In the following space note the fiscal effect in dollars of this measure:

Narrative:

The amendment to SB 2090 provides for the collection of fees by the Department of Health and Consolidated Laboratories.

There are 31 landfill facilities that would be subject to special use solid waste management certification permits. These facilities are currently permitted for periods ranging from two to five years. Over a five-year period, this amendment is expected to generate \$420,000 in fee collections.

Because of the varying permit renewal dates, the estimated revenues for the 1991-93 biennium have been annualized.
