FISCAL NOTE

Bill/Resolution No.: SB 2438 Amendment to: _____

Requested by Legislative Council Date of Request: 1-23-91

Please estimate the fiscal impact of the above measure for:

State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

42CFR 440.240(b) states that the plan must provide that services available to any individual who is in a categorically or medically needy coverage must be provided to all recipients within the group. Withholding certain services to recipients who are in the program less than six months while providing those services to persons who have been in the program longer than six months would be a violation of that requirement which deals with the concept of "comparability" and has existed since the beginning of the program.

Bill would require elimination of dental and optometric optional services from the Medicaid Plan since federal funding would not be available. These services would be 100% general funded.
