FISCAL NOTE

Bill/Resolution No.: 2341 Amendment to: Section 37-01-25

Requested by: Legislative Council Date of Receipt: 21 January 1983

Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

Amending Section 37-01-25 of the North Dakota Century Code to reduce the number of days of military leave provided for members of the National Guard and the various reserve forces will reduce related costs to the state, counties, cities, and political subdivisions. An estimate of such savings cannot be projected since this office does not have access to salaries paid to employees of the state, counties, cities and political subdivisions nor are we able to provide the Legislature with details such as: Is the employee actually replaced while in a military leave status, if so is the replacement paid the same rate of pay as the employee on leave or is the replacement receiving overtime compensation, etc. Members of the various reserve units within the state are also affected by this bill and since they do not fall under the jurisdiction of the Adjutant General we are unable to even identify the number of reservists employed by state, counties, cities, and political subdivisions.
