily interferes with the development of additional energy supplies by the private sector. Existing antitrust laws are adequate to prevent any potential anticompetitive or illegal trade practices. The Federal Government should allow the states to assume a major role in the establishment and administration of environmental requirements.

FEDERAL AID TO COMMUNITIES IMPACTED BY ENERGY DEVELOPMENT — Federal responsibility to provide adequate compensation to offset these impacts must be recognized. Money should be appropriated to finance the provisions of PL 94-579, which permits the Federal Government to make advance loans of federal mineral leasing revenues to meet the front-end financing needs of impacted communities. All unusual costs associated with the community impacts of a development should be passed on to the ultimate consumer of the energy resources. A single federal agency should be designated as the primary point of contact.

**WESTERN STATES ENERGY CONFERENCE
AT SALT LAKE CITY**

in comments by Scott Bush,
an aide to Dr. Schlesinger

In regard to a major energy policy options

In regard to energy conservation, 71 million homes in America, a strong possibility of national building codes with incentive to insulate, etc., possible payment thru utility bill. The building codes probably will be established by ERDA with very stringent standards.

Home appliance efficiency standards and labeling of mandatory requirements possibly by next year.

Transportation — 7 million barrels of oil used per day. 5 million used in private automobiles possibly will push the requirements per gallon law from 1985 to 1980 with 27.5 miles per gallon as a goal suggested and 1 cent per mile per gallon fine for industry, very probable option 25 to 50 cents gas tax per gallon. A so called guzzler tax on cars using much gas and a rebate excise tax to cars getting extraordinary mileages requiring major industries mandating reporting on energy conservation and serious fines to comply with efficiency standards.

Electric motors, etc. — Requiring the entire industry to switch from oil and gas to coal over the next 4 to 5 years. A savings of 6 million barrels of oil per day.

Utilities rate design incentive to require states to change rate structure, peak load penalty of 15 to 20 per cent.

Energy supply — there will be a strip mine bill not sure of details but will work out later which definitely will hurt some areas. OSC leasing bill for industry to go out to new areas — offshore — Alaskan shelf to find new supplies. Specific legislation to allow development of resources from federal lands of western states with the federal government cooperating in regards to impact.

Oil and gas pricing incentives, deregulate intrastate market, allow new oil and gas finds to be priced with competitive BTU equivalent to import oils. Allow price incentives to low margin fields to be higher than import over a 5 year period to ease the shock impact of high production costs.

Solar tax incentives — will solve only a small area of problems. Greater use of coal, use proven technology. Taxes on each industry to develop new energy would be spread 5 to 10 years to ease impact. Possible BTU tax to

gain revenue to pay for conservation programs. Import tax possible on foreign oil. Crude oil production tax.

No basic major water issues to be involved with energy policy as of this date.

Slow the growth rate of energy consumption from 4 per cent down to 2 per cent heavy emphasis to limit oil imports with a goal of 260 million barrels in storage by 1978 to eliminate a possible OPEC blackmail embargo. Are to continue to stimulate the economy and keep conservation costs to the American citizens as low as possible.

Result reaction from the Western States Conference is that we cannot afford a no-growth policy. We must continue to develop our resources, but if the federal government is expecting the western states to develop our coal and other energy resources, western states will demand the federal government to fund necessary water programs and impact areas as a trade-off.

RECOGNITION

Rep. Backes moved that a committee of two be appointed to escort Frank Ziebell, President of the United States Jaycees, to the podium.

Speaker Solberg appointed Reps. Gunsch and Richard, who thereupon escorted Mr. Ziebell to the rostrum, where he was introduced to the Assembly. Mr. Ziebell then briefly addressed the House.

Rep. Gunsch moved that the remarks of Mr. Ziebell be printed in the Journal, which motion prevailed.

REMARKS OF FRANK ZIEBELL

President of the United States Jaycees

Mr. Ziebell: "Mr. Speaker, Representative Gunsch, Members of the House of Representatives:

"Thank you. It is my pleasure and a great honor for me to be here. I appreciate your allowing me to come in and say a few words about our organization.

"First of all, how many of you have been members of the Jaycees? Several of you.

"I believe it shows. I don't know if you know it or not, but the North Dakota Jaycees are having one of the finest years in the history of the United States Jaycees.

"Today in the United States there are 340,000 young men across the nation in the Jaycees from 8551 communities. We have grown a little in the last couple of years. One of the reasons for this growth is the tremendous example set by the North Dakota Jaycees.

"I would like to spend a couple of moments and share with you a couple of things that happen to a young man when he joins the Jaycees. You get an opportunity to be involved in your community, to do some work in the community as an organization rather than as an individual. As a member of an organization, you can do a lot more than as an individual. You can do something for those people who are less fortunate than you or I are. It gives me a feeling that this is one of the most important chapters in my life. If a young man becomes successful, I feel his experience as a Jaycee has helped. I have seen a man who could not balance his checking account become active in the Jaycees and when he left he was at the head of a \$2 million operation. Another man was afflicted with a serious stuttering problem. He was forced to give long reports, and through this work, his stutter was overcome, and he is now the administrative vice president of the largest savings and loans in Texas. It was because he was forced to give these detailed reports that cured the stuttering.

"We encourage our people to become involved in the political system. We think more young men should take an active part in our state and nation's politics. We are encouraging more of them on either side of the aisle to get involved, starting in the precinct and going all the way up. We are interested in the same things you are — helping people, serving people, and if at any time we can be of assistance to you, we want to very badly. Please ask us to help, and we will be glad to do it.

"Thank you very much for allowing me to spend a couple of minutes with you."

POINT OF PERSONAL PRIVILEGE

Rep. Gengler: Mr. Speaker:

"I rise on a point of personal privilege and request that my remarks be printed in the Journal.

"Mein Sehr Geehrter Heer Oscar Solberg und Mein Sehr Geehrte Mitglieder der North Dakota House of Representatives. Die Repräsentantin Janet Wentz und ich Johann Gengler möchten alle Mitglieder der

North Dakota House of Representatives etwas von unserer deutsche Geschichte in Russland erzählen.

“Nord Dakota hat viele Einwohner die von Deutscher aus Russland abstammung sind. In der Zählung von 1920 hat unser Staat Nord Dakota beinahe 70,000 Deutschen aus Russland und das ist fast zweimal so viel wie irgend ein anderer Staat in der U.S.A. zu dieser Zeit.

“Unserer Deutschen sind hauptsächlich Schwartz meer Deutschen wentz die Ursprünglich gleich nach dem Anfang des 19 Jahrhunderts von Deutschland nach Russland gewandert sind, weil sie religiöse und militär Freiheit gesucht haben. Zum Anfang war das Leben sehr schwer aber mit der Zeit geht alles ziemlich gut. Alle haben gute Wohnungen, genug Land, and ein ziemlich schönes Leben.

“Das Leben hat sich aber mit der Zeit geändert. Die Russen machen den Deutschen immer mehr schwerigkeiten und endlich in 1871 hat sich die Sache ganz geändert, weil nach dieser Zeit müssen alle deutschen Männer die in Russland wohnen wollen und für das Militär fähig sind, eine Militär Dienst dienen. Weil viele Leute nicht in die Militär möchten, kommen viele nach Amerika und nach 1884 kommen viele nach Nord Dakota.

“Diesen Sommer möchten wir Sie die Senatoren und Repräsentanten von unserem Staat für unsere jährliche Tagung von der North Dakota Historical Society of Germans from Russia einladen. Die Tagung findet von dem 7-9. Jule im Holiday Inn in Bismarck North Dakota Staat. Unsere Tagungen sind immer eine gute Gelegenheit um etwas zu lernen und viel spass zu haben. Höffentlich kommen Sie alle nach Bismarck.

TRANSLATION:

“My very honorable Mr. Oscar Solberg and my very honorable members of the North Dakota House of Representatives. Representative Janet Wentz and I, John Gengler, would like to relate to the members of the North Dakota House of Representatives a little history of the Germans in Russia.

“North Dakota has many citizens who are descendents of Germans from Russia. In the 1920 census there were almost 70,000 people in North Dakota who were of German Russian descent and that is twice as many as any other state in the United States.

“Our Germans are mainly Black Sea Germans, who at the beginning of the 19th century migrated from Germany to Russia. Seeking religious freedom and freedom from military conscription, at first life was very difficult but with hard work things improved. Housing was good, land was abundant and everyone enjoyed a good life.

“In time things began to change. The Russian government imposed so many burdens and hardships on the Germans, that by 1871 things had changed entirely. Any German man who wanted to reside in Russia and was eligible had to serve a time in the military. As this was one of the reasons they left Germany, many migrated to America and by 1884 many came to North Dakota.

“This summer we would like to invite all the Senators and Representatives of the State of North Dakota to the annual convention of the North Dakota Historical Society of Germans from Russia that will be held July 7-9 at the Holiday Inn in Bismarck. You will have the opportunity to learn a little more of our culture and of course, to have lots of fun. We hope you can all come to Bismarck.”

National Secretary

Future Farmers of America

"Thank you very much, Mr. Speaker. It is a pleasure for me to be in North Dakota.

"As Speaker Solberg said, I am from Emerson, Arkansas, and there are usually two comments made by people when they learn that. First they mention I have a bit of southern accent, and that I am kind of short. I am reminded of a report on the former counterpart of Speaker Solberg, Mr. Carl Albert from Oklahoma. As you know, he was just 5' 4". Once when he was home addressing a group, a young man came up to him and thanked him for inspiring him so much. Speaker Albert wanted to determine what it was that had impressed him so, and felt he had better use that point again. When he asked the young man exactly what it was that has impressed him so much, he replied, 'It is not much what you said, it is what you are. If such a little squirt as you can be elected to the House, I should be able to get elected President of the United States.'

"As I have traveled across the country, I have come to recognize the importance of our educational system in our schools. I shall travel about 300 days and over 100,000 miles representing more than 500,000 F.F.A. members across the country. We cover a lot of aspects of agriculture — not just farming, but agri-business, farming and leadership activity. Statistics I have indicate that only 20 per cent of the people who graduate

from high school will finish a post-secondary education course, so it is important that we include some vocational educational training on the high school level. You have a good program here in North Dakota. You have the fastest growing association in our nation — the fifty states and one association on Puerto Rico.

"I know you have given the organization here a lot of support. Brad, your state president, visited with you back in February during National F.F.A. Week, and you have given him tremendous support. Thank you, and we look forward to your support of vocational education in the future. The importance of agriculture is going to increase, because of the increasing importance of food supplies. We will see food politics in the future.

"I have had an opportunity to visit with so many distinguished peoples. I have visited with President Carter three times. I have visited with Secretary of Agriculture Bergland. I have an appointment with President Carter in July.

"I guess the most important and most enjoyable thing for me is to be able to visit with local F.F.A. members. There are some 6000 in North Dakota. It is a pleasure for me to be here in North Dakota. I would like to have brought a little Arkansas weather, but I don't think I succeeded. I will be in North Dakota until Wednesday, speaking at banquets and finding out a little bit more about the agriculture here.

"I appreciate the privilege of spending these few moments with you. I have enjoyed it. Thank you."

MOTION

Rep. Kelly moved that the House reconsider its action whereby Senate Bill No. 2380 was lost.

Rep. Fleming rose on a point of order, asking for a parliamentary ruling in regard to reconsidering a matter more than once, in light of Paragraph 2, Section 457, Masons Rules.

Speaker Solberg ruled that Senate Bill No. 2380 could be reconsidered at this time, since former procedure has permitted more than one reconsideration in the past.

Motion of Rep. Kelly prevailed on a verification vote.

POINT OF PERSONAL PRIVILEGE

Rep. Strinden: "Mr. Speaker and Members of the Assembly:

"It is Friday, and I suppose something like this could be expected. I just received a copy of a Point of Personal Privilege remarks given by Senator Francis Barth, as printed in the Senate Journal of March 25, 1977. We have many things we must do today more important than this, but I do want to have in the record my reply to these remarks.

"Ladies and Gentlemen, I do have some free time, but I have not used any of it to listen to your phone messages. I would like to explain exactly what happened in this instance.

"Yesterday morning, one of the members of the telephone answering force came in to see me early in the morning. She said they were getting a number of phone calls from some very irate citizens, and they were demanding that they give the names of the people on the so-called 'fun bus.' Some of the messages were downright nasty and some were quite threatening. She said, 'In fact, just a moment ago I received a phone message to be delivered to Senator Barth in which the person making the call demanded that Senator Barth reveal the names of the people on that bus. This caller or constituent said unless Senator Barth named the people who were on the bus, he would assume he was one of the passengers and he would be taken care of in the next election.'

"I suggested to this person who works as a telephone operator that I did

not know who was on the bus, and I was sure she didn't, and that she would have to let the caller know that, and to deliver all the messages she received as they always did.

"I did bring this particular message to the attention of Rep. Backes, as he will recall. It was not intercepting a message. It was information brought to me, not at my request, but only because of the concern that this telephone operator had about the type of phone messages coming in to the capitol.

"I most certainly welcome a complete investigation. It seems that there are no limits to the kind of suspicions which are rampant this session, and I would welcome a complete investigation with the report to be made public."

MESSAGE FROM THE SENATE

Senate Chamber

Mr. Speaker: I have the honor to return herewith the following, which the Senate has amended:

House Bill No. 1262

House Bill No. 1408

LEO LEIDHOLM, Secretary

AMENDMENTS TO HOUSE BILL No. 1262

On page 1, line 1, delete everything after the words "A BILL", delete the remainder of the bill and insert in lieu thereof the following: "for an Act to provide for a severance tax upon all coal mined; to provide procedures for the imposition, collection, and administration of such tax; to provide for the allocation of moneys collected; to provide an impact program for impacted school districts, cities, counties, and other taxing districts; to provide for the establishment of a coal impact office in the office of the governor; to provide for impact loans to be administered by the board of university and school lands; and to provide a penalty.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. SEVERANCE TAX UPON COAL — IMPOSITION — COMPUTATION OF INCREASES — IN LIEU OF SALES AND USE TAXES — PAYMENT TO THE TAX COMMISSIONER.) There is hereby

imposed upon all coal severed for sale or for industrial purposes by coal mines within the state a tax in an amount to be determined as follows:

1. Sixty-five cents per ton of two thousand pounds; and
2. For every three points increase in the index of wholesale prices for all commodities prepared by the United States department of labor, bureau of labor statistics, the amount of the severance tax provided in subsection 1 shall be increased one cent per ton of two thousand pounds. For the purposes of this computation, a fractional point increase shall be disregarded if less than one-half point and treated as one full point if one-half point or more. The state tax commissioner shall determine such increases based upon increases in the wholesale price index from the level of such index as of June 1977 to the level of such index as of the last month of the quarter immediately preceding the quarter for which any taxes are due. At no time shall the amount of the severance tax be reduced. If the wholesale price index declines, the severance tax shall remain at the highest level determined prior to such decline, and shall remain at such level until further increases are warranted because of further increases in the wholesale price index beyond the point at which the last increase was determined.

Such severance tax shall be in lieu of any sales or use taxes imposed by law. Each coal mine owner or operator shall remit such tax for each calendar quarter, within thirty days after the end of each quarter, to the state tax commissioner upon such reports and forms as the tax commissioner shall deem necessary. If the method of determining increases in the amount of the severance tax provided in subsection 2 is for any reason held to be invalid, such decision shall not affect the validity of the amount of the tax provided in subsection. 1.

SECTION 2. WHEN TAX DUE — WHEN DELINQUENT.) The severance tax as provided in this chapter shall be due within thirty days after the end of each quarter, and if not received by the thirtieth day, shall become delinquent and shall be collected as herein provided. The tax commissioner, upon request and a proper showing of the necessity therefor, may grant an extension of time, not to exceed fifteen days, for paying the tax, and when such a request is granted, the tax shall not be delinquent until the extended period has expired. The tax commissioner shall require a report to be filed quarterly by each owner or operator of a coal mine, in such form as the tax commissioner may specify, to list a full description of the mine, the number of tons of coal severed, the amount of tax due and remitted, and any other information deemed necessary by the tax commissioner for the proper administration of this chapter.

SECTION 3. POWERS OF STATE TAX COMMISSIONER.) The state tax commissioner shall have the power to require any person engaged in such production, and the agent or employee of such person, or purchaser of such coal, or the owner of any royalty interest therein, to furnish any additional information by him deemed to be necessary for the purpose of correctly computing the amount of said tax, and to examine the books, records, and files of such person, and shall have power to conduct hearings and compel the attendance of witnesses, the production of books, records, and papers of any person, and full authority to make any investigation or hold any inquest deemed necessary to a full and complete disclosure of the true facts as to the amount of production from any coal mine or of any company or other producer thereof, and as to the rendition thereof for taxing purposes.

SECTION 4. TAX COMMISSIONER TO COMPUTE TAX ON INCORRECT RETURNS.) The state tax commissioner shall have the power and authority to ascertain and determine whether or not any report or remittances filed with him are correct, and if the owner or operator has made an untrue or incorrect report or remittance, the commissioner shall ascertain the correct amount of taxes due, and give immediate notice to the owner or operator filing the incorrect return or remittance. Any coal mine operator or owner receiving notice from the tax commissioner that he has filed an incorrect return or remittance shall remit the tax assessed by the commissioner within fifteen days of such notice. Any owner or operator aggrieved by a decision of the tax commissioner may make application in writing within fifteen days of notification for a hearing which shall be granted not later than fifteen days after receipt of the application. The tax commissioner may grant or reject, in whole or in part, the contentions of the owner or operator and upon conclusion of the hearing shall proceed to make a final determination of taxes due. Such taxes assessed by the commissioner shall become delinquent five days after the conclusion of the hearing, except in such cases where an owner or operator shall appeal such assessment to the district court of Burleigh County, in which case they shall become delinquent five days following final judicial determination.

SECTION 5. PENALTY ON DELINQUENCY — FAILURE TO FILE REPORTS.) Where the severance tax provided for in this chapter shall become delinquent, it shall, as a penalty for such delinquency, bear interest at the rate of eight percent per annum. If the quarterly report is not filed within thirty days after the end of any quarter and taxes due paid, the tax commissioner shall notify the delinquent owner or operator of such delinquency, and if such report and remittance are not filed within an additional fifteen days, the tax commissioner shall notify the public service commission, which shall forthwith suspend such owner's or operator's license or permit until such time as payment is received, or the issues settled to the satisfaction of the tax commissioner.

SECTION 6. LIEN FOR TAX.) The severance tax herein referred to shall, at all times, be and constitute a first and paramount lien against the producer's property as the case may be, both real and personal. In all cases where such tax is not paid, it may be recovered in a civil action by the state tax commissioner, brought in the name of the state, in any court of competent jurisdiction of the county where any such property, assets, and effects are located.

SECTION 7. APPEAL FROM DECISION OF TAX COMMISSIONER.) Any person aggrieved because of any action or decision of the tax commissioner under the provisions of sections 1 through 8 of this Act may appeal to the district court of Burleigh County.

SECTION 8. RULES AND REGULATIONS — BOND.) The tax commissioner is hereby authorized and empowered to prescribe and promulgate all necessary rules and regulations for the purpose of making and filing of all reports required hereunder and otherwise necessary to the enforcement of sections 1 through 8 of this Act, and may, at his option and discretion, require a sufficient bond from any coal mine operator or owner charged with the making and filing of reports and the payment of the taxes herein imposed, and said bond shall run to the state of North Dakota and shall be conditioned upon the making and filing of reports as required by law or regulation, and for the prompt payment, by the

principal therein, of all taxes justly due the state by virtue of the provisions of sections 1 through 8 of this Act.

SECTION 9. PENALTY.) Any person intentionally violating any of the provisions of sections 1 through 8 of this Act is guilty of a class A misdemeanor.

SECTION 10. COAL DEVELOPMENT FUND ESTABLISHED.) Moneys collected by the state tax commissioner pursuant to the provisions of sections 1 through 9 of this Act shall be paid to the state treasurer and shall be credited to a special fund in the state treasury, to be known as the coal development fund. The moneys accumulated in such fund shall be allocated as provided by law and as appropriated by the legislative assembly.

SECTION 11. DEFINITIONS.) As used in sections 11 through 15 of this Act, unless the context or subject matter otherwise requires:

1. "Coal development" means the mining of coal and industries directly related to the processing of coal, including, but not limited to: the generation of electricity from coal or coal products, coal gasification, coal liquefaction, and the manufacture of fertilizer from coal.

2. "Impacted city" means a city which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

3. "Impacted county" means a county which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

4. "Impacted school district" means a public school district which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

5. "Impacted taxing district" means a taxing district as defined in subsection 6 of this section which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

6. "Taxing district" means any political subdivision, other than those included in subsections 2 through 4 of this section, empowered by law to levy taxes.

SECTION 12. ALLOCATION OF MONEYS IN COAL DEVELOPMENT FUND.) Moneys deposited in the coal development fund shall be apportioned quarterly by the state treasurer as follows:

1. Thirty-five percent shall be credited to a special fund in the state treasury for distribution through grants by the coal development impact office to impacted cities, counties, school districts, and other taxing districts, subject to appropriation by the legislative assembly.

2. Fifteen percent shall be credited to a special fund in the state treasury to be held in trust to be administered by the board of university and school lands for loans to impacted counties, cities, and school districts as provided in section 13 of this Act. The board of university and school lands shall have full authority to invest such funds as are not loaned as provided in this chapter and may consult with the state investment board as provided by law. The income, including interest payments on loans, from such trust shall be deposited in the state's general fund. Loan principal payments shall be redeposited in the trust fund. Such trust fund shall be perpetual and held in trust as a replacement for depleted natural resources subject to the provisions of this chapter.

3. Twenty percent shall be allocated to the coal-producing counties and shall be distributed among such counties in such proportion as the number of tons of coal severed in each county bears to the total number of tons of coal severed in the state during such quarterly period. Such allocations shall be apportioned as follows:

a. Thirty percent shall be paid by the county treasurer to the incorporated cities of the county based upon the population of each incorporated city according to the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to such census;

b. Forty percent shall be deposited by the county treasurer in the county general fund to be used for general governmental purposes; and

c. Thirty percent shall be apportioned by the county treasurer to school districts within the county on the average daily membership basis, as certified to him by the county superintendent of schools.

4. Thirty percent shall be deposited in the state's general fund.

SECTION 13. LOANS — TERMS AND CONDITIONS — REPAYMENT.) The board of university and school lands is authorized to make loans to impacted counties, cities, and school districts from moneys deposited in the trust fund established by subsection 2 of section 12 of this Act. Loans may be made for any purpose for which a grant may be made pursuant to this chapter, but before making any loan the board of university and school lands shall receive the recommendation of the coal development impact office. The board of university and school lands shall prescribe the terms and conditions of such loans within the provisions of this chapter and shall require a warrant executed by the governing body of the county, city, or school district as evidence of such loan. The warrants shall bear interest at a rate not to exceed six percent. The warrants shall be payable only from the allocations of moneys from the coal development fund to the borrowing county, city, or school district and shall not constitute a general obligation of the county, city, or school district nor shall such loans be considered as indebtedness of the county, city, or school district. The terms of the loan shall provide that not less than ten percent of each allocation made to the borrowing county, city, or school district pursuant to this chapter shall be withheld by the state treasurer to repay the principal of the warrants and the interest thereon. The amount withheld by the state treasurer as payment of interest shall be deposited in the general fund and the amount withheld by the state treasurer as payment of principal shall be remitted to the board of university and school lands and deposited by the board in the trust fund provided for in subsection 2 of section 12 of this Act. The warrants executed by the county, city, or school district shall have all of the qualities and incidents of negotiable paper, and shall not be subject to taxation by the state of North Dakota or by any political subdivision thereof.

The board of university and school lands is authorized to sell such warrants to other parties and the proceeds of such sale which constitute principal shall be deposited in the trust fund and that which constitutes interest in the general fund. If the future allocations of moneys to the borrowing county, city, or school district should, for any reason, permanently cease, the loan shall be canceled except that if the county, city, or school district is merged with another county, city, or school district which receives an allocation of moneys from the coal development fund,

the surviving county, city, or school district shall be obligated to repay the loan from such allocation. If the loan is canceled due to the permanent cessation of allocations of moneys to the county, city, or school district pursuant to this chapter, the board of university and school lands shall cancel those warrants it holds from such county, city, or school district and shall pay from any moneys in the trust fund provided for in subsection 2 of section 12 of this Act the principal and interest, as it becomes due, on those warrants of the county, city, or school district which are held by another party.

SECTION 14. COAL DEVELOPMENT IMPACT OFFICE — APPOINTMENT OF DIRECTOR.) There is hereby created in the office of the governor a coal development impact office. The director shall be appointed by and shall serve at the pleasure of the governor. The salary of the director shall be set by the governor within the limits of legislative appropriations. The director may employ such other persons as may be necessary and may fix their compensation within the appropriation made for such purpose.

SECTION 15. POWERS AND DUTIES OF COAL DEVELOPMENT IMPACT OFFICE.) The coal development impact office shall:

1. Develop a plan for the assistance, through financial grants for services and facilities, of counties, cities, school districts, and other political subdivisions in a coal development impact area.

Rep. Richard:

"Mr. Speaker,

Ladies and gentlemen of this assembly,

"It is with great pleasure and honor that I speak to you in French today. We the Representatives of French-Canadian descent would like to make you aware of our presence in this legislative chamber. The first white man to arrive on our beautiful prairies were citizens of 'la belle France.' Therefore, it seems to me that we should have the right to equal time with all the newcomers and foreigners. I want to remind you that when our ancestors were new here, the area was in such good shape that they had no need for a government. Today, we are here to straighten out what has happened since.

"I would like to tell you that the first DuBord arrived in America in 1670 and Rep. Richard's ancestors in 1654. We do not know exactly when the Beauclair, the Rocheleau, and Lipsiea ancestors came. Probably at the same time.

"Nonetheless, our biggest concern is not so much where do we come from or when we get here, but rather where do we go from here?"

"Thank you"

**PRESENTATION OF PETITIONS AND COMMUNICATIONS
STATE OF NORTH DAKOTA
EXECUTIVE OFFICE
BISMARCK**

March 24, 1977

The Honorable Oscar Solberg
Speaker of the House
House Chambers
Bismarck, North Dakota 58505
Dear Mr. Speaker:

House Bill 1537 provides that school boards may have private sessions with the members of their negotiations team to discuss negotiation strategy or limits of authority to be granted to the negotiation team.

The philosophy of open meetings is one of which citizens of North Dakota are very aware, and it is a philosophy I have long supported. In 1973, the members of the Forty-Third Legislature approved Senate Concurrent Resolution 4010 by very large majorities of both houses which allowed the following proposed sections to be put to a vote of the people in order that they might be included in the Constitution of North Dakota:

Unless otherwise provided by law, all meetings of public or governmental bodies, boards, bureaus, commissions, or agencies of the state or any political subdivision of the state, or organizations or agencies supported in whole or in part by public funds, or expending public funds, shall be open to the public.

Section 50. All sessions of the legislative assembly, including the committee of the whole and meetings of legislative committees, shall be open to the public.

This measure containing these two sections was approved by an overwhelming margin of 82,799 to 22,894 on September 3, 1974.

Although House Bill 1537 comes within the exception clause of the constitutional provision, the people of the State of North Dakota have time after time expressed their unequivocal support for open meetings. It would seem that the said exception was to be reserved for very special cases dealing with personal matters with which public officials may at times have to deal.

The principle is well established that when the expenditure of public

funds is being considered, the public has the right to know. I recognize the sincere efforts of the sponsor of this bill to improve the negotiations process. However, I must affirm the principle of open meetings, and I believe this measure would erode that principle.

Therefore, I veto House Bill 1537.

Sincerely yours,
ARTHUR A. LINK, Governor

MOTION

Rep. Strinden moved that House Bill No. 1537 be placed on the calendar for the purpose of its reconsideration as a vetoed measure pursuant to Section 79 of the Constitution of the State of North Dakota, which motion prevailed.

So the House Concurrent Resolution was declared lost.

House Concurrent Resolution No. 3092. A concurrent resolution directing an interim study by the Legislative Council to determine the numbers of displaced homemakers in North Dakota and to identify the programs and services provided by the state and its political subdivisions, and by voluntary, nonprofit organizations to this special category of women who have fulfilled the role of homemaker but suddenly find themselves displaced in their middle years due to widowhood, divorce, disabled spouse, or other loss of family income.

Was read the second time with Committee Recommendation Do Not Pass.

Rep. Beauclair: "Mr. Speaker, Members of the Assembly:

"I rise on a point of personal privilege and ask that my remarks be printed in the Journal.

"Although the Legislative Council Resolutions Committee recommended a Do Not Pass on House Concurrent Resolution No. 3092, which calls for an interim study on programs and services provided for the Displaced Homemaker in North Dakota, I feel strongly that we should support the resolution.

"I call your attention to the printed information which each of you should have found on your desk this morning. I refer to the article entitled, 'The Displaced Homemaker: There is new hope for America's No. 1 lady in distress.'

"What is a Displaced Homemaker? She is a woman, usually middle aged, who has spent her life as a traditional homemaker and who suddenly finds herself forced back into the labor market because of widowhood, divorce or a disabled spouse. There is no one to support her and her family.

"The Displaced Homemaker has some very special problems. She chose the most socially acceptable role for a woman — that of wife and mother — instead of a paying job. She kept house, raised a family and depended solely on her husband for support. Now she no longer has that support, and if she had any paid work experience at all, it has been usually 20 to 30 years ago.

"Until very recently, women were not encouraged to pursue a serious career outside the home. They were expected to get married and live happily ever after. The Displaced Homemaker did what she was expected to do and is now out of a job. I repeat — she has some very special problems...

1. Her job skills, if any, are rusty.
2. She can't draw unemployment or a pension.
3. She is too old for AFDC and too young for Social Security.
4. If she is divorced, she is ineligible for her former husband's unemployment benefits.

"This woman could be your mother, your wife, your sister, or yourself. She needs special counseling, special training, and most of all — a whole new look at herself and her role in society. She needs a reassessment of her innate skills and those she has acquired as a fulltime homemaker, volunteer worker, and helpmate to her husband. She needs concrete ways to turn these skills into marketable skills.

"Maybe North Dakota already has an abundance of such programs. Maybe North Dakota has no Displaced Homemakers. Maybe North Dakota doesn't see the need to find out whether we have these people or these programs. I think we should find out, so I strongly urge you to support House Concurrent Resolution No. 3092. Thank you."

POINT OF PERSONAL PRIVILEGE

Rep. Marsden: "Mr. Speaker, Members of the Assembly:

"I rise on a point of personal privilege. I intended to make this point at the beginning of the Constitutional Revision Resolutions, but was absent when their consideration began, so I am making it now.

"It is pretty hard for any of us to vote against any one of these constitutional revisions which allows the people to decide whether or not they want such a law or not. However, I object to those who are in favor of the amendment that use the vote of this Assembly to indicate approval by us to promote passage of the constitutional revision.

"This is something for the members of this Assembly to think about."

REPORTS OF STANDING COMMITTEES

Mr. Speaker: Your Committee on Constitutional Revision to whom was referred House Concurrent Resolution No. 3090, has had the same under consideration and recommends, by a vote of Ayes, 6; Nays, 2; Absent, 0, that the same be amended as follows:

On page 1, line 6, after the semicolon insert the words "to provide alternative choices regarding the lieutenant governor's duties;"

On page 2, line 18, insert the following after the period: "No person may be elected to more than two four-year terms as governor."

On page 6, delete lines 1 through 9

On page 6, line 15, delete the words "July 1, 1979" and insert in lieu thereof the words "December 1, 1980" and after the word "in" insert the words "1976 and"

On page 6, line 16, after the period insert the following new sentence: "Other provisions of the Constitution notwithstanding, no person shall run for or be elected to any constitutional office not specified in this resolution as a constitutional office in the primary and general elections of 1980."

On page 6, after line 22, add the following new material:

"SECTION 4. ALTERNATIVE PROPOSITIONS AND THE BALLOT.) Should House Concurrent Resolution No. 3095 be adopted by the voters in the September 1978 primary election, the secretary of state shall place on the November 1978 general election ballot House Concurrent Resolution No. 3090 with the changes made by House Concurrent Resolution No. 3095 in the present section 77 of the Constitution regarding the lieutenant governor reflected in House Concurrent Resolution No. 3090's proposed section 81. The appropriate section 81 shall be placed in House Concurrent Resolution No. 3090 on the ballot by the secretary of state. Should House Concurrent Resolution No. 3095 pass with alternative "A", the following proposed section 81 shall be added to House Concurrent Resolution No. 3090 on the ballot:

Section 81. The powers and duties of the lieutenant governor shall be to serve as president of the senate, and he may, when the senate is equally divided, vote on procedural matters, and on substantive matters if his vote would be decisive. Additional duties shall be prescribed by the governor. If, during a vacancy in the office of governor, the lieutenant governor shall be impeached, displaced, resign, or die, or from mental or physical disease, or otherwise become incapable of performing the duties of his office, the secretary of state shall act as governor until the vacancy shall be filled or the disability removed.

Should House Concurrent Resolution No. 3095 pass with alternative "B", the following proposed section 81 shall be added to House Concurrent Resolution No. 3090 on the ballot:

Section 81. The powers and duties of the lieutenant governor shall be prescribed by the governor. If, during a vacancy in the office of governor, the lieutenant governor shall be impeached, displaced, resign, or die, or from mental or physical disease, or otherwise become incapable of performing the duties of his office, the secretary of state shall act as governor until the vacancy shall be filled or the disability removed.

Should House Concurrent Resolution No. 3095 not be adopted by the voters in the September 1978 primary election, the alternative propositions for amending the present sections 36 and 65 of the Constitution and adding a new proposed section 81 to the main measure of this resolution set out as follows in this section shall be arranged with the main measure of this resolution on the ballot by the secretary of state so voters will vote on both the main measure and for one of the two alternatives when voting on this ballot item. The main measure, should it be approved by the voters, and whichever alternative is chosen by the voters, would then together become the constitutional amendment adopted by this ballot item and both would be governed by the effective date stated in this resolution. The alternatives are an integral part of the main measure and shall not stand alone. Should the main measure fail, the alternatives shall be deemed to have failed also.

Should the main measure pass and alternative "A" be selected by the voters, the present section 65 of the Constitution of the State of North Dakota shall be amended as follows, with underlining indicating new language and the material enclosed in triple parentheses deleted: "Section 65. No bill shall become a law except by a vote of a majority of all the members-elect in each house, nor unless, on its final passage, the vote be taken by yeas and nays, and the names of those voting be entered on the journal. However, the lieutenant governor may vote with the members-elect of the senate as provided in section 81."

Should the main measure pass and alternative "B" be selected by the voters, the present section 36 of the Constitution of the State of North Dakota shall be amended as follows, with the underlining indicating new language and the material enclosed in triple parentheses deleted: "Section 36. The senate and the house of representatives shall each elect one of its members as ((speaker)) presiding officer at the beginning of each regular session."

This section of the resolution discussing the alternative propositions and the ballot shall not be published as a part of the Constitution should this resolution be adopted by the voters.

ALTERNATIVE "A"

Section 81. The lieutenant governor shall serve as president of the senate, and may, if the senate is equally divided on a question, vote on both procedural and substantive matters. If, during a vacancy in the office of governor, the lieutenant governor is unable to serve because of death, impeachment, resignation; failure to qualify, removal from office, or disability, the secretary of state shall act as governor until the vacancy shall be filled or the disability removed.

ALTERNATIVE "B"

Section 81. The powers and duties of the lieutenant governor shall be prescribed by the governor. If, during a vacancy in the office of governor, the lieutenant governor shall be impeached, displaced, resign, or die, or from mental or physical disease, or otherwise become incapable of

performing the duties of his office, the secretary of state shall act as governor until the vacancy shall be filled or the disability removed."

And renumber the pages and lines accordingly.

And report the same without recommendation.

POINT OF PERSONAL PRIVILEGE

Rep. Gerl: "Mr. Speaker, Members of the Assembly:

"I rise on a point of personal privilege.

"On Friday, March 25, a motion was made for the House Employment Committee to investigate thoroughly charges against one of the members of this chamber. On Monday, March 28, a hearing was held on this matter, and I am submitting this report on behalf of myself, Rep. Meiers, Rep. Scofield and Rep. Martinson. Our report is based on specific testimony and evidence as presented at the hearing. We did not go into the cause and effects of the charges.

"I ask that the following report be printed in the Journal."

HOUSE COMMITTEE ON EMPLOYMENT

The Friday, March 25, Senate Journal on pages 1394 and 1395 carries personal privilege remarks made by Senator Francis Barth. Sen. Barth's opening statement was, "I learned this morning that the Republican Floor Leader of the House, Rep. Earl Strinden, instructed some employees of our phone pool to deliver copies of all messages relating to the "fun bus" to him. I learned that the content of a phone message intended for me was delivered to Rep. Strinden." He added, "This is a serious breach of privacy."

Sen. Barth further stated, "Yesterday's incident leads me to wonder whether Rep. Strinden has been using the phone pool as a means of obtaining information on other matters before this Assembly.

Does Rep. Strinden have all messages for Legislators copied and delivered to him?

Do others use the phone pool to obtain information for political purposes?

Does Rep. Strinden use the phone pool to obtain messages on the Coal Severance Tax or other political matters?

Sen. Barth, in his remarks as printed in the Senate Journal, asked that a joint meeting of the Employment Committees be called immediately, a hearing held, witnesses called and a thorough investigation of the matter be conducted, with a report delivered to both Houses of the Assembly by no later than Tuesday, March 29, 1977.

The Journal of the House of Representatives on page 1602 carries this motion by Rep. Strinden, "moved that the Employment Committee of the House, in a joint meeting with the Employment Committee of the Senate, investigate thoroughly the charges made by Sen. Barth and that they do this at the earliest convenience and make their report complete and open to the members of the House and Senate and to the Public." This motion prevailed. On Friday afternoon Rep. James Gerl, a member of the House Employment Committee, sent a note to Sen. Solberg, Chairman of the Senate Employment Committee, calling a joint Employment Committee meeting for the House East Balcony at 9:00 a.m. on Monday, March 28th. Rep. James Gerl also sent a note to Sen. Maher notifying him of this meeting. Sen. Maher is a Democrat member of the Senate Employment Committee. The record should show that the Senate Employment Committee chose not to meet in a joint meeting inasmuch as the phone operators are employees of the House of Representatives and the questions raised by Sen. Barth were against Rep. Strinden a member of the House of Representatives. On Monday morning, March 28th, the House Employment Committee, made up of Representatives Martinson, Scofield, Gerl and Meiers met in the East Balcony of the House Chambers at approximately 10:30 a.m. Present were all of the phone operators in the Legislative phone pool, Sen. Barth, Rep. Strinden, Sen. Hoffner, Rep. Backes, Sen. Solberg and other interested Legislators, citizens and individuals representing the news media.

Here are the findings of the Committee:

1. There is no evidence that Rep. Strinden instructed one or any of the employees of the phone pool to deliver all copies of messages relating to the "fun bus" to him.

2. The Committee found that there is no evidence that Rep. Strinden had messages for other Legislators copied and delivered to him.

3. The Committee found that there is no evidence that Rep. Strinden

used the phone pool to obtain information for political purposes.

4. The Committee found that there is no evidence that Rep. Strinden used the phone pool to obtain messages on the Coal Severance Tax or other political matters.

5. The Committee did find that information on a phone message for Sen. Barth was brought to the attention of Rep. Strinden by phone operator, Willa Carlson.

Willa Carlson told the Committee that earlier in the session, Rep. Strinden had mentioned an interest in learning of any threatening phone calls which may come in to the phone pool. She said that a number of calls from angry citizens came in to the phone pool on Thursday morning, March 24th because of the publicity about the "fun bus". She, in her opinion, thought a phone message for Senator Barth was of a threatening nature and therefore brought it to Rep. Strinden's attention. She said that she was concerned about the Legislature and that this phone message was an example of the type of calls which were coming in demanding to know the names of those Legislators who were on the so-called "fun bus", Rep. Strinden said that when he received this information on the phone call from Willa Carlson he, within minutes, brought it to the attention of Rep. Backes. Rep. Backes verified that Rep. Strinden brought this message to his attention shortly after the convening of the House on Thursday morning.

The Committee found no evidence that any other messages other than this single message was brought to the attention of Rep. Strinden by Willa Carlson or any other members of the phone pool.

A breach of Sen. Barth's privacy did occur, inasmuch as Rep. Strinden did, in fact, receive a telephone message intended for Sen. Barth. Testimony indicated that the telephone operator over reacted and misinterpreted a remark made by Rep. Strinden earlier in the session that he wished to be apprised of threatening calls to legislators.

It appears that an effort should be made to establish a job description for all employees. Telephone attendants should receive instruction as to their duties and the importance of maintaining the confidential nature of all communications.

This incident points to the need for specific policy and instruction for employees engaged in the handling of messages. Such policy should include, but not be limited to procedures assuring the privacy rights of members and to protect all involved, employees, members and leaders, from any uncertainty or question regarding threatening or "crank" calls. The legislative assembly should, through its established procedures, make clear its intent in this regard, if it is not adequately established now.

A tape and a transcript of this hearing is a matter of public record and is on file with the Legislative Council.

Respectfully submitted,
Rep. Meiers
Rep. Gerl
Rep. Scofield
Rep. Martinson
Members, Committee on Employment
House of Representatives

POINT OF PERSONAL PRIVILEGE

Rep. Strinden: "Mr. Speaker, Ladies and Gentlemen:

"I would like to express my appreciation to Reps. Gerl and Meiers, Martinson and Scofield for the expeditious manner in which they have handled this investigation.

"Members of the Assembly, this was not an earth-shaking type of thing, but some charges were made and they are in the Senate Journal. I did feel it important that this be investigated by this committee made up of objective and honorable people — two members from the Democratic caucus and two from the Republican caucus.

"On the particular day when the charges were raised as to whether phone calls were being monitored, this was flashed on every program on a particular channel.

"How easy it is for charges to be made and those charges be given wide publicity, but when the report is made that clears a person of these charges — how little publicity that will receive.

"I do appreciate the report of this committee, and I appreciate the fair way in which they handled it."

REPORT OF CONFERENCE COMMITTEES

Mr. Speaker: Your Conference Committee to whom was referred House Bill No. 1262 has had the same under consideration and recommends:

That the House accede to the Senate amendments.

For the Senate

Senator Goodman

Senator Jacobson

Senator Barth — refused to sign

For the House

Rep. Gackle

Rep. A. Hausauer

Rep. Backes — refused to sign

Rep. Gackle moved that the report be adopted.

POINT OF PERSONAL PRIVILEGE

Rep. Backes: "Mr. Speaker, Members of the Assembly:

"I rise on a point of personal privilege.

"If any of you have wondered why we had the delay from 1:30 until about 2:00 for this session to start, I want to review what has been happening because it has been bothering me terribly. I want all of you to know that at 1:30 we went into caucus on House Bill No. 1262. No coercion or threats to any of the members of the Democrat caucus were made to vote or to reject this report. The caucus agreed to reject the committee report unanimously. We came upstairs, and our members were immediately jumped on by members of the Republican leadership on the Senate side. What has happened, I believe, is one of the most flagrant examples of disregard of the Constitution that I have ever seen in my years in the Legislative Assembly. There were open threats or collusion about killing another bill to get members of my caucus to completely disregard the merits of the bill itself. I believe such threats are completely unconstitutional. The building bill in the Senate should be regarded on its merits. If they want to pass it or not pass it is not a big issue with me. It should be considered on its merits, and not on how the members of the Democrat caucus votes on another issue.

"Thirty-two members of the Senate are now controlling the State of North Dakota through the Legislative Assembly, and I do not believe thirty-two members should control the state in that fashion.

"I think we have seen one of the worst examples of legislative trickery, legislative skullduggery — whatever you want to call it — in my years in the House of Representatives.

"With this I would ask for a call of the House."

Speaker Solberg ruled there was sufficient number of members agreeing with Rep. Backes to order a Call of the House.

Rep. Strinden moved to dissolve the Call of the House, which motion was resisted by Rep. Backes.

POINT OF PERSONAL PRIVILEGE

Rep. Metzger: "Mr. Speaker, Members of the Assembly:

"I rise on a point of personal privilege.

"I know the issue that is involved is the severance tax issue, and first I should give you some background.

"First, you should know something of the district I come from. It is near the City of Fargo. I have a business in Fargo. I run in a series of townships and a township of another school district from that my children attend, and another town remote from that in which I live.

"Since the beginning of this session, I have had almost 100 percent support from my district for a flat-rate tax or a very low percentage severance tax. I have also had strong support for the best building bill I could get to come out of this session.

"I realize the importance of being the leader of a political party, and I told the leadership that I would stay with him as long as I could to help him negotiate the best possible bills he could get on both the severance tax and the buildings. I have done this with the sanction from my home district. If they do not agree, they will have the opportunity to make that decision at the next election.

"I held out on the severance tax issue until I felt we had as good a building bill as we could get out of this session.

"It is hard for me to stand up in front of this Legislative Assembly and say I cannot follow the party caucus all the time. If you have fifty or seventy-five members of the caucus who follow each time, then you do not have a good caucus. You cannot expect any caucus to follow that party line 100 percent of the time, any more than you would expect the congregation of a church to never disagree. You have to have some free convictions for the people you represent. I have done that. If I have embarrassed the Democratic Party, I apologize for that.

"What I have done today at noon was to check the status of the building bill. I feel if I wait any longer, I will have jeopardized the buildings.

"I support the Heritage Center — I have even given to it personally. I think we have lost too many good things in this session because we have not trusted one another as well as we should. I think it is time to lay the cards on the table, and I told my leadership that.

"I will support my leadership in any manner at this particular point until the call of the House is over and Rep. Rocheleau is back. I believe that is important.

The question then was on the motion of Rep. Strinden to dispense with the Call of the House, which motion failed on a verification vote.

The House stood at ease.

Rep. Backes moved that the House dispense with the call of the House, which motion prevailed.

POINT OF PERSONAL PRIVILEGE

Rep. Richard: "Mr. Speaker, Members of the House:

"I rise in opposition to this flat-rate tax. I have remained silent on this issue in other floor action because I felt that this issue would have little effect on me. Maybe I was shirking my responsibility as a member of the Finance and Tax Committee.

"I rise today to take up my responsibility and air my deep-seated feelings on this issue, since some of these ideas have not been discussed before, and others have been clouded over by the mountains of debate we have all had to endure. I am under no illusion that my limited eloquence will change any votes, but I hope you will do me the favor of listening.

"In my mind, I see the people of our state as being the most tolerant people in the world, and most of the time I see outside interests taking advantage of our good nature. For example, we have put up with differential freight rates which cost North Dakota millions until just recently. These rates were set by outside interests at our expense. Our grain has been adulterated to the point that our honesty and credibility as producers of good quality food is suspect. This is done by outside interests. Our friendly state to the East forced dual grain inspections on us for years, at great cost to our state and people.

"Our oil production taxes have been a giveaway by comparison to other states since the inception of oil development in the early fifties. Now the oil industry controls our ability to raise this tax because we made it permanent. We have been stuck ever since. The oil industry is obviously an outside interest.

"The members of the Tax Committee will verify that a representative of the tobacco industry was flown in from West Virginia, when there was

even a hint that the cigarette tax would be raised. West Virginia is not within our borders unless recent earthquakes have shifted a heck of a lot of land.

"A high percentage tax is the only tax that we can make permanent that will keep pace with inflation and will work to our benefit instead of to our disdain. This tax can be passed and left alone, whereas this flat-rate tax will require adjustments that we may not be able to make, due to the tremendous outside pressures.

"We have talked of impact, but even with the extensive studies we don't know what these impacts are. For instance, no one has said how the tremendous influx of people, due to coal development, will affect our recreational areas. This concerns me because I live near the Turtle Mountains and the Peace Gardens, which is one of the top tourist and recreational areas in hundreds of miles. I'm sure there are many other things which will contribute to impact that we won't recognize until we as taxpayers discover that we have to pay for it.

"It is plain to see that outside interests and other states care very little about our quality of life. Witness the storm of protest over Garrison Diversion waged by our friendly neighbors as a prime example. We have the dam, we use very little of the power, we lost 560,000 acres of prime land, and they think that is just fine. The situation in coal development is nearly the same. We have 100 percent of the problem, we will get 15 percent of the benefits, and if we are stuck paying 80 percent of the bill the outside interests will see that as well and good.

"The people pushing this low tax do not have our best interests in mind. They never have. They are not good old boys from our home towns. They represent power companies which are outside interests. They may have big beautiful office complexes within our borders, but of the 61 directors that control these companies, 54 are from outside the borders of our state. With the dubious favors outside interests have granted us in the past, I see no reason why we should continue to cultivate their friendship at the expense of our people and our state. We have granted enough favors and allowed enough freeloaders. Now let's stop."

Rep. Fleming requested a recorded roll call vote on the motion of Rep. Gackle to adopt the Conference Committee Report on House Bill No. 1262, which request was granted.

Rep. Fleming requested a call of the House, which request was granted.

Rep. Fleming moved that the House dispense with the call of the House, which motion prevailed.

ROLL CALL

The question then was on the motion of Rep. Gackle to adopt the Conference Committee Report on House Bill No. 1262.

The roll was called, and there were ayes, 50; nays, 50; absent and not voting, 0.

SOUTH DAKOTA STATE LEGISLATURE

The Honorable Oscar Solberg, Speaker

State of North Dakota

State Capitol Building

Dear Representative Solberg:

Enclosed herewith is House Concurrent Resolution No. 517 which has been adopted by the House and concurred in by the Senate during this 52nd Legislative Session of the State of South Dakota.

Your favorable consideration for the provisions of this Resolution will be much appreciated by the members of the House and Senate acting in behalf of the citizens of the State.

MOTION

Rep. Strinden moved that the House Concurrent Resolution 517 from the South Dakota Legislature be printed in the Journal, which motion prevailed.

HOUSE CONCURRENT RESOLUTION 517

A CONCURRENT RESOLUTION, Citing the legislative interest of South Dakota, and her sister state North Dakota, in, and their support of, Missouri River development in the form of the Oahe and Garrison projects, and memorializing the President and the Congress of the United States not to withdraw federal support from these projects.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF SOUTH DAKOTA, THE SENATE CONCURRING THEREIN:

WHEREAS, South Dakota and North Dakota recognize the importance of utilizing the waters of the upper Missouri River basin for their mutual benefit in meeting the basic needs for human consumption, for domestic uses, and to grow food, the very essentials of life sustaining activities; and

WHEREAS, North Dakota and South Dakota, two of the most agriculturally oriented states of the nation, are facing the very real and immediate problems of drought, problems which could have a significant impact not only in the United States, but also in the world's agricultural markets; and

WHEREAS, cities in North Dakota and South Dakota are in some instances being forced to implement water rationing as water supplies continue to dwindle at an alarming rate; and

WHEREAS, the citizens of the Garrison diversion conservancy district and Oahe conservancy subdistrict have expended significant amounts of money in preparation for the operation and maintenance of the project; and

WHEREAS, the state of South Dakota has suffered the loss of 509,000 acres of fertile river bottom farmland for the construction of Missouri River reservoirs necessary as a first stage to the development of the entire Missouri River basin; and

WHEREAS, the state of North Dakota has suffered a similar loss of 568,000 acres of river bottom farmland; and

WHEREAS, the states of South Dakota and North Dakota believe that the loss of 1,077,000 acres of agriculturally productive land can be fairly compensated for by federal support for the irrigation of other agricultural lands from Garrison and Oahe reservoirs; and

WHEREAS, the benefits from the reservoir construction on the mainstem of the Missouri River in the form of flood control, navigation, and power generation have accrued, to a great extent, to out-of-state interests; and

WHEREAS, the Oahe project in South Dakota and the Garrison project in North Dakota are projects of the Pick-Sloan Missouri Basin Program; and

WHEREAS, the proposed discontinuance of funding at the federal level for such programs would jeopardize the overall development of the water resources in the Dakotas; and

WHEREAS, South Dakota and North Dakota, as sister states, recognize the necessity of working together to protect our mutual inheritance of Missouri River water and to seek together appropriate modifications of either project to enhance the environmental and economic characteristics of the project:

NOW, THEREFORE, BE IT RESOLVED, by the House of Representatives of the Fifty-second Legislature of the state of South Dakota, the Senate concurring therein, that South Dakota joins with her sister, North Dakota, to memorialize the President and Congress of the United States, not to place a moratorium upon the development of the Garrison or the Oahe projects and to proceed with their completion with all deliberate speed; and

BE IT FURTHER RESOLVED, that the Chief Clerk of the House of Representatives send copies of this Resolution to the President of the United States, each member of the South Dakota and North Dakota congressional delegations, Secretary of Interior, the Governor of North Dakota, the Governor of South Dakota, and the North Dakota Senate and House of Representatives.

Adopted by the House of Representatives,

REPORT OF STANDING COMMITTEE

Mr. Speaker: Your Committee on Finance & Taxation to whom was referred Senate Bill No. 2551, has had the same under consideration and recommends, by a vote of Ayes, 9; Nays, 7; Absent, 0, that the same be amended as follows:

On page 1 of the engrossed bill, line 1, after the words "A BILL" delete the remainder of the bill and insert in lieu thereof the following: "for an Act to provide for a severance tax for the privilege of severing coal from the earth; to provide procedures for the imposition, collection, and administration of such tax; to provide for the deposit of the proceeds of such tax in the state treasury and for the allocation thereof to the state and its political subdivisions; to provide for a coal development impact office in the office of the governor; to provide for a state coal development impact commission and a county coal development impact commission to approve or disapprove impact grants; and to provide an appropriation for revenue sharing.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. DEFINITIONS.) As used in this Act:

1. The "board" or "state board" means the state board of equalization.
2. The "fair market value of the coal" means, in the case of each in-

dividual sales contract for coal, a price per ton for coal which has been sold under an arms-length contract and which includes all costs as herein provided. Such costs must include but are not limited to the following:

a. Market value of the rights of the coal mine operator in the coal before severance or, when the unsevered coal is owned wholly or partly by the user, the market value of the owner's rights therein.

b. Any rents, royalties, or bonuses paid with respect to the coal.

c. All mining costs, including the costs of extraction of the coal from the earth, costs of loading and hauling such coal from the place of extraction to the various points of processing and loading for shipment, costs of coal treatment processes such as crushing, sizing, and oiling, costs of loading the coal onto transportation equipment for shipment, and costs of reclamation of mined land, all of which costs shall include, but shall not be limited to, the following:

(1) Labor and management costs, including but not limited to salaries and wages, payroll and other taxes, payments to labor union funds and retirement plans.

(2) The cost of owning and financing or of leasing equipment used for the purposes described in this subdivision and the cost of operating such equipment.

(3) The cost of electricity and fuel, or the equivalent value thereof when not purchased, required to operate all mining equipment.

Fair market value of the coal shall not, however, include the amount of severance tax imposed by this Act and shall not include transportation costs other than those described in subdivision c of this subsection.

3. "Coal development" shall mean the mining of coal and industries directly related to the processing of coal, including, but not limited to, the generation of electricity from coal or coal products, coal gasification, coal liquefaction, and the manufacture of fertilizer from coal, and shall also include the transportation of coal and products therefrom.

4. "Impacted city or other political subdivision" shall mean a city or other political subdivision which demonstrates actual or anticipated extraordinary expenditures caused by coal development or the growth incidental thereto.

5. "Impacted county" shall mean a county which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

6. "Impacted school district" shall mean a public school district which demonstrates actual or anticipated extraordinary expenditures caused by coal development and the growth incidental thereto.

7. "Coal" means a dark-colored compact and earthy organic rock with less than forty percent inorganic components, based on dry material, formed by the accumulation and decomposition of plant material. The term shall include lignite in both oxidized and nonoxidized forms as well as any coal bodies enriched in radio-active materials.

8. "Person" includes any individual, firm, partnership, joint adventure, association, corporation, estate, business trust, receiver, or any other group or combination acting as a unit and the plural as well as the singular growth.

9. "Fiscal year" means a twelve month period beginning on July first and ending on the following June thirtieth.

SECTION 2. IMPOSITION OF TAX — PAYMENT OF TAX — COMPUTATION OF COAL PRICE.)

1. There is hereby imposed for the privilege of severing coal in North Dakota from the earth for sale or for industrial purposes a tax in the amount hereinafter provided. Such tax shall be in lieu of any tax imposed by law upon the sale or use of such coal in this state. Each coal mine owner or operator shall remit such tax for each calendar quarter year, within thirty days after the end of each quarter, to the state tax commissioner upon such reports and forms as the tax commissioner shall deem necessary.

2. The amount of tax imposed shall be a flat rate per ton of coal determined annually as follows: on the first Tuesday in June and each day thereafter as necessary the state board of equalization shall hold a public hearing at the state capitol at which any person interested may appear and present evidence relating to the statewide average contract price of a ton of coal, after which the state board shall, as soon as reasonably possible, determine the statewide average contract price of a ton of coal of two thousand pounds prevailing in this state on June first of that year. The rate of tax imposed for each ton of coal severed in the following fiscal year shall then be twenty-five percent of such statewide average contract price as so established by the board which the board shall certify to the state tax commissioner as the rate of tax for the next fiscal year. The tax rate per ton as certified by the board shall be rounded to the nearest tenth of a cent. The tax rate for any fiscal year, however, shall not be less than one dollar per ton.

3. For purposes of determining the statewide average contract price per ton of coal prevailing in the state on June first of any year the state board of equalization shall, if necessary, adjust the price of coal that is provided for in each contract so that the price represents as nearly as possible, the fair market value of the coal as defined in this Act. In any case where the coal before severance is owned, wholly or partly, by the person who will use it after severance in an energy conversion process or for any other purpose or where a person neglects or refuses to furnish to the state board any information required by it as provided in this section, the state board may determine a fair market value of such coal for use in establishing the statewide average contract price.

4. When adjusting contract sales prices to determine the fair market value of coal mined under a contract, the board may utilize the factors authorized by the federal Internal Revenue Code, 26 United States Code, section 613, or that provision as it may be labelled or amended, and the regulations thereunder, for determining gross income from mining property, or the board may utilize any other or additional criteria that are appropriate. Each coal mine owner or operator and each buyer and seller of coal shall, upon request made by the board at any time, furnish to the board copies of the contracts under which it is then buying or selling coal and any other information deemed necessary by the board for the performance of its duties. The board may also take into consideration the reports or other information filed by any coal mine owner or operator or any buyer or seller of coal with any other agency of government, federal, state or local which such agency is not prohibited by law from disclosing to the board.

5. In establishing the statewide average contract price per ton of coal as of June first of any year the state board shall take into account the fair market value of coal under contracts which provide for the production of more than twenty-five thousand tons of coal per year and shall use the

weighted arithmetic mean price of such coal, except that no contract for the production of that type of coal known as leonardité shall be taken into account for the purpose of this subsection.

6. The board's certification of the annual tax rate to the state tax commissioner shall be prima facie evidence of its correctness. The tax rate provided for in this section shall be applicable for all coal mined on or after July 1, 1977.

7. The state board of equalization is hereby authorized and empowered to prescribe and promulgate rules and regulations in accordance with the procedure provided in chapter 28-32 of the North Dakota Century Code that are necessary and advisable for the administration of its duties under this section.

8. An appeal from the determination of the annual tax rate by the state board may be taken to the district court of Burleigh county within thirty days after the certification of that tax rate by the state board to the state tax commissioner. The appeal shall be heard and determined de novo by the district court.

SECTION 3. WHEN TAX DUE — WHEN DELINQUENT.) The severance tax as provided in this Act shall be due within thirty days after the end of each quarter year period, and if not received by the thirtieth day shall become delinquent and shall be collected as herein provided. The tax commissioner, upon request and proper showing of the necessity therefor, may grant an extension of time, not to exceed fifteen days, for paying the tax, and when such request is granted, the tax shall not be delinquent until the extended period has expired. The tax commissioner shall require a report to be filed quarterly by each owner or operator of a coal mine, in such form as the tax commissioner may specify, to list a full description of the mine, the number of tons of coal severed, the amount of tax due and remitted, and any other information deemed necessary by the tax commissioner for the proper administration of this Act.

SECTION 4. POWERS OF STATE TAX COMMISSIONER.) The state tax commissioner shall have power to require any person engaged in the mining of coal, and the agent or employee of such person, or purchaser of such coal, or the owner of any royalty interest therein, to furnish any additional information deemed by him to be necessary for the purpose of correctly computing the amount of tax due, and to examine the books, records, and files of such person, and shall have power to conduct hearings and compel the attendance of witnesses, the production of books, records, and papers of any person, and full authority to make any investigation or hold any inquest deemed necessary to a full and complete disclosure of the true facts as to the amount of production from any coal mine or of any company or other producer thereof, and as to the rendition thereof for taxing purposes. In case of refusal by a person to comply with a requirement of the state tax commissioner to furnish information or to produce books, records or files for examination, the tax commissioner may invoke the aid of any court of competent jurisdiction and such court may issue an order requiring the person to appear before the tax commissioner and give evidence or produce books, records and files, as the case may be, and any failure to obey such order of the court may be punished by the court as contempt thereof.

SECTION 5. TAX COMMISSIONER TO COMPUTE TAX ON INCORRECT RETURNS.) The state tax commissioner shall have the power and authority to ascertain and determine whether or not any

report or remittance filed with him is correct, and if the owner or operator has made an untrue or incorrect report or remittance, the commissioner shall ascertain the correct amount of taxes due, and give immediate notice to the owner or operator filing the incorrect return or remittance. Any coal mine operator or owner receiving notice from the tax commissioner that he has filed an incorrect return or remittance shall remit the tax assessed by the commissioner within fifteen days of such notice. Any owner or operator aggrieved by a decision of the tax commissioner may make application in writing within fifteen days of notification for a hearing which shall be granted not later than fifteen days after receipt of the application. The tax commissioner may grant or reject, in whole or in part, the contentions of the owner or operator and upon conclusion of the hearings shall proceed to make a final determination of taxes due. Such taxes assessed by the commissioner shall become delinquent five days after the conclusion of the hearing, except in such cases where an owner or operator shall appeal such assessment to the district court of Burleigh county, in which case they shall become delinquent five days following final judicial determination.

SECTION 6. PENALTY ON DELINQUENCY — FAILURE TO FILE REPORTS.) Where the severance tax provided for in this Act shall become delinquent, the tax commissioner shall, as a penalty for such delinquency, add to the amount of severance taxes due five percent of the delinquent amount plus interest at the rate of one percent per month. If the quarterly report is not filed within thirty days after the end of any quarter year period and taxes due paid, the tax commissioner shall notify the delinquent owner or operator of such delinquency, and if such report and remittance are not filed within an additional fifteen days, the tax commissioner shall notify the public service commission, which shall forthwith suspend such owner's or operator's license or permit until such time as payment is received, or the issues settled to the satisfaction of the tax commissioner; provided that if the quarterly report and a claim that no tax due is filed with the tax commissioner within fifteen days after the notice from the tax commissioner, the tax commissioner shall then proceed in accordance with section 5 if he believes tax is due.

SECTION 7. LIEN FOR TAX.) The severance tax herein imposed shall, at all times, be and constitute a first and paramount lien on the coal mine owner's or operator's property, as the case may be, both real and personal. In all cases where such tax is not paid, it may be recovered at the suit of the state, upon relation of the state tax commissioner, in the district court of the county where any such property, assets, and effects are located.

SECTION 8. APPEAL FROM DECISION OF TAX COMMISSIONER.) Any person aggrieved because of any action or decision of the tax commissioner under the provisions of this Act may appeal therefrom to the district court of Burleigh county.

SECTION 9. RULES AND REGULATIONS — BOND.) The tax commissioner is hereby authorized and empowered to prescribe and promulgate all necessary rules and regulations for the purpose of making and filing of all reports required hereunder to be filed with him and otherwise necessary to the enforcement of the provisions of this Act, and may, at his option and discretion, require a sufficient bond from any coal mine operator or owner charged with the making and filing of report and the payment of the taxes herein imposed, and said bond shall run to the

state of North Dakota and shall be conditioned upon the making and filing of reports as required by law or regulation, and for the prompt payment, by the principal therein, of all taxes justly due the state by virtue of the provisions of this Act.

SECTION 10. DISPOSITION OF REVENUES.) All moneys collected by the tax commissioner pursuant to this Act shall be turned over by him as soon as practicable to the state treasurer for deposit in the state treasury to the credit of the coal development fund.

SECTION 11. ALLOCATION OF MONEYS IN COAL DEVELOPMENT FUND.)

1. Moneys deposited in the coal development fund that are from coal mined prior to January 1, 1984, shall be apportioned quarterly by the state treasurer as follows:

a. Thirty-five percent shall be credited to a special fund in the state treasury for distribution through grants by the coal development impact office to impacted cities, counties, school districts, and other taxing districts.

b. Fifteen percent shall be credited to a special fund in the state treasury to be held in trust to be administered by the board of university and school lands, which shall have full authority to invest such funds and may consult with the state investment board as provided by law. The income from such trust fund shall be deposited in a special account within the trust fund which shall be known as the "environmental protection research and alternative energy development fund", and income earned by such special account shall also be deposited in that account. Expenditures from such fund may be made, as the legislative assembly directs, for the following purposes:

(1) Research to identify and determine the extent of environmental problems related to coal development in North Dakota;

(2) Research to determine methods of alleviating such problems and for assistance in their alleviations; and

(3) Research and development of other energy sources that are viable alternatives to obtaining energy from fossil fuels and nuclear fission. Such trust fund, but not the income therefrom, shall be perpetual and held in trust as a replacement for depleted natural resources.

c. Fifteen percent shall be allocated to the coal-producing counties and shall be distributed among such counties in such proportion as the number of tons of coal severed in each county bears to the total number of tons of coal severed in the state during such quarterly period. Two-thirds of each such distribution to a county shall be allocated to the county coal development impact commission for the making of grants as provided in section 15 of this Act. One-third of each such distribution to a county shall be promptly distributed within a county as follows:

(1) Forty percent shall be credited to the county general fund and may be expended for county general fund purposes or may be, by resolution of the board of county commissioners, transferred to other county funds for expenditures authorized by law in such amounts as the board deems necessary.

(2) Thirty percent shall be distributed and credited to the general fund of the cities in the county on the basis of the per capita population of all of the incorporated cities situated within the county as determined by the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to such census.

(3) Thirty percent shall be distributed and credited to the school districts within the county on the basis of the average daily membership as certified to the county treasurer by the county superintendent of schools.

d. In addition to the amounts allocated pursuant to subdivision c of this subsection, ten percent shall be allocated to a special fund in the state treasury for distribution, as hereinafter provided, within those counties in which the coal was mined. Any county in which coal is mined or any city or school district in such county which upon application to the coal development impact office establishes to the satisfaction of that office, subject to the approval of the coal development impact commission, a need for funds that is in addition to those provided in subdivision c of this subsection shall receive such percent, but not exceeding a total of ten percent for the county and the cities and school districts therein, of the severance tax revenue from coal mined in that county during such period of time as the coal development impact office and the coal development impact commission shall approve. Any funds allocated pursuant to this subdivision but not distributed as herein provided within one year after their deposit in the coal development fund shall be allocated and credited to the special fund established by subdivision a of this subsection for distribution as provided in that subdivision.

e. Twenty-five percent shall be deposited in the state revenue sharing fund, which fund is hereby created in the state treasury and shall be administered as provided in section 18 of the Act.

2. Moneys deposited in the coal development fund that are from coal mined after December 31, 1983, shall be apportioned quarterly by the state treasurer as follows:

a. Twenty-five percent shall be credited to a special fund in the state treasury for distribution through grants by the coal development impact office to impacted cities, counties, school districts, and other taxing districts.

b. Thirty-five percent shall be credited to a special fund in the state treasury to be held in trust to be administered by the board of university and school lands, which shall have full authority to invest such funds and may consult with the state investment board as provided by law. The income from such trust fund shall be deposited in the special account established by subdivision b of subsection 1 of this section and expended and used as therein provided, or expended and used to alleviate other problems created by coal development as may be determined by the legislature. Such trust fund, but not the income therefrom, shall be perpetual and held in trust as a replacement for depleted natural resources.

c. Fifteen percent shall be allocated to the coal-producing counties and shall be distributed among such counties in such proportion as the number of tons of coal severed in each county bears to the total number of tons of coal severed in the state during such quarterly period. Two-thirds of each such distribution to a county shall be allocated to the county coal development impact commission for the making of grants as provided in section 15 of this Act. One-third of each such distribution to a county shall be promptly distributed within a county as follows:

(1) Forty percent shall be credited to the county general fund and may be expended for county general fund purposes or may be, by resolution of the board of county commissioners, transferred to other

county funds for expenditures authorized by law in such amounts as the board deems necessary.

(2) Thirty percent shall be distributed and credited to the general fund of the cities in the county on the basis of the per capita population of all of the incorporated cities situated within the county as determined by the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to such census.

(3) Thirty percent shall be distributed and credited to the school districts within the county on the basis of the average daily membership as certified to the county treasurer by the county superintendent of schools.

d. Twenty-five percent shall be deposited in the state revenue sharing fund, which fund is hereby created in the state treasury and shall be administered as provided in section 18 of this Act.

SECTION 12. COAL DEVELOPMENT IMPACT OFFICE — APPOINTMENT OF DIRECTOR.) There is hereby created in the office of the governor a coal development impact office. The director shall be appointed by and shall serve at the pleasure of the governor. The salary of the director shall be set by the governor within the limits of legislative appropriations. The director may employ such other persons as may be necessary and may fix their compensation within the appropriation made for such purpose.

SECTION 13. POWERS AND DUTIES OF COAL DEVELOPMENT IMPACT OFFICE.) The coal development impact office shall:

1. Develop a plan for the assistance, through financial grants for services and facilities, of counties, cities, school district, and other political subdivisions that demonstrate actual or anticipated extraordinary expenditures because of coal development.

2. Advise, study, recommend, and report to the governor and the legislative assembly on the impact to the state and the political subdivisions of the state resulting from coal development.

3. Establish procedures and provide proper forms to political subdivisions for use in making application for funds for impact assistance as provided in this Act.

SECTION 17. STATE REVENUE SHARING FUND — DISTRIBUTION FORMULA — OVERBURDEN FACTOR.) Moneys credited to the state revenue sharing fund created by section 11 of this Act shall be distributed to all eligible political subdivisions in the manner provided in this section. The state treasurer may require eligible political subdivisions to provide such information or copies of reports as may be necessary to administer state revenue sharing. A political subdivision receiving funds pursuant to the provisions of this section shall not use these funds for either unlawful or deficit spending purposes. The auditor for each political subdivision receiving funds pursuant to the provisions of this section shall file with the state treasurer a report on January first and July first of each year. This report shall contain an accounting of the expenditures for the previous six months of the funds distributed pursuant to this section. Moneys credited to the fund shall be distributed as follows:

1. Half of the amount credited to the fund pursuant to sections 11 and 18 shall be allocated in the following manner:

a. Each county shall share in the fund in the proportion that the population of each bears to the population of all based upon the last official federal census or upon a more recent census approved by the state treasurer.

2. The available remainder shall be allocated in the following manner:

a. Such money shall be allocated to all countywide areas so that each countywide area shall receive an amount which bears the same ratio to the amount to be allocated from the fund pursuant to this subsection as the real property tax revenues of all political subdivisions within the countywide area bears to the sum of such real property tax revenues in all countywide areas. For the purpose of this Act, "countywide area" shall be the geographical area of a county. The allocation to each countywide area shall consider the property tax revenues of all political subdivisions within the countywide area and shall include the real property tax revenues of the county government.

b. The county government and all cities within the countywide area shall be allocated that portion of the amount allocated to the countywide area pursuant to subdivision a which bears the same ratio to such amount as each such eligible unit's real property tax revenues bear to the sum of the real property tax revenues of the county and of all cities or portions thereof within that countywide area.

If any city has established a park district pursuant to chapter 40-49, such city's share of revenue sharing funds shall be divided between the city and the park district in proportion to their total respective mill levies. If the city has established a public library pursuant to chapter 40-38, or is sharing in the operation of a consolidated library service pursuant to chapter 54-40, the city shall divide its remaining allocation, after division with any park district pursuant to this subsection, between itself and the library board in proportion to their total respective mill levies.

4. If any county has townships established pursuant to chapter 58-02, such county's allocation of revenue sharing funds shall be divided bet-

ween the county and such townships. Such townships shall receive a total of ten percent of the allocations made to such county which shall be distributed to each township in the proportion that the population of each township within the countywide area bears to the population of all townships within the countywide area. If the countywide area is not fully organized into townships, the allocation to townships shall be divided between the county government and the townships within the countywide area in the proportion that the population of the township bears to the population of the countywide area, less the population of all cities within the countywide area. The allocation of the township's share shall be distributed among the townships within the countywide area in the manner otherwise provided by this subsection. The remainder shall be allocated to the county government and shall thereafter be considered a part of the initial allocation to the county government.

5. Notwithstanding subsections 1 and 2 of this section, no county shall receive an allocation which is less than fifty percent of the total allocation, pursuant to subsections 1 and 2 of this section, to the countywide area in which the county is located.

6. On September 30, 1977, March 31, 1978, September 30, 1978, and March 31, 1979, the state treasurer shall allocate and transfer such funds to eligible political subdivisions in the manner provided by this section. Eligible political subdivisions may receive and expend payments made pursuant to this Act and such payments shall be considered an appropriation in the budget of the political subdivision, which, upon the order of the governing body, may be disbursed in the manner other disbursements are made. The state revenue sharing moneys so received shall be considered a part of the local tax effort of each eligible political subdivision receiving such funds.

SECTION 18. APPROPRIATION.) There is hereby appropriated out of the general fund in the state treasury from moneys not otherwise appropriated, the sum of \$3,500,000.00, or so much thereof as may be necessary, to the state revenue sharing fund, one-fourth of which shall be available for distribution from the state revenue sharing fund on each of the following dates: September 30, 1977, March 31, 1978, September 30, 1978, March 31, 1979.

MOTIONS

Rep. Olson moved that the Assembly go into a special order of business, and that Rep. Kermott be appointed to preside, which motion prevailed.

Rep. Olson moved that a committee of two be appointed to escort Rep. Kermott to the rostrum, which motion prevailed.

Speaker Solberg appointed Reps. Reed and Beauclair, who then escorted Rep. Kermott to the podium to preside.

Rep. Meiers was recognized, and she addressed the Assembly.

Rep. Meiers: "Madam Chairperson, Members of the Assembly:

"It is really a pleasure and a privilege to be chosen to honor a fellow legislator — one of the nicest 'fellow legislators' in this Assembly — the Republican Assistant Floor Leader, Bill Kretschmar.

"Rep. William Kretschmar has lived in the Venturia area his entire lifetime, and is presently practicing law with his cousin at Ashley, North Dakota. 'Bill' is an outdoorsman, an avid hunter, and an authority on birds. He has always been known as a 'nature lover' and we would hope that his association with the 'lovely ladies of the House' has convinced him that he might also incline his attentions elsewhere. We would advise him not to pass temptation lightly by; it may never come again.

"Seriously though, we respect Rep. Kretschmar for his many talents. He is an expert on Constitutional Law — he has served effectively as Vice Chairman of the House Judiciary Committee, and as Assistant Floor Leader. Further, he is a knowledgeable legislator upon whom many of his colleagues rely for help and advice.

"I wish to present this gift to Rep. William Kretschmar on behalf of each member of this Assembly who consider him not only a good friend, but also an esteemed and honorable man.

"Thank you for a job well done and God Bless."

Rep. Kretschmar: "Madam Chairman, Members of the Assembly:

"It was indeed a privilege and honor for me to serve as Assistant Republican Floor Leader this session. I have learned a lot of things and have gotten to know a lot of you in the session. I have enjoyed this session serving with you with its joys and frustrations, and I would hope all of us would be back here in 1979 to do even a better job for the State of North Dakota — maybe there could be one more on one side or the other — but even if we are fifty-fifty, I think we could get along.

"Thank you very much."

Rep. Herman was recognized, and she briefly addressed the Assembly.

Rep. Herman: "Rep. Kermott, Members of the Assembly:

"Rep. Mushik, will you please come to the rostrum.

"You have very ably served as Assistant Floor Leader. You are always

well prepared, cheerful, kind and sensitive to the needs of others. A job well done, in a leadership position, is an accomplishment for a man or a woman.

"May happiness and sunshine always be with you. Please accept this gift with our sincere thanks."

Rep. Mushik: "Madam Chairman, Rep. Herman, Ladies and Gentlemen:

"I want you to know that 'kind and cheerful' part had Jim Gerl almost falling off his chair.

"I want to thank you for the opportunity of serving with you this session, and to have served as Assistant Floor Leader. I have enjoyed it. I trembled a little bit when Dick went to the hospital, and I was really happy to see him come back.

"It has been a great pleasure to serve with each one of you, and the best thing for me is to know whether or not I come back, this body is going to be here to serve North Dakota for many years.

"Thank you for this gift also."

Rep. Powers was recognized and she briefly addressed the Assembly.

Rep. Powers: "Rep. Kermott, Members of the Assembly:

"I have been given the opportunity to recognize Rep. Strinden today.

"We all know that he is a very capable person. He is so very capable. He always has everything under control, including the members of his party — most of the time.

"During the last session, he was called the 'majority' floor leader. This session, he is known as the 'every-other-week' floor leader.

"We all know Rep. Strinden so well. It is hard for me to say much more about him.

"Because this is the 'Hearts and Flowers' day, I want you know, Rep. Strinden, that we all appreciate you — each of us in our own way.

"At this time, I want to present this gift to you from this 45th Legislative Assembly.

"Now, this gift is for you, and you alone, so please do not message it over to the Senate."

Rep. Strinden: "Madam Chairman:

"Thank you very much, Rep. Powers. Mr. Speaker, the Dean of the House, Rep. Haugland, Rep. Kermott, this is almost small enough for I could get it under my coat and take it over to the Senate. That is the secret of how I get those messages over there.

"Members of the 45th Legislative Assembly House of Representatives, this has been an unusual session. For the second time in the history of this great state, the House of Representatives has had a fifty-fifty split. I am sure it will not happen again for many, many years. This has been a rather historical session for all of us.

"Many times when I come up here late at night and the Chamber is empty, I think of all of the people who have served here since statehood, of those who have served since this beautiful capitol was built, and I recognize what a rare opportunity this is to serve the people and be a member of the North Dakota Legislature. I think of the many voices, the many things that have been said over those years. To be part of the history of our state, and as someone once said, we have all been bit players on that stage of history as members of the Legislature. It is a wonderful experience.

"We make friends — life-long friends, regardless of our political af-

filiation.

"I want to thank all of you for the opportunity to have served with you.

"Thank you very much."

Rep. Olson was recognized and she briefly addressed the Assembly.

Rep. Olson: "Madam Chairman, Members of the Assembly:

"I consider it an honor to have been asked to present the appreciation gift of this Legislative Assembly to the Democratic House Floor Leader, Rep. Richard Backes. Rep. Backes has served as floor leader for three consecutive Sessions so he has occupied a middle aisle seat during this time.

"During his first Session in 1961, he sat at the far left of the House but the next Session he was drawn to the 'guiding light' and sat beside Rep. Brynhild Haugland until becoming floor leader. I have chided Rep. Haugland that she let him move to the center aisle before she had completed the conversion process (and I'm not referring to coal conversion).

"At any rate, it is a privilege for me to present this gift to Rep. Backes. With it goes the highest esteem of every member of this Body. It is never an easy task to be a leader but you handled it capably and gained respect from all your colleagues.

"Congratulations and Thank You from the members of the 45th Legislative Assembly."

Rep. Backes: "Rep. Olson, Madam Chairman, Members of the Assembly:

"My sincere thanks to all the Assembly for the gift. That is one of the fruits of leadership. Thirty-three and a third — it's my chance to talk again.

Rep. Olson brought back some memories of my first session, and I will reminisce about it. I did sit in the corner seat where Rep. Thorsgard sits, because I was the last person to be seated, and in those days the seating was different. The next session I started a long tenure seated beside Rep. Haugland, and behind Walter Burk, and beside him sat Chief Poling — probably as colorful people as I have ever known.

"I have to tell you one story about Rep. Haugland. It is tough sitting beside Corliss because she can hit you, but Rep. Haugland can too. In the '65 session, we had a bill that would have built a \$600,000 psychiatric children's wing to the Jamestown Hospital. I didn't want to vote for it, and Lee Christensen was a partner of mine. Brynhild wanted it, and when we voted, and she saw two red votes, she rolled up a newspaper she had and hit me over the head with it when I would not change my vote. Shortly after that I decided I would go for leadership.

"It has been a pleasure to serve as a floor leader this time. It has been under different circumstances — very trying at times. Rep. Strinden and I have talked about the pressure or leadership being tougher this session.

"I appreciate the way this Assembly has treated me as a floor leader. You have been kind and generous and beautiful people to work for.

"Thank you very much."

Rep. Eagles was recognized, and she briefly addressed the Assembly.

Rep. Eagles: "Madam Chairman, Members of the Assembly, and You, Mr. Speaker:

"The motion picture academy has their 'Oscar' and we have our 'Oscar'. Our 'Oscar' like the other Oscar represents excellence — the highest achievement within one's profession.

"Only a person who had the trust and respect which you command

could have presided successfully over this most unusual session.

"Electing you Speaker is the highest honor we could bestow upon you. You, in turn, have honored us with your fairness, consideration and dedication.

"We knew we had chosen a gentle man and a gentleman, but, Mr. Speaker, those 'one-liners' were a delightful extra dividend.

"To you, with love and affection from the Assembly."

Speaker Solberg: "Thank you, Rep. Eagles, for this gift and for your kind but underserved remarks.

"It seems only a short time ago since ten members of this Legislative Assembly met in Room G-2 as a coordinating committee to formulate the organization of the House and to select its leadership. As part of this agreement, I was selected to be your Speaker. At this late date I will confess that I was a bit apprehensive at the prospect of being the presiding officer of a house divided 50-50. The stern Biblical warning concerning the hazards of serving two masters went through my mind many times.

"I will never forget the many messages of good will, the generosity of the press, and the well wishes I received from members of this House on both sides of the aisle when I accepted this position. I hope that I have been worthy, in some little way, of your confidence and trust. I want you to know that I have enjoyed this session and my associations with every one of you.

"The Speaker's position is in some ways a lonely one. The Speaker does not have the close association with fellow members that comes from working together on committees. He cannot develop the friendships that come from sitting together on the floor and participating in debate. However, I have been fortunate to have had the kind of help that one could only wish for in this position.

"To my Secretary, Millie Lorenz, who has taken care of all the details of the Speaker's office and always with good humor and a smile — thank you.

"To Roy and Barbara who seem to be able to anticipate what is going to happen and be able to cover up the Speaker's mistakes so he doesn't know it himself.

"To Gladys, Art and all the other House employees, in all my years of service, I have never worked with a more pleasant, courteous or hard working group.

"To the Members of the Assembly I want to thank you for your patience and many acts of kindness. I have had to rule against some of you and in each case the decision has been accepted with graciousness and generosity. To the leadership, Earl and Dick, who have the most thankless job in the House, I wish to personally thank you for your help and advice.

"To the large number of freshman legislators I want to commend you for your hard work and good judgment. The state can be proud of your work in the 45th Legislative Assembly.

"To all of you I wish to extend my thanks and best wishes in the closing days of the session. I wish you well, I wish you continued health and happiness and most of all, I hope that our paths will cross again sometime.

"Again I thank all of you for the gift, and for your letters. May God bless you all."

Rep. Wentz was called to the rostrum, and she spoke briefly.

Rep. Wentz: "Madam Chairperson, Members of the Assembly:

"It is my privilege to have been asked to make a presentation to Rep. Fleming, the chairman of the Democratic House Caucus. We wish to recognize Rep. Fleming for his important contributions to this 45th Legislative Session.

"There are a number of things for which I admire him. He was born at Hamilton, North Dakota. He is younger than I am. He is a hog farmer, outstanding in his field, a Veteran and a Presbyterian. He has been a member of the legislature since 1970.

"I understand he has done an efficient and competent job as chairman of the Democratic Caucus. He is a good parliamentarian, he is brief and to the point, forceful in making decisions. He now possesses his own gavel, I'm told, and no longer bangs an ash tray.

"The high point of his legislative career was the 2-hour bus ride from Jamestown. He was able to get on the bus because he can turn both corners of his mouth up at the same time. Of course, we now learn, however, that he was one of us who did not have any fun! He discussed legislation the whole trip.

"It is a little ironic that I should be the one chosen to make this particular presentation since Rep. Fleming and I do have our differences on issues. He, for example, favored a pay raise for the Supreme Court judges 2 to 3, I favored it 3 to 2.

"Rep. Fleming, because you have gained the respect and friendship of all your colleagues in the House, it is my pleasure to present to you today, this momento of the 45th Legislative Assembly and of your work as Democratic Caucus Chairman."

Rep. Fleming: "Mr. Speaker, Ladies and Gentlemen of the House.

"Thank you very much for this presentation. I know many of you think that the Democratic caucus is of one mind, and that we just go and decide things together. I will have you know the policy I have adopted is to try as we go down to the caucus to give everyone ample time to discuss what they want, and get the job done, and get out of there. We of the Democratic caucus have a variety of interest, a variety of priorities, and as a caucus we have functioned well, and I thank the members for helping me during the caucus.

"I won't bore you with a long speech. I was interested in learning that Rep. Backes had such a difficult time sitting next to Rep. Haugland. I have not had that difficulty, and it has been a pleasure sitting by her. I don't know how old she is, but she served in four legislative sessions before I was born. I am a history buff and love to read about the history of North Dakota. She is part of the living history of our state, and that pleasure has been a rewarding experience, and one I shall never forget. Thank you very much for the gift."

Rep. Kelly was recognized, and she briefly addressed the Assembly.

Rep. Kelly: "Rep. Kermott and Fellow Legislators:

"No one had advised me the money raised for gifts had already been spent for those other than Rep. Peterson. When I did realize I had a problem, I contacted several public-spirited groups who I felt would know and want to reward Rep. Peterson's distinguished service in this assembly. I'm sorry to report that there really was not all that much interest in coming to my aid. I did ask a representative of NDSU if they might be able to come up with a suitable gift. The only item they could

propose was a mug and I declined this offer, since I know Rep. Peterson has one. Finally, I appealed to the good offices of the North Dakota State Fair Association, Red River Chapter. They were gracious enough to provide the award I now present to Rep. Peterson."

Rep. Peterson: "Thank you very much, Rep. Kelly, Madam President, and to all You Members of the Red River Valley Chapter of the North Dakota Fair Association.

"I would really like to say it has been a pleasure to serve this session. Thank you. To you Freshmen, you have witnessed what very few people in the history of this state will have had an opportunity to witness.

"I have a request as Miss Haugland's chauffeur, if she would find a newspaper and roll it up for the balance of the session, we will have it made.

"To Rep. Strinden and Rep. Backes, thank you for all your hard work. And to the Red Red River Valley Chapter, we would like to invite you up to Minot.

"Thank you."

Rep. Black was recognized, and she expressed the appreciation of the House to Sergeant-at-Arms Art Buchwitz for his fine work during the 45th Legislative Assembly. Mr. Buckwitz thanked the Assembly.

Rep. Benedict, on behalf of the House, presented a gift to Bill Clerk Gladys Derrick in appreciation for her work during the Session. Mrs. Derrick expressed her appreciation to the Assembly.

Rep. McCaffrey presented a gift to Desk Reporter Barbara King for her work, and presented her with a gift from the members. Miss King thanked the Assembly.

Rep. Beauclair thanked Chief Clerk Roy Gilbreath for his efforts during the session, and presented him with a gift from the members. Mr. Gilbreath expressed his appreciation to the House.

Rep. Lee was recognized, and she requested that Rep. Haugland come forward to accept an award for her many years of service to the North Dakota House of Representatives.

Rep. Lee: "Ladies and Gentlemen of the Assembly:

"This has become a familiar occasion for Rep. Haugland. Since she was first elected as Representative in 1938, she has witnessed these closing ceremonies.

"Rep. Haugland has had the unique experience of serving twice when the membership of the House was equally divided between two parties — once in 1943 and again this session. She also has served in two special sessions. This session is her twentieth — seven more than the second in line in North Dakota, and longer than any other woman legislator in the United States. For this, her twentieth session, she has occupied the very same seat in the House Chamber.

"Since first being appointed chairman of the Social Welfare Committee, she has served in that capacity seventeen terms.

"On several occasions she could have held the position of Speaker of the House, but as has been her habit through the years, she modestly refused that honor.

"Rep. Haugland always displays a quiet and firm resolve to do the right thing.

"This firm resolve of hers is to change things only when the vast majority of our citizens and institutions want and need change, even though this is not very attention-getting in the media. It is the mark of a

true and great stateswoman.

"The good legislation Rep. Haugland has sought and achieved in the past, was born of reason. She refuses to raise expectations she cannot fulfill. She prefers the direct route to any solution of a problem, not the round-about sometimes traditional way.

"It is this quiet, but effective, and high-momentum woman we honor here today. Her knowledge of the legislative process and her knowledge of the needs of the people have instilled an uncommon wisdom which we all admire.

"Rep. Haugland, I am sure I am speaking for all members of the House when I say we all consider you a friend and a most honorable associate. We appreciate your efforts for the benefit of our state, and it is with this gift that we wish to express that appreciation."

Rep. Haugland: "Thank you, Madam Chairman, All the House Members, Thank you, Rep. Lee for those kind words. They are undeserved but very pleasant to hear.

"I have considered it a privilege to have been serving in this 45th Legislative session. It has been a pleasure to know and work with each one of you. I think that one of the greatest pleasures has been having Oscar Solberg as Speaker of the House. He is a man of integrity, fair to all, and I am sure we have all enjoyed his good sense of humor.

"It has been my privilege to have known Rep. Strinden and Rep. Backes for a long period of time, and I want to express my personal appreciation to these two leaders we have had in this session. Their jobs have been very difficult, and they have worked very hard and a great deal of credit must go to both of you. I think we should all be very appreciative of the way in which this House has been run.

"I think we, as Legislators, can take credit for the fact that in this session we have processed more legislation, processed it more completely than in any session in the history of the State of North Dakota. This has come about through the rules we adopted which makes it mandatory that every bill that has been indefinitely postponed by a committee be given a complete explanation on the floor and be voted on by a recorded roll call vote.

"At this time I wish to extend my sincere thanks and appreciation to the members of the Social Welfare Committee who worked so very diligently and so well, and for this gift that you have given me, and for the recognition you have given me.

"I am deeply appreciative, and I shall always be grateful for the many courtesies you have extended to me during this session. My sincere thanks to each and every one of you."

Rep. Olson moved that the House dispense with the Special Order of Business, which motion prevailed.

APPOINTMENT OF A CONFERENCE COMMITTEE

House Bill No. 1262:

Rep. Gackle

Rep. A. Hausauer

Rep. Backes

Rep. Backes moved that the House stand recessed until 12 midnight, which motion prevailed.

Mr. Brad Scott, Rollette, was introduced to the Assembly during the recess. Mr. Scott is the State President of the North Dakota Future Farmers of America, and he addressed the Assembly. It was moved by Rep. Vander Vorst that his remarks be printed in the Journal, which motion prevailed.

REMEMBER ME?

Hello — Remember me? I'm your flag. Some folks call me Old Glory, others call me the stars and stripes, the ensign, or just the flag. But whatever they call me, I am your flag. And, as I proudly state, the flag of the United States of America.

Something has been bothering me lately. I was wondering if I might talk it over with you. It's about you and me.

I remember sometime ago (I think it was Memorial Day, or was it the 4th of July) when people lined up on both sides of the street to watch a parade. When your father saw me coming along, waving in the breeze, he took his hat off and held it against his left shoulder. His hand was directly over his heart. Remember?

And you. I remember you! Standing there — Straight as a soldier. You didn't have a hat on, but you gave the correct salute. They taught you in

school to place your hand over your heart. Remember your little sister? Not to be outdone, she was saluting the same as you. I was proud, very proud, as I came down that street. Oh, yes, there were some servicemen there, standing at attention, giving the military salute. Ladies as well as men, civilians as well as military, paid me respect...reverence.

Now, if I sound a bit conceited...Well...I have a right to. I represent the finest country in the world — The United States of America. More than one aggressive nation has tried to haul me down, only to feel the fury of this freedom loving country. Many of you had to go overseas to defend me. A lot more blood has been shed since those patriotic parades of long ago and I've had a few stars added since you were a boy, but I'm still the same ole flag.

Dad is gone now...and the hometown has a new look. The last time I came down your street, I noticed that some of the old landmarks had given way to a number of new buildings and homes. Yessir, the old town sure has changed. I guess I have too, 'cause I don't feel as proud as I did back then.

I see youngsters running and shouting through the streets, college boys and girls disrupting our campuses, people selling hot dogs and beer while our national anthem is played...everything from apathy to riots. They don't seem to know — or care — who I am. Not too long ago, I saw a man take his hat off when I came by...he looked around, didn't see anybody else with their's off...so he quickly put his back on.

Now — when I come down your street, you just stand there with your hands in your pockets. Occasionally, you give me a small glance and then look away. When I think of all the places I've been...NORMANDY, GUADALCANAL: IWOJIMA: BATTLE OF THE BULGE: KOREA: and, VIETNAM: I wonder — What's happened? I'm still the same ole flag.

How can I be expected to fly high and proud from buildings and homes when within them, there is no thought, love, or respect for me? Whatever happened to patriotism? Your patriotism? Have you forgotten what I stand for? Have you forgotten all the battlefields where men fought and died to keep this nation free? When you salute me, you salute them. Take a look at the Memorial Honor Rolls sometime. Look at the names of those who never came back. Some of them were friends or relatives of yours...Maybe even went to school with you. That's what you're saluting — not me!

Well, it won't be long before I come down your street again. So, when you see me, stand straight, and place your hand over your heart. Do this because I represent you. You'll see me wave back, my salute to you...

Mr. Brad Scott then led the Assembly in the Pledge of Allegiance to the Flag.

REPORT OF CONFERENCE COMMITTEES

Mr. Speaker: Your Conference Committee to whom was referred House Bill No. 1026 has had the same under consideration and recommends:

That the House accede to the Senate amendments, and that engrossed House Bill No. 1026, as amended by the Senate (see pages 1658-1660, House Journal), be further amended as follows:

In the title of the engrossed bill as amended by the Senate, after the phrase "for an Act" insert the following: "to prohibit school boards from selling textbooks to pupils or otherwise charging unauthorized fees, to allow school boards to establish authorized fees, to withhold foundation payments if prohibited fees are required, to exempt postsecondary instructional programs, to require school boards to reduce textbook, and unauthorized activity, fees by not less than twenty percent the first year after the effective date of this Act and not less than an additional twenty percent each year thereafter, and to provide additional payments to school districts for such purposes;"

In the title of the engrossed bill as amended by the Senate, after the words and colon "between certain ages;" delete the word "and"

In the title of the engrossed bill as amended by the Senate, after the words "transportation aid payment" insert the following before the period: "; to repeal sections 15-43-07, 15-43-08, 15-43-09, and 15-43-10 of the North Dakota Century Code, relating to selling textbooks to pupils, purchase of textbooks from families moving from a school district, discretionary authority of school districts to provide free textbooks, and prescribing the duty of parents or guardians of pupils to furnish textbooks; and providing an appropriation"

In the engrossed bill as amended by the Senate, immediately following the enacting clause insert the following:

"SECTION 1. PUBLIC POLICY — DEFINITION.)

1. It is the policy of this state that public education shall be free. No pupil shall be denied an education because of economic inability to furnish textbooks necessary for advancement in or graduation from the public school system. No school board shall sell textbooks nor otherwise

charge fees to pupils except as provided by law.

2. For the purposes of this Act, "textbooks" shall include textbooks, workbooks, and other supplies necessary for participation in any instructional course accepted to satisfy the graduation requirements of the particular school district. It shall not include personal or consumable items, such as pencils, paper, pens, erasers, notebooks, or other items of personal use or products which a student may purchase at his option, such as student publications, class rings, annuals, and similar items.

SECTION 2. VOLUNTARY FEES.) A school board is authorized to require payment of the following fees:

1. A security deposit for the return of textbooks, materials, supplies, or equipment, and may require pupils to furnish personal or consumable items.

2. Admission fees or charges for extracurricular or noncurricular activities where attendance is optional.

3. Fees or premiums for any authorized, voluntary student health and accident benefit plan.

4. Fees for personal physical education and athletic equipment and apparel. Any pupil may provide his own equipment or apparel if it meets reasonable health and safety standards established by the board.

5. Fees in any program where the resultant product becomes the personal property of the pupil.

6. Fees for behind-the-wheel drivers' education training.

7. Other fees and charges permitted by statute. This Act shall not preclude the operation of a school store where pupils may purchase school supplies and materials. A board may waive any fee if any pupil or his parent or guardian shall be unable to pay such fees. No pupil's rights or privileges, including the receipt of grades or diplomas, may be denied or abridged for nonpayment of fees.

SECTION 3. ADOPTION OF ADDITIONAL FEES — PENALTY.) A school board may adopt additional fees not inconsistent with the provisions of this Act. Any school district which requires the payment of fees prohibited by this Act shall forfeit foundation payments in an amount equal to the twenty percent the district is required to reduce such fees.

SECTION 4. POSTSECONDARY INSTRUCTIONAL PROGRAMS.) A school board may charge reasonable fees for goods and services provided in connection with any postsecondary instructional program, including vocational and technical programs, adult or continuing education programs, and similar educational programs beyond the secondary level, or outside established elementary or secondary education programs.

SECTION 5. SCHEDULE OF IMPLEMENTATION.) Any school board which shall require payment of prohibited fees upon the effective date of this Act shall reduce the total amount of such fees by not less than twenty percent during the first year following the effective date of this Act and shall further reduce such fees by not less than twenty percent each subsequent year. These reductions shall be upon a district's total amount of fees, and may vary as to actual percentage reductions for individual pupils and particular fees.

SECTION 6. TEXTBOOK REPLACEMENT REVENUES.) To carry out the purposes of this Act, the superintendent of public instruction shall pay each school district five dollars for each student in average daily membership each year of the biennium to replace textbook and activity fee revenues. Such payment may be included within a foundation

program payment authorized by section 15-40.1-05, except local school districts shall have discretion as to the application of these revenues. Such revenues shall not be restricted to textbook use only."

After the section of the engrossed bill amending section 15-40.1-16 of the North Dakota Century Code, insert the following new sections:

"REPEAL.) Sections 15-43-07, 15-43-08, 15-43-09, and 15-43-10 of the North Dakota Century Code are hereby repealed.

APPROPRIATION.) There is hereby appropriated out of any moneys in the general fund, not otherwise appropriated, the sum of \$1,327,000.00, or so much thereof as may be necessary, to the department of public instruction for the purpose of replacing school district revenues, during the biennium commencing July 1, 1977, and ending June 30, 1979, lost due to non-collection of textbook and activity fees."

And renumber the lines, sections, and pages accordingly.

MOTIONS

SECOND READING OF A HOUSE BILL

House Bill No. 1262. A Bill for an Act to provide for a severance tax upon all coal mined; to provide procedures for the imposition, collection, and administration of such tax; to provide for the allocation of moneys collected; to provide an impact program for impacted school districts, cities, counties, and other taxing districts; to provide for the establishment of a coal impact office in the office of the governor; to provide for impact loans to be administered by the board of university and school lands; to provide a penalty; and to provide that the provisions of this Act shall be temporary.

Which has been read.

Rep. Maixner: "Mr. Speaker, Members of the Assembly:

"Regrets have been expressed because the severance tax has become a partisan issue. In the vernacular of analysts, this has become a win-lose confrontation. No, the confrontation is not really between the Republicans and Democrats, not really between House and Senate. The real confrontation is between the energy industry and the people of North Dakota.

"My family has spent three generations in this country, three generations in North Dakota, and like thousands of other farm families in North Dakota, has spent three generations being colonized by outside interests. The railroads, the bankers, and the grain merchants have each had their day. Today we are faced with colonization once again. The Senate stands fast — firmly behind a severance tax that was conceived,

born and promoted by the energy industry. Yes, sad to say, this is a win-lose issue.

“If the Senate wins, if the energy industry prevails, the people of North Dakota will lose for the third time in as many generations. We will have once again bowed to the pressure of outside interests and outside money; this legislature of North Dakota will have once again abdicated their responsibility to the people of our state in an effort to accommodate their exploiters. No, I will not be a part of that abdication. I intend to vote against this bill.”

Rep. McCaffrey: "Mr. Speaker, Ladies and Gentlemen of this Assembly:

"During this entire legislative session I've seen nothing but political maneuvering and trade offs with regard to education — and I think this is a pretty sad commentary to have to make. The principles involved in the education of our children and the funding to make those principles a reality are too precious for us to be playing games with them.

"Now, in the final hour we're told that if we want a school foundation program at all, we must give up any hope for statewide kindergarten and simply accept what the power blocks have decided to dictate. Well, Ladies and Gentlemen, I may be the only member of this assembly to say so flatly, but I don't accept it.

"As a teacher, I feel the obligation to make two points, and I make them with the assurance of sixteen years of teaching behind me:

"First, unfortunately, the children whose parents can least afford to send them to kindergarten are the children most in need of this experience. Equal opportunity for all apparently is not for children in North Dakota.

"Second, as a secondary teacher, I can tell you this: Each year for several years now, after working with my students for a period of time, I have purposely made it a point to determine which ones have had the opportunity to go to kindergarten and which ones have not. Believe it or not, I haven't made a wrong guess yet. Kindergarten is important! The results are clear later in a student's educational career.

"Ladies and gentlemen, if you delete kindergarten from the proposed foundation program, what you are really saying is that a second-rate education is good enough for the children of North Dakota and that a poor start in life is really not very important. If you do so, it will have to be without either my help or my blessing. It will also have to be with the knowledge that you will have to face the children of North Dakota with this decision, and Ladies and Gentlemen, it's a decision that will be around to haunt you for a long time."

Rep. McCaffrey requested a recorded roll call vote on the motion of Rep. Swiontek to adopt the conference committee report on House Bill No. 1026, which request was granted.

The question then was on the motion of Rep. Swiontek.
