Requested by: Legislative Council Date of Receipt: _____

Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

The North Dakota State Highway Department already identifies on the drivers license those wishing to be donors. It is obvious that those without the donor designation on the license are non-donors. The present program could continue at no additional cost.

This bill requires that every license include a statement that the driver is either a donor or a non-donor. Because of the additional processing required, three additional employees (clerk III's) would be needed. This would cost an additional \$44,973 per year, or \$89,946 for the biennium.
