In the following space note the fiscal effect in dollars of this measure:

Narrative:

We are requesting \$10,000 for the initial map supply. The maps may be purchased at a 50% discount in lots of 500 or more at \$1.25. The resale price is \$2.50 a map. Based on the records of the North Dakota State Water Commission map sales, we can anticipate the sale of approximately 5000 maps per year at the present time. The \$10,000 will allow us to purchase approximately 8000 maps. It requires 1400 maps to cover the entire state.
