State general or special funds Counties Cities

In the following space note the fiscal effect in dollars of this measure:

Narrative:

The fees created in HB 1440 will have no negative fiscal impact, and negligible positive fiscal impact. It may generate \$1000 in the next biennium.

The provision for consent to use of name is not proposed for revenue enhancement. It is proposed to allow the filing of any other name registration in the office of the secretary of state where consent to use of name can be acquired. This consent to use of name is currently provided for by statute to both domestic and foreign business corporation registrations. Allowing it for other name registrations will reduce administration costs for the secretary of state and will eliminate identity problems for those North Dakota business entities that wish to do business under a given name.
