Narrative:

Workers Compensation currently contracts for rehabilitation services. These contracts are awarded through a bidding process. This bill provides that contracts be awarded on a case by case basis. This would increase the bid/contract administration costs significantly. Additional staff would be required in this area. Extending the contract award process would result in increased disability costs.

Overall, the costs of the changes are estimated to be \$750,000 to \$1,000,000 annually.
