In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed, attach a supplementary sheet. (Please type)

Our latest breakdown of boats registered in North Dakota indicate there are 18,501 canoes and boats under 16 feet in length, 9,207 between 16 and 28 feet, 231 between 28 and 40 feet and 32 over 40 feet in length. If they were all registered for three years they would generate \$82,563.00 every three years. Under the proposed bill the license revenue for the same boats would be \$277,869.00 every three years. Half of the money, or \$138,934.50 would go to counties and the other half to the Game and Fish Department. Revenue to the Department would be increased by \$56,371.50 every three years by the proposed legislation.
