Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

The following estimates are based on the review of the sample of 1990 awards.

It is estimated that such a change would eliminate as many as 75% of the PPI awards made by the Bureau. The total dollar amount awarded would be reduced by approximately 43%, amounting to approximately \$1,150,000 per year or \$2,300,000 pre biennium.

It is also expected that significant legal, administrative and other costs would be saved as a result of the amendments proposed. We are unable to identify these savings at this time.
