foundation

Transportation/payments are based on the transportation provided in the previous year. School districts probably would not be providing transportation for pupils within the city until the 1979-80 school year. If all of the school districts eligible to do so would furnish this transportation, an appropriation of \$1,904,000 would be needed for the second year of the biennium. We have no data on the number of school districts and the number of pupils being transported within the city during the 1978-79 school year.
