In the following space note the fiscal effect in dollars of this measure:

Narrative:

Estimates are based on monies paid out for reports during fiscal 1989-1990. Figures vary from year to year based on the number of reported fires for a given year. During fiscal 1989-1990, 188 payments were made totalling \$1,624.50 for an average payment of \$8.64. Of the 188 payments made, 135 were for less than \$10.00. Based on these estimates, passage of this bill would save the state \$2,072.00 in general fund monies as the cost for preparing the checks and \$1,503.00 in special fund monies as actual payment to the fire chiefs per biennium.
