Narrative:

Senate Bill 2085 establishes guidelines which allow satellite video auctions to be held in North Dakota. These guidelines state that an auction dealer's license must be procured before a satellite video auction company can solicit consignments in the state. Licenses are issued to qualified applicants for a \$100 fee.

It is estimated that five representatives of satellite video auctions will be licensed in the state annually, which will result in \$500 increased fee revenue to the general fund.
