FISCAL NOTE

Prepared in regard to:

H.B. No. 1050

(List bill or resolution and number, if available, or subject)

Amendment to:

(List bill or resolution and number)

Requested by:

Legislative Council

Date of receipt:

December 26

19 78

In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed, attach a supplementary sheet. (Please type)

A research bill of this type dealing with controlled substances and maintaining records necessary on the therapeutic research program necessitates the appointment of a patient qualification review board and review of all applicants for the controlled substances. The Health Department as administrator would be making the application under this Act to the National Institute on Drug Abuse for receipt of marijuana and transferring to licensed pharmacies for distribution to certified patients. It would require a part-time project director and a part-time secretary as well as funds for the patient qualification review board to meet intermittently to determine the eligibility for use of such controlled substance.

It would be a fiscal impact of \$50,000 per biennium for the necessary personnel to maintain adequate and safe controls of the distribution of the controlled substances.

Signed
