Requested by: LEGISLATIVE COUNCIL Date of Receipt: 3/15/83

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

If enacted into law, the fiscal effect of SB 2049 as amended (amendments attached) would be as follows:

1. Pursuant to instructions from the Office of Management and Budget, the Oil and Gas Gross Production tax revenue estimates in the Executive Budget include a \$500,000 increase in the maximum allocations to each of the oil producing counties for each year of the 1983-85 biennium. Therefore, the fiscal effect of SB 2049 on the Executive Budget would be to increase the revenues to the State General Fund approximately \$430,000 and decrease the revenues to the counties by \$430,000 for the 1983-85 biennium. The State Tax Department does not have the available data to estimate the fiscal effect on the political subdivisions within the counties and the county general funds.
2. The current county revenue limitations expire at the end of the 1981-83 biennium. If limitations are not enacted this session for the 1983-85 biennium, the net fiscal effect will be to decrease the State General Fund revenue forecast in the Executive Budget by approximately \$910,000 and increase the county revenues by \$910,000 for the 1983-85 biennium.
3. This bill, if enacted, will also affect revenues for the 1985-87 biennium.
