FISCAL NOTE

Bill/Resolution No.: House Bill No. 1633 Amendment to: _____

Requested by: Legislative Council Date of Receipt: 2/1/85

Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

At present, the Fire Marshal's office performs blueprint reviews, inspections and related duties for many other state agencies pursuant to their administrative rules. Such agencies include the Department of Human Services, Health Department, etc. Funding for these services comes from the general fund to the Fire Marshal and, not from the agencies requiring the services. We suggest that the agencies requesting the inspection services by the Fire Marshal's office be charged a fee for these services to offset the additional cost to the State Fire Marshal's office. The fiscal impact will then be on the state agencies requesting services. It is estimated that 425 inspections were done at the request of other state agencies during the last calendar year. The impact of charging a fee for these inspections would approach the salary and benefits for one (1) additional inspector for the Fire Marshal's office.
