FISCAL NOTE

JAN 28 1983

Bill/Resolution No.: 1546 Amendment to: _____

Requested by: Legislative Council Date of Receipt: _____

Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

This bill in effect would make dairy promotion in North Dakota totally voluntary. Each producer who has expressed an interest in the program would have to be contacted to see if they wished to continue support of dairy products promotion. This would be a very expensive project to conduct, especially if each producer were contacted personally.

This bill would have no effect on general fund money. However, the special funds that the Dairy Products Promotion Commission works with could be greatly reduced.

On the basis of voluntary funding, any figure would have to be an estimate, and I would estimate that we could be dealing with 40% or less of the income we received from $\frac{1}{2}$ of 1% of the gross receipts of all the milk produced in North Dakota in 1982. That figure was \$603,820.89. Effectively, a voluntary promotion program could destroy dairy promotion and advertising in North Dakota.

State Fiscal Effect:

<u>1983-84</u>		<u>1984-85</u>		<u>Biennium Total</u>	
<u>Special Funds</u>	<u>General Fund</u>	<u>Special Funds</u>	<u>General Fund</u>	<u>Special Funds</u>	<u>General Fund</u>

County and City Fiscal Effect:
