FISCAL NOTE

Bill/Resolution No.: SB 2073 Amendment to: SB 2073

Requested by: Legislative Council Date of Receipt: 3-3-83

Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

There will be no direct fiscal impact to the State General Fund during 1983-85 if SB 2073 is approved.

The bill would permit the State to assume the current mill levy at each of the three Junior Colleges for 1984-85. That assumption, however, is set aside on the basis of appropriation committee's intent that the levies remain in place for the full 1983-85 biennium and further that the State General Fund should not take an additional financial role in Junior College funding for 1983-85.

SB 2073 provides authority to the State Board of Higher education to negotiate the transfer and we will recommend that the State General Fund not be obligated in the course of negotiating for the 1983-85 transfer period.

This note does not address future needs that may occur to provide resource parity with the current state system of Higher Education if governance is transferred.
