

Bill/Resolution No.: 1681 Amendment to: _____

Requested by: Legislative Council Date of Receipt: 2-11-83

Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

The cost figures of monitoring non-insured vehicles, as designated by House Bill 1681 are estimated as follows:

Assuming North Dakota has 10% of its registered vehicles in non-compliance at a given time, the estimated cost of administration would be \$378,500.00 per biennium.

Should 15% of its registered vehicles be in non-compliance, the cost would be \$495,750.00 per biennium.

Section 39-04-05.1 of the North Dakota Century Code states the notice shall be given in person or by certified mail. It is safe to assume the same costs per notice would be borne by the insurer.

My personal opinion is the 85% to 90% of non-compliance is more realistic than the random samples have indicated.
