House Bill 1252 is proposed by the Public Service Commission to permit the State of North Dakota to retain control over surface coal mining within the state. If the State secures an approved State program, approximately 50 percent of the cost of administering the law will be reimbursed to the State by the Federal Government. We have projected \$1,289,147.00 in the Public Service Commission budget for this purpose for the 1979-81 biennium.
