

Bill/Resolution No.: HB 1623

Amendment to: _____

Requested by: Legislative Council

Date of Receipt: 1/25/83

Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

This bill proposes to make a payment in lieu of property taxes to the school district affected by an experiment or research station larger than 500 acres operated by the extension division of NDSU. The extension division does not operate any such experiment or research stations, they are operated by the College of Agriculture and Experiment Station. There would be no fiscal impact caused by the bill as written. However, if the legislature would enact a bill affecting research or experiment stations operated by the College of Agriculture and Experiment Station, then the fiscal effect would be to reduce the state's general fund by approximately \$5,800 per year or a total of \$11,600 for the 1983-85 biennium. Only the Streeter Grasslands Research Station in Kidder and Stutsman counties would be affected.

State Fiscal Effect:

1983-84		1984-85		Biennium Total
