The fiscal impact of HB 1490 to the State of North Dakota will depend upon the number of Minnesota health pool members that move into North Dakota and the medical services they receive.

The present CHAND program impacts the general fund approximately \$3,000 per member per biennium for each of the 1400 members in the program for a total cost of \$4 million per biennium. The Insurance Department estimates the cost of the program would increase if HB 1490 is passed.
