In the following space note the fiscal effect in dollars of this measure:

Narrative:

The major thrust of the legislation would be to allow the Department to issue a permit to a landfill for a period of up to five years, rather than the current two-year period, and to identify "resource recovery" as a solid waste management practice. The proposal would result in more effective utilization of staff resources in comparison to the current two-year renewal procedure. Specifically, this proposal would allow the Department to better concentrate on those landfills exhibiting potential environmental problems.
