FISCAL NOTE

Prepared in regard to: HOUSE BILL NO. 1651
(List bill or resolution and number, if available,
or subject)

Amendment to: _____
(List bill or resolution and number)

Requested by: LEGISLATIVE COUNCIL Date of receipt: February 9, 1981

In the following space note the fiscal effect in dollars of the legislative proposal:

Narrative: The determination of the "maximum efficient rate" of production for oil wells, provided for in House Bill No. 1651, would require the addition of a petroleum engineer and necessary equipment, supplies, and fees.

No additional appropriation would be necessary if funds for the Geological Survey budget are appropriated as requested. The necessary funding would be provided by the contingency fund contained therein.

It is expected that the Geological Survey budget will be appropriated from the Land and Minerals Trust Fund of the Board of University and School Lands. For that reason, the fiscal effect is listed under "special funds" below.

The fiscal effect of House Bill No. 1651 is estimated below.

	1981-82	1982-83	TOTAL BIENNIUM
SALARY	\$29,742.	\$32,121.	\$61,863.
FEES	2,000.	3,140.	5,140.
SUPPLIES	500.	500.	1,000.
EQUIPMENT	<u>1,000.</u>	<u>---</u>	<u>1,000.</u>
	\$33,242.	\$35,761.	\$69,003.

Fiscal Effect:

1981-82		1982-83		Total Biennium	
Special Funds	General Fund	Special Funds	General Fund	Special Funds	General Fund
\$33,242.		\$35,761.		\$69,003.
