It is difficult to project the fiscal impact based on the adopted amendments because of the difficulty in determining the usage of the program and future cost of funds. The actual usage of the program will ultimately be determined by the originating lenders.

PRESENT STATISTICS (NORTH DAKOTA)

Currently there are about 14,000 farmers with a positive net worth of less than \$150,000. It is our assumption that the majority of this group carry some debt and could be potential candidates for this program.
