Narrative:

In a continuing effort to update services provided by the Secretary of State's office, we are implementing the use of telecommuting documents to local and nationwide customers. This provides our customers with requested documents within minutes from the time the request has been received for processing.

This bill places into the law the fee we would charge our customers, (namely banks, attorneys and publishing agencies). As word of our telecommunication capabilities spreads, we expect more useage of the cummunication devise. Althought difficult to predict, we expect our expenses to be \$38.00 a month and our income to be \$75 a week.
