Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

Transfer of jurisdiction of this authority from the Public Service Commission to the Industrial Commission will result in two positive impacts on the general fund.

First, general fund revenues will increase as a result of fees charged by the Industrial Commission to license persons engaged in proving the accuracy of meters and other measuring devices used in the oil and gas industry. Revenues cannot be estimated since the fee has not yet been established by the Industrial Commission, nor is it known how many licenses will be issued.

Second, general fund expenditures will decrease as a result of the Public Service Commission no longer performing these duties. Expected savings - \$25,513. The savings impact is included in the executive budget recommendation.
